HR Basics: Human Resource Policy - HR Basics: Human Resource Policy by GreggU 63,743 views 6 years ago 6 minutes, 54 seconds - HR, Basics is a series of short courses, designed to highlight what you need to know about a particular human resource ...

Human resource policy serve as guidelines and standards on the approach an organization intends to adopt in managing its

Human resource policies state the intent of the organization and represent specific guidelines on various matters concerning employment.

POLICY DEVELOPMENT GOALS Your goal is to ensure policies are: 1. Clear and specific 2.

Compliant 3. Constant

PLAIN LANGUAGE: To be effective, **employee**, ...

FIND INSPIRATION: • You don't need to reinvent the wheel. • Gather and review samples • Professional associations and the internet • Help determine how to structure your manual

At the core of well designed human resource policy is a keen awareness of government-mandated regulations. Gather information on local, state and federal government regulations impacting your organization.

It's also important to have an experienced employment attorney review your final policies. Seek

legal assistance, or assistance from local, state, or federal agencies to make certain your legal interpretation and decisions are correct for your organization.

Process for managing your human resource policy: 1. Implement policy 2. Communicate policy to the organization 3. Reevaluate and revise the policy

DISTRIBUTION: • Make sure employees receive policies • Establish a method for distribution • Make available electronically and in hard copy . Online ensure current policy is available

ACKNOWLEDGEMENT: Shows that you have made an effort to make sure that employees are informed of workplace policies and expectations. By signing employees affirm that you have communicated the policy and that they have the information that you wanted them to receive

COMMUNICATION: Reinforce messages with other forms of communication. Consider trainings, presentations and other forms of communication appropriate to your organization and employees.

... to be in charge of updating the **employee handbook**, as ...

Contests and Sweepstakes Law

Whether you need in-depth information about the laws governing promotions or you seek quick, practical answers to your immediate questions about contests and sweepstakes law, this book is a valuable starting point. *Contests and Sweepstakes Law: A Guide Through the Legal Jungle Practice Manual* features the following resources: A detailed checklist that helps readers spot legal issues and then refers them to subsequent portions of this book for greater explanation An overview of the United States federal and state laws that govern contests, sweepstakes, and other prize promotions A separate summary for each state outlining the specific laws most relevant to promotions in that state including registration, bonding and disclosure requirements Best practice suggestions for promotions that incorporate social media, user generated content, public voting, children as participants, direct mail, prize awards of real estate and travel, charitable causes, and entry fees Methods for structuring and administering promotions in a manner that minimizes the risks of problems from inadvertent mistakes, winner disputes, ties, copyright issues, public relations mishaps, fraud, and other legal issues Guidance for multiple types of promotions including skill-based contests, in-package sweepstakes, fantasy sports competitions, raffles, bingo, cause marketing, and broadcast station-sponsored promotions

The Secret Science of Winning Lotteries, Sweepstakes and Contests

When it comes to lotteries, sweepstakes and contests, there are ways to improve your odds or probability of winning. They are discussed in this book, with a lot of detail and some humor. Blind reliance on luck or chance is not necessary to win lotteries, sweepstakes and contests. The 4Ps of persistence, preparation, poise and a positive mental attitude are necessary to win on a consistent or regular basis. Therefore, just about anyone is capable of winning.

Consumer Protection Law Developments

A global legal compendium of the laws related to sweepstakes & contests in 50+ countries around the globe. Written members of the Global Advertising Lawyers Alliance (GALA) a network of the leading advertising lawyers in the world.

Sweepstakes & Contests

This fully updated third edition of *Social Media and the Law* offers an essential guide to navigating the complex legal terrain of social media. Social media platforms like Facebook, Twitter, Instagram, YouTube, and TikTok have become vital tools for professionals in the news and strategic communication fields. As these services have rapidly grown in popularity, their legal ramifications have continued to develop, resulting in students and professional communicators needing to be aware of laws relating to defamation, privacy, intellectual property, and government regulation. Editor Daxton Stewart brings together eleven media law scholars to address key questions, such as the following: To what extent do communicators put themselves at risk for lawsuits when they use these tools? What rights do communicators have when other users talk about them on social networks? How can people and companies manage intellectual property issues consistent with the developing law in this area? This book is essential for students of media, mass communication, strategic communication, journalism, advertising, and public relations, as well as professional communicators that use social media in their role.

