'Muriel Spark's most celebrated novel . . . This ruthlessly and destructively romantic school ma'am is one of the giants of post-war fiction' Independent 'A brilliantly psychological fugue' Observer The Prime of Miss Jean Brodie is Muriel Spark's most significant and celebrated novel, and remains as dazzling as when it was first published in 1961. Miss Jean Brodie is a teacher unlike any other, proud and cultured, enigmatic and freethinking; a romantic, with progressive, sometimes shocking ideas and aspirations for the girls in her charge. At the Marcia Blaine Academy she takes a select group of girls under her wing. Spellbound by Miss Brodie's unconventional teaching, these devoted pupils form the Brodie set. But as the girls enter their teenage years and they become increasingly drawn in by Miss Brodie's personal life, her ambitions for them take a startling and dark turn with devastating consequences.

Music and Some Highly Musical People

This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel The Unlit Lamp (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy The Forge (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel The Well of Loneliness (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.

Muse the guitar songbook : [guitar tab edition] : [the very best guitar anthems]

As a preteen Black male growing up in Mount Vernon, New York, there were a series of moments, incidents and wounds that caused me to retreat inward in despair and escape into a world of imagination. For five years I protected my family secrets from authority figures, affluent Whites and middle class Blacks while attending an unforgiving gifted-track magnet school program that itself was embroiled in suburban drama. It was my imagination that shielded me from the slights of others, that enabled my survival and academic success. It took everything I had to get myself into college and out to Pittsburgh, but more was in store before I could finally begin to break from my past. "Boy @ The Window" is a coming-of-age story about the universal search for understanding on how any one of us becomes the person they are despite-or because of-the odds. It's a memoir intertwined with my own search for redemption, trust, love, success-for a life worth living. "Boy @ The Window" is about one of the most important lessons of all: what it takes to overcome inhumanity in order to become whole and human again.

Boy @ the Window

Bleak House opens in the twilight of foggy London, where fog grips the city most densely in the Court of Chancery. The obscure case of Jarndyce and Jarndyce, in which an inheritance is gradually devoured by legal costs, the romance of Esther Summerson and the secrets of her origin, the sleuthing of Detective Inspector Bucket and the fate of Jo the crossing-sweeper, these are some of the lives Dickens invokes to portray London society, rich and poor, as no other novelist has done.

"Throughout his various stages, Dylan's work reveals an affinity with the Zen worldview, where enlightenment can be attained through self-contemplation and intuition rather than through faith and devotion. 1001 Albums You Must Hear Before You Die

The classic work on the music of Afrofuturism, from jazz to jungle More Brilliant than the Sun: Adventures in Sonic Fiction is one of the most extraordinary books on music ever written. Part manifesto for a militant posthumanism, part journey through the unacknowledged traditions of diasporic science fiction, this book finds the future shock in Afrofuturist sounds from jazz, dub and techno to funk, hip hop and jungle. By exploring the music of such musical luminaries as Sun Ra, Alice Coltrane, Lee Perry, Dr Octagon, Parliament and Underground Resistance, theorist and artist Kodwo Eshun mobilises their concepts in order to open the possibilities of sonic fiction: the hitherto unexplored intersections between science fiction and organised sound. Situated between electronic music history, media theory, science fiction and Afrodiasporic studies, More Brilliant than the Sun is one of the key works to stake a claim for the generative possibilities of Afrofuturism. Much referenced since its original publication in 1998, but long unavailable, this new edition includes an introduction by Kodwo Eshun as well as texts by filmmaker John Akomfrah and producer Steve Goodman aka kode9.

Radiohead

In a raucous debut that summons up Britain's fabled Goon Squad comedies, writer and philosopher Lars Iyer tells the story of someone very like himself with a "slightly more successful" friend and their journeys in search of more palatable literary conferences and better gin. One reason for their journeys: the narrator's home is slowly being taken over by a fungus that no one seems to know what to do about. Before it completely swallows his house, the narrator feels compelled to solve some major philosophical questions (such as "Why?") and the meaning of his urge to write, as well as the source of the fungus ... before it is too late. Or, he has to move.
