Rescue Road

How far would you go to save a dog's life? The extraordinary story of one man who has driven more than 1 million miles to rescue thousands of dogs from hunger, abuse and neglect and give them a second chance at life and love. For years, Greg Mahle struggled to keep the last of his family-run restaurants afloat in Ohio. When it finally closed, he was broke and unsure what to do next. Then a stranded van-load of puppies changed his life forever. Join journalist Peter Zheutlin as he travels with Greg from Ohio to the Gulf Coast on his Rescue Road Trips to bring hard-luck dogs from the deep South to loving "forever families" up north, with the help of many selfless volunteers along the way. From Houston's impoverished Fifth Ward--where thousands of strays roam the streets--and high-kill shelters in Louisiana, to joyous scenes of adopters embracing their new pups in the Northeast, Rescue Road is full of heart: an inspiring story about the unique bond between dogs and humans, and how going the extra mile can make a life-changing difference for these loyal canines--and for us all.

Rescued

"In the follow-up to his New York Times bestseller Rescue Road, acclaimed journalist Peter Zheutlin offers a heartwarming and often humorous new look into the world of rescue dogs. Sharing lessons from his own experiences adopting Labs with large personalities as well as stories and advice from dozens of families and rescue advocates, Zheutlin reveals the surprising and inspiring life lessons rescue dogs can teach us, such as: How to "walk a mile in a dog's paws" to get a brand-new perspective - Living with a dog is not one continuous Hallmark moment--but it's never dull! - Why having a dog helps you see your faults and quirks in a new light, even if you can't "shed" them completely - How to set the world right, one dog at a time. For anyone who loves, lives with, or has ever wanted a dog, this charming book shows how the dogs whose lives we save can change ours for the better too"--

The Dog Went Over the Mountain

The New York Times bestselling author of Rescue Road embarks on a cross-country journey to take the measure of America with a loyal friend. *A Lowell Thomas / Society of American Travel Writers

Foundation Award Winner * On the cusp of turning 65, a man and his beloved rescue dog of similar vintage take a poignant, often bemusing, and keenly observed journey across America and discover a big-hearted, welcoming country filled with memorable characters, a new-found appreciation for the life they temporarily left behind, and a determination to live more fully in the moment as old age looms. Inspired by John Steinbeck's *Travels with Charley*, Zheutlin, hits the road for a 9,000-mile odyssey with Albie to experience all that America is and means today. Similar in approach and tone to Bill Bryson's best-selling travel classics, with with an endearing canine sidekick, *The Dog Went Over the Mountain* will delight dog lovers, baby boomers and anyone who seeks to experience life on the open road with a four-legged companion.

Rescue Matters

Rescue Matters is based on true events that happened in Rolette County, North Dakota from 2013 to 2018, a five year period of time where blood was spilled and sweat and tears formed rivers. One man rallied a small team who would transform a landscape known for death and despair into hope and salvation. By saving nearly seventy starving and unwanted animals each month, Keith Benning and his team have changed the world for thousands of dogs and tens of thousands more to come. Through a series of riveting and inspiring real-life rescue stories, *Rescue Matters* tells a larger tale of tragedy-meets-redemption. In a land forgotten, with an insurmountable problem, a spark of hope ignites a fire. One man's will to persevere against all odds proves that it doesn't take a government or law to change the world. It only takes a few people trying to make a difference to start a revolution.

Sasha (Family of Rescue Dogs Book 1)

SASHA is the story of a very remarkable dog: a Staffordshire Bull Terrier abandoned close to death at the age of 6 weeks old. Rescued from a street gutter, she had the good fortune to be adopted by author Brian L. Porter and his family. Despite suffering from a catalogue of injuries, including two broken legs and skin allergies, and eventually being diagnosed as a serious epileptic at just two years old, Sasha's story is one of triumph over adversity; of love, happiness and inspiration. Her love of life and capacity for enjoying every day to the fullest is nothing short of miraculous, and her story is told here by the person who shares every moment of her life on a daily basis, and how a disabled author and his dog have become dependent on each other. It is a story that has already touched many who have come into contact with her, from vets to nurses and a whole host of followers on her own Facebook page. Read her story and join them in sharing in the life of an amazing and very special dog!

