Hiking the Wonderland Trail

CLICK HERE to download the chapter on "Backpacking" from Hiking the Wonderland Trail "There's no other trip, trail or peak that any backpacker should rank higher on his life list than the Wonderland Trail." - Backpacker magazine * Comprehensive and affectionate guide to one of the nation's iconic wilderness trails * Everything you need to help plan this 93-mile trek, whether done in one trip or several * Lavish, full-color design, yet informative and practical, with 125 photographs and 18 maps * Find even more details, updates and added trip extensions at hikingthewonderlandtrail.com Washington State's famed Wonderland Trail is a spectacular 93-mile route that circumnavigates Mount Rainier, challenging hikers with its strenuous 22,000 feet of cumulative elevation gain and loss. Hiking the Wonderland Trail: The Complete Guide to Mount Rainier's Premier Trail is an authoritative guidebook penned by Washington native Tami Asars, a professional instructor on hiking the trail, a third-generation hiker of the Cascade mountains, and seven-time hiker of the entire Wonderland Trail. In this guide Asars draws on her experience, covering these essentials: * How to work with the Wonderland Trail permit reservation system, and when to apply * Recommended gear--with a checklist--and ways to reduce pack weight, prevent blisters, and stay warm and dry * How to pack the perfect backpack * Food and fuel caching on the Wonderland, tips and instruction * Detailed camp-to-camp route descriptions and suggested itineraries * How to extend your adventures with the Northern Loop Trail and the Eastside Trail Over the years, Asars has taken extensive notes that she shares at workshops and in the field. Hiking the Wonderland Trail distills her boot-tested knowledge so that everyone can enjoy the magic of Mount Rainier's premier trail.

One Best Hike: Mount Rainier's Wonderland Trail

This is the only comprehensive guide dedicated to this one classic trail. All alternate routes are also described (unlike the more general mentions in books that include other trails as well). Hikers will learn about all the best hidden side trips, discover great planning tips, find out how best to snag one of the coveted permits, and have complete sample itineraries available to help with planning, making this guide indispensable to anyone planning to tackle the Wonderland Trail.

Guide to 100 Peaks at Mount Rainier Park

There are 100 peaks (not counting the Big One) located in or immediately adjacent to Mount Rainier National Park, and virtually all can be reached in a day. Most are scrambles (off trail non-technical climbing), 15 are hikes with a trail to the top, and 7 require climbing skills. Guide to 100 Peaks at Mount Rainier National Park is a unique guidebook to help you safely reach these amazing peaks. Each peak includes driving instructions, a detailed route description (including different approaches for some peaks), and useful vital statistics about the peak. The peaks are also grouped by area with suggestions for climbing two or more peaks in a single outing. All the peaks are rated by effort and beauty including elevation gain, time required, and best month to climb. Written by mountaineering experts, this guide will give you all the information you need to experience the awesome beauty of Mount Rainier National Park.

Plan & Go Wonderland Trail

Plan & Go Wonderland Trail is the up-to-date, comprehensive guide to hiking the famed 93-mile loop around Mount Rainier, the highest mountain in Washington State. Whether you intend to complete the entire circuit or only want to explore sections of it, you will be awed by stunning alpine scenery and rich biodiversity, all with the mighty 14,410-foot glaciated peak as the backdrop. In a clear and concise manner, the book describes the highlights and unique characteristics of the 'WT', providing a complete picture of the challenge at hand. It also covers all the essential planning information to save you time and effort with your own preparations. Supported by step-by-step instructions and first-hand recommendations, you will be well-equipped and feel more confident about completing this incredible trekking adventure in the beautiful Pacific Northwest. "The book provides answers to the following questions (and more): " How do I prepare for the WT? When is the best time to go? How many days will it take me? What are my camping options? How do I obtain a permit? What kind of gear works best? How do I get there and back? In addition, Plan & Go Wonderland Trail offers practical advice on athletic training, which food to pack and in what quantities, how to select appropriate gear, and various other essentials for the trail. The book further includes "detailed elevation profiles" of the trail along with "sample hiking itineraries" to help you create a route that best suits your personal preferences. The wealth of facts and figures is topped off with the entertaining and motivating account of the authors' own 12-day Wonderland adventure.

