Sometimes, there is no easy way out... You're an investigative journalist – and you've learned too much. Your mission is to escape the labyrinth where you have been trapped and expose the corrupt, high-flying businessman, Castian Warnes. This is no easy feat, but your life depends on it. Based on the worldwide phenomenon of Escape Rooms, this book puts your ingenuity and perseverance to the test. You must solve puzzles, optical illusions, conundrums and anagrams to finally escape both the labyrinth and the book – it's a reading experience like no other. Put your puzzle-solving skills to the test with The Escape Book... Are you ready for the challenge?

Escape the Museum

Are you a fan of Escape Rooms? If you haven't discovered the latest entertainment trend I suggest you do now. Our family has made it our goal to go to an escape room in every city we visit. Even going to all the local ones is such a fun experience. If you are anything like me I don't remember all the details of the rooms we've already been to. So that is how this book came to be. Inside there is space to record all relevant information along with a spot to put your escape room photo. You will be able to track: Name Date Number of people If you escaped Where it was located Difficulty rating Notes for any special thoughts you want to mention This would be a fantastic gift for that friend or family member who is an escape room enthusiast. Escape rooms are amazing team building activities. Happy Escaping!

The Escape Book

Solve puzzles, crack codes, and follow the clues to reveal the plot of a conspiracy thriller in an exciting cross between an escape room and a novel, where you are the hero. Join the Extraordinary Investigations Unit and take on your first case, the mysterious disappearance of researcher Louis Morgan, last seen on the trail of a secret cache of Nazi gold. From the dying days of World War II to the modern day, this interactive puzzle novel sees you uncover a twisted tale of espionage, deceit, and murder - a missing investigator, a lost treasure, a sinister conspiracy. Each chapter of the story is revealed through an Evidence File containing notes, photos, fragments of documents, maps, and newspaper articles. Hidden within the book's pages you'll find cleverly-designed puzzles and clues through which the story is told - offering hours of intriguing investigation. The book is filled with a variety of challenges - ciphers and codes, visual puzzles, translation, number and symbol puzzles, as well as questions requiring online detective work. Regardless of the type of puzzle needing solved, the book includes a 3-tier hint system to ensure you'll never get totally stuck. Whilst the book contains no explicit or violent imagery, the unfolding story explores adult themes of conspiracy, corruption, and murder, and may be unsuitable for children under 13. Please note: checking solutions and tracking progress will require an internet connection.
