The Charkha and the Rose

Stories are powerful; everyone knows that. They are rife with meaningful imagery and symbolism; they are mirrors that enable folk to see themselves as they truly are. And, while there are no right or wrong ways to interpret those myriad symbols there are ways that are more helpful than harmful. One such symbol is the uninvited guest who has been dubbed "wicked". Yet, she is the very one to help a world run by adolescents oblivious to their destructive way

A Rose Is Never Just a Rose in Fairytales

Witness the rebirth of India in an unforgettable love story of Pearly Ruby Princessa, spun around the fascinating background of the Coronation of King Edward V11 in 1902, his spectacular State Durbar and the reign of maharajas, nawabs, and aristocrats in the Indian princely states. Baby Pearly was born towards the turn of 19th century. She arrived precisely after the stroke of midnight under the full moon. The time of her birth was as ominous for her English born mother and aunt residing in India as it was for the British Empire. The birth of Pearly symbolized many things to many people, British and Indian, but most importantly it symbolized change a beginning and an end. For her native Indian parents, her birth marked the much hoped for new beginning of Swatantra, the self-rule for the land of India. For her British counterpart, it marked the final chapter the end of the British raj. It is a tale of two nations entering an era of new beginnings, coinciding with the story of Princessa. The story is woven with powerful imagery and amazing riddles. It is a tale of mystery, intrigue and obsession exploring the magical connection between the physical and the metaphysical; matter and spirit; good and evil; demon and divine and ultimately, the undeniably compelling connection between the power of forgiveness and the gift of deliverance- the deliverance from the cycle of life and death, leading to the state of NIRVANA...the ultimate peace.

The Mystery Of The Rose

-

India of My Dreams : Ideas of Gandhi for a Vibrant and Prosperous Modern India

"Let a thousand verses bloom. Anthems of Resistance is about the iconoclastic tradition of poetry nurtured by Ali Sardar Jafri, Faiz Ahmad Faiz, Javed Akhtar, Fehmida Riyaz and all those who have been part of the progressive writers' movement in the Indian subcontinent. It documents the rise of the Progressive Writers' Association, its period of ascendancy, its crucial role in the struggle for independence, and its unflagging spirit of resistance against injustice. In the process, the book highlights various aspects of the PWA's aesthetics and politics such as its internationalist ethos, its romance with modernity, its engagement with feminism, its relationship to Hindi cinema and film lyrics, and the vision of a radically new world which its members articulated with passion. Part history, part literary analysis, part poetic translation, and part unabashed celebration of the PWA era, this book is truly a unique resource. This is a lucidly written account of a glorious chapter in the history of Indian literature. The powerful verses of the PWA poets are wonderfully translated and, along with the highly accessible transliteration, offer the general reader a rare opportunity to appreciate the writings that helped shape a nation. Anthems of Resistance is truly an inspiring and pleasurable read." - Professor Mushirul Hasan, Vice Chancellor, Jamia Millia Islamia, New Delhi "Such a gift from the Brothers Mir! Lyrical and thoughtful, this introduction to the vast swathe of progressive Urdu poetry belongs on all our shelves, and in all our hearts. It is a companion worthy of the poetry itself. A singular achievement." - Professor Vijay Prashad, Director of International Studies, Trinity College, Connecticut, US "Like the many poets they celebrate, the authors write with passion and conviction ... Their book makes for a joyous and exhilarating read." -Professor C.M. Naim, Professor Emeritus, University of Chicago

Indian Silk

At this western corner of the confluence of the Bay of Bengal and the busy river Hooghly, West Bengal in eastern India lies a geography that has hosted many outsiders – traders, merchants, colonial masters, missionaries and wanderers. This book is fundamentally concerned with the relations among the theoretical categories of time, space and capital in India and shows registers of temporality and spatiality generated by historical phases of interaction with industrial capital. Based on extensive ethnographic fieldwork in Howrah, the author examines the form of urbanism that is not linked to the city-form of spatial organization, a "hinterland urbanism". The book brings out the theoretical implications by showing the relations among time, space and capital. Through a series of encounters and interceptions with a number of voices arising, the book sheds light on the issue and identifies the state of an ethnographer who is ensconced in the field – in wonder, conceit and sometimes physical discomfort. This book is, thus, an exploration of such historical layering of space by forces of time and speed afforded by the logics of capital, through limited acts of witnessing of production and access of historical sensation. An invitation to scholars and students of cultural anthropology to consider the question of scale in the making of ethical, political, and aesthetic selves, this book is an intervention in political anthropology that connects aesthetics, desire, and emotion to political imagination and action. The book makes a significant contribution in anthropology of space, urban anthropology and anthropology of capital as well as urban studies.

