## A Concise Grammar for English Language Teachers

Language description plays an important role in language learning/teaching because it often determines what specific language forms, features, and usages are taught and how. A good understanding of language description is vital for language teachers and material writers and should constitute an important part of their knowledge. This book provides a balanced treatment of both theory and practice. It focuses on some of the most important and challenging grammar and vocabulary usage questions. Using these questions as examples, it shows how theory can inform practice and how grammar and vocabulary description and explanation can be made more effective and engaging. Part I describes and evaluates the key linguistic theories on language description and teaching. Part II discusses and gives specific examples of how challenging grammar and vocabulary issues can be more effectively described and explained; each chapter focuses on one or more specific grammar and vocabulary. An annotated list of useful free online resources (online corpora and websites) for grammar and vocabulary learning and teaching, and a glossary provide helpful information.

## Grammar for English Language Teachers

Providing an introduction, this work contains sections on the British Empire.

## Describing and Explaining Grammar and Vocabulary in ELT

Introduction to nouns, articles, adjectives. More about verbs and related forms. Sentence constituents and word order.

## A History of ELT, Second Edition

Who says a grammar guide has to be boring? If you're looking for a resource to help you understand and teach English grammar but don't want the typical compendium of lifeless rules and charts, The ELT Grammar Book, 2nd Edition is for you! In each chapter, author Richard Firsten... - entertains

you through comics, history, and his folksy narrative style; - engages you in active learning through reflection questions and exercises; - makes the grammar clear through teacher-friendly explanations and examples; - helps you process and retain the material with summaries of the core points; - offers you suggestions for dealing with troublesome issues as well as teaching tips for each grammar topic; - and provides online chapter supplements at [ELTgrammar.com](http://ELTgrammar.com).

### Grammar for English Language Teachers

An alphabetical list of terms about English language teaching. This work categorises and describes terms, explains the importance of the concepts and their relevance to English language teaching. It covers grammar, lexis, phonology, discourse, methodology, theory and practice.

### Teaching English Grammar

The Third Edition of this AclassicA text incorporates a broader and more detailed analysis of issues relevant to language teachers. "The Practice of English Language Teaching" is full of practical suggestions and samples from actual teaching materials.

### The ELT Grammar Book

This English Language Grammar Reference & Teacher's Guide ( Second Edition ) has been thoughtfully created drawing on almost two-decades of accumulated knowledge and wisdom gained as an English Language Facilitator, a Teaching English as a Second Language Teacher-Trainer, and an owner / Principal of two Ministry of Education registered and Qualifications Authority accredited English language schools. The book has been created as a comprehensive alternative to the intimidating thick and costly technical grammar books most ESL teachers accumulate. These books are often filled with linguistic academic jargon that is not easily understood, not to mention being heavy to carry from class to class. With an ESL teacher's needs in mind, the book has been packed with relevant, practical classroom information, examples, and advice, as well as being a comprehensive resource to the grammar and usage of the English language. Chapter One contains a comprehensive outline to the grammar and usage of the eight ( 8 ) parts of speech found in the English language, in simple terms. You will find easy to understand explanations and real-life sentence examples for each concept. Chapter Two contains an English language punctuation guide. The guide can be used in two ways. First, the entire collection can be used as a reference to assist the ESL teacher in the correct use of punctuation. Second, the chapter can be used as a teaching tool. Each category, or a selection of categories within the chapter, can be the basis of an independent ESL lesson. Chapter Three contains a writing guide for either the teacher or their students. It provides invaluable information and guidance to all skill levels of writers who may attempt a simple composition, a more complex academic essay, or an advanced formal article. Chapter Four, Classroom Management, reflects the knowledge and wisdom gained by myself as a successful generalist educator, ESL facilitator, and a TESOL / TEFL Teacher-Trainer. I have also researched, observed and collected additional input from other passionate ESL educators and specialists. This chapter outlines classroom management techniques, and includes ways to identify and avoid potential problems, provides methods to inspire or motivate students, and expresses one of the most important concepts that an ESL teacher should gain knowledge on; the importance of cultural awareness and sensitivity. Chapter Five gives a brief comprehensive overview to the main teaching perspectives or models available. There are many approaches and methods used; some are more mainstream than others. Chapter Six provides relevant, practical advice in regard to ESL lesson design and its delivery. This includes, but is not limited to, the individual components generally found in an ESL lesson plan, the environment in which delivery takes place ( in most cases the classroom ), the physical resources and technologies that can be considered, and the interpersonal skills needed to successfully build rapport, and to be credible and respected as a professional. This book has been designed and intended as a resource, to be used while creating lessons, but also used during actual real-time teaching. As students ask grammatical or composition questions, the English Language Grammar Reference & Teacher's Guide ( Second Edition ) can be quickly accessed, explanations given, and examples modified from the book, and then written on a writing surface.