Day Hiking Mount Rainier

CLICK HERE to download two hikes — "Yellowstone Cliffs & Windy Gap" & "Box Canyon" — from Day Hiking Mount Rainier * 70 national park trails, each rated on an overall-quality scale of 1 to 5 * Hikes-at-a-Glance chart, topographic maps, GPS waypoints, and elevation profiles * Crystal-clear directions with drive-times from major cities and junctions * 1% of sales donated to the Washington Trails Association for trail maintenance The tallest mountain in the Cascade Range has long beckoned hikers to its many trails. Compact, portable, and beautifully packaged, Day Hiking Mount Rainier provides the most thorough coverage of Mount Rainier National Park to date, including the park's four main entrances-Nisqually, Carbon River, White River/Sunrise, and Stevens Canyon/Ohanapecosh -- as well as Cayuse Pass and Highway 123, the Grove of the Patriarchs, Camp Muir, parts of the Wonderland Trail, Longmire, and Paradise. Nearby camping options are included, plus info on how to extend your hike, a full-color photo insert and overview map, quick-reference icons for kids, dogs, views, and much more.

Day Hiking: Mount Rainier

Written by the author of the popular Hiking the Wonderland Trail Features 100% new text and photos All trails re-hiked and more than 20 new hikes added With old-growth evergreens, wildflower meadows, enchanting wildlife, raging rivers, and sparkling lakes set against a backdrop of ice flows, gaping crevasses, and crumbling sheer rock walls, the Mount Rainier National Park is a special sanctuary for locals and visitors alike. This all new second edition of Day Hiking: Mount Rainier includes short and easy hikes as well as longer and more challenging options. The guide features 80 hikes in, and just outside, the national park with detailed topo route maps and full-color photos throughout. There are charts to help hikers of all levels find the right hike for their mood and time, as well as length and elevation data, clear driving and parking instructions, and trail descriptions written in the author's encouraging and humorous voice.

The World's Best National Parks in 500 Walks

Tour the world's national parks via five hundred walks and hikes through preserved natural beauty.

Day Hiking Mount Adams & Goat Rocks Wilderness

* 81 of the best day hikes in Washington's southern Cascades * Hike to the top (12,280 feet) of one of Washington's five active volcanoes * By the author of the bestselling Hiking the Wonderland Trail Mount Adams is one of Washington's treasured big volcanic peaks, while the Goat Rocks area is a favorite of serious hikers and backpackers. Day Hiking: Mount Adams and Goat Rocks provides routes to the 81 best day hikes throughout this region, which also includes the Indian Heaven Wilderness, White Pass, the area east and north of Yakima, as well as a few hikes in the Tatoosh Wilderness and Tieton area. In addition to the plethora of day hikes, this guide also includes the South Spur summit route of Mount Adams, which can be done in one long day. **Mountaineers Books designates 1 percent of the sales of select guidebooks in our Day Hiking series toward volunteer trail maintenance. Since launching this program, we've contributed more than \$14,000 toward improving trails. For this book, our 1 percent of sales is going to Washington Trails Association (WTA). WTA hosts more than 750 work parties throughout Washington's Cascades and Olympics each year, with volunteers clearing downed logs after spring snowmelt, cutting away brush, retreading worn stretches of trail, and building bridges and turnpikes. Their efforts are essential to the land managers who maintain thousands of acres on shoestring budgets.

Discover the Wonders of the Wonderland Trail Encircling Mount Rainier

Hiking Waterfalls in Washington includes detailed hike descriptions, maps, and color photos for the area's most scenic waterfall hikes. Hike descriptions also include history, trivia, and GPS coordinates. This book takes you through state and national parks, forests, monuments, and wilderness areas, and from city parks to the most secluded corners of the area to view the most spectacular waterfalls.