Social Media and the Law

US Anti-Gambling Laws and Regulations Handbook

US Anti Gaming and Gaming Laws, Regulations Handbook Volume 1 Federal Anti Gaming Laws, Gaming Laws of Selected States - Alabama-Montana

Put "engage" front and center in your social media marketing engagement strategies! When you focus on the engagement side of a social media marketing strategy, you'll build and grow relationships with followers and customers, craft content just for them, analyze how they're responding, and refocus and refresh your campaigns accordingly. This smart guide shows you how to do all that, and then some. From building trust to sparking conversation to using video and other tools, this creative book is a must read if you want to discover all that goes into the most important aspect of today's social marketing. Helps you build and foster social media relationships with potential customers, fans, followers, and

current customers Shows you how to spark actions, reactions, or interactions--and make things happen Explores the fundamentals, especially for do-it-yourself small-business owners and marketers Covers building trust and credibility, creating connections, encouraging sharing, using social networks to engage, using email marketing or SEO to engage, and much more Social Media Engagement For Dummies will help you connect to followers, convert them to customers, turn them into evangelists for your company, and boost your bottom line!

Social Media Engagement For Dummies

Addressing a critical need, Advertising and Public Relations Law explores the issues and ideas that affect the regulation of advertising and public relations speech, some of the most dynamic and prevalent areas of professional communications today. This updated third edition explores the categorization of different kinds of speech and their varying levels of First Amendment protection as well as common areas of litigation for communicators such as defamation, invasion of privacy, and copyright and trademark infringement. Features of this edition include: A new chapter on Internet-related laws affecting advertising and public relations speech. History and background of major legal theories affecting professional communicators. Extended excerpts from major court decisions. Overviews of relevant federal and state regulatory schemes, including those promulgated and enforced by the FTC, FCC, FDA and others. Appendices providing a legal glossary, a chart of the judicial system, sample model releases and copyright agreement forms. The volume is developed for upper-level undergraduate and graduate students in media, advertising and public relations law or regulation courses. It also serves as an essential reference for advertising and public relations practitioners.

Advertising and Public Relations Law

Ready to start your Mom blog or enhance your existing one? This book is for you! The population of mom bloggers is growing at a stunning pace and they boast an audience of more than 23 million women reading, posting, or commenting on blogs every week. This fun and friendly guide targets moms who are looking to become a savvy blogger, build a personal brand, earn free products to review or give away, or make some extra cash through ad revenue. Named by Nielsen as one of the most influential moms online, author Wendy Piersall helps you determine the right business model for your blog and then create a professional, in-demand personal brand. Serves as a road map for the growing population of moms who are interested in creating a blog or enhancing an existing blog Explains how to define a business model, understand your reader demographics, and choose the right look and feel for your blog Addresses delicate issues such as dealing with privacy and family members who don't want to be featured on your blog Walks you through using social media to extend your personal brand, building traffic with SEO and blog networks, and having a plan and policies in place when big brands and media come calling Offers a very unintimidating format as well as the usual fun and friendly For Dummies approach This beginner guide presents baby steps for breaking into the often-daunting mom blogging community, with practical advice on how to join and become an accepted member of this exciting world.

