Planets of the Solar System

The eight planets in their increasing order of distance from the Sun are Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus and Neptune.

Mercury is the smallest planet in the solar system.

As Mercury is nearest to the Sun, it is extremely hot during the day and extremely cold during the night.

The second planet Venus, is the hottest and brightest of all planets.

The third planet in the solar system is our planet Earth.

Nearly 70% of the Earth's surface is covered with water, due to which the Earth is also called the blue planet. It is the only planet on which life is known to exist.

The fourth planet is Mars. It is also known as the red planet, because of the presence of red soil and rocks.

The fifth and the largest planet in the solar system is Jupiter.

The sixth planet, i.e. Saturn is the second largest planet in the solar system.

The seventh planet is Uranus. A thick layer of gas covers this planet.

The eighth planet is Neptune.

As this planet is farthest from the Sun, cold winds blow here at very high speeds.

Simply open the PowerPoint when you're ready to present to your small group--anyone can lead these studies!--and select "Share Screen" and choose the PowerPoint window. Set your presentation to full screen and your Bible study is ready to go! It's never been easier to teach the Bible visually and virtually! (Visit our PowerPoint FAQs for more details.)

The Path to the Throne of God

This study of the sanctuary aims to give the reader an overall view of the entire sanctuary, including the earthly and the heavenly sanctuaries, and reaching its climax in the temple eternal, the earthly model as constructed by Moses, being a type or illustration of both the others. It also aims to make plain that the sanctuary symbolizes not only the redemptive work of Christ, but also the Christian experience of each of His followers, and of the church as a whole.

Christ in His Sanctuary

Christ in his Sanctuary is the first book of a series called "Ellen G. White books on Salvation". This volume examine the foundation of the sanctuary and the doctrine of the 2,300 days of Daniel 8:14. Excellent compilation and now in a BIG PRINT EDITION (A4) (15pt). **Complete text, No inclusive language.

The Cross and its Shadow

"Eternity can never fathom the depth of love revealed in the cross of Calvary," writes Haskell. "It was there that the infinite love of Christ and the unbounded selfishness of Satan stood face to face. The entire system of Judaism, with its types and symbols, was a shadow of the cross, extending from Calvary back to the gate of Eden, and contained a compacted prophecy of the gospel." This book contains the following chapters: Section I. The Sanctuary I. Light in the Darkness II. The Tabernacle III. History of the Sanctuary Section II. The Furniture of the Sanctuary IV. The Ark V. The Golden Candlestick VI. The Table of Showbread VII. Altar of Incense and Its Service Section III. The Priesthood VIII. Christ Our High Priest IX. Office and Work of the High Priest X. 'At the very heart of God is the passionate disposition to be in loving fellowship with you... From the human side of this equation it is meditative prayer that ushers us into this divine-human fellowship.' Richard Foster, bestselling author of *CELEBRATION OF DISCIPLINE* and founder of Renovaré, writes these words as one who has experienced what they describe. This new book gently guides you along the path of meditative prayer, so that you too can know a deeper fellowship with God. Weaving together quotes and stories from the lives of mothers and fathers of the faith as well as powerful encounters with God from his own life, Foster describes the riches of quieting your mind and heart in order to listen to and obey God more closely. Along the way, at his clearest, most practical best, he also provides the biblical teaching and step-by-step help you need to begin this prayer practice for yourself.

Sanctuary of the Soul

New York Times Bestseller Over 2.5 million copies sold For David Goggins, childhood was a nightmare -- poverty, prejudice, and physical abuse colored his days and haunted his nights. But through self-discipline, mental toughness, and hard work, Goggins transformed himself from a depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring *Outside* magazine to name him "The Fittest (Real) Man in America." In *Can't Hurt Me*, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential.

IUCN's Protected Areas Management Categories, which classify protected areas according to their management objectives, are today accepted as the benchmark for defining, recording, and classifying protected areas. They are recognized by international bodies such as the United Nations as well as many national governments. As a result, they are increasingly being incorporated into government legislation. These guidelines provide as much clarity as possible regarding the meaning and application of the Categories. They describe the definition of the Categories and discuss application in particular biomes and management approaches.

