A New Law Dictionary and Glossary

Burrill, Alexander M. *A New Law Dictionary and Glossary: Containing Full Definitions of the Principal Terms of the Common and Civil Law, Together with Translations and Explanations of the Various Technical Phrases in Different Languages, Occurring in the Ancient and Modern Reports, and Standard Treatises; Embracing Also All the Principal Common and Civil Law Maxims. Compiled on the Basis of Spelman's Glossary, and Adapted to the Jurisprudence of the United States; with Copious Illustrations, Critical and Historical.* New York: John S. Voorhies, 1850-1851. Two volumes. xviii, 1099 pp. Reprinted 1998 by The Lawbook Exchange, Ltd. LCCN 97-38481. ISBN 1-886363-32-3. Cloth. \$195. * Reprint of the first edition. A scarce, important original American dictionary by a student of James Kent. Burrill [1807-1869] was admitted to the New York Bar in 1828. Burrill was highly regarded for his legal scholarship. Dictionary of American Biography describes this as "a work of very high standard, which at once took its place as perhaps the best book of its kind so far produced...All his books were distinguished for their graceful style and a scholarly precision and finish which earned the unstinted commendation of the judiciary. In addition their accuracy of statement and definition was fully recognized at the time by the profession at large" (II:326).

Law Dictionary, Vol. 2

Excerpt from Law Dictionary, Vol. 2: Glossary Containing Full Definitions of the Principal Terms of the Common and Civil Law, Together With Translations and Explanations of the Various Technical Phrases in Different Languages, Occurring in the Ancient and Modern Reports, and Standard Treatis In modern deeds, the premises usually contain the specification of the estate granted, and hence the habendum has become in most cases a mere form; but where no estate is mentioned in the premises, the habendum continues to retain its original importance. 4 Kent's Com. 468. See Shep. Touch. (by Preston,) 76. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. A New Law Dictionary and Glossary, Vol. 1 (Classic Reprint)

Updated to include new terms and to incorporate recent changes in laws and judicial interpretations, this handy dictionary: Contains over 2500 legal terms defined in clear, easy to understand English Translates "legalese" for the layperson Includes hundreds of examples to illustrate the definitions Is an ideal book for quick reference or to learn more about the law: Non-lawyers will appreciate the way this book cuts through the complexities of legal jargon and presents definitions and explanations that are easily understood and referenced. The terms are arranged alphabetically and given with definitions and explanations for consumers, business proprietors, legal beneficiaries, investors, property owners, litigants, and all others who have dealings with the law. Find definitions on everything from Abandonment and Abatable Nuisance, all the way through to Zoning.

A Law Dictionary and Glossary: Containing Full Definitions of the Principal Terms of the Common and Civil Law, Together with Translations and Explana

Excerpt from A Law Dictionary and Glossary: Primarily for the Use of Students, but Adapted Also to the Use of the Profession at Large The purpose of this book is to give with brevity, but with precision and reasonable fullness, the meaning of the words and phrases in the books of the law; - to give the meaning not only of the modern words, but of the words, in whatever tongue, and whether now a part of living legal language or not, which have had legal use and function, and which thus mark the lines upon which

the law has grown, and the salient points in its history with which the student should become familiar. This attention to the older and even the obsolete words has been thought necessary to make the book most largely useful to beginners in the study of the law, for whose use it is more especially designed; and this attention to the older words, the more recent words not being in any way neglected, ought not to render the book less useful to the members of the profession; for they, even more than beginners, are students of the law, and, even more than beginners, know that truly to understand the newer words, and the newer meanings of the old words, they must in many cases look far back in its history, to Norman or to Saxon times, and to usages of which these old words and these old meanings are the most considerable existing memorial. In preserving this older and now half-alien matter of the law, an effort has been made, however, by paragraphing the matter of titles, and by grouping those matters which have been derived from older and foreign systems, to bring forward into clear relief those matters which are a part of the law, or are current in the language of the law, as it now stands. This has not been easy. Matter which has been treated as still alive others may regard as dead, or at least too old for any present usefulness, while matter which has been treated as obsolete or obsolescent others may regard as still in good use. It is hoped, however, that the effort will be found materially to aid in discriminating these various matters new and old one from another. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. A Law Dictionary and Glossary

