A Traveller's History of Mexico

A Traveller's History of Mexico offers a complete and expert history of the country from the earliest times right through to the present. It will be welcomed by all those who visit Mexico to see its stunning Aztec and other pre-conquest remains as well as by students studying the Spanish conquest and its effects. Kenneth Pearce begins with life before the major civilizations of the area took hold then shows the growth of the first elite groups of the Olmecs and Mayans; their culture was finally subsumed into the mighty Aztec Empire which, in its turn, was tragically ended by the arrival of Cortes and might of Spain. The crushing burden of colonial rule driven by greed and oppression leads to further unrest for many centuries. The 19th century War of Independence finally leads to the founding of the Mexican Republic. The author end his survey with a portrait of the country facing the new millennium with a rising population and problems with drugs and corruption. This is a rich and colorful story of a nation full of life and vigor with a many-layered cultural heritage. Illustrated with maps and line drawings, this handy paperback is fully indexed with a chronology of major events and a gazetteer cross-referenced to the main text.

A Traveller's History of Mexico

Experience the beauty, culture, and history of Mexico with this thrilling travelogue. Written by Howard Conkling, a noted American merchant and diplomat, this book provides a firsthand account of his travels through Mexico during the late 19th century. With its fascinating insights into Mexican customs, history, and society, *Mexico and the Mexicans* is a must-read for anyone interested in this vibrant and fascinating country. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Mexico and the Mexicans

Excerpt from *Mexico and the Mexicans: Or Notes of Travel in the Winter and Spring* Not less fascinating was his description of the gorgeous hues of the flowers, the splendid coloring of the butterflies, and the brilliant plumage of the birds all of which seemed like pictures of fairy-land. Nor have I forgotten the testimony which he bore to the high courtesy with which he was everywhere received and treated, in social, as well as in official circles. Now that the bonds of friendship and alliance between our own country and our sister Republic are about to be drawn so much closer; now that a new, auspicious, and even brilliant era is about to dawn upon the Land of the Aztecs, I made up my mind, in the month of January last, to see Mexico with my own eyes. Mexico and the Mexicans

"Readers can travel to Mexico in the pages of this book, which covers everything from the country's fascinating history and culture to its people and government and what it's like to live in Mexico"--

Travel to Mexico

Excerpt from *Mexico and the Mexicans: Or Notes of Travel in the Winter and Spring* Among the most vivid and cherished memories of my childhood are the descriptions which my grandfather, after his return from his mission as Minister to Mexico, was accustomed to give of that land of mystery and romance. What especially dazzled my imagination was the picture he drew of that world-renowned landmark of the navigator, the snow-capped peak of Orizaba, which, as the war-steamer that bore him to his destination neared the Mexican coast, stood out like a gigantic spectre against the clear blue sky. Mexico

The tenth anniversary edition of *The Oxford History of Mexico* tells the fascinating story of Mexico as it has evolved from the reign of the Aztecs through the twenty-first century. Available for the first time in paperback, this magnificent volume covers the nation's history in a series of essays written

by an international team of scholars. Essays have been revised to reflect events of the past decade, recent discoveries, and the newest advances in scholarship, while a new introduction discusses such issues as immigration from Mexico to the United States and the democratization implied by the defeat of the official party in the 2000 and 2006 presidential elections. Newly released to commemorate the bicentennial of the Mexican War of Independence and the centennial of the Mexican Revolution, this updated and redesigned volume offers an affordable, accessible, and compelling account of Mexico through the ages.

Mexico and the Mexicans

A compilation of true essays that explore the diversity of Mexico ranges from Carlos Fuentes's history of Mexico City's town square and Alice Adams's recognition of Frida Kahlo's work, to Pete Hamill's ghosts of Hollywood in Puerto Vallarta. Reprint.

The Oxford History of Mexico

The Mexico Reader is a vivid and comprehensive guide to muchos Méxicos—the many varied histories and cultures of Mexico. Unparalleled in scope, it covers pre-Columbian times to the present, from the extraordinary power and influence of the Roman Catholic Church to Mexico's uneven postrevolutionary modernization, from chronic economic and political instability to its rich cultural heritage. Bringing together over eighty selections that include poetry, folklore, photo essays, songs, political cartoons, memoirs, journalism, and scholarly writing, this volume highlights the voices of everyday Mexicans—indigenous peoples, artists, soldiers, priests, peasants, and workers. It also includes pieces by politicians and foreign diplomats; by literary giants Octavio Paz, Gloria Anzaldúa, and Carlos Fuentes; and by and about revolutionary leaders Pancho Villa and Emiliano Zapata. This revised and updated edition features new selections that address twenty-first-century developments, including the rise of narcopolitics, the economic and personal costs of the United States' mass deportation programs, the political activism of indigenous healers and manufacturing workers, and the impact of the COVID-19 pandemic. The Mexico Reader is an essential resource for travelers, students, and experts alike.

