INSIDER ADVICE FOR STUDENTS FROM STUDENTS

### Obstetrics and Gynecology

The trusted resource that asks the right questions so that you'll be equipped with the answers! Part of the successful PreTest series, the new edition of PreTest Obstetrics & Gynecology has been heavily revised to reflect all the critical new information needed to succeed on your rotation and on the shelf exam. It features hundreds of high yield questions, along with clear, targeted answers explaining both

correct and incorrect answer choices. To ensure that all content is relevant, timely, and high-yield, this edition was reviewed by students who successfully completed their clerkships and passed the shelf exam.

### Obstetrics And Gynecology PreTest Self-Assessment And Review, 14th Edition

First multi-year cumulation covers six years: 1965-70.

### Pediatrics PreTest Self-Assessment And Review, Thirteenth Edition

For 30 years, the highly regarded Secrets Series® has provided students and practitioners in all areas of health care with concise, focused, and engaging resources for quick reference and exam review. Ob/Gyn Secrets, 4th Edition, by Drs. Amanda Mularz, Steven Dalati, and Ryan A. Pedigo, features the Secrets' popular question-and-answer format that also includes lists, tables, and an easy-to-read style – making reference and review quick, easy, and enjoyable. Top 100 Secrets and Key Points boxes provide a fast overview of the secrets you must know for success in practice. The proven Secrets® format gives you the most return for your time – concise, easy to read, engaging, and highly effective. This edition features updated content to keep you current with what's new in obstetrics and gynecology, including new technologies that can improve your patient care. A new author team leads a team from prominent institutions, bringing a fresh perspective to this best-selling review.

### Clinical Obstetrics and Gynecology

Obstetrics & Gynaecology has established itself as a key recommendation for faculty and a firm favourite for health sciences students. The opening sections of this new edition incorporate the relevant basic science, history and examination, investigations and diagnosis, as well as common diseases, abnormalities, and complications in gynaecology and obstetrics respectively. These are supported by two unique sections on gynaecology and obstetrics management, which are tailored to help students revise for exams, especially OSCEs. A brand new chapter covering ethics in obstetrics and gynaecology makes this fully-updated fourth edition the most comprehensive introduction available. Obstetrics & Gynaecology now includes a companion website at [www.impeyobgyn.com](http://www.impeyobgyn.com), featuring self-assessment MCQs and EMQs, chapter summary slides, and all the figures from the book as PowerPoint slides.

### First Aid for the USMLE Step 2 CK, Tenth Edition

Here's the essential clinical information you need to care for obstetric, gynecological, newborn, and pediatric patients in any setting. The 3rd Edition of this popular pocket guide has been thoroughly revised and updated to reflect nursing practice today.

### PreTest Obstetrics & Gynecology, Fifteenth Edition

Obstetrics is a new e-book presenting a collection of key articles from Obstetrics, Gynaecology and Reproductive Medicine, mapped by module to the MRCOG Part 2 exam. As well as mapping to the MRCOG, the Inkling version of this e-book also enables anyone with a short-term interest in a specific area to buy individual articles at a price-point which will give affordable access to all readers (from medical students to GPs and practitioners in related areas, such as genitourinary medicine). Inkling's app-like quality of user experience on mobiles, tablets and laptops will be an added bonus for learning on the move. As well as being vital preparation for the MRCOG exam, this material is also ideal for life-long learning, CPD and, indeed, preparation for all post-graduate exams in obstetrics (not just MRCOG), including especially the new EBCOG exam in Europe and local college exams in India, the Middle East and Africa. The parent journal is a rolling, continuously updated review of obstetrics over a three-year cycle covering all the important topics for the MRCOG Part 2 exam. Its Editorial Board comprises some of Europe's most influential specialists and includes, among others, the current Presidents of FIGO and EBCOG, as well as the past President of the Royal College of Obstetrics and Gynaecology. The journal's articles are refreshed, updated, augmented or replaced as appropriate each time the subject is due for revision to provide a concise overview of knowledge and practice core to the curriculum. Each article is written by invited experts and overseen by the relevant subject specialist on the Board. There is a trainee on the Board too, ensuring relevance and accessibility to exam candidates. Inkling version gives a highly attractive, app-like user experience, enabling much easier, more pleasurable use of the content on smartphones, tablets and laptops for learning on the move. Affordable chapter-level purchase on Inkling version opens out the journal's authority and