### Intermediate Grammar Worksheets

"The Teacher's grammar of English enables English language teachers and teachers-in-training to fully understand and effectively teach English grammar. With comprehensive presentation of form, meaning,

and usage, along with practical exercises and advice on teaching difficult structures, it is both a complete grammar course and an essential reference text."--Back cover.

### An A-Z of ELT

An invaluable resource helping teachers at all levels of experience to develop their understanding of English grammar. Grammar for English Language Teachers is designed to help practising and trainee teachers to develop their knowledge of English grammar systems. It encourages teachers to appreciate factors that affect grammatical choices, and evaluates the 'rules of thumb' presented to learners in course materials. Consolidation exercises provide an opportunity for teachers to test these rules against real language use and to evaluate classroom and reference materials.

### The Practice of English Language Teaching

Updated and revised with more examples and expanded discussions, this second edition continues the aim of providing teachers with a solid understanding of the use and function of grammatical structures in American English. The book avoids jargon and presents essential grammatical structures clearly and concisely. Dr. DeCapua approaches grammar from a descriptive rather than a prescriptive standpoint, discussing differences between formal and informal language, and spoken and written English. The text draws examples from a wide variety of authentic materials to illustrate grammatical concepts. The many activities throughout the book engage users in exploring the different elements of grammar and in considering how these elements work together to form meaning. Users are encouraged to tap into their own, often subconscious, knowledge of grammar to consciously apply their knowledge to their own varied teaching settings. The text also emphasizes the importance of understanding grammar from the perspective of English language learners, an approach that allows teachers to better appreciate the difficulties these learners face. Specific areas of difficulties for learners of English are highlighted throughout.

### English Language Grammar Reference & Teacher's Guide ( Second Edition )

At long last English language teachers have what they've been waiting for, a "professional friend" to give a helping hand at all times! A great deal more than a grammar book, this new resource explores areas of the language that teachers have found troublesome to understand, hard to explain, and challenging to demonstrate to students. Its down-to-earth, reader-friendly format gives a fresh, new way of looking at complex material, in turn preparing teachers to communicate better and give more effective examples to students. The 22 chapters explore word order, articles, present, past, and future tenses, the overlooked uses of some and any, modal auxiliaries, prepositions, genitives, compound nouns and adjectives, passives and causatives, direct object companions, two-and three-word verbs, subjunctives, conditional sentences, the role of stress and intonation to convey meaning, and more. You'll find valuable information that you've never seen in other grammar reference books!

### The Teacher's Grammar of English with Answers

Concise Encyclopedia of Applied Linguistics formalizes, organizes and analyzes the relation of knowledge about language to decision-making in practice. It synthesizes research in psycholinguistics, educational linguistics and sociolinguistics, freely crossing subject fields to establish innovative and expert responses to some of the key debates in the field. Authored and compiled by leaders in their various specialties and collated and extensively re-edited from the award-winning Encyclopedia of Language and Linguistics, Second Edition, this collection will be an ideal one-stop desk reference solution for any linguistics professional and researcher interested in how language operates at the leading edge. Authoritative review of this dynamic field placed in an interdisciplinary context Over 100 articles by leaders in the field Compact and affordable single-volume format

