I'M Starting To Realize How Conditioned We Are into Believing How Limited We Are and as You Start Peeling those Layers Away and You Break through those Beliefs those Self-Limiting Thoughts and Emotions on the Other Side of that Is Where the Miraculous Happens Welcome Back for One of the School's Greatest Podcasts We Have the Legendary Dr Joe Dispenza in the House My Man the Last Interview We Did Took Over the World Took Over the Internet over a Million Views on Youtube in Less than 10 Months the Audio Is in the Top 10 of all of Our Our Podcasts

And if You Keep Doing It Over and Over Again You Start Getting a Skill or You Start Getting Wise about How To Do It and You You Know that You Know How To Do It Well in the Last Ten Years We Have Assembled the Scientific Team and Let's See if You Can Really Make Significant Brain Changes I Don't Want those Changes To Just Be in Your Mind I Want Them To Be in Your Brain I Want To Be Able To See before and after Pictures To Say that Person Has a Significant Change after a Traumatic Brain Injury or Anxiety or Depression or a Cyclic Mood Disorder or a Stroke

I Want To Be Able To See before and after Pictures To Say that Person Has a Significant Change after a Traumatic Brain Injury or Anxiety or Depression or a Cyclic Mood Disorder or a Stroke We Want To See that There's Been Significant Change at the Same Time Let's Measure Your Brain in Real Time and Let's Look To See What that Transformation Process Looks like and in the Discovery Louis of that Process We Gain So Much Knowledge about What that Transformational Process Looks like in Other Words I Can Tell You without a Doubt that

And Now Your **Body**, as the Unconscious **Mind**, the ...

That's because They Have Nothing To Look Forward to in Their Future So if You'Re Not Being Defined by a Vision in the Future It Just Means to Me that You'Re More in Love with Your Past Then You Are with the Future So How Do You Teach People To Believe in a Future That They Can't See or Experience with Their Senses Yet but They'Ve Thought about Enough Times in Their Mind that Their Brain Is Literally Changed To Look like the Event Has Already Occurred the Latest Research and Neuroscience Says that's Absolutely Possible We Know that and How Do You Teach a Person To Select a New Possibility in Their Future

- ... Enough Times in Their **Mind**, that Their **Brain**, Is Literally ...
- ... that Their **Body**, as Their Unconscious **Mind**, Is Believing ...

It's Living in that Future Reality in the Present Moment and They'Re Signaling New Genes and New Ways Ahead of the Environment Now to Their Body Begins To Change To Look like the Event Has Already Occurred We'Ve Proven that that's Possible Now Think about this so the More You Think about Your Desired Future the Joy the Gratitude the the Feelings You Want To Have that Are More Positive the More You Think about It as Its as a Future Thing Happening the More Your Body Shifts You Feel from some Condition in Your Life the More Altered You Feel inside of You the More You

Narrow Your Focus on the Cause and the Brain Freezes an Image and Takes a Snapshot and that Memory Now Is Embossed in the Brain It's Branded in There So Then People Think Neurologically within the Circuits of those Past Experiences and They Feel Chemically within the Boundaries of those Emotions and the Stronger the Betrayal the Stronger the Trauma the More the Body's Living in the Right So Then So How You Reverse that So Now if You Truly Got Passionate about a Future We'Ve all Done this You'Ve Got a Wild Idea in Your Mind

You Have a Community of People That Are Practicing this on a Daily Basis and They'Re Connected to Their Future because that's Where They'Re in Their Mind Is They Begin To Want the Future More than the Emotions of the Past so We'Ve Done Enough Measurements Now Louis To Know that We Can Teach People How To Do that and We Have Evidence that People Can Sustain It for 45 Minutes to an Hour It's a Skill Now They Know that They Know How To Do It So Now They Have Brain Coherence and Heart Coherence Well once the Heart Begins To Become Orderly and Coherent It Acts as an Amplifier

So As Long as You'Re Living by the Same Emotion every Single Day You'Re Signaling the Same Gene in the Same Way and if that Gene Is Related to a Survival Emotion a Stress Hormone Then You'Re down Regulating the Gene and You'Re Creating Disease So When the Person Trades that Emotion and Really Breaks Free from the Chains of Their Path and Now They'Re Feeling an Elevated Emotion Well Now They'Re Dialing Down the Gene for Ms and They'Re Up Regulating the Gene for Health and Balance and so the Person Will You Say to Them Where's the Disease
