Skeleton Key

Reluctant teenage superspy Alex Rider faces his most dangerous challenge yet. On a private island near Cuba, the insane Russian General Sarov is hatching explosive plans to rewrite history. Alone, and equipped only with a handful of gadgets, Alex must outwit him, as the seconds tick away towards the end of the world.

The Undrowned

In too deadly. In too deep. Samantha and Rachel used to be friends. But then Rachel betrayed Samantha . . . and Samantha decided to make her life a living nightmare. Then one day, Sam and Rachel found themselves in a fight by a lake. Samantha pushed Rachel . . . and watched as Rachel fell back. And back. Into the water. And gone. No way to save her. No way she could be alive. The next day, Rachel shows up to school as if nothing happened. And now she's the one who wants to make her former friend's life a living nightmare . . .

Crossed

Rules are different outside the Society. Chasing down an uncertain future, Cassia makes her way to the Outer Provinces in pursuit of Ky-taken by the Society to his certain death-only to find that he has escaped into the majestic, but treacherous, canyons. On this wild frontier are glimmers of a different life and the enthralling promise of rebellion. But even as Cassia sacrifices everything to reunite with Ky, ingenious surprises from Xander may change the game once again. Narrated from both Cassia's and Ky's points of view, this hotly anticipated sequel to Matched will take them both to the edge of Society, where nothing is as expected and crosses and double crosses make their path more twisted than ever... Incredible sequel to acclaimed international bestseller, Matched

Gaston

A bulldog and a poodle learn that family is about love, not appearances in this adorable doggy tale from New York Times bestselling author Kelly DiPucchio and illustrator Christian Robinson. This is the story of four puppies: Fi-Fi, Foo-Foo, Ooh-La-La, and Gaston. Gaston works the hardest at his lessons on how to be a proper pooch. He sips—never slobbers! He yips—never yaps! And he walks with grace—never races! Gaston fits right in with his poodle sisters. But a chance encounter with a bulldog family in the park—Rocky, Ricky, Bruno, and Antoinette—reveals there's been a mix-up, and so Gaston and Antoinette switch places. The new families look right...but they don't feel right. Can these puppies follow their noses—and their hearts—to find where they belong?

Too Many Pumpkins

Baked, stewed, or mashed, pumpkins remind Rebecca Estelle of the Great Depression when that was all her family had to eat. When an enormous pumpkin falls off a truck and smashes in her yard, Rebecca Estelle devises a clever way to get rid of the unwanted crop that sprouts.

Dragon of the Red Dawn

An updated, repackaged edition of the bestselling divination tool and party favorite - ask a yes or no question, open the book, find your answer - with more than a million copies in print. Should you ask your boss for a raise? Call that cutie you met at a party? Sell your Google stock? Tell your best friend her boyfriend's cheating? The answer to these questions (and hundreds of others) is in this fun and weirdly wise little book that's impossible to put down. It's simple to use: just hold it closed in your hands and concentrate on your question for a few seconds. While visualizing or speaking your question, place one palm down on the book's front and stroke the edge of the pages back to front. When you sense the

time is right, open to the page your fingers landed on and there is your answer! Fun, satisfying, and a lot less time-consuming than asking everyone you know for advice. Over 1 million copies in print!

Heart of Darkness

From the author of the national bestseller *F in Exams* comes a new compendium of hilarious and inventive wrong test answers and homework hiccups. *F for Effort* features hilarious gems from elementary school ("two halves make a whale"), middle school (Q: What does "germinate" mean? A: To become a German citizen), and high school (Q: Fossil fuels are usually associated with which major type of rock? A: Classic rock). These 250 examples of creative invention are sure to charm anyone who has had to bluff or blunder their way through a test. Plus, this is a fixed-format version of the book, which looks nearly identical to the print version.

The English Catalogue of Books

When wealthy, spoiled, thirteen-year-old Tad Spencer wishes he were someone else, he awakens as Bob Snarby, the uncouth, impoverished son of carnival workers, and as he is drawn into a life of crime he begins to discover truths about himself and his family.

The Book of Answers

A little girl spends the day playing with her animals, having tea with a rhino, spinning with a hippo, and laughing with a giraffe.