### Grammar for English Language Teachers

This book teaches the most common ESL grammar points in an accessible way through real ESL errors together with suggested teaching techniques. Relevant grammar terminology is explained. The four objectives of this book are to help teachers: (1) identify common ESL grammar points and understand the details associated with each one; (2) improve their ability to answer any grammar question on the spot (when on the "hot seat"); (3) anticipate common ESL errors by grammar point, by first language, and/or by proficiency level; and (4) develop more effective grammar/language learning lessons. These

objectives are for all teachers, whether they are teaching grammar directly or indirectly in a variety of classes -- including a grammar class, a writing class, a speaking class, an ESP class, or a K-12 class.

### Grammar for Teachers

A TEACHER'S GRAMMAR is a reference grammar for all teachers of English, particularly those entering the profession. It provides a concise survey of the major issues in English grammar.

### A Teachers' Grammar

This new edition of Teach EFL is the ultimate practical reference guide to teaching English as a Foreign Language. 'Riddell's book is a classic - it answers all those questions new language teachers have....covers an amazing amount in a clear accessible way.' David Carr, Director of Teacher Training International House London This book is packed with information on: -effective teaching techniques. -sound classroom management. -practical lesson planning. -successful job hunting and career development. This is an indispensable book for all new and experienced EFL teachers: a step-by-step guide on what to teach and how to teach it. This edition has been fully revised to include: -up-to-date information on technology as an aid to learning. -comprehensive information on the increasingly popular task-based learning. -invaluable advice on making the transition from learning to teaching. -clear guidance on ongoing professional development. -useful examples of teaching in different international contexts. Rely on Teach Yourself, trusted by learners for over 75 years.

### The ELT Grammar Book

TESOL / ESL Teaching.

### Concise Encyclopedia of Applied Linguistics

Essentials of Mastering English: A Concise Grammar is both an ideal companion for undergraduate students wishing to acquire a high level of grammatical proficiency and a readily accessible reference work for teachers of English at all levels. It provides an introduction to basic grammatical terms and to elementary syntactic description, enabling students to analyse sentences and utterances down to word level with a specification of both the form and the function of all constituents.

### Keys to Teaching Grammar to English Language Learners

Basic English Grammar: A Guide for New and Prospective ESL Teachers covers all the essential grammar that teachers at the start of their careers need to know before entering the classroom. With clear, concise, accurate explanations as well as relevant examples, this book will give you the knowledge necessary to begin teaching ESL grammar with confidence and to give competent lessons. Topics covered include tenses, relative clauses, conditionals, reported speech, modal verbs, comparative adjectives, the passive voice and many other important structures. This grammar book is now updated with 11 new chapters.

### A Teachers' Grammar

This is a unique book that covers innovative grammar teaching approaches and techniques for a modern generation of EFL/ESL students. It juxtaposes traditional grammar teaching methods with newer ones, and reveals the advantages and disadvantages of each. Moreover, it provides free and controlled grammar activities which offer instructors an ample variety of tasks that facilitate EFL/ESL teachers' work to practice certain grammatical patterns.

### Teach English as a Foreign Language: Teach Yourself (New Edition)

Designed for ESL and ELT pedagogy courses around the world, this text describes English grammar from a World Englishes perspective. It is distinguished by its focus on the social setting for English as a global language, the latest thinking about grammatical theory, and new theories of how first and second languages are learned and taught. The fundamental premise is that teaching and learning grammar cannot be isolated from the local, regional, and global sociocultural contexts in which the teaching and learning take place. Part I presents different attitudes toward English as a global language and some challenges that learners of English share no matter where they are in the world. Part II is about the features of English that educated speakers consider the most likely and probable in Academic

English. Part III describes the flexible and fluid features of English that might be susceptible to change or modification over time. Each chapter includes engaging Study, Discussion, and Essay Questions and Activities.