Discovering the Wonders of the Wonderland Trail

An update and redesign, now with full-color photography throughout. Most hiking guides are written by backpackers who occasionally day hike. But most people are day hikers who occasionally backpack! Sasquatch Books created this series just for them (over 75,000 copies sold in the Day Hike! series). Mount Rainier has lots of trails. Here are 51 hikes with the best views and destinations that can be done in a day. A guide written just for people who want to spend their days in the mountains and their nights back at home. Whether you're a newbie hiker or a veteran with hundreds of miles on your boots. Northwest outdoors expert and Seattle Times columnist Ron Judd reviews more than 50 of the best day hike trails in the Mount Rainier National Park, from Paradise and Sunrise to the lower foothills. Day Hike! Mount Rainier describes classic routes--from easy to moderate to extreme--giving hikers the choices they want. Entertaining, accurate, and contemporary writing make this guide the one to keep near the water bottles.

Hiking Waterfalls in Washington

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Backpacker

A longtime backpacker, climber, and skier, Michael Lanza knows our national parks like the back of his hand. As a father, he hopes to share these special places with his two young children. But he has seen firsthand the changes wrought by the warming climate and understands what lies ahead: Alaska's tidewater glaciers are rapidly retreating, and the abundant sea life in their shadow departs with them. Encroaching tides threaten beloved wilderness coasts like Washington's Olympic and Florida's Everglades. Less snowfall and hotter summers will diminish Yosemite's world-famous waterfalls. And it is predicted that Glacier National Park's 7,000-year-old glaciers will be gone in a decade. To Lanza, it feels like the house he grew up in is being looted. Painfully aware of the ecological—and spiritual—calamity that global warming will bring to our nation's parks, Lanza sets out to show his children these wonders before they have changed forever. He takes his nine-year-old son, Nate, and seven-year-old daughter, Alex, on an ambitious journey to see as many climate-threatened wild places as he can fit into a year: backpacking in the Grand Canyon, Glacier, the North Cascades, Mount Rainier, Rocky Mountain, and along the wild Olympic coast; sea kayaking in Alaska's Glacier Bay; hiking to Yosemite's waterfalls; rock climbing in Joshua Tree National Park; cross-country skiing in Yellowstone; and canoeing in the Everglades. Through these poignant and humorous adventures, Lanza shares the beauty of each place and shows how his children connect with nature when given "unscripted" time. Ultimately, he writes, this is more their story than his, for whatever comes of our changing world, they are the ones who will live in it.

Before They're Gone

Portland Hill Walks features twenty-four miniature adventures stocked with stunning views, hidden stairways, leafy byways, urban forests, and places to sit, eat, and soak in the local scene. The revised and updated edition offers five new walks in addition to the well-loved classics, with new contemporary and historical photos and easier-to-follow directions. Whether you feel like meandering through old streetcar neighborhoods or climbing a lava dome, there is a hill walk for every mood. New walks take you up to Willamette Stone State Park, across the St. Johns Bridge, down to the South Waterfront (with a ride on the aerial tram), along a stream in Gresham, and up Mounts Talbert and Scott. Portland is a walking city, and Portland Hill Walks will inspire you to enjoy it to its fullest!

Portland Hill Walks

Excerpt from The Geologic Story of Mount Rainier: A Look at the Geologic Past of One of America's Most Scenic Volcanoes The rocks of the Cascade Range provide a record of earth history that started

nearly 60 million years ago. Even then, as today, waves pounded on beaches and rivers ran to the sea, molding and distributing material that formed some of the rocks we now see in the park. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. The Geologic Story of Mount Rainier

In nearly 200 trips Afoot & Afield Portland/Vancouver covers every hike within a one-hour drive of this metropolitan area. Hit the trail through dense old-growth forests, walk beside waterfalls, climb to viewpoints above massive glaciers, or wander through the quiet forests of a 5000-acre park in metro Portland itself. The hikes range from simple strolls through urban preserves to rugged climbs in the Columbia River Gorge and on glacier-clad Mt. Hood. Hikes that are great in cloudy weather are labeled, and each hike is shown on an up-to-date map. Each hike includes at-a-glance essential information -- distance, time, elevation change, and difficulty rating.

