History of the Huguenot Emigration to America

This is the standard work on the Huguenot emigration to America, on which subject there is no higher authority than Charles Baird! Baird's work is so thorough that there are few Huguenot names for which some new fact or illustration is not supplied. The bulk of the work is devoted to the important emigration of French Protestants (via the Netherlands & Great Britain) in the last quarter of the 17th century to the time of the Revolutionary War. Throughout the text, in both narratives & records, there is a profusion of genealogical detail on the early Huguenot families of Connecticut, Massachusetts, New Jersey, New York, Rhode Island, South Carolina, & Virginia, later families having dispersed to Pennsylvania & other states. In addition, extensive genealogical notices are given in footnotes, with references to sources, thus serving as a guide to further information. Some key material is provided in the appendices, which contain an important list of "Walloon & French Petitioners" (1621) who asked permission to settle in Virginia & who may have emigrated to New Netherland (New York) instead, & "Notes from the Walloon Records of Leyden," 1597-1627, which further identifies these same settlers. The names alone of such a large number of emigrants, recorded with painstaking care in text, notes, & appendices, are sufficient testimony of the book's longstanding appeal & the reason it remains the basic sourcebook for research into Huguenot origins.

History of the Huguenot Emigration to America

This extensively-researched two-volume series offers a detailed account of "the coming of the persecuted Protestants of France to the New World, and their establishment, particularly in the seaboard provinces [New England] now comprehended within the United States....The volumes now submitted to the public treat first of these antecedent movements, and then take up the narrative of the events that led to the more considerable and more effective emigration, in the latter years of the seventeenth century." This very readable narrative history is rich with details about persons, places and events. Much of the information preserved on these pages was gleaned from unpublished documents found in the United States, France and England: "Manuscripts in the possession of the descendants of refugees;

memorials, petitions, wills, and other papers on file in public offices;" as well as numerous church records and other original documents. Volume I includes: Attempted Settlements in Brazil and Florida, Under the Edict: Acadia and Canada, New Netherland, The Antilles, Approach of the Revocation, and The Revocation: Flight from La Rochelle and Aunis. Illustrations, maps, and an appendix enhance the text. An index to full-names, places and subjects for both volumes is contained in Volume II.

History of the Huguenot Emigration to America

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. History of the Huguenot Emigration to America, Volume 1 - Scholar's Choice Edition

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

History of the Huguenot Emigration to America Volume 1 - Primary Source Edition

Excerpt from History of the Huguenot Emigration to America, Vol. 1 I have undertaken to narrate the coming of the perse outed Protestants of France to the New World, and their establishment, particularly in the seaboard provinces now comprehended within the United States. This movement and settlement took place principally at the time of the Revocation of the Edict of Nantes. But before that period, important emigrations had already occurred; emigrations to Acadia, or Nova Scotia, to Canada, to the French West Indies, and, by way of Holland, to the Dutch possession of New Netherland - now

New York. And still earlier, the effort had been made by Coligny - unsuccessfully, indeed - to plant a colony and provide a retreat for the French Calvinists, first in Brazil, and afterward in Florida. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

History of the Huguenot Emigration to America, Volume 2 - Primary Source Edition

By: Charles W. Baird, Pub. 1885, reprinted 2022, 842 pages, Index, ISBN #978-1-63914-055-8. This book is devoted to the emigration of French Protestants from the Netherlands and Great Britain from the late 1600's to the Revolutionary War. These emigrants settled in Connecticut, Massachusetts, New Jersey, New York, Rhode Island, South Carolina, and Virginia while some later moved on into Pennsylvania. The reader will discover genealogical data on Huguenot families though out the book from the above-mentioned states. Also, extensive genealogical notices are given in footnotes, with references to sources which serves as a guide to further information. This book should be considered the standard when it comes to Huguenot emigration to the United States.

History of the Huguenot Emigration to America, Vol. 2 (Classic Reprint)

In this first modern history of the Huguenots' New World experience, Jon Butler traces the Huguenot diaspora across late seventeenth-century Europe, explores the causes and character of their American emigration, and reveals the Huguenots' secular and religious assimilation in three remarkably different societies—Boston, New York, and South Carolina.