### Key Issues in Language Teaching

Teaching Unplugged beschäftigt sich mit Unterricht, der seinen Antrieb aus der Konversation erhält, dabei wenig Material verwendet und auf dem Anwenden der Sprache beruht. Der Band ist in drei Bereiche gegliedert: Auf einen kurz und bündig formulierten Theorieteil, der die Hintergründe des Teaching Unplugged erklärt, folgt ein ausführlicher Pool an unmittelbar einsetzbaren Aktivitäten für die Niveaus A1 - C1. Im abschließenden Teil wird die Anwendung dieses Lehransatzes in unterschiedlichen Lernergruppen und Lehrumgebungen diskutiert.

### Essentials of Mastering English

English Language Teaching Today: Linking Theory and Practice provides an up-to-date account of current principles and practices for teaching English in the world today. The chapters, written by internationally recognized language teacher educators and TESOL specialists, introduce the reader to key language skill areas (i.e., listening, speaking, reading, writing, pronunciation, grammar and vocabulary) and explain how each skill area can be taught in a principled manner in diverse language learning contexts. Throughout the book, the link between theory and practice is explicitly highlighted and exemplified. This reader-friendly book is suitable for undergraduate and graduate students enrolled in TESOL and other second language education programmes as well as for TESOL professionals who wish to stay current with recent developments in ELT.

### Basic English Grammar

New Perspectives on Grammar Teaching in Second Language Classrooms brings together various approaches to the contextualized teaching of grammar and communicative skills as integrated components of second language instruction. Its purpose is to show from both theoretical and practical perspectives that grammar teaching can be made productive and useful in ESL and EFL classrooms. In this text: \*First-rate scholars approach the teaching of grammar from multiple complementary perspectives, providing an original, comprehensive treatment of the topic. \*Discourse analysis and research data are used to address such pedagogical areas as grammatical and lexical development in speaking, listening, reading, and writing. \*The communicative perspective on ESL and EFL instruction that is presented provides ways for learners to enhance their production skills, whereas the meaning-based grammar instruction can supplement and strengthen current methodology with a communicative focus. This volume is intended as a foundational text for second language grammar pedagogy courses at the advanced undergraduate and master's levels.

### Teaching Grammar to a Grammar-Free Generation

This set includes the works of neglected theorists such as Horace Wyatt and Michael West. This set complements English as a Foreign Language Teaching, 1912-1936: Pioneers of ELT.

### English Grammar Pedagogy

This book is a good companion for teachers and learners of the English grammar. It gives the opportunity for teachers to journey with their students in the teaching and learning of grammar, especially in a non-native English speaking context. It encourages an understanding of grammar through the use of a metalanguage. Learners no longer have to depend on the 'it feels right' defense but can confidently support grammar usage with sound explanation. ESL learners from the secondary school level to tertiary level as well as learners who are preparing to be English teachers will find the aspects and depth of the contents covered in this book useful. The book inculcates the practice of 'awareness, analysis and explanation' which helps learners to tap into the many grammar guides and resources available.

### Teaching Unplugged

This practical and research-based introduction to current and effective English grammar instruction gives pre-service and in-service teachers and teacher educators a strong foundation for teaching second language grammar and helps them develop their professional knowledge and skills. Written

in a highly readable style for an international audience, it provides a thorough and rounded overview of the principles, strategies, techniques, and applications currently dominant in teaching L2 grammar in a range of instructional settings around the world. Chapter authors are world-class authorities in grammar and grammar teaching and learning. All chapters are based on theoretical frameworks and/or research foundations with a strong emphasis on practical applications and implications for classroom teaching, and highlight teaching methods, key concepts, and terminology associated with grammar instruction. Illuminating the options and choices in grammar teaching from a contemporary perspective, *Teaching English Grammar to Speakers of Other Languages* is ideal as key text for students in undergraduate and graduate MA-TESOL programs and as a resource for practicing ESL/EFL teachers, teacher educators, and teaching faculty.