A Useful Compendium of Legal Maxims and Phrases Originally published: London: Sweet & Maxwell, 1915. viii, 300 pp. The perfect book for that considerable number of law students and lawyers with little or no knowledge of Latin. For those already proficient in Latin, the interest in this volume will lie in the large collection of legal maxims and phrases. The annotations are commendable for their brevity and unpretentious simplicity. E. Hilton Jackson [1869-1950] was a Latin instructor at Columbia University.

A Law-dictionary and Glossary

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

A Law Dictionary and Glossary

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

A Law Dictionary and Glossary

Excerpt from Glossary of Technical Terms: Phrases, and Maxims of the Common Law This book is the result of an attempt to produce a concise Law Dictionary, giving in common English an explanation of the words and phrases, English as well as Saxon, Latin, or French, which are of common technical use in the law. It is not a compilation of law, like the larger dictionaries, but consists purely of definition. Only such civil law, canon law, or Scotch terms have been introduced as are often used in the common-law courts. The writer has sought to give the popular and usual acceptance of each phrase, in much the same rough and general shape in which it would stand in the mind of the trained lawyer; only occasionally adding a hint of its more correct and exact meaning. More definite information must then be sought in the text-books. Unless otherwise mentioned, the definition is given according to the common law of England; and the date or present existence of the thing defined is only roughly indicated by the tense. It has been impossible within the limits assigned to make the book exhaustive; but it is hoped that a judicious selection has been made of the more important catchwords, writs, courts, and maxims; and that, in seeking to compress the greatest amount of matter in the smallest possible space, the author has been concise, without being inaccurate and obscure. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Latin for Lawyers

From the author's NOTE. This book is the result of an attempt to produce a concise Law Dictionary, giving in common English an explanation of the words and phrases, English as well as Saxon, Latin, or French, which are of common technical use in the law. It is not a compilation of law, like the larger dictionaries, but consists purely of definition. Only such civil law, canon law, or Scotch terms have been introduced as are often used in the common-law courts. The writer has sought to give the popular and usual acceptance of each phrase, in much the same rough and general shape in which it would stand in the mind of the trained lawyer; only occasionally adding a hint of its more correct and exact meaning. More definite information must then be sought in the text-books. Unless otherwise mentioned, the definition is given according to the common law of England; and the date or present existence of the thing defined is only roughly indicated by the tense. It has been impossible within the limits assigned to make the book exhaustive; but it is hoped that a judicious selection has been made of the more important catchwords, writs, courts, and maxims; and that, in seeking to compress the greatest amount of matter in the smallest possible space, the author has been concise, without being inaccurate or obscure. The black-faced type is used for all terms defined under the present caption; the Italic is always used for reference, not emphasis. Thus the frequent use of abbreviations like "v.," "see," and "q.v." is avoided. The reader is desired always to refer to a term so Italicized, under the proper caption, as it will frequently be found to complete or modify the present definition. Literal translations, followed by explanations, are put in parentheses; paraphrases or explanatory additions, in brackets. The words of the captions are English unless otherwise indicated, and different spellings in the same language follow without a capital letter. Thus, Gablum, I, Gabel, gavel, Gafol, sax.: gabel and gavel are the English forms, gablum the law Latin, and gafol the Saxon. Sometimes, to gain space, different words from the same root, as the noun and the verb, are put in the same paragraph; so, phrases beginning with the caption word. But when the word is found in different languages and begins very many phrases, it is otherwise; thus, the French, English, and Latin in begin each a separate paragraph.

