Matt vs Japan's In-Depth J-J Dictionary Walkthrough - Matt vs Japan's In-Depth J-J Dictionary Walkthrough by Matt vs Japan 34,623 views 5 years ago 1 hour, 42 minutes - How to get Qolib-ri/**Dictionaries**,: <https://youtu.be/kny7eCfx9dA> How to make the monolingual transition: ...

I Want You To Pay Attention to Is How the More Common and Simple a Word Is the More Complicated the Definition Is and this Is Just Kind Of How Language Tends To Work I Think Is that the Most Common Words Therefore Very Simple Concepts and It's Actually Quite Difficult To Succinctly Describe a Concept That Is So Simple whereas if You Have a More Kind of Detailed Concept than or More You Know Specific Nuanced Idea Then You Can Use the Simpler Concepts To Explain that Concept Quite Easily so that's Something I Want You Guys To Keep in Mind because When You Try To Make the Model Ingle Transition

So First of all One Important Feature I Want To Tell You Guys about that I Wish I Knew about Earlier Is that Right Now I'M in the Magnifying Glass'mode Right Which Is the the Normal Searching Mode Window Just Searching for the Definitions of Words but if You Click on It It Changes To Book Mode and if You Click Right Here and You Choose One of Your Dictionaries Then When You Search It's Going To Show You the Equivalent of the Back of the Book You Could Say So Right Here You Can See that It's Basically an Index of All these Different Words and When You Scroll All the Way Down to the Bottom We Have Clemente's Little Sky Pop-Up Which Is How To Use this Dictionary and It Has Honda

But the Thing That It's Important To Remember Is that every Dictionary Has Different Notation and Different Symbols and so You Have To Learn Them on a per Dictionary Basis and I Wouldn't Just Sit Down and Try To Read this Whole Thing because It's GonNa Be Super Dense and Dry but It's Something Good to Reference if There's Ever a Specific Symbol That You Just Really Can't Figure Out and It's Really Bothering You but Overall Just through You Can Ignore the Symbols You Don't Understand It First and over Time Things Will Become Clearer

But this One Here at the Bottom What It Does Is It Actually Searches the Definitions of Words for the Thing That You Search So like for Example if We Search Our View on on this Mode and since It's Searching every Definition of every Dictionary Goes Really Slow So I'll Just Stop It Right Here in the Middle We Can See that Yeah There's Tons so It's Showing Words That Have Auto Qu in the Definition So like Right Here Austen Which Occurred on this Is a Cuckoo and and Different Things like that So Sometimes I Actually Use this To Try To Find a Sentence if I Want To Make a Sentence Card for Something You Can Actually Just Use the Dictionary Itself as a Sentence Bank

You Know this Is Pretty Regular for There To Be Multiple Readings of a Certain Kanji and so the Issue Becomes Well Which One Do I Learn Now One Hint You Can Look at Is if Certain Dictionaries Have Two Different Readings but Other Dictionaries Only Have One Then You Probably Want To Learn the One That Is Listed in the Dictionaries That Only Help One because for Example Daiichi Dean Has More Word Total Than She Make I Does and that's Why It It Has a Beak Who in Addition to How To Do because I Do Clue Is the Common One on Eku's Is Not Used Anymore on Modern Japanese It's Something in Classical Japanese

And It Will Tell You How the Word Changed over Time and Stuff like that So Sometimes It Can Be Useful but Yeah What I Would Do Is Try To Focus on One or Two Dictionaries because each Dictionary Has Their Own Kind of You Know Weird Habits and Weird Ways of Explaining Things and So Getting Used to One Dictionary Can Be a Really Big Strength and Something That Can Help You Out in the Transition So I Like To Use these To Complement each Other a Lot So in the Next Word I'll Well I Guess while I'M Here Let's Look at the the She Make I Want a Little Bit More So and She Make I You See Again Here's the Kana
