Unconscious Perception

Why They Move When They Move They'Re Not Just like Spazzing Out All the Time like a Fox in the Woods Isn't Just Like like Freaking Out and Just like Moving all Willy-Nilly It Moves in Very Kind Of Predictable and Purposive Ways and in Order To Do that It Needs To Be Able To Perceive Its Environment and Know that like those Things Are Good that those Things Are Painful those Things Are Pleasant Plants Don't Do that So Much They Behave but a Plant Never Kind Of Looks Around and Says and this Is Not True There's At Least One Plant That Does this and It Freaks Me Out but Other Plants Don't Say There's Not Enough Water Here Ah

And Then Last but Not Least There's the Activity of Abstracting Yeah Abstracting or Separating One Piece of an Idea of a Simple Idea How's that Work Abstracting Separating I Could See if I Start Out with a Complex Idea I Might Be Able to Abstract or Separate Pieces of It Apart Could I Do this on a Simple Idea Could I Abstract Something from It Seems like It Would Be Difficult We Ran into a Trouble Kind of a Little Bit of Trouble like this with a Cart Where Descartes Said that the Mind-Body Unity Is a Simple Idea and We Were like the Unity of Two Things Is a Simple Idea and Descartes Says Oh Yeah Well I Said It Was a Unity and I Can but It's a Unity of Two Things How Simple Is that Well if You Take It as One Thing Then

But I'LI Point this Out At Least before We Kind Of Get Going on Talking about like What Are these Three Different Kinds of Ideas and and What's Going On with the Three Activities That Are Responsible for Creating Complex Ideas Do You Notice a Pattern Right off the Bat or At Least like Hints of a Pattern of a Whiff of a Pattern Is There a Connection between the Way that these Complex Ideas Are Created the Activities That Go into Creating Them and the Kinds of Complex Ideas that There Are Yes Yeah Substances Look like Maybe There's a Kind of a Combination into a Unity When We'Re Talking about Substance Modes Seem like Maybe They Have To Do and these Two Are Maybe Less Obvious because We Don't Know those of Us Who Weren't Very Careful Readers or It's Been a Little While since You'Ve Read Maybe We Don't Remember What Exactly Substances and Modes Are We'LI Definitely Talk about that in the Remaining Time

And Then I'M Going To Put a Big Fat Question Mark in Multiple Question Marks All over this because I Don't Actually Think It Works that Way That's Very Very Tempting but You'LI Notice that Locke Never Says like There Are Three Ways of like Creating Complex Ideas and those Three Ways Correspond to Three Different Kinds He Doesn't Spell It Out Quite like that He Leaves that a Little Bit Vague and the More You Start Attending to Substances and Modes and Relations the More You Start Realizing that like Oh It Is Not That Simple as Relations Are Made by Relating Substances

But You'LI Notice that Locke Never Says like There Are Three Ways of like Creating Complex Ideas and those Three Ways Correspond to Three Different Kinds He Doesn't Spell It Out Quite like that He Leaves that a Little Bit Vague and the More You Start Attending to Substances and Modes and Relations the More You Start Realizing that like Oh It Is Not That Simple as Relations Are Made by Relating Substances Are Made by Unifying and Modes Are Made by Abstracting but It's a Good Start It's a Good Start to Understanding What these Things Mean When He Starts Talking about Modes And It's Always in Such a Way Such that that Thing That You'Ve Abstracted this Is Why We Suggest that Modes Are Created through Abstraction or Separation the Thing That Is Abstracted Can't Actually Subsist all on Its Own So for Example Tallness Is Tallness a Thing That Can Exist All by Itself or Do There Have To Be Tall Things Yeah Maybe You'D Have To Have Short Things and So Maybe Taller Taller Definitely Seems like that's a Relation Right but Tall this or any Redness Does Redness Exist All by Itself What About Three What about the Number Three Is the Number Three a Thing All by Itself

And It Seems that Three Is Something That I Abstract Away from Three Things and It Doesn't Really Stand All by Itself and There Are Many Modes That Work this Way these Are Complex Ideas this Is Tricky because I've Taken One Piece out of Something That Seemed like It Had Maybe Many Pieces I Took One Thing Away from another Idea and Now this Thing That I Took Away Is Complex It's Complex because of the Way that It Reveals the Original Idea To Have Had Parts Right It's Also Complex in the Sense that It Was Made It Doesn't Come to Me It's an Idea That I Make on the Basis of those Ideas That Did Come to Me through Sensation or through Reflection through Perception But like It's One Thing as a Collection of Three Things It Is a Collection of Three Things Yeah Okay So One Unity Perhaps What about Beauty Is There like Beauty Itself Hanging Out Somewhere in the World Are There Are Beautiful Things Well Do You Get Beauty Directly from Sight or Do You Get like Color and Shape Located in Space and Then from that Maybe You Also Maybe Will Turn Your Eye Inward and Recognize that like and I Experienced both Inward and Outward I Experienced some Pleasure in this Sight in this Particular Arrangement of Color and Shape Arranged

But like You're Not Your Existence Isn't Dependent on Other Things the Same Way That Like the Dozens Existence Depends On like the Dozen Eggs in Order To Be a Dozen Does that Make Sense We Can Also Look to Kind of Ed Amala G Here and See like Sub Stance or Sub It Literally Means Standing under or Subtending or Kind Of like Sometimes Folks Will Say Subject in some Very Specific Sort of Almost Grammatical or Logical Context To Talk about a Similar Sort of Thing Which Literally Means To Throw under Something That's Thrown Underneath and the Thing That's Going On with Substances and Almost like every Instance that Locke Is Talking about these Is that Substances Seem To Be this Way That We Unify

He Says Your Memory Is What Allows You To Kind Of like Draw all of these Past Versions of Yourself into One Thing and Say like There's the Thinker of all of My Thoughts and I'm Kind Of Coming Up with this Complex Idea That Says like I Had this Idea and Then I Had the Bowling Party When I Was Five Years Old and Then I Kissed a Girl and Then Like I Ate a Turkey Sandwich and Then I Became a Vegetarian like all of these Things Happen to the Same Person by Virtue of Which Like I Can String Them All Together with Memory