Backpacker

As the highest mountain in the lower 48 states, California's 14,505-foot Mt. Whitney is on the "life list" for many hikers. And it's no wonder: The views from the top of the 21-mile round-trip Mt. Whitney Trail are unbeatable, extending across the jagged granite peaks of the Sierra Nevada to the expansive Owens River Valley and beyond. While tremendously rewarding, this hike is demanding even for experienced trekkers. Would-be hikers need to be prepared for the altitude, long distance, elevation gain, mountain weather, and other potential dangers. One Best Hike: Mt. Whitney by experienced hiker and author Elizabeth Wenk is a step-by-step guide that will tell you exactly how to tackle this trip with confidence.

Afoot and Afield: Portland/Vancouver

Alone in Wonderland is a story about backpacking. But it's also a story about: independence, love, grief, freedom, adventure, family, chosen family, challenging societal norms, safety, feminism, trauma, overcoming, letting go, letting in, self-knowledge, and self-acceptance.

One Best Hike: Mount Whitney

Backpacker Magazine's The Complete Guide to Backpacking combines and distills the most useful and relevant skills necessary for backpacking in one easy to use guide, from the most respected authority on backpacking— Backpacker magazine. From detailed descriptions of what to pack and how to pack it, to navigation and campsite cooking, to managing outdoor hazards and more, The Complete Guide to Backpacking is the definitive resource for Backpacking-related know-how.

Alone in Wonderland

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Backpacker The Complete Guide to Backpacking

Originally published in 1995, soon after Death Valley National Park became the fifty-third park in the US park system, *The Explorer's Guide to Death Valley National Park* was the first complete guidebook available for this spectacular area. Now in its third edition, this is still the only book that includes all aspects of the park. Much more than just a guidebook, it covers the park's cultural history, botany and zoology, hiking and biking opportunities, and more. Information is provided for all of Death Valley's visitors, from first-time travelers just learning about the area to those who are returning for in-depth explorations. The book includes updated point-to-point logs for every road within and around the park, as well as more accurate maps than those in any other publication. With extensive input from National Park Service resource management, law enforcement, and interpretive personnel, as well as a thorough bibliography for suggested reading, *The Explorer's Guide to Death Valley National Park, Third Edition* is the most up-to-date, accurate, and comprehensive guide available for this national treasure.

Backpacker

"Experienced outdoor enthusiasts and those lacing-up their boots for their first time: prepare to hike the diverse American landscape. Whether aiming to conquer epic expeditions, or simply complete a day hike to recharge, paths of every size await the intrepid wayfarer in *Wanderlust USA*, a book that serves as a blueprint for adventurous souls in search of new summits."--Amazon.com

Wanderlust USA

An ideal sanctuary and a dream come true—that's what Margaret Lane feels as she takes in God's gorgeous handiwork in Mount Rainier National Park. It's 1927 and the National Park Service is in its youth when Margie, an avid naturalist, lands a coveted position alongside the park rangers living and working in the unrivaled splendor of Mount Rainier's long shadow. But Chief Ranger Ford Brayden is still haunted by his father's death on the mountain, and the ranger takes his work managing the park and its crowd of visitors seriously. The job of watching over an idealistic senator's daughter with few practical survival skills seems a waste of resources. When Margie's former fiancé sets his mind on developing the Paradise Inn and its surroundings into a tourist playground, the plans might put more than the park's pristine beauty in danger. What will Margie and Ford sacrifice to preserve the splendor and simplicity of the wilderness they both love? Karen Barnett's vintage national parks novels bring to vivid life President Theodore Roosevelt's vision for protected lands, when he wrote in *Outdoor Pastimes of an American Hunter*: "There can be nothing in the world more beautiful than the Yosemite, the groves of the giant sequoias and redwoods, the Canyon of the Colorado, the Canyon of the Yellowstone, the Three Tetons; and our people should see to it that they are preserved for their children and their children's children forever, with their majestic beauty all unmarred."