The Man Who Talks to Dogs

Go to any unpopulated or abandoned area in any given urban setting, and you'll find them. Thousands and thousands of wild dogs-abandoned to disease, starvation, and inevitable death-are leading short and brutal lives in the no-man's-land between domestication and wildness, byproducts of the human destitution around them. A lucky few are saved by dedicated rescuers, and Randy Grim, has emerged as one of the country's leading dog saviors. After years of rescuing dogs on his own, he founded Stray Rescue of St. Louis, an organization dedicated to rescue and rehabilitation. These are dogs that belong to no one, the ones animal-control experts can't catch and humane shelters won't deal with. They are stray or feral, either abandoned or born wild on the streets, which means they won't come near humans and statistically won't live past their second year. And their numbers are growing every day. In *The Man Who Talks to Dogs*, journalist Melinda Roth narrates Grim's dramatic, inspiring efforts and tells the horrific and heartwarming stories of the dogs he saves, showing how this growing national health problem-controlled by no federal or local regulations-can no longer be ignored.

Cassie's Tale (Family of Rescue Dogs Book 3)

This is the story of Cassie: a rescue dog who was just over two years old when she joined Brian and Juliet's family of rescues, having already had three previous owners in her short life. The tiny little terrier soon wormed her way into the hearts of the family, and her antics and oversized attitude quickly earned her the nicknames 'The Mad Ferret' and 'The Wicked Witch of the West.' Cassie can best be described as a 'pocket dynamo' or, as the author puts it, "She is filled with boundless energy, and despite being fourteen years old now, she's like a Duracell bunny without an off switch." Cassie has bounced back from operations, managed to get lost and found in one afternoon, chased away Rottweilers and Dobermans that have had the nerve to try and steal her tennis ball, and found herself being injured by interfering in larger dogs' squabbles. People just can't help falling in love with this tiny

bundle of joy. Cassie's Tale is the third book in Brian L. Porter's series of rescue dogs, following on from the award-winning bestsellers, Sasha and Sheba: From Hell to Happiness.

Men's Health

Backpacker

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

The Other End of the Leash

Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man's best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, The Other End of the Leash is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

The Only Road

"Twelve-year-old Jaime makes the treacherous journey from his home in Guatemala to his older brother in New Mexico after his cousin is murdered by a drug cartel"--

The Guardian

Swept off your feet and into a nightmare . . . A powerful blend of love story, betrayal and obsession, The Guardian is written with electrifying intensity, playing with your emotions at every turn. Widowed at a young age, Julie understands the pain that comes with love and has avoided romance for a long time. As she eases herself back into the dating scene, her eye is caught by the darkly sophisticated Richard, as he begins a passionate pursuit of her affections. But she is still confused by her feelings for best friend Mike: funny, loyal, but definitely not sophisticated. A seemingly innocent choice sets off a deadly chain of events that leaves Julie fighting for her life, as jealousy simmers into murderous desire.

Kings of the Wyld

'A fantastic read, a rollicking, page-turning, edge-of-your-seat road-trip of a book' - John Gwynne, author of Shadow of the Gods Clay Cooper and his band were once the best of the best - the meanest, dirtiest, most feared and admired crew of mercenaries this side of the Heartwyld. But their glory days are long past; the mercs have grown apart and grown old, fat, drunk - or a combination of the three. Then a former bandmate turns up at Clay's door with a plea for help: his daughter Rose is trapped in a city besieged by an enemy horde one hundred thousand strong and hungry for blood. Rescuing Rose is the kind of impossible mission that only the very brave or the very stupid would sign up for. It's time to get the band back together for one last tour across the Wyld. 'Every avid fantasy reader, pay attention

and let me do you a favour. Make sure you read this book no matter what. As of now, I'm calling Kings of the Wyld one of the best fantasy debuts of all time' Novel Notions 'Every single word is bloody brilliant ... 11 out of 10' Fantasy Hive LOOK OUT FOR BLOODY ROSE, THE SECOND BOOK IN THE BAND SERIES

