English Men of Letters

Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

English Men of Letters (vol. 7).

Excerpt from English Men of Letters, Vol. 7: Scott; Dickens; Spenser It will be observed that the greater part of this little book has been taken in one form or other from Lockhart's Life of Sir Walter Scott, in ten volumes. No introduction to Scott would be worth much in which that course was not followed. Indeed, excepting Sir Walter's own writings, there is hardly any other great source of information about him and that is so full, that hardly anything needful to illustrate the subject of Scott's life remains untouched. As regards the only matters of controversy, Scott's relations to the Ballantynes, I have taken care to check Mr. Lockhart's statements by reading those of the representatives of the Ballantyne brothers; but with this exception, Sir Walter's own works and Lockhart's life of him are the great authorities concerning his character and his story. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. English Men of Letters

Excerpt from English Men of Letters, Vol. 13: Keats; Hawthorne; Carlyle In this edition, besides the texts reprinted from the first editions, all the genuine letters and additional poems published in 3, 6, 9, 13, and 14 of the above are brought together, as well as most of the biographical notices contained in 1, 2, 4, 5, 7, 10, and 12; also a series of previously unpublished letters of Keats to his sister; with a great amount of valuable illustrative and critical material besides. Except for a few errors, which I shall have occasion to point out, Mr. Forman's work might for the purpose of the student be final, and I have necessarily been indebted to it at every turn. English Men of Letters (vol. 11).

Excerpt from English Men of Letters, Vol. 9: Chaucer; Lamb; De Quincey The peculiar conditions of this essay must be left to explain themselves. It could not have been written at all without the aid Of the Publications Of the Chaucer Society ty, and more especially Of the labours Of the Society's Director, Mr. Furnivall. To other recent writers on Chaucer - including Mr. Fleay, from whom I never differ but with hesitation - I have referred, in so far as it was in my power to do so. Perhaps I may take this opportunity Of expressing a wish that Pauli's History of England, a work beyond the compliment of an acknowledgment, were accessible to every English reader. English Men of Letters

Excerpt from English Men of Letters, Vol. 9 The materials for a biography of Sterne are by no means abundant. Of the earlier years of his life, the only existing record is that preserved in the brief autobiographical memoir Which, a few months before his death, he composed, in the usual quaint staccato style of his familiar, correspondence, for the benefit of his daughter. Of his childhood of his school days of his life at Cambridge, and in his Yorkshire Vicarage; of his Whole history in fact, up to the age of forty-six, we know nothing more than he has there jotted down. He attained that age in the year 1759; and at this date begins that series of his Letters, from Which, for those Who have the patience to sort them out of the chronological confusion in Which his daughter and editress involved them, there is no doubt a good deal to be learnt. These letters, however, Which extend down to 1768, the year of the writer's death, contain pretty nearly all the contemporary material that we have to depend on. Freely as Sterne mixed in the best literary society, there is singularly little to be gathered about him, even in the way of chance allusion and anecdote, from the memoirs and mms of his time. Of the many friends Who would have been competent to Write his biography While the facts Were yet fresh, but one, John Wilkes, ever entertained - if he did seriously entertain - the idea of performing this pious work; and. English Men of Letters, Vol. 13

Excerpt from English Men of Letters, Vol. 10: Gibbon, Carlyle, Macaulay Gilm' was born at Putney, near London, on 27th April in the year 1737. After the reformation of the calendar his birth day became the 10th of May. How the eldest of a family of seven children; but his five brothers and only sister all died in early infancy, and he could remember in after life his sister alone. English Men of Letters, Vol. 9

Excerpt from English Men of Letters, Vol. 6: Bunyan; Johnson; Bacon From the time when the Reformation brought them a translation of it, the Bible was the book most read - it was Often the only book which was read - in humble English homes. Familiarity with the words had not yet trampled the sacred writings into practical barrenness. NO doubts or questions had yet risen about the Bible's nature or origin. It was received as the authentic word of God Himself. The Old and New Testament alike represented the world as the scene of a struggle between good and evil spirits; and thus every ordinary incident of daily life was an instance or illustration of God's providence. This was the universal popular belief, not admitted only by the intellect, but accepted and realised by the imagination. NO one questioned it, save a few speculative philosophers in their closets. The statesman in the House of Commons, the judge on the Bench, the peasant in a midland village, interpreted literally by this rule the phenomena which they experienced or saw. They not only believed that God had miraculously governed the Israelites, but they believed that as directly and immediately He governed England in the seventeenth century. They not only believed that there had been a witch at Endor, but they believed that there were witches in their own villages, who had made compacts with the devil himself. They believed that the devil still literally walked the earth like a roaring lion that he and the evil angels were perpetually labouring to destroy the souls of men; and that God was equally busy overthrowing the devil's work, and bringing sin and crimes to eventual punishment. ENGLISH MEN OF LETTERS

