The Knowledge Manager's Handbook

WINNER: CILIP's Knowledge and Information Management Award 2019 - Information Resources Print Category The way an organization manages and disseminates its knowledge is key to informed business decision-making, effectiveness and competitive edge. The Knowledge Manager's Handbook takes you step by step through the processes needed to define and embed an effective knowledge management framework within an organization. This second edition now includes clear guidance on the best practice requirements from the first ever internationally recognised standard for knowledge management, ISO 30401:2018, as well as content on the impact of AI and data analytics. Nick Milton and Patrick Lambe work through each stage of creating and implementing a knowledge management framework for an organization's specific needs, based around the four essential aspects of knowledge management: people, processes, technologies and governance. With updated international case studies from organizations of all sizes and sectors, along with user-friendly templates and checklists to help implement effective knowledge management procedures, The Knowledge Manager's Handbook is the end-to-end guide to making a sustainable change in the knowledge management culture.

Salt River

The poignant and surprising new thriller by one of America's most acclaimed writers. Few American writers create more memorable landscapes-both natural and interior-than James Sallis. His highly praised Lew Griffin novels evoked classic New Orleans and the convoluted inner space of his black private detective. More recently-in Cypress Grove and Cripple Creek-he has conjured a small town somewhere near Memphis, where John Turner-ex-policeman, ex-con, war veteran and former therapist-has come to escape his past. But the past proved inescapable; thrust into the role of Deputy Sheriff, Turner finds himself at the center of his new community, one that, like so many others, is drying up, disappearing before his eyes. As Salt River begins, two years have passed since Turner's amour, Val Bjorn, was shot as they sat together on the porch of his cabin. Sometimes you just have to see how much music you can make with what you have left, Val had told him, a mantra for picking up the pieces around her death, not sure how much he or the town has left. Then the sheriff's long-lost son comes plowing down Main Street into City Hall in what appears to be a stolen car. And waiting at Turner's cabin is his good friend, Eldon Brown, Val's banjo on the back of his motorcycle so that it looks as though he has two heads. "They think I killed someone," he says. Turner asks: "Did you?" And Eldon responds: "I don't know." Haunted by his own ghosts, Turner nonetheless goes in search of a truth he's not sure he can live with.
