Dior's Journey | Preemie Born at 23 Weeks - Dior's Journey | Preemie Born at 23 Weeks by GoodmanLifeXL 19,859,125 views 6 years ago 6 minutes, 6 seconds - We put this video together to celebrate Dior's **first**, birthday. Our special **baby**, girl born at 23 weeks gestation. She spent 157 days ...

She was born 4 months early.

Since Dior was born at 23 weeks and 6 days her chance of survival was below 25%.

Dior faced many challenges.

Dior's biggest challenge were her lungs being under developed.

She was put on a breathing ventilator for 7 weeks.

A congenital heart issue we thought would heal on its own worsened and we had to be transferred to Vanderbilt Children's Hospital.

Her condition would worsen. Dior had to undergo heart surgery.

After successfully repairing the heart defect Dior caught pneumonia. This would prove to be our toughest time in the NICU.

Dior's health started to improve day by day.