Galignani's Messenger

A heartstopping, poignant, epic adventure story about a boy destined to live forever, who only wants to grow up. Without death, life is just existence. Have you ever wondered what it would be like to live forever? Well, Alfie Monk can tell you. He may seem like an ordinary eleven-year-old boy, but he's actually more than a thousand years old--and remembers the last Viking invasion of England, not to mention the French Revolution and both World Wars. Way back in the tenth century, he and his mother were given the alchemical secret to eternal life. But when everything Alfie knows is destroyed in a fire, and the modern world intrudes, he must embark on a mission--along with friends Aidan and Roxy--to find a way to reverse the process and grow up like a regular boy. This astonishing new novel from the author of Time Traveling with a Hamster, told in alternating perspectives by Alfie and Aidan, is a tour de force--a sweeping epic that takes you on an unforgettable, breathtaking adventure and asks big questions about the meaning of life.

The 1000 Year Old Boy

Madman, tyrant, animal—history has given Adolf Hitler many names. In Mein Kampf (My Struggle), often called the Nazi bible, Hitler describes his life, frustrations, ideals, and dreams. Born to an impoverished couple in a small town in Austria, the young Adolf grew up with the fervent desire to become a painter. The death of his parents and outright rejection from art schools in Vienna forced him into underpaid work as a laborer. During the First World War, Hitler served in the infantry and was decorated for bravery. After the war, he became actively involved with socialist political groups and quickly rose to power, establishing himself as Chairman of the National Socialist German Worker's party. In 1924, Hitler led a coalition of nationalist groups in a bid to overthrow the Bavarian government in Munich. The infamous Munich "Beer-hall putsch" was unsuccessful, and Hitler was arrested. During the nine months he was in prison, an embittered and frustrated Hitler dictated a personal manifesto to his loyal follower Rudolph Hess. He vented his sentiments against communism and the Jewish people in this document, which was to become Mein Kampf, the controversial book that is seen as the blue-print for Hitler's political and military campaign. In Mein Kampf, Hitler describes his strategy for rebuilding Germany and conquering Europe. It is a glimpse into the mind of a man who destabilized world peace and pursued the genocide now known as the Holocaust.

Ask a Manager

"The dogs that deserved a chance, the guy who needed a second, and the girl determined to save him." My name is Emma Sawyer. I met Charlie and Wyatt on the same sultry, summer day. It was unexpected, leaving a feeling in the pit of my stomach like the time I drove too fast over Beckett Hill. The moment happened out of nowhere, all fast and quick and a little strange. Or maybe that was just Wyatt's personality. It was Charlie that brought us together. Little Charlie with those ridiculous ears. I found the dog, waiting in a pool of his own blood. Waiting for someone. Waiting for me. Now Wyatt, he wasn't waiting for anyone. At least that's what he said, except I saw something different in the broken guy all alone out in the woods. I knew he needed me before he knew it himself. Wyatt with his hidden dimples. Wyatt with his warnings to stay away. He was a hard lump of coal, ready to burn everything around him. The more he burned, the more it pulled me into the pain I saw etched on his troubled face. I wanted to help Wyatt. I wanted to save him like he had saved all the Charlies in the world. He told me not to fall for him, but I did anyway. I fell hard and fast and deeply in love with Wyatt Caulfield. But that was before I knew his secret. Author Note: *Waiting for Wyatt* is the love story of Wyatt Caulfield and Emma Sawyer, which also features rescue animals. It's a 112,000 word standalone, Contemporary Romance / New Adult Novel.

Harper's Weekly

A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic-from NYC and all the way to Spain-for a wedding. Let alone, someone eager to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, *que dios nos pille confesados*. The Spanish Love Deception is an enemies-to-lovers, fake-dating.

