The Last Queen of England

Follow American genealogist Jefferson Tayte to the Royal Society of London in 1708 as he attempts to unravel a murder, a hanging and a kidnapping.

Dying Games

A series of elaborate murders have two things in common: the killer leaves a family history chart at each crime scene and the victims all have a connection to genealogical sleuth Jefferson Tayte. Hoping his insight and expertise will help solve the case, Tayte is summoned back to the capital by the FBI. This killer is a mastermind, however and always appears to be one step ahead of Tayte.

Letters from the Dead

From acclaimed author Steve Robinson comes a thrilling new Jefferson Tayte mystery. When genealogist Jefferson Tayte is hired to prove the identity of a black sheep in his client's family tree, he unwillingly finds himself drawn into a murder investigation with nothing more to go on than a 150-year-old letter and a connection to a legendary ruby that has been missing for generations. As more letters are mysteriously left for him, Tayte becomes immersed in a centuries-old tale of greed,

murder and forbidden love that takes his research from the wilds of the Scottish Highlands to the colour and heat of colonial India. A dark secret is buried in Jaipur, steeped in treachery and scandal. But why is it having such deadly repercussions in the present? Can Tayte find the ruby and prevent the past from repeating itself before it's too late? This is the seventh book in the Jefferson Tayte Genealogical Mystery series but it can be enjoyed as a stand-alone story.

In the Blood

Driven by the irony of being a genealogist who doesn't know who his own parents are, Jefferson Tayte soon finds that this new assignment shares a stark similarity to his own struggle. Someone has gone to great lengths to erase an entire family bloodline from recorded history and he's not going home until he's found out why.

The Lost Empress

From acclaimed author Steve Robinson comes a bold new Jefferson Tayte mystery. On a foggy night in 1914, the ocean liner Empress of Ireland sank en route between Canada and England. The disaster saw a loss of life comparable to the Titanic and the Lusitania, and yet her tragedy has been forgotten. When genealogist Jefferson Tayte is shown a locket belonging to one of the Empress's victims, a British admiral's daughter named Alice Stilwell, he must travel to England to understand the course of events that led to her death. Tayte is expert in tracking killers across centuries. In *The Lost Empress*, his unique talents draw him to one of the greatest tragedies in maritime history as he unravels the truth behind Alice's death amidst a backdrop of pre-WWI espionage. This is the fourth book in the Jefferson Tayte Genealogical Mystery series but can be enjoyed as a stand-alone story.