F for Effort

"Bark, George," says George's mother, and George goes: "Meow," which definitely isn't right, because George is a dog. And so is his mother, who repeats, "Bark, George." And George goes, "Quack, quack." What's going on with George? Find out in this hilarious new picture book from Jules Feiffer.

The Switch

Ham explores 21 exciting and faith-affirming topics including the fall of Lucifer and the origin of evil, when life begins and why that matters, early biblical figures, evolution, and more.

I Know a Rhino

Earth's past is littered with the mysterious and unexplained: the pyramids, Easter Island, Stonehenge, dinosaurs, and the list goes on and on as science looks for clues to decipher these puzzles. One such mystery surrounds the now-extinct creature called the woolly mammoth. Author and meteorologist Michael Oard has studied the mammoth and its equally mysterious time period, the Ice Age, for many years and has come to some fascinating conclusions to help lift the fog engulfing the facts. Some of the questions he addresses include: What would cause the summer temperatures of the northern United States and Europe to plummet more than 50 degrees Fahrenheit? Why did mammoths become extinct across the entire earth at the same time as many other large mammals? Why are the mammoth carcasses found generally in standing positions? How could large lakes exist in what are today very dry, desert-like places? What was the source of the abnormal amount of moisture necessary for heavy snow? What caused the cold summer temperatures and heavy snowfall to persist for hundreds of years? In logical progression many other Ice Age topics are explained including super Ice Age floods, ice cores, man in the Ice Age, and the number of ice ages. This is one of the most difficult eras in geological history for a uniformitarian scientist (one who believes the earth evolved by slow processes over millions of years) to explain, simply because long ages of evolution cannot explain it. Provided here are plausible explanations of the seemingly unsolvable mysteries about the Ice Age and the woolly mammoths - Frozen in Time.

Bark, George

When he loses his tooth, Hans Wilhelm's familiar little puppy comes up with a clever way to let the Tooth Fairy know! Full color.

The New Answers Book

From a Newbery Medal–winning author, an “exciting novel” about a colonial girl’s experience during the French and Indian War (Saturday Review). In the year 1754, the stillness of Charlestown, New Hampshire, is shattered by the terrifying cries of an Indian raid. Young Miriam Willard, on a day that had promised new happiness, finds herself instead a captive on a forest trail, caught up in the ebb and flow of the French and Indian War. It is a harrowing march north. Miriam can only force herself to the next stopping place, the next small portion of food, the next icy stream to be crossed. At the end of the trail waits a life of hard work and, perhaps, even a life of slavery. Mingled with her thoughts of Phineas Whitney, her sweetheart on his way to Harvard, is the crying of her sister’s baby, Captive, born on the trail. Miriam and her companions finally reach Montreal, a city of shifting loyalties filled with the intrigue of war, and here, by a sudden twist of fortune, Miriam meets the prominent Du Quesne family, who introduce her to a life she has never imagined. Based on an actual narrative diary published in 1807, *Calico Captive* skillfully reenacts an absorbing facet of history. “Vital and vivid, this short novel based on the actual captivity of a pre-Revolutionary girl of Charlestown, New Hampshire, presents American history with force and verve.” —Kirkus Reviews

Frozen in Time

From the internationally bestselling author of the Alex Rider missions, this collection of harrowing tales is sure to have you smiling in terrified pleasure. But whatever you do, don’t turn out the lights!

I Lost My Tooth!

These concise, relevant topics answer questions on the minds of Christians and seekers everywhere. Ham has discovered that multitudes of people want to know the answers to key questions like, “Where did Cain get his wife?” and “How could Noah fit all of those animals on the ark?” The Bible does have answers to tough questions such as these, so there’s no reason Christians can’t defend their faith against attack. On each page of the book, Ham takes a popular question and gives an answer that is both plausible and faith-strengthening. With a reputation as one of the world’s foremost authorities on the debate between creation and evolution, Ham provides many new insights in his latest work. **SAMPLE QUESTIONS:** Couldn’t there have been a race of people before Adam and Eve? If Adam lived 6,000 years ago, why do some say the earth is billions of years old? What if God used evolution to create? What is the Gap Theory?