### English Language Teaching Today

The Teacher's Guide to Grammar is unique in focusing directly on the aspects of grammar that teachers need to know. Assuming little or no formal linguistic education, this concise and accessible book provides the necessary background knowledge required in the classroom context. There are detailed chapters on the nuts and bolts of language: words, morphology, sentences, phrases, verbs, and clauses. Other important educational issues concerned in the teaching of English are discussed: the grammatical variation that differentiates standard and non-standard English; how grammar varies in relation to the purpose and audience of a text; and the different grammatical characteristics of different languages. Throughout, illustrations are given using examples from the real spoken and written language produced by learners. Here are the essentials every English and literacy teacher needs to know about grammar in one practical and relevant guide.

### New Perspectives on Grammar Teaching in Second Language Classrooms

An important contribution to the emerging body of research-based knowledge about English grammar, this volume presents empirical studies along with syntheses and overviews of previous and ongoing work on the teaching and learning of grammar for learners of English as a second/foreign language. It explores a variety of approaches, including form-focused instruction, content and language integration, corpus-based lexicogrammatical approaches, and social perspectives on grammar instruction. Nine chapter authors are Priority Research Grant or Doctoral Dissertation Grant awardees from The International Research Foundation for English Language Education (TIRF), and four overview chapters are written by well-known experts in English language education. Each research chapter addresses issues that motivated the research, the context of the research, data collection and analysis, findings and discussion, and implications for practice, policy, and future research. The TIRF-sponsored research was made possible by a generous gift from Betty Azar. This book honors her contributions to the field and recognizes her generosity in collaborating with TIRF to support research on English grammar. *Teaching and Learning English Grammar* is the second volume in the Global Research on Teaching and Learning English Series, co-published by Routledge and TIRF.

### Teaching English as a Foreign Language, 1936-1961: The art of teaching English as a living language

The Grammar Book introduces teachers and future teachers to English grammatical constructions. This highly acclaimed text, used both as a course book and as a grammar reference guide, is suitable for all teachers of English. What sets it apart from other grammar books is its unique pedagogical focus: It describes not only how each grammatical construction is formed, but also its meaning and its use. Grammar is seen to be a resource for making meaning in textually and socially appropriate ways.

### Pedagogical Grammar for ESL Made Easy (Penerbit USM)

Teacher's Resource Guides (32-pages each), available on CD, full of English grammar activities in a reproducible format. This teacher's resource guide goes along with the two-book series written specifically for English language learners which covers all the basic grammar topics for beginners. Contains clear and concise explanations of the rules and illustrates them with numerous examples. The "Did You Know?" and "Grammar Help" notes add further to the understanding of basic grammar. These books will give English language learners a clear understanding of core grammar skills and help lay a strong foundation for good English. Each book includes 150-pages plus a grammar examples and instruction.

### Teaching English Grammar to Speakers of Other Languages

An engaging guide to grammar, this book introduces linguistic theory and language acquisition research to language teachers.

#### The Teacher's Guide to Grammar

A concise guide designed for those who didn't learn grammar at school and also an essential reference in teaching English to speakers of other languages (TESOL).

#### Teaching and Learning English Grammar

The Routledge Handbook of English Language Teaching is the definitive reference volume for post-graduate and advanced undergraduate students of Applied Linguistics, ELT/TESOL, and Language Teacher Education, and for ELT professionals engaged in in-service teacher development and/or undertaking academic study. Progressing from 'broader' contextual issues to a 'narrower' focus on classrooms and classroom discourse, the volume's inter-related themes focus on: ELT in the world: contexts and goals planning and organising ELT: curriculum, resources and settings methods and methodology: perspectives and practices second language learning and learners teaching language: knowledge, skills and pedagogy understanding the language classroom. The Handbook's 39 chapters are written by leading figures in ELT from around the world. Mindful of the diverse pedagogical, institutional and social contexts for ELT, they convincingly present the key issues, areas of debate and dispute, and likely future developments in ELT from an applied linguistics perspective. Throughout the volume, readers are encouraged to develop their own thinking and practice in contextually appropriate ways, assisted by discussion questions and suggestions for further reading that accompany every chapter. Advisory board: Guy Cook, Diane Larsen-Freeman, Amy Tsui, and Steve Walsh