Annual Report

Quite distinct from the abundant literature available on Mahatma Gandhi, this historical biography attempts to articulate the historiography of India's freedom struggle, of which Gandhi was undoubtedly the central figure. Relooking at key issues and themes that have been raised in the research conducted over the past few decades, this is an interpretative essay that seeks to contextualize Gandhi and his ideology of ahimsa and satyagraha. Instead of focusing merely on Gandhi's personal life, Prof Bidyut Chakrabarty conceptualizes the evolution of his ideas in the context of anti-colonial nationalism. A nationalism of the Mahatma that for the first time in the history of the independence struggle reached every village and taluk of the state. A nationalism for a country and a society based on his principles of nai talim (new education) and sarvodaya (upliftment of all). But was it the right path and ideology for a new and emerging nation? Despite being Gandhi-centred, the biography is thus imbued with questions, which it attempts to answer. Through a unique study of one of the most prominent personalities of the

twentieth century, it addresses areas of human concerns, which will always remain universal in scope and content.

Outcome Budget

During his campaign against racism in South Africa, and his involvement in the Congress-led nationalist struggle against British colonial rule in India, Mahatma Gandhi developed a new form of political struggle based on the idea of satyagraha, or non-violent protest. He ushered in a new era of nationalism in India by articulating the nationalist protest in the language of non-violence, or ahimsa, that galvanized the masses into action. Focusing on the principles of satyagraha and non-violence, and their evolution in the context of anti-imperial movements organized by Gandhi, this fascinating book looks at how these precepts underwent changes reflecting the ideological beliefs of the participants. Assessing Gandhi and his ideology, the text centres on the ways in which Gandhi took into account the views of other leading personalities of the era whilst articulating his theory of action. Concentrating on Gandhi's writings in Harijan, the weekly newspaper he founded, this volume provides a unique contextualized study of an iconic man's social and political ideas.

Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1966.

The Report of the Ambar-Charkha Enquiry Committee, 1956

Can Gandhi be considered a systematic thinker? While the significance of Gandhi's thought and life to our times is undeniable it is widely assumed that he did not serve any discipline and cannot be considered a systematic thinker. Despite an overwhelming body of scholarship and literature on his life and thought the presuppositions of Gandhi's experiments, the systematic nature of his intervention in modern political theory and his method have not previously received sustained attention. Addressing this lacuna, the book contends that Gandhi's critique of modern civilization, the presuppositions of post-Enlightenment political theory and their epistemological and metaphysical foundations is both comprehensive and systematic. Gandhi's experiments with truth in the political arena during the Indian Independence movement are studied from the point of view of his conscious engagement with method and theory rather than merely as a personal creed, spiritual position or moral commitment. The author shows how Gandhi's experiments are illustrative of his theoretical position, and how they form the basis of his opposition to the foundations of modern western political theory and the presuppositions of the modern nation state besides envisioning the foundations of an alternative modernity for India, and by its example, for the world.

The Complementarity of Gandhi and Nehru, Its Relevance, Today and Tomorrow

Guidebook to Gujarat state, arranged by region.