A Wrinkle in Time

This book includes contributions by scholars from a variety of disciplines, the dialogue and discourse on how AI (artificial intelligence) development includes and/or excludes pedagogical educational learning theories focused on the learner. A call from Educational Leaders Without Borders (ELWB) was issued to scholars from across the globe who were asked to write a vignette described as an evocative description or account on how education leaders envision education in 2051 and A.I. beyond mere product purchase. These vignettes should engage us in questions as to how the development and use of AI technologies are shaped. As educators who believe education should be established on social justice beliefs and practices, our review of literature shows there are no books addressing the complexities of A.I. development and the role of educators. The futuristic element is unique in its approach to imagine a socially just better world in which to inspire educators. This unique feature encourages creativity in how one addresses the call to imagine a future world and our role as educators in that world.

Warriors in Winter

For a girl like Melody and a dog like Mo, life can be both sticky and sweet. Melody has lived in Royal, Indiana, for as long as she can remember. It's been just her and her father, and she's been okay with that. But then she overhears him calling someone Honey -- and suddenly it feels like everyone in Royal has a secret. It's up to Melody and her best friend, Nick, to piece together the clues and discover why Honey is being hidden. Meanwhile, a dog named Mo is new to Royal. He doesn't remember much from when he was a puppy . . . but he keeps having dreams of a girl he is bound to meet someday. This girl, he's sure, will change everything. In *HONEY*, Sarah Weeks introduces two characters -- one a girl, one a dog-- who are reaching back further than their memories in order to figure out where they came from and where they're going. It's a total treat from beginning to end.

Night of the Ninjas

Biblical faith is being undermined and criticized with an increasing fervor in schools, on job sites, and in the marketplace. Are you equipped to face the onslaught of secular, anti-Christian values and viewpoints? Can you clearly state why you believe in Christ and the authority of the Bible? How does this work in your daily life? In *God We Trust* is a guided journey that will help you: Identify the influence of the secular worldview and how it attempts to compromise the Word of God. Distinguish between genuine authority and the counterfeit authority of so many at present. Realize how your commitment

to God's authority will impact your church, family, and others for Christ. Author Steve Ham, Director of Outreach at Answers in Genesis, clearly delves into the issues of faith and God's authority in the life of the believer in order to prepare you to stand firm. An intriguing exploration of why man was never meant to rule himself, but instead to operate within an authoritative structure designed by God. Steve is co-author of *Raising Godly Children in an Ungodly World*, and the popular evangelism series, *Answers for Life*.

Burning Nation

2018 Nautilus Book Awards Silver Winner What if you could unlock a better answer to your most vexing problem—in your workplace, community, or home life—just by changing the question? Talk to creative problem-solvers and they will often tell you, the key to their success is asking a different question. Take Debbie Sterling, the social entrepreneur who created GoldieBlox. The idea came when a friend complained about too few women in engineering and Sterling wondered aloud: "why are all the great building toys made for boys?" Or consider Nobel laureate Richard Thaler, who asked: "would it change economic theory if we stopped pretending people were rational?" Or listen to Jeff Bezos whose relentless approach to problem solving has fueled Amazon's exponential growth: "Getting the right question is key to getting the right answer." Great questions like these have a catalytic quality—that is, they dissolve barriers to creative thinking and channel the pursuit of solutions into new, accelerated pathways. Often, the moment they are voiced, they have the paradoxical effect of being utterly surprising yet instantly obvious. For innovation and leadership guru Hal Gregersen, the power of questions has always been clear—but it took some years for the follow-on question to hit him: If so much depends on fresh questions, shouldn't we know more about how to arrive at them? That sent him on a research quest ultimately including over two hundred interviews with creative thinkers. *Questions Are the Answer* delivers the insights Gregersen gained about the conditions that give rise to catalytic questions—and breakthrough insights—and how anyone can create them.

Honey

If you give a dog a donut, he'll ask for some apple juice to go with it. When you give him the juice, he'll drink it all up. Then, before you can say "Woof" . . . Dog is off on a backyard adventure! The exuberant dog who first appeared in *If You Give a Pig a Party* is now the star of his very own book. Written in the irresistible "If You Give..." tradition, *If You Give a Dog a Donut* is another home run from the beloved team of Laura Numeroff and Felicia Bond.

In God We Trust

A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, *Lord of the Flies* is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on *Lord of the Flies* by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.
