A Deeper Darkness

As a medical examiner, Samantha Owens knows her job is to make a certain sense of death with crisp methodology and precision instruments. But when the Tennessee floods took her husband and children, the light vanished from Sam's life. She has been pulled into a suffocating grief no amount of workaholic ardour can penetrate—until she receives a peculiar call from Washington... On the other end of the line is an old boyfriend's mother asking Sam to do a second autopsy on her son. Eddie Donovan is officially the victim of a vicious carjacking, but under Sam's sharp eye, the forensics tell a darker story. The ex-Ranger was murdered...though not for his car. Forced to confront the burning memories and feelings about yet another loved one killed brutally, Sam loses herself in the mystery contained within Donovan's old notes. It leads her to the untouchable Xander— a soldier off-grid since his return from Afghanistan— and then to a series of brutal crimes stretching from that harsh mountainous war zone to the nation's capital. The tale told between the lines makes it clear that nobody's hands are clean, and that making sense of murder sometimes means putting yourself in the crosshairs of death.

Eve of Darkness

'Making Darkness Light is an illumination' Adam Phillips 'His sympathetic yet challenging account will undoubtedly win Milton new readers - and for that a chorus of Hallelujahs' Spectator For most of us John Milton has been consigned to the dusty pantheon of English literature, a grim puritan, sightlessly dictating his great work to an amanuensis, removed from the real world in his contemplation of higher things. But dig a little deeper and you find an extraordinary and complicated human being. Revolutionary and apologist for regicide, writer of propaganda for Cromwell's regime, defender of the English people and passionate European, scholar and lover of music and the arts - Milton was all of these things and more. Making Darkness Light shows how these complexities and contradictions played out in Milton's fascination with oppositions - Heaven and Hell, light and dark, self and other - most famously in his epic poem Paradise Lost. It explores the way such brutal contrasts define us and obscure who we really are, as the author grapples with his own sense of identity and complex relationship with Milton. Retracing Milton's footsteps through seventeenth century London, Tuscany and the Marches, he vividly brings Milton's world to life and takes a fresh look at his key works and ideas around the nature of creativity, time and freedom of expression. He also illustrates the profound influence of Milton's work on writers from William Blake to Virginia Woolf, James Joyce to Jorge Luis Borges. This is a book about Milton, that also speaks to why we read and what happens when we choose over time to let another's life and words enter our own. It will change the way you think about Milton forever.

Daughter of Darkness

"A luminous, moving and visual record of fleeting moments of connection." --New York Times Book Review, Editors' Choice A visionary work of radical empathy.

Bound by Darkness

'A riveting, exciting and thoroughly compelling tale of adventure' JOHN GRISHAM on David Grann's *The Lost City of Z* 'A wonderful story of a lost age of heroic exploration' Sunday Times on *The Lost City of Z* 'Marvellous ... An engrossing book whose protagonist could out-think Indiana Jones' Daily Telegraph on *The Lost City of Z* DAILY MAIL BOOK OF THE WEEK One man's perilous quest to cross Antarctica in the footsteps of Shackleton. Henry Worsley was a devoted husband and father and a decorated British special forces officer who believed in honour and sacrifice. He was also a man obsessed. He spent his life idolizing Ernest Shackleton, the 20th-century polar explorer, who tried to become the first person to reach the South Pole and later sought to cross Antarctica on foot. Shackleton never completed his journeys, but he repeatedly rescued his men from certain death and emerged as one of the greatest leaders in history. Worsley felt an overpowering connection to those expeditions. He was related to one of Shackleton's men, Frank Worsley, and spent a fortune collecting artefacts from their epic treks across the continent. He modelled his military command on Shackleton's legendary skills and was determined to measure his own powers of endurance against them. He would succeed where Shackleton had failed, in the most brutal landscape in the world. In 2008, Worsley set out across Antarctica with two other descendants of Shackleton's crew, battling the freezing, desolate landscape, life-threatening physical exhaustion and hidden crevasses. Yet when he returned home he felt compelled to go back. On November 2015, at age 55, Worsley bid farewell to his family and embarked on his most perilous quest: to walk across Antarctica alone. David Grann tells Worsley's remarkable story with the intensity and power that have led him to be called 'simply the best narrative nonfiction writer working today'. Illustrated with more than 50 stunning photographs from Worsley's and Shackleton's journeys, *The White Darkness* is both a gorgeous keepsake volume and a spellbinding story of courage, love and a man pushing himself to the extremes of human capacity. Praise for David Grann's *Killers of the Flower Moon*: 'A riveting true story of greed, serial murder and racial injustice' JON KRAKAUER 'A fiercely entertaining mystery story and a wrenching exploration of evil' KATE ATKINSON 'A fascinating account of a tragic and forgotten chapter in the history of the American West' JOHN GRISHAM 'Disturbing and riveting...Grann has proved himself a master of spinning delicious, many-layered mysteries that also happen to be true...It will sear your soul' DAVE EGGERS, New York Times Book Review 'An extraordinary story with extraordinary pace and atmosphere' Sunday Times 'A marvel of detective-like research and narrative verve' Financial Times

The Homiletic quarterly [afterw.] magazine

Now the Director of the Kentucky Office of Homeland Security, Brooke Fairfax has one objective: Stay on top of all threats to the people and property of the Commonwealth. The position is thankless and never-ending. It even pulls her out of Declan O'Roark's bed in the middle of the night. A power grid failure has struck Kentucky's largest city and Brooke assumes the role of lead coordinator for the investigation. The power outage pushes the city to the brink of chaos. Police, fire, and rescue workers are overwhelmed—their efforts crippled by failed communication systems, looters ransacking businesses, hospitals running on emergency generators, and people desperate to find safety in a city quickly eroding into lawlessness. While experts scramble to restore the grid before thousands lose their lives, Declan receives word from an intelligence contact that an eastern European cell of cyber terrorists are looking to take down the power grid for the entire Eastern Seaboard. Brooke and Declan must combine their efforts before the next attack. Just as Brooke and Declan get close to the truth, the attackers turn their attention on stopping their greatest threat—Brooke and Declan.

The gripping sequel to *Tunnels*. Will is going deeper under the earth. Deeper into horror, heat and darkness. Every step takes him deeper into mystery. Deeper into terrible danger... As Will, Cal and Chester venture ever further into the Deeps, they enter a place where those banished from the Colony stand almost no chance of survival. Battling heat and deadly prehistoric creatures, they tunnel through caves and deserts - but are they any closer to finding Will's father? And now that the Styx are on their tail, what chance do they have of completing their foolhardy mission?

The Darkness Within Ourselves

It was the case that shocked the nation. On the evening of 20 April 2011, Tina Nash's life changed forever. After suffering months of beatings and domestic abuse at the hands of boyfriend Shane Jenkin, she was subjected to a barbaric and prolonged attack during which Jenkin beat her unconscious and gouged out both her eyes. When he was jailed in May 2012, people struggled to comprehend the scale

of the violence endured by this attractive mother of two at her home in Cornwall. In *Out of the Darkness*, Tina tells her full story - of what life with a violent partner is really like and how she survived 12 hours of sustained and unimaginable violence in her own home. Learning to adjust to life without her sight, Tina speaks bravely about how her children have given her the courage to keep going, and how - step by careful step - she is learning to live again. With statistics on domestic violence rising, Tina's incredible memoir of survival makes for essential reading.
