Rather than Suspicion of Them Self Knowledge of a Social Is the Principle of Control upon Which the Emergent Culture May Yet Be Able To Make Itself Stable Indeed with the Arts of the Psychiatric Management Enhanced and Perfected Men Will Come To Know One another in Ways That Could Facilitate the Total Socialization without a Symbolic of Communal Purpose Then the Brief Historic Fling of the Individual Celebrating Himself as of Being in Himself Divine and Therefore Essentially Unknowable Would Be Truly Ending and Being No Less Certainly than the Preceding Personifications of Various Arenas and Tory Disciplines

Men Already Feel Freer To Live Their Lives with a Minimum of Pretense to Anything More Grand than a Sweetening of the Time Perhaps It Is Better So in Cultures Past Men Sacrifice Themselves to Heroic and Cruel Deceptions and Suffered for Glories That Once Mirrored Their Miseries Not until Psychological Men Overcome Lives the Squalor Can They Truly Test Their Assumption that the Inherited Ideals of Glory Are No Longer Required Affluence Achieved the Creation of a Knowing Rather than a Believing Person Able To Enjoy Life without Erecting High Symbolic Edges around It Distinguishes the Emergent Culture from Its Predecessor

Can They Truly Test Their Assumption that the Inherited Ideals of Glory Are No Longer Required Affluence Achieved the Creation of a Knowing Rather than a Believing Person Able To Enjoy Life without Erecting High Symbolic Edges around It Distinguishes the Emergent Culture from Its Predecessor the New Anti Culture Aims Merely an in Turn Eternal Interim Ethic of Release from Inherited Controls and Talk about the End of History the New Anti Culture Aims Merely at an Eternal Interim Ethic of Release from all Inherited Controls in Other Words Just Do What You Want that's that's the New Ethic Who Is To Say that these Controls Are Eternal I Do Not Think So Even Christian Theologians No Longer Say So with any Confidence

That the Wider the More Widespread Christian Culture Becomes the More It Is Likely that People Will Fall through the Cracks of that Culture and They Will Lose Their Faith because They Don't Have the Spiritual Stamina for that Heroic Journey That Is Christianity and So I Think that Converse and Opposition to the Idea that Church Men Realized Their Religion Is Really Just about the Organization of Communal Purpose no One Is About but It's Always Been Which Is the Individual Self that the Salvation of each Individual although Secondary to that Is the Idea that We Need To Create a Culture That We Can Have that Can Where We Can Agree that no Living as Our Savior Showed Us Is the Right Way To Live and We Want To Have Cultural Hedges That Enable that within that Not that's What I Think It's Going To End Up Happening Frankly