Mexico

Before the modern country was born in 1821, the territory that today comprises 32 states and few small islands was inhabited by ancient dynasties and kingdoms of warriors, astronomers, priests, temples for human sacrifice, and, surprisingly, some of the largest cities in the world.

The Mexico Reader

Excerpt from *In Indian Mexico: A Narrative of Travel and Labor* The reading public may well ask, Why another travel book on Mexico? Few countries have been so frequently written up by the traveler. Many books, good, bad, and indifferent, but chie y bad, have been perpetrated. Most of these books, however, cover the same ground, and ground which has been traversed by many people. Indian Mexico is practically unknown. The only travel-book regarding it, in English, is Lumholtz's *Unknown Mexico*. The indians among whom Lumholtz worked lived in northwestern Mexico; those among whom I have studied are in southern Mexico. The only district where his work and mine overlap is the Tarascan area. In fact, then, I write upon an almost unknown and untouched subject. Lumholtz studied life and customs; my study has been the physical type of south Mexican indians. Within the area covered by Lumholtz, the physical characteristics of the tribes have been studied by Hrdlicka. His studies and my own are practically the only investigations within the field. There are two Mexicos. Northern Mexico to the lati tude of the capital city is a mestizo country; the indians of pure blood within that area occupy limited and circum scribed regions. Southern Mexico is indian country; there are large regions, where the mestz'zos, not the indians, are the exception. From the time of my first contact with Mexican indians, I was impressed with the notable dif ferences between tribes, and desired to make a serious study of their types. In 1895, the accidental meeting with a priest from Guatemala led to my making a journey to Gen. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Lonely Planet Mexico

"The purpose of this work is to treat of Mexico as a topographical and political entity, based upon a study of the country from travel and observation; a method such as has found favour in my book upon Peru. The method of viewing a country as a whole, with its people, topography, and general conditions in natural relation to each other, is one which commands growing acceptance in a busy age. I have been able to observe much of the actual life and character of Spanish-American countries from considerable travel therein. Both Mexico and Peru ever lured me on as seeming to hold for me some El Dorado, and if I have not reaped gold as the Conquistadores did, there are nevertheless other matters of satisfaction accruing to the traveller from his journeys in those splendid territories of mountain and forest. Mexico, superfluous to say, is not part of South America, although this book appears in this series. But it is part of that vast Spanish-speaking New World whose development holds much of interest; and which may occupy a more important part in coming years than is generally thought of at present." The Author

Mexico

Excerpt from Seven Years' Travel in Central America, Northern Mexico, and the Far West of the United States Behind the castle is a deep ravine, through which a clear brook rushes down to the sea between majestic trees. A crowd of half-naked women were occupied here in washing their linen. As we approached, they made signs that we should not come near - a rare instance of a feeling which in general seems to be almost unknown amongst the lower classes of Spanish America. As we proceeded in our walk we came to a grove of cocoa-nut trees, and on a small square between them saw the remains of a sugar factory, with several large kettles in good condition lying about. The establishment seemed to have never been in a working state, and undoubtedly has been one of the many unfortunate speculations begun in those regions of tropical America without a due appreciation of the difficulties and obstacles inseparably connected with the uncivilized state of a country, I have seen a like result of a similar speculation in British Honduras, where, in the wilderness surrounding the Mana tee Lagoon, I found all the improvements and costly machinery of an intended sugar plantation overgrown by the rank vegetation of a forest. Seven Years' Travel in Central America, Northern Mexico, and the Far West of the United States (Classic Reprint)

Excerpt from Mexico and Its Religion: With Incidents of Travel in That Country During Parts of the Years 1851-52, 53, 54, and Historical Notices of Events Connected With Places Visited The notion that the Mormons are destined to overrun Mexico is, of course, only an inference drawn from the exact parallel that exists between the circumstances under which this delusion has arisen and propagated itself and the history of Mohammedanism from its rise until it overran the degenerated Christians of the Eastern empire. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Mexico Travel Guide 2023