A Dictionary of Law

The Essential Law Dictionary is an essential up-to-date legal reference, containing over 3,000 entries explaining legal language that can often be hard to understand, even for lawyers. This book focuses on defining the terms that people today are most likely to encounter when dealing with the law. The definitions are clear, concise, and easy-to-understand. Whether you are a lawyer, a law student, or a layperson, this handy reference will help you understand the precise meaning of any legal term.

A Law Dictionary and Glossary

Jacob, Giles. A New Law-Dictionary: Containing, The Interpretation and Definition of Words and Terms used in the Law; and Also the Whole Law, and the Practice Thereof, Under All the Heads and Titles of the Same. Together With Such Informations Relating Thereto, as Explain the History and Antiquity of the Law, and Our Manners, Customs, and Original Government. Collected and Abstracted From All Dictionaries, Abridgments, Institutes, Reports, Year-Books, Charters, Registers, Chronicles, and Histories, Published to This Time. And Fitted for the Use of Barristers, Students, and Practicioners of the Law, Members of Parliament, and Other Gentlemen, Justices of Peace, Clergymen, &c. The Fifth Edition, with Great Additions and Improvements, and the Law-Proceedings Done Into English. To Which is Annexed, a Table of References to All the Arguments and Resolutions of the Lord Chief Justice Holt; in the Several Volumes of the Reports. London: Printed by Henry Lintot, 1744. Unpaginated [828 pp.]. Printed in double columns. Folio (9" x 12"). Reprinted 2004 by The Lawbook Exchange, Ltd. ISBN 1-58477-376-6. Cloth. \$295. * Reprint of the fifth edition, which was the last published during the author's lifetime. As Cowley pointed out, the New Law-Dictionary (first edition, 1729) was both Jacob's masterpiece and "an entirely new departure in legal literature" that provided a model for several subsequent efforts. In contrast to earlier works, each entry summarizes all of the laws relating to the subject and offers extensive interpretive commentary. Jacob [1686-1744] was also careful to omit obsolete terms. It was recognized almost immediately that Jacob had created a highly useful legal encyclopedia that was both more detailed and concise than any other abridgment of the period. An extremely popular work that went through twelve editions by 1800, it offers unparalleled insights into Anglo-American law during the eighteenth century. Cowley, A Bibliography of Abridgements, Digests, Dictionaries and Indexes to the Year 1800 xc-xci, 244.

Glossary of the Technical Terms, Phrases, and Maxims of the Common Law

Provides definitions of basic legal terms and phrases used in various branches of law throughout English and American history.

A Law Dictionary and Glossary

The system of public international law has reached a major turning point in its history and is confronting serious challenges generated by a variety of developments unfolding in the structure of the international society. This Dictionary acquaints legal and other professionals, students, and interested general readers with the basic tenets of public international law, combining the features of both a brief encyclopedic dictionary and a textbook in clear, understandable language. A list of acronyms and abbreviations; a glossary of Latin phrases; a chronology that offers a historical perspective by listing major developments relating to international law throughout the centuries; a table of cases with references to entries; and a list of the 373 entries precede the main text. The survey of international law is organized into nine chapters. Chapter I contains the usual introductory topics found in international law textbooks: the nature of this law, its sources, the relationship between international and national ("municipal") law, and some other general problems. Chapters II-VIII deal with matters coming within the scope of the "law of peace," organized according to the framework consisting of: states, individuals, spatial context, and interaction. Chapter IX, whose subject unfortunately becomes ever more relevant, describes the rules governing the conduct of warfare, that is, international humanitarian law. Numerous cross-references in bold lead the reader to appropriate entries, and the abundant references to primary sources, mostly treaties and court cases, enable the reader to locate the materials needed for research. The selective bibliography includes books, research aids, textbooks, and casebooks, as well as recent books on special international law topics. This Dictionary is a useful addition to both public and academic libraries, including, in particular, libraries of law schools. The format of the book allows it to be used as a reference guide for legal professionals, scholars inter
