The Alpha's Redemption

From L.E. Wilson comes the next Fated Mates Steamy Shifter Romance in the Kincaid Werewolves Series featuring an enemies to lovers forbidden romance. I'm used to fighting for what I want, and I want Bitsy. This time, she won't be getting away. Keegan McRae is the alpha of the Austin werewolf pack. And sometimes, for the good of all involved, a male has to make choices he wouldn't normally abide by. Like allowing the Faerie you're sweet on to be the main attraction in a rodeo. Not as the cowgirl, but as the livestock. Stubborn as a bull and just as fearless, Bitsy caught his interest the first time she flipped him off. But before he had a chance to make things right with her, she got loose. And though his wolf howled in protest at the loss, he had no choice but to let her go. Bláthnaid (Bitsy) Dunn swore she would never again set foot in the hellhole that was Texas. Or anywhere near the arrogant shifter who was the main reason she hated it so much. The last time she'd seen him, his well-worn boots had stomped all over her hide—and her pride. Yet, here she was again. This time, however, she's here on her terms. Keegan needs her help to infiltrate the fae world, and she needs him to help her find her father. His green eyes are full of remorse, and his easy smile is hard to resist, but forgiveness isn't part of the deal.

Elijah Westwood, the most popular boy around, and one every girl wished to have a taste of. A player who didn't believe in love, nor mates. He was twenty-one and was in no rush to find his fated one, enjoying life as he was, with no shortages of women to. What happens when he returns home only to find that he's begun to see his step-sister in a new light? Knowing that when the mating ceremony came, she would find her mate. Will he fight against everything for her, or would he let her go? - "This is wrong..." She whimpered pleasure consuming her. "You want me just as much as I want you, give in to your desires sweetheart and I'll make you feel so good, that you won't ever want another man to touch you." He whispered huskily making her core throb. That was what she was afraid of, that when he was done with her, she would be left broken...

Her Forbidden Alpha

Alpha Redemption

From the renowned wolf researcher and author of *The Rise of Wolf 8* and *The Reign of Wolf 21* comes a stunning account of an unconventional alpha male. A lover, not a fighter. That was wolf 302. A renegade with an eye for the ladies, 302 was anything but Yellowstone's perfect alpha male. For starters, he fled from danger. He begged for food from other wolves, ditched females he'd gotten pregnant, and even napped during a heated battle with a rival pack! But this is not the story of 302's failures. This is the story of his dramatic transformation. And legendary wolf writer Rick McIntyre witnessed it all from the sidelines. As McIntyre closely observed with his spotting scope, wolf 302 began to mature, and, much to McIntyre's surprise, became the leader of a new pack in his old age. But in a year when game was scarce, could the aging wolf provide for his family? Had he changed enough to live up to the legacies of the great alpha males before him? Recounted in McIntyre's captivating storytelling voice and peppered with fascinating insights into wolf behavior, *The Redemption of Wolf 302* is a powerful coming-of-age tale that will strike a chord with anyone who has struggled to make a change, big or small. "With this third installment of Rick McIntyre's magnum opus, the scope and ambition of the project becomes clear: nothing less than a grand serialization of the first twenty years of wolves in Yellowstone, a kind of lupine *Great Expectations*."—Nate Blakeslee, New York Times bestselling author of *American Wolf*

The Redemption of Wolf 302

The story continues with the trials that interrupt Adelina and Demitrey's "Happy ever after". Our fearless leaders are faced with both new and old enemies. Some they can see, and others they cannot. When the Past comes back to haunt them, Demitrey must learn what it really means to be an Alpha, while he finds himself growing into the husband and father he was meant to be. Adelina gains a first seat glimpse into Demitrey's past, but that's not the only past she had to revise, in order to know her full potential as Luna. Together they must risk everything by taking on an enemy that could destroy everything they worked for, not to mention the possibility of the leaders losing themselves along the way. Yet, they risk it all for the sake of their Daughter, family and pack. They must also risk everything to achieve the impossible: A true alliance between a werewolf Pack and a Vampire clan. New treaties and new enemies. Old foes and new battles. Aged scars, and new battle wounds. What could once be trusted, was now in question. And what was once believed to be real, turned out to be the complete opposite. These moon crossed lovers find themselves so close to peace, yet so far. New relations, and deadly betrayals. Love. War. Temptation. Lust. Blood shed. All the ingredients needed for the thrilling roller coaster that is Demitrey's and Adelina's lives. Join these Moon-crossed Lovers on yet another adventure, and buckle up, it's going to be a bumpy ride. *This story has been revised and edited**This story follows the sequel "His Mate and His Mistress: The Rise of a Luna**This story is the third installment in the "His Mate and His Mistress" series*

His Mate and His Mistress

Isabella is in trouble. Big trouble. She knows that opening her curtains and touching herself while her alpha watches from the woods is wrong, but she does it anyway. And she plans on doing it again. Every night, in fact, until her alpha teaches her otherwise. Roman, alpha of the Silverclaw Pack, is tired of Isabella teasing him. Even more, he's tired of her disobeying his every command. And he knows exactly how to fix both problems. Devour every inch of her until she's begging for him at his feet. Will Isabella succumb to Roman's advances? Or will she toy with him to the very end? This book includes common tropes such as: urban fantasy romance series with strong heroine, fated mates, wolf shifter romance, werewolves and shifters, enemies to lovers dark romantic fantasy, friends to enemies to lovers. Fans of K.F. Breene, Elizabeth Briggs, and Renee Rose will love this story.