WINNER OF THE PULITZER PRIZE FOR FICTION NEW YORK TIMES TOP 10 BOOKS OF 2010 Jennifer Egan's spellbinding novel circles the lives of Bennie Salazar, an ageing former punk rocker and record executive, and Sasha, the troubled young woman he employs. We first meet Sasha in her mid-thirties, on her therapist's couch in New York City, confronting her longstanding compulsion to steal. We meet Bennie at the melancholy nadir of his adult life - divorced, struggling to connect with his nine-year-old son, listening to a washed-up band in the basement of a suburban house. Although Bennie and Sasha never discover each other's pasts, the reader does, in intimate detail, along with the secret lives of a host of other characters whose paths intersect with theirs, over many years, in many places. With music pulsing on every page, this is a startling, exhilarating novel of self-destruction and redemption. Breathtaking work from one of our boldest writers. 'Irresistible. Fiction of the highest quality' Sunday Times 'Egan's precise, calm underwater prose is a persistent pleasure' Daily Telegraph 'Stories that defy narrative convention' Financial Times 'A must-read' Sunday Times

A Visit From the Goon Squad

Richard J. Foster teaches readers how to use the classical Christian techniques of meditation to enhance times of prayer.

Meditative Prayer

Reprint of a 1901 booklet giving guidance for doing evangelistic work among Southern Blacks.

The Southern Work

Have you ever asked yourself what changed when you were "born again?" You look in the mirror and see the same reflection - your body hasn't changed. You find yourself acting the same and yielding to those same old temptations - that didn't seem to change either. So you wonder, Has anything really changed? The correct answer to that question is foundational for receiving from God. If you lack this basic understanding, you'll forever ask yourself doubt-filled questions like: "How could God love somebody like me?" and "How can I possibly expect to receive anything from the Lord? I don't deserve it, I'm not good enough!" Spirit, Soul, and Body will help you eliminate those and other doubt-filled questions that destroy your faith. If you have trouble receiving from God, this is a must-read!

Spirit, Soul, and Body

Educators must both respond to the impact of trauma, and prevent trauma at school. Trauma-informed initiatives tend to focus on the challenging behaviors of students and ascribe them to circumstances that students are facing outside of school. This approach ignores the reality that inequity itself causes trauma, and that schools often heighten inequities when implementing trauma-informed practices that are not based in educational equity. In this fresh look at trauma-informed practice, Alex Shevrin Venet urges educators to shift equity to the center as they consider policies and professional development. Using a framework of six principles for equity-centered trauma-informed education, Venet offers practical action steps that teachers and school leaders can take from any starting point, using the resources and influence at their disposal to make shifts in practice, pedagogy, and policy. Overthrowing inequitable systems is a process, not an overnight change. But transformation is possible when educators work together, and teachers can do more than they realize from within their own classrooms.

Equity-Centered Trauma-Informed Education (Equity and Social Justice in Education)

"In these essays Pope Francis urges Christians in our time to take up the journey [of walking with Jesus] again and to renew their faith. ... [He] does so by drawing from the rich spiritual legacy of St. Ignatius of Loyola as well as his pastoral encounters across a long lifetime as a priest, bishop, and now pope"--Foreword.

Walking with Jesus

This revised, expanded edition of the Common Worship President's Edition contains everything to celebrate Holy Communion Order One throughout the church year. It combines relevant material from the original President's Edition with Eucharistic material from Times and Seasons, Festivals and Pastoral Services, and the Additional Collects.

Common Worship: Times and Seasons President's Edition

The Great Controversy is a work by Ellen G. White, a founder of the Seventh-day Adventist Church, considered a prophetess or messenger of God among Seventh-day Adventist members. The book tells about the ever-persistent controversy between the good and the bad, represented by the opposition of Christ and Satan and the forces of angels that accompany them.

The Great Controversy

With warmth, understanding, and pastoral skill, Fr. Timothy Gallagher provides here a hopeful invitation to all who struggle to overcome the greatest obstacle of all in the spiritual life — discouragement. Our enemy actively exploits our vulnerabilities, shrewdly leading us time and again into an overwhelming sense of disturbance. But Fr. Gallagher pulls the curtain back on the wiles of the devil, offering gentle reflections that are remarkably effective in lightening the burdens of your day-to-day spiritual life. You'll learn practical ways to find peace amid your spiritual struggles, and patience in the face of even the most intense trials. Best of all, you'll learn how to profit spiritually from the afflictions that beset you.

Each reflection in these pages begins with a quotation by Venerable Bruno Lanteri, the holy founder of the Oblates of the Virgin Mary, whose wisdom has guided the uncommonly insightful spirituality of Fr. Gallagher. In these pages, y

Overcoming Spiritual Discouragement

Christian education has all but disappeared from the majority of educational systems around the world. As governments limit or banish God from among our schools in the name of "separation of church and state," we find the very foundation upon which many schools began disintegrating before our eyes. This is not a new problem. Over the centuries people have had the same concern of what is true education and the place of religion in the educational system. Among these were the newly devoted Christians arising from the Great Advent movement sweeping North America during the 18th and 19th century. Author Alonzo T. Jones, an important figure in Great Advent movement, felt that Christians should take a solid look at the educational systems of that day. Jones believed that true Christian education was the only becoming choice to Christians. In *The Place of the Bible in Education*, he outlines according to the Bible what exactly Christian education looks like. He also explores the true meaning of the separation between church and state and how Christian education does not fall under such discrimination. In this book, he discusses how secular education falls short of even the true meaning of education and how this has an adverse affect on our young people. Jones shows how there is a Biblical precedent for true education and how the Bible should and can become part of the educational system.