Backpacker

On January 1 of 2016, Stefanie Payne, a creative professional working at NASA Headquarters, and Jonathan Irish, a photographer with National Geographic, left their lives in Washington, D.C. and hit the open road on an expedition to explore and document all 59 of America's national parks during the centennial celebration of the U.S. National Park Service - 59 parks in 52 weeks - the Greatest American Road Trip. Captured in more than 300,000 digital photographs, written stories, and videos shared by the national and international media, their project resulted in an incredible view of America's National Park System seen in its 100th year. 'A Year in the National Parks, The Greatest American Road Trip' is a gorgeous visual journey through our cherished public lands, detailing a rich tapestry of what makes each park special, as seen along an epic journey to visit them all within one special celebratory year.

The Road to Paradise

****NOTE:** This is the color copy of the book. There is also a less expensive and smaller black and white edition for purchase (search for ISBN: 1980326142)******Are you wondering where to take your little one (ages 18 months-6 years) hiking in around Vancouver, Washington? Tired of the same old paved trails and looking for something that is less risky for kiddos but also fun for us adults? Want some tips on how to build hiking confidence and skills, all while engaging with your kiddos in nature? Well read on! I've written this book to help local families in Southwest Washington find non-paved hikes that are not only skill-appropriate and confidence-building for their little kids but are also interesting to us as adults. This book includes hikes of different skill levels and is meant to give you options as kids' hiking skills develop. Each hike entry also has trail-specific tips and interesting facts that will help you engage with your kiddos on that particular trail. This book is appropriate for newbie hikers and avid hikers alike. You'll need to do your own research on gear and assessing your own skills but I do offer some ideas on how to get started. Thankfully, there is a wealth of information online about how to get out hiking with your kids, what to wear, and gear to buy. The information lacking seems to be WHERE TO GO! This book covers urban and wilderness hikes, year round and seasonal hikes, hikes high up in the mountains, deep in the forest, and along waterways. I'm excited to share my family's passion with others and inspire you to get out with your kids and explore!

A Year in the National Parks

On May 16, 2002, Phil and Susan Ershler reached the top of Mt. Everest and became the first couple in history to scale the fabled Seven Summits. What made their achievement all the more remarkable was that Susan was not a mountain climber, but a high-powered Fortune 500 executive who had never hiked or climbed until she met Phil at the age of 36. Phil, a professional mountain guide who was the first American to summit Everest from its treacherous north face, had climbed his whole life with Crohn's disease, a chronic, debilitating illness. Adding to these challenges, just before their final summit, Phil was diagnosed with colon cancer, and the resulting surgeries and complications were expected to end his career. This is Susan and Phil's story: a tale of love set in the mountains, a story of triumphal highs and devastating lows in quest of a seemingly impossible dream.

Little Feet Hiking (COLOR COPY)

Bordered by the Himalaya on the south and the Karakoram on the west, Tibet offers trekkers an experience like no other. In this updated edition of *Trekking in Tibet*, McCue prepares us for a sojourn into this mystical, other-worldly land presenting detailed discussions of pre-trip planning, the most rewarding treks, as well as an educational glimpse into the country's history and culture.

Together on Top of the World

Lace up your boots and head into Oregon's remote Wallowa Mountains. Explore this wonderland of more than fifty glacial lakes, miles of streams designated as National Wild and Scenic Rivers, hundreds of soaring peaks, and open meadows with elk, deer, bighorn sheep, coyote, black bear, and cougar. Climb Aneroid, Chief Joseph, and Matterhorn Mountains; hike the Eagle River, Cliff Creek, and Deadman Canyon; or visit Razz, Blue, and Bonny Lakes. Veteran hiker and outdoor writer Fred Barstad will introduce you to these trails and many more. Inside you'll find: up-to-date trail information; maps, photos, and elevation profiles; information on bears and cougars; difficulty, maintenance, and traffic ratings for each hike; access information to the Dihedrals climbing area. Whether you are planning a day hike or an extended backpacking trip, you'll find trails suited to every ability and interest in Oregon's Eagle Cap Wilderness.

