Introduce students to the strategy and explain its purpose.
Always model strategies for students first
Keep the emphasis on predictions, not on right versus wrong answers.
If needed, review story elements, vocabulary, or concepts.
Read slowly and clearly, stopping at points
Don't be afraid to incorporate other strategies.
Incorporating discussion engages students and encourages independent thinking READING
Let students share their ideas with the whole class

"Expand on what you already have before you add something new." Sanderson's Third Law of Magic Ways to expand on your magic system (a non-exhaustive list): 1. NARRATIVE. 2. WORLDBUILDING 3. CHARACTERS.

PRO-TIP

WORLDBUILDING.

"An author's ability to solve conflict with magic is directly proportional to how the reader understands said magic." Sanderson's First Law of Magic

1. PREDICTABILITY. 2. CONSISTENCY.

"Limits are more important than powers." Sanderson's Second Law of Magic

It's possible to tie magic to a character arc and not lose that predictability and consistency if the reader anticipates and understands the character change. All it requires is sufficient foreshadowing. But it's important to note that the more consequential the character change or