Finally available, a high quality book of the original classic edition of Swift - English Men of Letters Series. It was previously published by other bona fide publishers, and is now, after many years, back in print. This is a new and freshly published edition of this culturally important work by Leslie Stephen, which is now, at last, again available to you. Get the PDF and EPUB NOW as well. Included in your purchase you have Swift - English Men of Letters Series in EPUB AND PDF format to read on any tablet, eReader, desktop, laptop or smartphone simultaneous - Get it NOW. Enjoy this classic work today. These selected paragraphs distill the contents and give you a quick look inside Swift - English Men of Letters Series: Look inside the book: "By the ill-treatment of his nearest relations" (he says) "he was so discouraged and sunk in his spirits that he too much neglected his academic studies, for some parts of which he had no great relish by nature, and turned himself to reading history and poetry, so that when the time came for taking his degree of Bachelor of Arts, although he had lived with great regularity and due observance of the statutes, he was stopped of his degree for dulness and insufficiency; and at last hardly admitted in a manner little to his credit, which is called in that college speciali gratia." ...How can we exaggerate the distance at which a lad, fresh from college and a remote provincial society, would look up to the distinguished diplomatist of sixty, who had been intimate with the two last kings, and was still the confidential friend of the reigning king, who had been an actor in the greatest scenes, not only of English, but of European history, who had been treated with respect by the ministers of Louis XIV., and in whose honour bells had been rung, and banquets set forth as he passed through the great continental cities? About Leslie Stephen, the Author: In 1865, having renounced his religious beliefs, and after a visit to the United States two years earlier, where he had formed lasting friendships with Oliver Wendell Holmes, Jr., James Russell Lowell and Charles Eliot Norton, he settled in London and became a journalist, eventually editing the Cornhill Magazine in 1871 where R. ...He was already known as a climber, as a contributor to Peaks, Passes and Glaciers (1862), and as one of the earliest presidents of the Alpine Club, when, in 1871, in commemoration of his own first ascents in the Alps, he published The Playground of Europe, which immediately became a mountaineering classic, drawing-together with Whymper's Scrambles Amongst the Alps-successive generations of its readers to the Alps.

ENGLISH MEN OF LETTERS.

English Men of Letters - Vol. 11 is an unchanged, high-quality reprint of the original edition of 1894. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

English Men of Letters, Vol. 9 (Classic Reprint)

More than eight million young men perished during the First World War—a staggering figure. The natural reaction to such a great loss of humanity was to forget the individuals and recast the conflict into one of faceless armies and battles commemorated in stone and metal monuments. War Letters of Fallen Englishmen was published following the war in order to remind the living of those who were lost in the name of the British crown—brothers, husbands, fathers, sons. This collection provides, in the very words of those who participated and died in combat, the closest approximation possible to the experience of war. Carefully selected from thousands of letters, those in this collection are poignant, powerful, and graphic and were chosen for their depth of perception, the intensity of their descriptions, and their messages to future generations. This edition contains a new foreword by the distinguished World War I historian Jay Winter.

English Men of Letters, Vol. 10

Excerpt from English Men of Letters In the life of De Quincey even such a tri e is worth noting. In no autobiography do the recollections of mere infancy and childhood occupy so much space, or count for so much, as in his. Accordingly, while the general impres sion he conveys of himself from his second or third year onwards is that of a very diminutive, shy, sensitive, and dreamy child, moving about, when

out-of-doors, always on green turf or in garden-walks, and within-doors always among young brothers and sisters, in a house of wealthy and even luxurious elegance, the actual incidents of his infancy and childhood, which he has embalmed for us so carefully in such marvellous prose, have to be distributed between the two habitations above named, once visible on the rusie margin of Manchester, but now engulfed in its brick and uproar. It was at The Farm that he had. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Swift - English Men of Letters Series - the Original Classic Edition

Stories of the lives and losses of the Post Office Rifles in World War I--men who came from all ranks and walks of life, brought together by their common pre-war employment as Post Office workers When World War I broke out, the post office was the biggest employer in the world. Spanning many ranks and walks of life, 12,000 men fought bravely with the Post Office Rifles. By the war's end, 1,800 of them had been killed. Those same men who not long before had been sorting and delivering mail, found themselves hoping their own letters would get through to their loved ones at home, and relying on the letters and parcels sent to them for their own much needed morale-boosts. Using the personal stories and letters of the men who joined the Post Office Rifles, this is a moving account of how the war touched the lives of ordinary men--how it changed communities, how women took up men's working roles, and, of course, the vital role the mail played in the war. Love letters, letters from the front line, much-welcomed parcels of food and cigarettes, and sad letters of condolence--together these tell the story of the fallen heroes.