Praise for the previous editions: "...well researched...concise...interesting..."--American Reference Books Annual

Mexico and Its Religion

This affectionate study of the Mexican temper is "one of the most charming travel books ever written." - The Atlantic Monthly Before returning to the Old World after World War II, Sybille Bedford resolved to see something more of the New. "I had a great longing to move," she said, "to hear another language, eat new food, to be in a country with a long nasty history in the past and as little present history as possible." And so she set out for Mexico - and, incidentally, to write what Bruce Chatwin called the best travel book of the twentieth century, "a book of marvels, to be read again and again and again."

A Brief History of Mexico

Lake Chapala is no longer a paradise without a past. Join this award-winning author as he shares the fascinating history of the Lake Chapala region in Mexico, now one of the most popular retirement area for Americans and Canadians. This book explores the region's formative years from the arrival of conquistadors in the early 1500s to the start of the Mexican Revolution in 1910. A unique collection of

extracts from more than fifty original sources, many never previously available in English, are enhanced by insightful, informative and entertaining commentary. Poets, friars, travellers, exiles and scientists overcome bandits and natural disasters to offer captivating tales of courage, greed, delight, unexpected triumphs and much, much more.

A Visit to Don Otavio

This historical guide traces the peasant days of the Olmecs to the late 20th century and describes events of the past which have left an indelible mark on the politics, economy, culture, spirit and growth of this country and its people. The in-depth research will be of interest to young scholars as well as a handy guide for travellers.

Mexico

Spain, during her 'golden age', was a political giant whose influence spanned the world, from Germany to the Western Pacific. Rich in gold and silver from her conquests in Mexico and Peru, Spain was able to send the Armada against England, defeat the might of the Turks and challenge France for the hegemony of Europe. This book will unlock for the interested traveller the secrets of Spain's vibrant and colourful past, its people and culture. It takes the reader on a journey from the earliest settlements on the Iberian Peninsula, through the influences of the Romans, the Goths and the Muslims, the traumas of expansion and the end of her Empire, the bitter civil war, the Franco era and ends with an analysis of Spain today and her future as a leading member of the European Community. A full chronology of major events, a cross-referenced historical gazetteer, a list of rulers, a bibliography, index and historical

and contemporary maps all add to its usefulness for the tourist, business traveller or student of Spain past and present.

In Indian Mexico

This book is a detailed study of salient examples of Mexican travel writing from the nineteenth and twentieth centuries. While scholars have often explored the close relationship between European or North American travel writing and the discourse of imperialism, little has been written on how postcolonial subjects might relate to the genre. This study first traces the development of a travel-writing tradition based closely on European imperialist models in mid-nineteenth-century Mexico. It then goes on to analyse how the narrative techniques of postmodernism and the political agenda of postcolonialism might combine to help challenge the genre's imperialist tendencies in late twentieth-century works of travel writing, focusing in particular on works by writers Juan Villoro, Héctor Perea and Fernando Solana Olivares.

IN INDIAN MEXICO

Mexico

There have been many Mexicos: the country of varied terrain, of Amerindian heritage, of the Spanish Conquest, of the Revolution, and of the modern era of elections and the rule of bankers. Mexico was forged in the fires of successive civilizations, and baptized with the blood of millions, all of whom added tragic dimensions to the modern Mexican identity. T. R. Fehrenbach brilliantly delineates the contrasts and conflicts between them, unraveling the history while weaving a fascinating tapestry of beauty and brutality: the Amerindians, who wrought from the vulnerable land a great indigenous Meso-American civilization by the first millennium B.C.; the successive reigns of Olmec, Maya, Toltec, and Mexic masters, who ruled through an admirably efficient bureaucracy and the power of the priests, propitiating the capricious gods with human sacrifices; the Spanish conquistadors, who used smallpox, technology, and their own ruthless individualism to erect a new tyranny over the ruins of the old; the agony of independent Mexico, struggling with the weight of its overwhelming past and tremendous potential. Throughout the narrative the author resurrects the great personalities of Mexican history, such as Motecuhzoma, Cortes, Santa Anna, Juárez, Maximilian, Díaz, Pancho Villa, and Zapata. Fehrenbach, who has updated this edition to include recent events, has created a work of scholarly perspective and gripping prose.