Sharing God's Word with children can be the most spiritually satisfying experience of your life. But if you've never taught kids before the prospect can be terrifying! Let Elmer Towns put your fears to rest as you read through 24 "bite-sized" topics covering everything from motivation to gifting to teaching methods! This easy-to-read book will inspire Sunday School teachers - new and experienced - to embrace with joy their important role of teaching children of all ages about God's amazing love.

The Place of the Bible in Education

With many scholars and analysts questioning the relevance of deterrence as a valid strategic concept, this volume moves beyond Cold War nuclear deterrence to show the many ways in which deterrence is applicable to contemporary security. It examines the possibility of applying deterrence theory and practice to space, to cyberspace, and against non-state actors. It also examines the role of nuclear deterrence in the twenty-first century and reaches surprising conclusions.

The Sanctuary Service

Few studies can be more profitable to Christians today than that of the Epistle to the Hebrews, says Richard Phillips. "Written ... to a group of Jewish Christians facing persecution in the mid-first century AD, the words of this book speak to Christians everywhere about standing firm in Jesus Christ." Hebrews captures the challenges and pitfalls of people throughout the ages and shows both why and how to press on in the faith. Its message of warning and hope centers on the surpassing supremacy of Jesus, seen often from the vantage point of the Old Testament. In keeping with the Reformed Expository Commentary series, this treatment of Hebrews is accessible to both pastors and lay teachers. Each volume in the series provides exposition that gives careful attention to the biblical text, is doctrinally Reformed, focuses on Christ through the lens of redemptive history, and applies the Bible to our contemporary setting. - Publisher.

What Every Sunday School Teacher Should Know

The book of Revelation pronounces a blessing upon everyone who "reads" or even "hears" it read. Yet, many treat it as a mysterious book that should not be read and cannot be understood. S. N. Haskell has opened the book of Revelation up in an easily read style that explains it and its relation to our day. This facsimile, originally printed in 1905, makes an excellent study book for young and old.

Thinking about Deterrence - Enduring Questions in a Time of Rising Powers, Rogue Regimes, and Terrorism

In the words of Michael Laitman, "It is beyond human comprehension to understand the essence of such spiritual qualities as total altruism and love. This is for the simple reason that human beings

cannot comprehend how such feelings can exist at all, as everyone seemingly requires an incentive to perform any act; without some personal gain, people are not prepared to extend themselves. That is why a quality such as altruism can only be imparted to a person from Above, and only those who have experienced it can understand it." Attaining The Worlds Beyond is a first step toward discovering the ultimate fulfillment of spiritual ascent in our lifetime. This book reaches out to all those who are searching for answers, who are seeking a logical and reliable way to understand the world's phenomena. This magnificent introduction to the wisdom of Kabbalah provides a new kind of awareness that enlightens the mind, invigorates the heart, and moves the reader to the depths of their soul.

Attaining the Worlds Beyond

In this stirring follow-up to his memoir, Steve Pemberton gives practical encouragement for how you can be a "human lighthouse" for others and through these inspiring stories will renew your hope for humanity. Our polarized, divisive culture seems to be without heroes and role models. We are adrift in a dark sea of disillusionment and distrust and we need "human lighthouses" to give us hope and direct us back to the goodness in each other and in our own hearts. Steve Pemberton found a lighthouse in an ordinary man named John Sykes, his former high school counselor. John gave Steve a safe harbor after Steve escaped an abusive foster home and together they navigated a new path that led to personal and professional success. Through stories of people like John and several others, you will identify how the hardships you have overcome equip you to be a "human lighthouse," inspiring those around you. The humble gestures of kindness that change the course of our lives can shift the course for America too. With a unique vision for building up individuals and communities and restoring trust, The Lighthouse Effect opens your eyes to those who are quietly heroic. You will reflect on the lighthouses in your own life and be reminded that the greatest heroes are alongside us--and within us.

