### Kinky Sex Tips for Curious Girls

Kinky Sex Tips For Curious Girls provides a fun, shame-free introduction to kink and BDSM, modeled after the activity books you loved as a kid. It mixes solid advice about kink and BDSM with puzzles, games, and coloring pages. Each chapter is based on the most commonly asked questions Natasha is asked when coaching women who are new to exploring kink and BDSM. In addition to the kinky activity and color pages, there is a template for a modern day slave contract (yes, including options for people with real life obligations like work and kids) as well as pair of negotiation forms similar to the one Natasha uses when taking in new clients. Whether you are just trying to spice things up a little - or dive in deep - this book will help you understand yourself and your partner - while providing hours of entertainment! Natasha Strange has been a professional dominatrix since 1995, specializing in creative sadistic escapism. Offering sessions in a wide variety of disciplines, she has cultivated a deep understanding of what draws people to kink. Miss Strange loves deep and longer term relationships with submissives above all, so she can truly invade their brain and bring their kinks to life. She believes that most people who indulge in kink and BDSM are searching to fulfill emotional needs. As a dominant she uses those emotional goals as a guide when addressing physical desires. She is well known for her love of sissification and emasculation, and loves to transform macho men into her sissified playthings. Few things bring her more joy than spanking, caning or whipping a pantied masculine ass. When not tormenting her adoring submissives, she is a BDSM coach and kink educator helping destigmatize non-standard sexual desires. As the co-owner of Sub Rosa, a fully equipped boutique fetish space located in Portland Oregon, she and her business partner, Mistress Viola Parker, strive to create an inviting space for others to learn and practice safe, sane, consensual kink and BDSM. You can read more about her at [www.KittenWithAWhip.com](http://www.KittenWithAWhip.com) and about her fetish space, Sub Rosa at [www.SubRosaPDX.com](http://www.SubRosaPDX.com).

### BDSM

What makes people want to be kinky? Doctors have discovered that they did not come from overly violent homes, nor are they social outcasts that live on the edge of society, they are normal everyday people that have jobs, families, and social responsibilities. The truth is that some of us are gifted with a desire for the mystery and control of kink while others are not. For centuries, kink has been hidden in the deepest closets and become the shame and secret that people hide. We are just now achieving a comfort level with sexuality that allows for people to be more open about their desires without persecution. Let's start with what kink is and is not. Some call it BDSM which simply stands for bondage & dominance and sadism & masochism. The two terms used to be separate and now they are used in unison to describe more accurately the strong connection between the two. Kink is many things to many people to some it is the one outlet that can be used to lose complete control and become an obedient submissive. To others, it is a way to dominate and express appreciation for another through

discipline. Some practice kinks on themselves and do not require a partner for arousal. Kink involves many areas of sexual play and is considered an underground subculture that can be a one-time event or a lifestyle. With all of the elements available for a kink enthusiast, it is difficult to know where to get started for a decent drive by education. This book contains a short synopsis of kink but is not a complete education and does not claim to be. Kink is a lifestyle and with all lifestyle choices must be experienced and lived to be fully learned. I can read a book about surviving in the wilderness, but that doesn't mean that I can actually survive.

### BDSM. A Guide for Explorers of Extreme Eroticism

From childhood onwards, females are encouraged into subservient roles, so that taking the lead can feel strange and unnatural, even "unfeminine" and "not nice". We are discouraged from aggressively grabbing what we want, and instead encouraged to sacrifice and nurture. We are taught to be prizes, not competitors. Surely, there has to be more to life than that. Many men -- the ones who value assertiveness (and even a little cruelty) in their female lovers would agree. Men are ready to be dominated, owned and used by the strictest, most sensual, and cruelest women? The subservient slaves get put in their places and then punished in a variety of naughty ways until they understand

their place...This book is a rich resource of ideas for the woman who wants to embark upon FemDom journey with her man and is hungry for new kinky territory to conquer and in this guide, you'll learn practical steps towards becoming a professional dominatrix. Much of what is depicted about BDSM and the lifestyle is wrong. Our opinions on this lifestyle and art form are often times shaped by other people who have heard something about it and perhaps embellished it to the point of perpetuating myths. The truth is that BDSM is not degrading towards women, "One of the most common misconceptions surrounding a woman taking a dominant role is the assumption that she needs to be a display cruel behavior towards others, for the sake of her own gain or pleasure, and without consideration for their safety or well-being," it's not surprising that any woman would feel reluctant to adopt this role in her relationship. Taking the lead in bed doesn't mean being a sadist or demeaning your partner. It doesn't mean you have to change who you are. You're simply connecting with a powerful side of yourself that was always there, and sharing it with a person who wants to make you happy. It's about closeness and connection, not cruelty. FemDoms are to lead and not follow, be confident and be yourself, say what you mean and be attractive. A Warning for the Man/Men in Her Life, this book will teach your partner how to be more dominant, controlling, learn how to train you, learn how to punish you and hold you accountable for your actions. if you buy this book for her, you might get more than you asked for. You may want to quietly set it aside and buy her a set of fuzzy handcuffs instead. You have been warned.

### 50 Shades Of Curious: BDSM For Beginners:

You may have heard that BDSM can lead to some of the most extreme sexual encounters. It is real, and you are about to find out how. First, you will read everything there is to know about BDSM, and then I'll teach you how to explore it with your partner in a way that will absolutely blow your mind. This book is written for Doms/subs in training. It is written for you, the regular guy or gal who knows very little about BDSM. What you will learn is that the Dom/sub position is actually more complicated. The Master's job is to give the slave or sub pleasure and discipline. As a Dom, you will be doing a lot of things for the good. Are you really interested? That's great if you are! You should start your Dom/sub training now that I know you are a REAL Master in training who can respect the rules, respect the slave you have control over, and observe protocol. Only then would you be able to genuinely win your sub's love and appreciation. In this book I am going to discuss: -How to think and act like a Dom-How to be a good sub for your Master-Your inspiration and goals-How to discover a sub's taboo-How to bargain, come to an understanding, and guarantee that gameplay is still protected-How to make a sub crave for you and want to be owned by you-And there's so much more..

### The Absolute Beginner's Guide to Domination

Introduction. BDSM activity is becoming more and more main stream. A recent sociologist report published in the Journal of sexual medicine regards this as a leisure activity, for some it is and for others it's simply a way of life. The report states that those who engage in BDSM activity develop a sense of personal freedom, enjoyment, improved personal skills, a sense of adventure, self-expression, positive emotions and decreased stress levels. I have seen over the past few years more and more new people getting into this form of erotic activity on various levels and they all ask the same question. Where do I begin? This book will help answer many of those questions you have. Some of you may just want to tip your toe in the waters so to speak while others will just jump right in. There are tens of thousands of variations on the dynamics on all this and it would be impossible to list them all. I have written this guide as a way for you the reader to get a foot hold on many of the basics and some dynamics involved in BDSM. Some of you may only be interested in bondage and domination while others wish to incorporate the full spectrum that BDSM has to offer. I have included a glossary of terms, a questionnaire and a M/s - D/s contract. There is also a list of commonly used acronyms. This is a journey into that erotic world of BDSM and overcoming fear and the many misconceptions with knowledge and understanding. I have also included some safety tips to help further you along your journey. Play safe and journey well.