Khadi and Village Industries Commission

Have you ever wondered what it takes to be a hero? Is extraordinary bravery reserved only for those with bulging muscles and chiseled jawlines? Can a hero be found in the most unlikely of places, hidden away like a secret treasure waiting to be discovered? Well, my dear reader, prepare to have your perceptions shattered and your heart touched, for I am about to take you on a journey that will introduce you to a group of heroes unlike any other. In the pages of this book, you will find a tapestry woven with the stories of Indian female freedom fighters. Their tales will leave you breathless, their courage will ignite a flame within your soul, and their sacrifices will forever etch their names into the annals of history. The remarkable women, who emerged from the domestic enclosure to the mainstream, were warriors who fought not with swords and shields, but with fierce determination and unwavering love for their motherland. The Indian independence movement was a series of historic events with the ultimate aim of ending British rule in India also known as British Raj. It lasted until 1947. The first nationalistic revolutionary movement for Indian independence emerged from Bengal. It later took root in the newly formed Indian National Congress with prominent moderate leaders seeking the right to appear for Indian Civil Service examinations in British India, as well as more economic rights for natives. The first half of the 20th century saw a more radical approach towards self-rule. The stages of the independence struggle in the 1920s were characterized by the leadership of Mahatma Gandhi and Congress' adoption of Gandhi's policy of non-violence and civil disobedience. Female leaders like Sarojini Naidu, Vijaya Lakshmi Pandit, Pritilata Waddadar, and Kasturba Gandhi promoted the emancipation of Indian women and their participation in the freedom struggle. The Indian independence movement was in constant ideological evolution. Essentially anti-colonial, it was supplemented by visions of independent, economic development with a secular, democratic, republican, and civil-libertarian political structure. After the 1930s, the movement took on a strong socialist orientation. It culminated in the Indian Independence Act 1947, which ended Crown suzerainty and partitioned British Raj into Dominion of India and Dominion of Pakistan. India remained a Crown Dominion until 26 January 1950, when the Constitution of India established the Republic of India. Pakistan remained a dominion until 1956 when it adopted its first constitution. In 1971, East Pakistan declared its own independence as Bangladesh. Whenever the history of India's freedom struggle is written, the sacrifices made by Indian Women will surely find the most prominent place in it. It was disgraceful to call women a weaker section, it was an injustice committed to them by men. If they meant moral courage, women had it many times more than men did. If she had not had more inner strength, self-sacrifice and tolerance than men and humankind would not have survived. If man was governed by nonviolence, the future belongs to women. When most of the men folk were in prison, a wonderful thing happened. Our women jumped into the arena of freedom struggle. They had always been contributing in the freedom struggle, but the wave of their unprecedented enthusiasm had surprised the British Government. The Home Secretary of the British government had to confess that nothing had disturbed him more than the great awakening among the Indian Women and the part played by them in Indian politics. As we turn the pages of history, we shall encounter the valiant Rani of Jhansi, who rode fearlessly into battle, her sword gleaming in the sunlight as she led her troops against the British forces. We shall meet the indomitable Rokeya Sakhawat Hossain, who defied societal norms to fight for the freedom of her people from societal constraints. These women. Like drops in a torrential downpour, joined hands to create a deluge of revolution that would change the course of history forever. However, let us not be mistaken, dear reader, for the heroines of this tale were not limited to battlefields and war zones alone. No, their fight extended beyond the physical realm. They fought for equality, for justice, for the right to be seen and heard. They challenged the patriarchal norms that sought to confine women to the domestic sphere, and in doing so, they carved a path for future generations to tread upon. As we traverse the pages of this book, we shall delve into the lives of these shining stars of history. We shall observe their triumphs and their sorrows. We shall celebrate their indomitable spirit and honor their memory, for they deserve nothing less than our utmost admiration and respect. Dear reader, prepare to embark on a journey unlike any other. Together, let us step into the extraordinary lives of the Indian female freedom fighters and witness the power of a single voice, a single dream, and a single act of bravery.

Anthems of Resistance: A Celebration of Progressive Urdu Poetry

The fascinating and timely quest of a longtime New York Times contributor to follow Mahatma Gandhi's code of ethics in today's world. In *Becoming Gandhi*, veteran journalist and author Perry Garfinkel sets out on a three-year quest to examine how Gandhi's ideals have held up in a world beset with troubling trends. In one chilling admission, one of Gandhi's own grandsons tells Garfinkel that humans will always retain a degree of violence. Where does this leave modern society? "When I despair,"

the Mahatma had said, "I remember that all through history the way of truth and love has always won." To many he was a beacon of hope, a true moral compass; to others, a divisive lightning rod for controversy. Garfinkel takes to heart one of Gandhi's most famous sayings "Be the change you want to see in the world" and attempts a personal transformation. Committing to practice the Mahatma's six main principles truth, nonviolence, vegetarianism, simplicity, faith, and celibacy he seeks to better himself, facing successes and failures that at times lead to self-effacing humour. Perry undertook a unique journey of self-discovery by tracing Gandhi's footsteps from India to England to South Africa and even American communities where Gandhi's spirit endures. Featuring inspiring interviews, provocative reflections, and remarkable encounters, *Becoming Gandhi* shares new perspectives on this pivotal figure and why his teachings are needed like never before.

Time, Space and Capital in India

Usha K.R. Is A Miniaturist, And She Shares The Miniaturist S Fierce Love Of Technical Virtuosity And Minute Attention To Detail. Namita Gokhale Her Familiar Existence Disrupted After Her Father S Death, Nagaratna Is Forced To Move From Her Village To The Semi-Squalid Environs Of Vitthala Colony In The City Of Bangalore, Where Her Brother Lives. A Former Village That Has Been Engulfed By The Expanding Metropolis, Vitthala Colony Retains Some Of The Primitive Characteristics Of A South Indian Village. It Is The Bastion Of The Lesser Tradition, For Here Live Plague-Amma, The Goddess Who Was Created When An Epidemic Of Plague Swept The Land, And Nallikai Swami, A No-Nonsense Swami Named After The Four Gooseberry Trees In His Compound. Trapped In This World With People Whom She Sees As Leading Truncated Lives, People With Thickened Sensibilities And No Hope, Nagaratna Yearns For Something Uncluttered And Noble And Fulfilling . And Then A Job In An Exclusive Ashram School Allows Her To Glimpse A World Where The Human State Of Grace Has Been Restored, A School Emblematic Of The Restraint And Good Taste Inculcated By A More Sophisticated Awareness . . . Nagaratna Is Transfigured By The Life It Offers And The People She Meets, And Most Importantly, By The Love She Believes She Has Found. Set In Southern India, Shifting Between Bangalore And A Fictional French Protectorate On The Western Coast Where The Ashram Is Located, The Chosen Tells The Compelling Story Of A Young Woman Torn Between Who She Is And Who She Wants To Be.