All Praise is due to Allah, the Lord of the Worlds, the [One Who] Sustains the Heavens and Earths, Director of all that is created, who sent the Messengers (may the peace and blessings of Allah be upon all of them) to rational beings, to guide them and explain the religious laws to them with clearproofs and undeniable arguments. I praise Him for all of His bounties. I ask Him to increase His Grace and Generosity. I bear witness that there is none worthy of worship except Allah alone, who has no partner, the One, Who Subdues, the Generous, the Forgiving. I bear witness that our leader Muhammad is His servant and Messenger, His beloved and dear one, the best of all creation. He was honoured with the Glorious Qur'an that has been an enduring miracle throughout the years. He was also sent with his guiding Sunnah that shows the way for those who seek guidance. Our leader Muhammad has been particularised with the characteristic of eloquent and pithy speech, and simplicity and ease in the religion. The Convert's Catechism of Catholic Doctrine

Abel Jackson has lived by the sea at Longboat Bay ever since he could remember. He helps his mother each day and loves to dive. One day he meets Blueback, the biggest and most beautiful fish he's ever seen. When Abel's mother is approached by developers she decides she must do something to protect their fragile piece of coastline, But can Abel and his mother save Blueback and Longboat Bay in time? An achingly beautiful story about family, belonging and living a life in tune with the environment, from one of Australia's best-loved authors.

The Life of the Prophet Muhammad

Expanded and updated from the Electronic Resources section, The APA style guide to electronic resources outlines for students and writers the key elements with numerous examples. Dissertations and theses; bibliographies; curriculum and course material; reference materials, including Wiki; gray literature, such as conference hearings, presentation slides, and policy briefs; general interest media and alternative presses such as audio podcasts; and online communities, such as Weblog posts and video Weblog posts.

AQA GCSE (9-1) Geography

The report presents the latest assessment of global trends in wildlife crime. It includes discussions on illicit rosewood, ivory, rhino horn, pangolin scales, live reptiles, tigers and other big cats, and European eel. The COVID-19 (coronavirus) pandemic has highlighted that wildlife crime is a threat not only to the environment and biodiversity, but also to human health, economic development and security. Zoonotic diseases - those caused by pathogens that spread from animals to humans - represent up to 75% of all emerging infectious diseases. Trafficked wild species and the resulting products offered for human consumption, by definition, escape any hygiene or sanitary control, and therefore pose even greater risks of infection.

Blueback

The first edition of the new Catechism went out across the world in many language versions. This gave the local Churches the chance to study it in depth. Through their bishops and teachers they responded with comments on texts that needed refinement. The present edition was developed in the light of these comments and published in Latin as the definitive Editio Typica. This book is the English translation of the Editio Typica.

World Wildlife Crime Report 2020

This completely new typeset of the monumental 1957 classic contains an extensive historical and theological introduction and detailed notations by George R. Knight, professor of church history at Andrews University.; Originally produced by the Ministerial Association of the General Conference of SDAs, Questions on Doctrine was widely acclaimed and heavily distributed in the late 1950s and early 1960s as a forthright answer to questions from evangelicals about key elements of Adventist doctrine. Controversy regarding the book's position on the nature of Christ and the atonement soon stopped its circulation.; Intended as a complete reference on the book itself, this new edition faithfully

reproduces the original text of Questions on Doctrine, with in-text indicators of the original pagings. It includes later important documents that bring the work up to date. The original bibliography is followed by an updated selected bibliography. Commentary on various historical or bibliographic topics is included in new footnotes throughout the text, all while preserving the reading integrity of the original edition.; George Knight's introductory essays provide the background for how the book came about and describe the interaction of the principal players involved in the dispute about a small section of content that shelved this classic work for more than a generation.; This new edition of Question on Doctrine beautifully preserves this outstanding and winsome work of Adventist apologetics to future generations of scholars, laypersons, and critics. It is an essential element of every Adventist library.

Catechism Of The Catholic Church Popular Revised Edition

The Seventh Day Sabbath, a Perpetual Sign 1847 edition, is a classical and a rare book, that has been considered important throughout the human history, and so that this work is never forgotten we at Alpha Editions have made efforts in its preservation by republishing this book in a modern format for present and future generations. This whole book has been reformatted, retyped and redesigned. These books are not made of scanned copies of their original work, and hence their text is clear and readable. This remarkable volume falls within the genres of Philosophy, Psychology, Religion Christianity Practical theology, Worship

Why I Use Microsoft PowerPoint to Make Project Status Report Templates

Getting Started - List the Project Status Report Template Components

Starting with a Blank PowerPoint Document - Project Name, Report Date, Author and Company Branding.

Project Status Update and Component RAG Sections (includes making tables in PowerPoint, changing fonts, merging table cells, changing cell height and width, and using the Eyedropper in the Shape Fill to change the colour of table cells)

Deliverables From the Previous Reporting Period, Deliverables Due in the Next Reporting Period and Return to Green Actions.

Reporting Risks and Issue in the Project Status Report Template (includes inserting columns into a PowerPoint table)

Additional Project Information including Project Financial Data (Budget, Forecast, Actual Spend and Variance), Project Stage, Go-Live Date and Project Sponsor.

Fine Tuning - making the Project Status Report Template look good by lining up the tables and columns where possible.