Waiting for Wyatt

"In a tiny village in Italy, the self-appointed mayor (and vacuum cleaner repairman) Signor Speranza will do anything he can to save his beloved town. When he learns that the water is going to be cut off in sixty days unless he can come up with some quick cash, he tries to boost tourism by spreading a harmless rumor that major movie star Dante Rinaldi is planning to film a movie in the village. The plan works a little too well, and soon everyone wants to be a part of the fictional movie. Village butcher Signor Maestro will even invest in the film - if Signor Speranza can find roles for each of his fifteen enormous sons. Speranza soon realizes that the only way to keep the momentum going is to actually make the movie, assuring the villagers that Dante is on his way. Luckily, his hapless assistant Smilzo happens to have written a screenplay - not so secretly based on his undying love for the film's leading lady. As the entire town becomes involved in the movie - even the village priest invests! - Signor Speranza starts to think he might be able to pull this off...until word reaches Dante Rinaldi's ears"--

The Illustrated London News

Volume Three of the Border Trilogy In Cormac McCarthy's Cities of the Plain, two men marked by the boyhood adventures of All the Pretty Horses and The Crossing now stand together, between their vivid pasts and uncertain futures, to confront a country changing beyond recognition. In the fall of 1952, John Grady Cole and Billy Parham are cowboys on a New Mexico ranch encroached upon from the north by the military. On the southern horizon are the mountains of Mexico, where one of the men is drawn again and again, in this story of friendships and passion, to a love as dangerous as it is inevitable.

The Spanish Love Deception

First contact with extraordinary aliens, glittering technologies that could destroy the universe in a nanosecond, huge sweeping space operas: Alastair Reynolds is back! Some centuries from now, the exploration and exploitation of the Solar System is in full swing. On the cold edge of the system, Bella Lind, captain of the huge commercial spacecraft Rockhopper IV, helps fuel this new gold rush by attaching mass-driver motors to organic-rich water-ice comets to move them back to the inner worlds. Her crew are tough, blue-collar miners, engineers and demolition experts. Around Saturn, something inexplicable happens: one of the moons leaves its orbit and accelerates out of the Solar System. The icy mantle peels away to reveal that it was never a moon in the first place, just a parked spacecraft, millions of years old, that has now decided to move on. Rockhopper IV, trapped in the pull, is hurled across time and space into the deep, distant future, arriving in a vast, alien-constructed chamber. And the crew are not alone, for each chamber contains an alien culture dragged into this cosmic menagerie at the end of time. The crew of the Rockhopper IV know a lot about blowing up comets, but not much about first contact with ultra-advanced aliens. They have two things to worry about: can they (and their new alien allies) negotiate their way through each harrying contact? And can they assimilate the avalanche of knowledge about their own future - including all the glittering, dangerous technologies that are now theirs for the taking - without destroying themselves in the process?

The Patron Saint of Second Chances

'This book may help those who are susceptible to illnesses that can be prevented with proper nutrition' – His Holiness the Dalai Lama The international bestseller, Dr Michael Greger's How Not To Die gives effective, scientifically-proven nutritional advice to prevent our biggest killers – including heart

disease, breast cancer, prostate cancer, high blood pressure and diabetes – and reveals the astounding health benefits that simple dietary choices can provide. Why rely on drugs and surgery to cure you of life-threatening disease when the right decisions can prevent you from falling ill to begin with? Based on the latest scientific research, *How Not To Die* examines each of the most common diseases to reveal what, how and why different foods affect us, and how increasing our consumption of certain foods and avoiding others can dramatically reduce our risk of falling sick and even reverse the effects of disease. It also shares Dr Greger's 'Daily Dozen' – the twelve foods we should all eat every day to stay in the best of health. With emphasis on individual family health history and acknowledging that everyone needs something different, Dr Michael Greger offers practical dietary advice to help you live longer, healthier lives. 'Dr Michael Greger reveals the foods that will help you live longer.' – Daily Mail

Includes brief bio. of the terrorists along with descriptions of their org., strategies, and plots. (3) Analysis of the themes in closing arguments of the transcripts in Part 2. Illus.

Indianapolis Monthly

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin

How Not to Die

We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In *Eats, Shoots & Leaves*, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.