Mahatma Gandhi: The Historical Biography

India is the largest film producing country in the world and its output has a global reach. After years of marginalisation by academics in the Western world, Indian cinemas have moved from the periphery to the centre of the world cinema in a comparatively short space of time. Bringing together contributions from leading scholars in the field, this Handbook looks at the complex reasons for this remarkable journey. Combining a historical and thematic approach, the Handbook discusses how Indian cinemas need to be understood in their historical unfolding as well as their complex relationships to social, economic, cultural, political, ideological, aesthetic, technical and institutional discourses. The thematic section provides an up-to-date critical narrative on diverse topics such as audience, censorship, film distribution, film industry, diaspora, sexuality, film music and nationalism. The Handbook provides a comprehensive and cutting edge survey of Indian cinemas, discussing Popular, Parallel/New Wave and Regional cinemas as well as the spectacular rise of Bollywood. It is an invaluable resource for students and academics of South Asian Studies, Film Studies and Cultural Studies.

Social and Political Thought of Mahatma Gandhi

Navigating nostalgia and trauma, dreams and laments, identity(s) and homeland(s), this book explores the partition of undivided Punjab.

Inspiring Stories: Inspires & Strengthens The Soul

As a precocious young girl, Surekha knew very little about the details of her mother Amma's unusual past and that of Babu, her mysterious and sometimes absent father. The tense, uncertain family life created by her parents' distant and fractious marriage and their separate ambitions informs her every action and emotion. Then one evening, in a moment of uncharacteristic transparency and vulnerability, Amma tells Surekha and her older sister Didi of the family tragedy that changed the course of her life. Finally, the daughters begin to understand the source of their mother's deep commitment to the Indian nationalist movement and her seemingly unending willingness to sacrifice in the name of that pursuit. In this re-memory based on the published and unpublished work of Amma and Surekha,

Meenal Shrivastava, Surekha's daughter, uncovers the history of the female foot soldiers of Gandhi's national movement in the early twentieth century. As Meenal weaves these written accounts together with archival research and family history, she gives voice and honour to the hundreds of thousands of largely forgotten or unacknowledged women who, threatened with imprisonment for treason and sedition, relentlessly and selflessly gave toward the revolution.

Democratic Innovations in Nepal

The first complete history of the Indian National Army and its fight for independence against the British in World War II.

Gandhi in Political Theory

During the turbulent period prior to colonial India's partition and independence, Muslim intellectuals in Hyderabad sought to secularize and reformulate their linguistic, historical, religious, and literary traditions for the sake of a newly conceived national public. Responding to the model of secular education introduced to South Asia by the British, Indian academics launched a spirited debate about the reform of Islamic education, the importance of education in the spoken languages of the country, the shape of Urdu and its past, and the significance of the histories of Islam and India for their present. *The Language of Secular Islam* pursues an alternative account of the political disagreements between Hindus and Muslims in South Asia, conflicts too often described as the product of primordial and unchanging attachments to religion. The author suggests that the political struggles of India in the 1930s, the very decade in which the demand for Pakistan began to be articulated, should not be understood as the product of an inadequate or incomplete secularism, but as the clashing of competing secular agendas. Her work explores negotiations over language, education, and religion at Osmania University, the first university in India to use a modern Indian language (Urdu) as its medium of instruction, and sheds light on questions of colonial displacement and national belonging. Grounded in close attention to historical evidence, *The Language of Secular Islam* has broad ramifications for some of the most difficult issues currently debated in the humanities and social sciences: the significance and legacies of European colonialism, the inclusions and exclusions enacted by nationalist projects, the place of minorities in the forging of nationalism, and the relationship between religion and modern politics. It will be of interest to historians of colonial India, scholars of Islam, and anyone who follows the politics of Urdu.

Becoming Gandhi

Drawn from the full range of Gandhi's published work--books, articles, broadcasts, interviews, letters--this superb selection illuminates his thinking on religion and spirituality, on society and its problems, on politics and British rule, and on non-violence and civil disobedience.

The Chosen

This book is about the popular cinema of North India ("Bollywood") and how it recasts literary classics. It addresses questions about the interface of film and literature, such as how Bollywood movies rework literary themes, offer different (broader or narrower) interpretations, shift plots, stories, and characters to accommodate the medium and the economics of the genre, sometimes even changing the way literature is read. This book addresses the socio-political implications of popular reinterpretations of "elite culture"

Democratic Innocations in Nepal

Report on the Continuance of Protection to the Sericulture Industry, Bombay, 1966