Trekking in Tibet

Are you a night owl looking to make stunning images of streetscapes, fireworks, or the night sky? Do you like to bend time with long exposure photography? Do star trails or lightning strikes inspire you? Then this book is for you! In *Night Photography: From Snapshots to Great Shots*, photographer Gabriel Biderman brings you the basics of digital night photography—exposure, composition, and light—and how to scout and capture different nocturnal locations once the sun goes down. Gabriel will help you understand the fundamentals and bring your unique artistic expression to any night situation. In this beautifully illustrated guide you will: Focus in the dark and master basic composition rules—and know when to break them Understand metering and switch to manual mode for more control over your

exposure Set white balance, understand color temperature, and add flash or slow sync Explore color, light painting, and creative ways to play with light in your images Learn what gear works best for your style of shooting and strategies for operating your equipment in the dark Discover expert techniques for post-processing your nighttime images in Lightroom and Photoshop Beautifully illustrated with large, compelling photos, this book teaches you how to take control of your photography to get the image you want every time. And once you have the shot, show it off and join the book's Flickr group: www.flickr.com/groups/night_fromsnapshotstogreatshots

Hiking Oregon's Eagle Cap Wilderness

CLICK HERE to download the first 50 pages from Climbing the Seven Summits * First and only guidebook to climbing all Seven Summits * Full color with 125 photographs and 24 maps including a map for each summit route * Essential information on primary climbing routes and travel logistics for mountaineers, with historical and cultural anecdotes for armchair readers Aconcagua. Denali. Elbrus. Everest. Kilimanjaro. Kosciuszko. Vinson. To a climber, these mountains are known as the Seven Summits* -- the highest peaks on each continent. If you've ever dreamed of climbing Denali or Everest, or joining the even more exclusive "Seven Summiters " club, then Climbing the Seven Summits is the guidebook you need to turn your dream into reality. With Mike Hamill as your guide, you will discover different approaches to tackling the list, as well as details on what you'll need to plan an expedition and what to expect from each climb. For each mountain you'll learn about documents and immunizations, expedition costs, training, guiding options, climbing styles, best seasons, essential gear, day-by-day itineraries, summit routes, maps showing approaches and camps, regional natural history, cultural notes, and even post-climb activities like going on safari in Africa or wine-touring in South America. Throughout you'll also find helpful and inspiring stories from the likes of Conrad Anker, Vern Tejas, Damien Gildea, Eric Simonson, and other famed climbers. Special insider tips from Hamill, based on his years of experience, as well as full-color photographs of each peak round out this collectible guidebook. And, because there remains some controversy about whether Kosciuszko in Australia or Carstenz Pyramid on the island of New Guinea is the "seventh summit," this guidebook to the Seven Summits actually covers eight mountains! *Within mountaineering circles there is debate over which peaks are considered the official Seven Summits. For the purposes of this guidebook, the Seven Summits are based on the continental model used in Western Europe, the United States, and Australia, also referred to as the 'Bass list.'

Night Photography

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Climbing the Seven Summits

A hiking and exploring guidebook to the areas that surround Bend, Oregon. Features hikes, hot springs, canyons, caves, waterfalls, lakes, and lavalands.

Oh, Ranger! a Book about the National Parks

John Muir (1838–1914) ranks among America's most important and influential environmentalists and nature writers. Devoted to the preservation of wilderness areas, Muir founded the Sierra Club and was active in the establishment of Yosemite National Park. Our National Parks, originally published in 1901, includes ten articles that previously appeared in The Atlantic Monthly. Muir wrote them in hopes of exciting interest in the parks, certain that visitors would fall in love with the scenic grandeur as he had—and that their enthusiasm would ensure the parks' preservation. Six of this volume's ten chapters are devoted to Muir's beloved Yosemite, exploring the forests, fountains, streams, and animals of the Sierra Nevada. The great naturalist also visits the meadows, geysers, waterfalls, and lakes of other parks, including Yellowstone, Sequoia, and General Grant. Muir's warmth and humor brighten every

page, and vintage photographs provide atmospheric accompaniment to his words. These essays are essential reading for anyone wishing to visit (or revisit) the national parks of the Western United States as well as those who want to help protect America's wilderness areas.
