## The Beswick Price Guide

The sensational novel that shocked Australia... Come in Spinner won the 1948 Daily telegraph novel competition. It was first published in an abridged edition in 1951, as the subject matter - including rape, abortion and prostitution - was considered too controversial for the time. Even so, the book was an immediate sensation, with bookshops in both Sydney and Brisbane sold out within days. Set in a beauty salon at the Hotel South Pacific in wartime Sydney, it revolves around the lives and loves of three women - Deb, Guinea and Claire. their romantic entanglements are further complicated by the tensions of war, with American troops in 'occupation' and at a time when anything could be obtained - for a price. Rewritten by Florence James from the original manuscript, an unabridged edition was first published by Angus & Robertson in the 1980s and the book was made into an ABC miniseries in 1989. 'to lose oneself in Come in Spinner is indeed a stirring and memorable experience' - the Sunday times 'Quite astonishingly readable' - the Observer

#### So Long a Letter

With honesty, humour and occasional anger, performer Bette Bourne tells the playwright Mark Ravenhill about his brave and flamboyant life. Crafted from transcripts of a series of long, private conversations, actor Bette Bourne reminisces and replays scenes from his life from a postwar childhood, a stint as a classical actor in the late 60s, to living in a drag commune in Notting Hill and being an active member of the Gay Liberation Front. Bette then talks about his touring with the New York based Hot Peaches cabaret group and founding his own cabaret troop, Bloodlips, which redefined the term gay theatre by creating their very own unique celebration of dramatic and colourful homosexuality. The piece, in three parts, marks a different series of events in Bette's life to reveal both a portrait of a pioneering, radical individual and a historical document of the struggles and achievements of gay liberation.

## Beasts and Super-Beasts Illustrated

"India's surge in high, well-sustained economic growth captured the world's attention for much of the period from the 1990s to the early 2010s. Often paired with China as being at the leading edge of emerging economies, the last few years have witnessed shortfalls in India's performance, which have also occurred in the cases of other "BRICS," namely, Brazil, Russia, and South Africa. India is now facing a possible fiscal crisis, higher inflation, greater concentration of economic wealth, and a slowdown in productivity. While its business sector remains vigorous, the Indian state has not yet found a viable way to fund food subsidies or come to grips with the costs of its employment guarantee program. Corruption also hinders growth at many turns. All these factors bring into question how feasible or wise it is for India to pursue a path toward global political power rather than concentrate on improved economic engagement worldwide. Dr. Joshi believes India's economic problems are serious and systemic, not a temporary blip. His analysis sets forth that the only way the country can truly prosper is to find the means to return to the earlier levels of growth through massive economic reform. This policy reorientation calls for eliminating price controls as well as both explicit and hidden subsidies to industries, introduction of direct cash transfers to the poor in place of the state's own costly production of goods and services, and an aggressive move toward privatization rather than over-reliance on family firms and widely-held corporations. Without these, the requisites of economic stability cannot be fully established, let alone propel significant growth"--

ECONOMIST AND SPECTATOR BOOKS OF THE YEAR 2016 'An extraordinary book ... exceptionally fascinating, always readable and penetratingly intelligent' David Abulafia 'As rich, funny and teeming as Anthony Powell's A Dance to the Music of Time ... Dinshaw writes with wit and elegance, and the most elegiac passages of Outlandish Knight evoke a lost society London and way of life' Ben Judah, Financial Times 'This dazzling young writer is a mine of fascinating, memorable and totally useless information... I have been riveted by this book from start to finish, and leave the reader with one word of advice. Watch Mino Dinshaw. He will go far' John Julius Norwich, Sunday Telegraph The biography of one of the greatest British historians - but also of a uniquely strange and various man In his

enormously long life, Steven Runciman managed not just to be a great historian of the Crusades and Byzantium, but Grand Orator of the Orthodox Church, a member of the Order of Whirling Dervishes, Greek Astronomer Royal and Laird of Eigg. His friendships, curiosities and intrigues entangled him in a huge array of different artistic movements, civil wars, Cold War betrayals and, above all, the rediscovery of the history of the Eastern Mediterranean. He was as happy living in a remote part of the Inner Hebrides as in the heart of Istanbul. He was obsessed with historical truth, but also with tarot, second sight, ghosts and the uncanny. *Outlandish Knight* is a dazzling debut by a writer who has prodigious gifts, but who also has had the ability to spot one of the great biographical subjects. This is an extremely funny book about a man who attracted the strangest experiences, but also a very serious one. It is about the rigours of a life spent in the distant past, but also about the turbulent world of the twentieth century, where so much that Runciman studied and cherished would be destroyed.

### India's Long Road

Patrick Wright's memoir opens on a diplomatic crisis. A growing number of countries are threatening to boycott the Commonwealth Games in protest of the British government's handling of South African apartheid. And the problems only get worse. Patrick Wright was one of the pre-eminent diplomats of his day, putting him at the forefront of some of the late twentieth century's most important global events. His six years at the FCO found him dealing with the backlash from the Falklands War, the collapse of the Soviet Union, strained relations with the EU, the First Gulf War and, perhaps most challenging of all, the 'fire and glares' of Prime Minister Margaret Thatcher. Lord Wright's account is not only an essential documentation of a significant historical period, but witty and entertaining throughout. He revels in gossip, despairs at the mischievous press 'painting lurid pictures of Britain versus the Rest', recalls numerous amusing scenarios and is rather brutal in his assessment of various high-profile political figures.

Documentary has never attracted such audiences, never been produced with such ease from so many corners of the globe, never embraced such variety of expression. The very distinctions between the filmed, the filmer and the spectator are being dissolved. The Act of Documenting addresses what this means for documentary's 21st century position as a genus in the "class" cinema; for its foundations as, primarily, a scientific, eurocentric and patriarchal discourse; for its future in a world where assumptions of photographic image integrity cannot be sustained. Unpacked are distinctions between performance and performativity and between different levels of interaction, linearity and hypertextuality, engagement and impact, ethics and conditions of reception. Winston, Vanstone and Wang Chi explore and celebrate documentary's potentials in the digital age.