Mom Blogging For Dummies

The plain-English business guide to avoiding social media legal risks and liabilities—for anyone using social media for business—written specifically for non-attorneys! You already know social media can help you find customers, strengthen relationships, and build your reputation, but if you are not careful, it also can expose your company to expensive legal issues and regulatory scrutiny. This insightful, first-of-its-kind book provides business professionals with strategies for navigating the unique legal risks arising from social, mobile, and online media. Distilling his knowledge into a 100% practical guide specifically for non-lawyers, author and seasoned business attorney, Robert McHale, steps out of the courtroom to review today's U.S. laws related to social media and alert businesses to the common (and sometimes hidden) pitfalls to avoid. Best of all, McHale offers practical, actionable solutions, preventative measures, and valuable tips on shielding your business from social media legal exposures associated with employment screening, promotions, endorsements, user-generated content, trademarks, copyrights, privacy, security, defamation, and more... You'll Learn How To • Craft legally compliant social media promotions, contests, sweepstakes, and advertising campaigns • Write effective social media policies and implement best practices for governance • Ensure the security of sensitive company and customer information • Properly monitor and regulate the way your employees use social media • Avoid high-profile social media mishaps that can instantly damage reputation, brand equity, and goodwill, and create massive potential liability • Avoid unintentional employment and

labor law violations in the use of social media in pre-employment screening • Manage legal issues associated with game-based marketing, “virtual currencies,” and hyper-targeting • Manage the legal risks of user-generated content (UGC) • Protect your trademarks online, and overcome brandjacking and cybersquatting • Understand the e-discovery implications of social media in lawsuits

Navigating Social Media Legal Risks

Governance in Sport: Analysis and Application With Web Resource examines governance within sport organizations. Learn legal foundations and agency functions at multiple levels, and examine industry sectors, including sport wagering and esports. The web resource includes 12 in-depth, modern case studies.

Governance in Sport

Completely updated and expanded, this Third Edition of *The Law of Fundraising* is the ONLY book to tackle the increasingly complex maze of federal and state fundraising regulations. Written by one of the country's few legal experts on fundraising laws pertaining to tax-exempt organizations, this comprehensive reference details federal and state laws with an emphasis on administrative, tax, and constitutional law. Exploring compliance issues, prospective laws, and regulatory trends, this authoritative resource also provides you with summaries of each state's Charitable Contribution Solicitation Act, the most important regulation impacting fundraising practice and professionals within each state. This essential guide is filled with a wealth of tables of cases, IRS rulings and pronouncements, an IRS checklist for monitoring charitable fundraising, and sample IRS forms. In addition, *The Law of Fundraising* is supplemented annually to keep you on top of all of the latest nonprofit and fundraising legal developments.

The Prize Winners Handbook: How to Win Sweepstakes, Contests, Lotteries and Bingo

"This book helps students prepare for careers in the fast-paced world of sport marketing, as well as provides a resource for practitioners looking for the latest information in the field. The book offers abundant examples of the latest issues in the competitive marketplace"--

The Law of Fundraising

Sport Law: A Managerial Approach, third edition, merges law and sport management in a way that is accessible and straightforward. Its organization continues to revolve around management functions rather than legal theory. Concise explanations, coupled with relevant industry examples and cases, give readers just enough legal doctrine to understand the important concepts that apply to each area. This book will help prepare students as they get ready to assume a broad range of responsibilities in sport, education, or recreation. Whether readers work as coaches or teachers; administer professional programs; manage fitness/health clubs; or assume roles in a high school, college, Olympic, or professional sport organization, legal concerns will inevitably be woven into their managerial concerns. This book provides knowledge of the law that helps create a competitive advantage and build a more efficient and successful operation that better serves the needs of its constituents. Special Features of the Book Managerial context tables. Chapter-opening exhibits act as organizational and study tools identifying managerial contexts in relation to major legal issues, relevant law, and illustrative cases for the chapter. Case opinions, focus cases, and hypothetical cases. Legal opinions--both excerpted (case opinions) and summarized (focus cases)--illustrate relevant legal points and help readers understand the interplay between fact and legal theory. The cases include questions for discussion, and the instructor's manual provides guidance for the discussion. Hypothetical cases further highlight topics of interest and include discussion questions to facilitate understanding of the material; analysis and possible responses appear at the end of the chapter. Competitive advantage strategies. Highlighted, focused strategies based on discussions in the text help readers understand how to use the law to make sound operational decisions and will assist them in working effectively with legal counsel. Discussion questions, learning activities, and case studies. Thoughtful and thought-provoking questions and activities emphasize important concepts; they help instructors teach and readers review the material. Creative case studies stimulate readers, as future sport or recreation managers, to analyze situations involving a legal issue presented in the chapter. Annotated websites. Each chapter includes a collection of web resources to help readers explore topics further. Accompanying the web addresses are brief descriptions pointing out key links and the sites' benefits. Bookmarking these sites will help readers in future research or throughout their careers.