Travellers History Spain

A cultural guide to the Mexico City.

Mexican Travel Writing

Experience one of the most dramatic moments in human history with this classic work by William Hickling Prescott. From the arrival of the Spanish conquistadors to the fall of the Aztec empire, Prescott's vivid prose brings this epic story to life. With a new introduction by a leading expert on the

subject, this edition of *The Conquest of Mexico* is an essential addition to any history lover's bookshelf. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Mexico Travel Guide

D.H. Lawrence, Paul Theroux, Graham Greene, Langston Hughes, Katherine Anne Porter, Paul Bowles, and John Steinbeck are among the writers whose eyewitness accounts are collected in this remarkable literary guided tour of Mexico.

Fire And Blood

In this concise, readable account, the history of one of the Western Hemisphere's most important countries is recounted, from the first recorded appearance of early man around 10,000 B.C. down to the present day. Through the pages of this book move the men, famous and infamous, who have Mexican history; Montezuma and Cortes; the Spanish viceroys whose downfall began when the priest Hidalgo issues his famous "Cry of Dolores"; the Emperor Agustín de Iturbide, first ruler of an independent Mexico; General Santa Anna, who fought and lost the Texas Revolution and the Mexican War; the ill-fated Emperor Maximilian and Benito Juárez, who overthrew him; Porfirio Díaz and Francisco Madero; Huerta, Pancho Villa, Carranza, and Zapata, who were involved in the troubles of the early decades of this century; and the president since 1920; among them, Obregón, Calles, Cárdenas, Alemán, and the present incumbent, López Mateos.

Mexico City

With its archaeological sites, colonial architecture, pristine beaches, and alluring cities, Mexico has long been an attractive destination for travelers. The tourist industry ranks third in contributions to Mexico's gross domestic product and provides more than 5 percent of total employment nationwide. *Holiday in Mexico* takes a broad historical and geographical look at Mexico, covering tourist destinations from Tijuana to Acapulco and the development of tourism from the 1840s to the present day. Scholars in a variety of fields offer a complex and critical view of tourism in Mexico by examining its origins, promoters, and participants. Essays feature research on prototourist American soldiers of the mid-nineteenth century, archaeologists who excavated Teotihuacán, business owners who marketed Carnival in Veracruz during the 1920s, American tourists in Mexico City who promoted goodwill during the Second World War, American retirees who settled San Miguel de Allende, restaurateurs who created an "authentic" cuisine of Central Mexico, indigenous market vendors of Oaxaca who shaped the local tourist identity, Mayan service workers who migrated to work in Cancun hotels, and local officials who vied to develop the next "it" spot in Tijuana and Cabo San Lucas. Including insightful studies on food, labor, art, diplomacy, business, and politics, this collection illuminates the many processes and individuals that constitute the tourism industry. *Holiday in Mexico* shows tourism to be a complicated set of interactions and outcomes that reveal much about the nature of economic, social, cultural, and environmental change in Greater Mexico over the past two centuries. Contributors: Dina Berger, Andrea Boardman, Christina Bueno, M. Bianet Castellanos, Mary K. Coffey, Lisa Pinley Covert, Barbara Kastelein, Jeffrey Pilcher, Andrew Sackett, Alex Saragoza, Eric M. Schantz, Andrew Grant Wood

The Conquest of Mexico; Volume 2

The long history of transatlantic movement in the Spanish-speaking world has had a significant impact on present-day concepts of Mexico and the implications of representing Mexico and Latin America more generally in Spain, Europe, and throughout the world. In addition to analyzing texts that have received little to no critical attention, this book examines the connections between contemporary travel, including the local dynamics of encounters and the global circulation of information, and the significant influence of the history of exchange between Spain and Mexico in the construction of existing ideas of place. To frame the analysis of contemporary travel writing, author Jane Hanley examines key moments in the history of Mexican-Spanish relations, including the origins of narratives regarding Spaniards' sense of Mexico's similarity to and difference from Spain. This history underpins the discussion of the

role of Spanish travelers in their encounters with Mexican peoples and places and their reflection on their own role as communicators of cultural meaning and participants in the tourist economy with its impact—both negative and positive—on places.

Mexico and Its Religion; With Incidents of Travel in That Country During Parts of the Years 1851-52-53-54, and Historical Notices of Events Connected With Places Visited

The Reader's Companion to Mexico