expertise to all interested users (medical students, family clinicians, genitourinary specialists and all other related specialties). Derived from top-notch authoritative content from the OGRM journal. Overseen by a world-class Editorial Board of experts, which includes the Presidents of FIGO, EBCOG and past President of the RCOG. A trainee representative on the Editorial Board ensures relevance and accessibility for exam candidates. Relevant to all post-graduate exams, including the new EBCOG exam and college exams in India, the Middle East and Africa. Highly appropriate content for life-long learning, personal development portfolios and CPD.

#### National Library of Medicine Current Catalog

Examination Obstetrics and amp; Gynaecology, 3rd Edition is a rapid reference appropriate for daily use in a busy hospital ward, clinic or medical surgery. This practical exam guide is designed for medical graduates who have undertaken general hospital training and wish to commence postgraduate studies in obstetrics and gynaecology, including specialist trainees and General Practitioners. Examination Obstetrics and amp; Gynaecology, 3rd Edition will also be a useful text for medical undergraduates, midwives and midwifery students. This latest edition is fully revised and updated and provides a summary of

#### Current Catalog

This is the fifth edition of a popular, highly readable primer in obstetrics and gynaecology. It has been thoroughly updated and reconfigured to key into the new undergraduate curriculum n O&G devised by the Royal College of Obstetrics and Gynaecology. Highly illustrated throughout. Essential information points at the end of chapters. Case histories throughout. Practical procedures boxes throughout. Alert (warnings or advice) and tick (guidance or definitions) boxes throughout. New editor: Professor Sabaratnam Arulkumaran. Now a multi-authored text written by eminent experts from across the specialty. Book entirely restructured to reflect the national undergraduate curriculum in obstetrics and gynaecology. Two new appendices: Principles of Perioperative Care and Governance, Audit and Research. Over 100 self-assessment MCQs at the end of the book.

#### Ob/Gyn Secrets E-Book

Beckmann and Ling's Obstetrics and Gynecology, 9th Edition, provides the foundational knowledge medical students need to complete an Ob/Gyn rotation, pass national standardized exams, and competently care for women in clinical practice. Highly respected for its authoritative expertise and preferred by students for its concise, consistent approach, the text is fully aligned with the Association of Professors of Gynecology and Obstetrics' educational objectives, upon which most clerkship evaluations and final exams are based. The 9th Edition is updated throughout and enhanced with engaging new features that encourage reflection, strengthen retention, and deliver critical preparation for exams and clinical practice.

#### Obstetrics and Gynaecology

Obstetrics and Gynecology Recall, Second Edition facilitates rapid review and memorization of the key concepts encountered during the OB/GYN rotation with a concise question-and-answer format. Students get coverage starting with the fundamentals and culminating in a review of the key elements of OB/GYN, along with tips for the rotation and preparation for the Boards. This edition is also available electronically for PDAs. See Media listing for details.

#### OB/GYN Peds Notes

The overall format of this book - including the number, item types and degree of difficulty of the questions, the use of illustrative materials, and the time limit imposed - parallels the format of the actual USMLE Step 2 examination. However, rather than duplicating the exact content of the Step 2 exam, this product presents standard multiple-choice questions on topics and problems, involving both basic concepts and recent advances that are of key importance in the following clinical science areas; medicine, obstetrics and gynaecology, paediatrics, preventive medicine and public health, psychiatry and surgery.

#### Obstetrics: Prepare for the MRCOG

The closest you can get to seeing the USMLE Step 2 CK without actually taking it Medicine: PreTest Self-Assessment & Review is the perfect way to assess your knowledge of medicine/internal medicine for the USMLE Step 2 CK and shelf exams. You'll find 500 USMLE-style questions and answers that address the clerkship's core competencies along with detailed explanations of both correct and incorrect answers. All questions have been reviewed by students who recently passed the boards and completed their clerkship to ensure they match the style and difficulty level of the exam. 500 USMLE-style questions and answers Detailed explanations for right and wrong answers Targets what you really need to know for exam success Student tested and reviewed