Library of Congress Subject Headings

The **Oxford Handbook of American Sports Law** takes the reader through the most important controversies and critical developments in law and U.S. sports. Over the course of 30 chapters, leading scholars explore this expanding and captivating area of law. The Handbook is the first book to gather dozens of perspectives on sports law controversies in the United States, and will be of interest to those who study and practice sports law, as well as journalists, broadcasters, and legally minded sports fans. The Oxford Handbook of American Sports Law incorporates analysis of key historical events in sports law--such as the rise of free agency in professional sports and the concept of amateurism for college athletes--and their broader context. Contemporary legal controversies in U.S. sports and their accompanying questions are also of central importance: In a sensible legal system, how would long-term neurological injuries from contact sports be addressed? How would the use of racially insensitive team names be resolved? How would a seemingly trivial dispute over air pressure in footballs be studied from the competing perspectives of players, teams, and leagues? The Oxford Handbook of American Sports Law weighs not just the facts, but how courts and lawmakers ought to consider the most important questions at stake. The essays in this volume also canvass the types of legal controversies in sports likely to surface in the future. This is particularly true of law and technology matters, including those related to broadcasting and streaming. Legal doctrine has been and will continue to be forced to adapt to these developments, and the Handbook both forecasts coming debates and outlines where the law may be headed.

Ten Things You Need to Know as In-house Counsel

How should you respond to a request to remove copyrighted materials from a Facebook page? If you create a Twitter handle at work, who owns that handle when you change jobs? Can you be sued for libel if your posts are defamatory? If you've ever asked yourself these kinds of questions, this pioneering legal handbook is for you. Despite the enormous growth in social media, scant legal advice is available to help the many people who are posting online. Easy-to-understand, comprehensive, and current, *Legal Guide to Social Media* provides the latest information on case law and statutes. It covers everything from privacy laws to copyright issues to how to respond to employers' requests for your social media passwords. This plain English legal companion offers examples of and solutions to the kinds of situations you can expect to encounter when posting online content, whether for personal enjoyment or on behalf of an employer. You'll learn how to avoid liability for defamation and third-party posts, the legalities of copying and linking to content, how to protect your own content, and much, much more. Whether you're a marketer, entrepreneur, business owner, new media manager, or simply one of the millions of social media users in the United States, this must-have guide will help you to understand and mitigate the most common legal risks inherent in social media use.

The Guerrilla Marketing Handbook

Learn how to navigate the ins and outs of the law and social media. How should you respond to a request to remove copyrighted materials from a Facebook page? If you create a Twitter username at work, who owns the username when you change jobs? Can you be sued for libel if someone thinks your posts are defamatory? If you've ever asked yourself these kinds of questions, this pioneering legal handbook is for you. Despite the enormous growth in social media usage by businesses and influencers, very little has been written about the laws affecting their activities. In this new edition of the *Legal Guide to Social Media*, Kimberly A. Houser, law professor and tech attorney, explains the potential pitfalls and how to avoid them including what social media influencers could have done to protect themselves from the lawsuits resulting from the Fyre Festival debacle. Easy-to-understand, comprehensive, and up-to-date, the *Legal Guide to Social Media, Second Edition* provides the latest information on case law and statutes. It covers everything from privacy laws to the legal considerations in setting up a page or website as well as new governmental regulations. This plain English legal companion offers examples of and solutions to the kinds of situations you can expect to encounter when posting online content, whether for yourself, your own business, or on behalf of your client's business. You'll learn how to avoid liability for defamation and third-party posts, how to protect your own content, the unique legal issues surrounding social media in the workplace, and much, much more. The new edition covers new state regulations on privacy, data security and advertising; how to avoid intellectual property infringement actions; and the newer legal risks for influencers.