Submitting to the Alpha

"The powerful origin story of one of Yellowstone's greatest and most famous wolves." —Washington Post "[The Rise of Wolf 8] is a goldmine for information on all aspects of wolf behavior and clearly shows they are clever, smart, and emotional beings." —Marc Bekoff, Psychology Today Yellowstone National Park was once home to an abundance of wild wolves—but park rangers killed the last of their kind in the 1920s. Decades later, the rangers brought them back, with the first wolves arriving from

Canada in 1995. This is the incredible true story of one of those wolves. Wolf 8 struggles at first—he is smaller than the other pups, and often bullied—but soon he bonds with an alpha female whose mate was shot. An unusually young alpha male, barely a teenager in human years, Wolf 8 rises to the occasion, hunting skillfully, and even defending his family from the wolf who killed his father. But soon he faces a new opponent: his adopted son, who mates with a violent alpha female. Can Wolf 8 protect his valley without harming his protégé? Authored by a renowned wolf researcher and gifted storyteller, *The Rise of Wolf 8* marks the beginning of *The Alpha Wolves of Yellowstone* series, which will transform our view of wolves forever.

The Rise of Wolf 8

The Kingdom of Askara has been torn apart by conflict for centuries, where humans exist as subservient beings to their werewolf masters. Legend says it will only be able to heal itself when an Alpha King and a pure omega are mated and crowned together, but a pure omega hasn't been born in over a thousand years. Luca is an Alpha-heir eagerly awaiting the choosing ceremony on his twenty-fifth birthday and the gifts granted by whichever omega he mates. His small pack is destitute due to the decisions of its ruling council, but being only an Alpha-heir, he has no authority to challenge them. Not until now—this moment he has waited a long time for. Kit grew up as a street-rat, an unlicensed human who would never be more than a slave for whichever master owns him. Then one day he came across a young Alpha-heir, attacked and dying of poison, and found out their fates were suddenly entwined. Luca needs to take over his pack and save his people. He cannot afford to be distracted. But when he meets Kit, he develops abilities indicating he is not just a pack Alpha, but the King his world has needed for a thousand years. Is Kit really the cause of Luca's newfound power, the true mate he needs? How is it possible when the young man isn't even a werewolf, and as merely a human, a mating is not only forbidden, but for Kit, a sentence of death?

Redemption Song

A chronological perspective of eternity with an unapologetically literal interpretation that will challenge your traditionally held beliefs, all told from the absolute source of truth. What can be known about eternity past? Were there beings on the earth before God formed man? If so, what happened to them? When did Lucifer fall? Where did devils (demons) come from? Can any of these questions be definitively answered from scripture? Yes! Alpha and Omega will not only set the bar as a visual masterpiece, but serve as a rich source of theology, history and prophecy. This single issue, "Beginning of Beginnings," marks the first 32 pages of what will hopefully be a full-color graphic novel of approximately 100 pages.

Alpha's Claim

One touch made her crave him. Her shocking choice will change everything. Biology student Laura Prince lands a plum internship deep in the Michigan wilderness. When she discovers a lone black wolf with piercing gold eyes in the forest, she feels a connection to him she can't explain. Stranger still, no one believes what she saw was real. Then, she encounters Malcolm Devane -- a very real, tall, dark, brooding stranger with hauntingly familiar golden eyes. Laura is drawn to Mal in ways she knows are dangerous. But, when everything Laura has worked for gets torn away, he's the only one she can turn to. Exiled from his native pack lands, Mal is on a mission of redemption. If he can bring down a rival Alpha wolf and reclaim his pack, he just might get the chance to return home. But when he meets Laura, she stirs a dark passion in him he thought he could never have again. He knows instantly that she's his fated mate but it may be the very thing that gets her killed. For a powerful enemy with nothing left to lose won't hesitate to hurt Laura to get to Mal. Even though Mal knows the safest thing to do is walk away, the dark wolf inside him may be too strong to deny. Reader's Note: Each book in the Wild Lake Wolves series is a full length, standalone, cliffhanger free, super sexy, werewolf shifter romance. You can read them in any order but the smoking hot events within each are interconnected and happen chronologically. These wolves like it rough! If you're not into that, you might want to sit this one out. However if you like hot, dominant, alpha male werewolf shifters and the kickass heroines who will do anything to please them, then one-click away and enjoy the ride! Book Themes: Wolf shifter romance, werewolf, werewolves, shapeshifters, new adult and college romance, fated mates, claimed mates, strong alpha male, strong female character