History of the Huguenot Emigration to America;

By: R.A. Brock, Pub. 1886, reprinted 2023, 256 pages, Index, soft cover, ISBN #978-1-63914-148-7. This book is the definitive work on the Huguenot emigration into Virginia. It contains numerous lists of refugees, emigrants and passenger lists. One of the most important lists is a record of the baptisms at Manakin-Town, 1721-1754. Beyond the obvious of a child's birth, the researcher will discover the names of the godparents, who often times were a relative of the family. Along with other genealogical data included within this book, the author has included an Appendix of Genealogies. This 88-page section contains genealogies of the following families: Chastain, Cocke, Dupuy, Fontaine, Marye, Maury, Trabue and other allied families of these families. The Index mentions approximately 4,000 persons.

Huguenot Emigration to America

An instructive history, this remarkable work recounts the causes leading to the persecution of the French Protestants and traces their emigration from France to England and Ireland. An interesting feature of the work, to the genealogist, is the collection of 300 biographies of noted Huguenot refugees who settled in Britain. Additionally, the work contains an important section on the Huguenots in America by G. P. Disoway

History of the Huguenot Emigration to America

The Huguenots were a group of French Protestants who faced persecution and violence at the hands of the Catholic Church in the 16th and 17th centuries. Many of them fled to America, where they established thriving communities and made significant contributions to American society. This book, written by Hannah Farnham Sawyer Lee, provides a detailed account of the history of the Huguenots, their struggles, and their ultimate triumphs. It's a fascinating look at a little-known chapter of American history. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of

America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. History of the Huguenot Emigration to America

The Vikings called North America "Vinland," the land of wine. Giovanni de Verrazzano, the Italian explorer who first described the grapes of the New World, was sure that "they would yield excellent wines." And when the English settlers found grapes growing so thickly that they covered the ground down to the very seashore, they concluded that "in all the world the like abundance is not to be found." Thus, from the very beginning the promise of America was, in part, the alluring promise of wine. How that promise was repeatedly baffled, how its realization was gradually begun, and how at last it has been triumphantly fulfilled is the story told in this book. It is a story that touches on nearly every section of the United States and includes the whole range of American society from the founders to the latest immigrants. Germans in Pennsylvania, Swiss in Georgia, Minorcans in Florida, Italians in Arkansas, French in Kansas, Chinese in California—all contributed to the domestication of Bacchus in the New World. So too did innumerable individuals, institutions, and organizations. Prominent politicians, obscure farmers, eager amateurs, sober scientists: these and all the other kinds and conditions of American men and women figure in the story. The history of wine in America is, in many ways, the history of American origins and of American enterprise in microcosm. While much of that history has been lost to sight, especially after Prohibition, the recovery of the record has been the goal of many investigators over the years, and the results are here brought together for the first time. In print in its entirety for the first time, *A History of Wine in America* is the most comprehensive account of winemaking in the United States, from the Norse discovery of native grapes in 1001 A.D., through Prohibition, and up to the present expansion of winemaking in every state.

The Huguenots in America

Tells the story of vitaculture and winemaking in America and discusses the individuals, organizations and institutions associated with the enterprise

History of the Huguenot Emigration to America - Scholar's Choice Edition

Doubtless one of the scarcest Huguenot studies and yet unquestionably a classic, Lee's "Huguenots in France and America" is essentially a history rather than a treatise on emigration or a list of names, with primary emphasis on the exposition of facts and notable events. It is an exhaustive account of the origins of the Huguenots in France, their persecution and their subsequent flight, embracing sketches of many leading contemporaries and an account of the Reformation of the church in Europe and kindred circumstances resulting in the rise of French Protestantism. Particularly close attention is given to the major events leading to the Huguenot dispersion to England, Holland, Germany, and America; namely, the St. Bartholomew Massacre (1572), the assassination of King Henry IV (1610), and the Revocation of the Edict of Nantes (1685). An important section of nearly 100 pages is devoted to the Huguenots of America, with emphasis on the formidable Huguenot settlements at Oxford (Mass.), New Rochelle (N.Y.), New Paltz (N.Y.), Frenchtown (R.I.), and Jamestown (S.C.). The work further contains a "List of the Names of Huguenot Families in America," documenting the arrival in Boston of those families who later settled in Maine, New York, and Rhode Island; and the names of those who settled in the South, including the settlement on the Santee River in South Carolina.

Huguenot Emigration to Virginia

A detailed account of the Huguenot people in France and their migration to America, their struggles, and contributions. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Huguenots

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The Huguenots in France and America; Volume 1

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to ensure edition identification: ++++ Memorials Of The Huguenots In America: With Special Reference To Their Emigration To Pennsylvania; ATLA Monograph Preservation Program Ammon Stapleton Huguenot Pub. Co., 1901 Reference; Genealogy; Huguenots; Reference / Genealogy
