The Belfast Witch

Belfast, Ireland- the year 1799. One year has passed since Ireland's five-month revolution failed to secure independence for Ireland from the authority of King George III and Mr. Pitt's government. However, while the Irish lost their bid for freedom, their desire to be free has not gone away. In some ways, it has increased. The infamy of William Orr's trial and execution is still known everywhere throughout the country. Divisions between nationality and religion define the country. In the north, the province of Ulster houses the wealthy lords loyal to the English throne. The southern provinces of Ireland house the poor farmers who seek freedom. There is also a divide between English Protestantism and Irish Catholicism. All of these groups are present in the city of Belfast when Harry Glazer arrives from Scotland Yard to investigate the deaths of eight members of the Irish Parliament. Both the King and the Prime Minister of England secretly fear that another type of revolution has begun, a more insidious type of revolution: one where English loyalists are assassinated by forces that prefer to operate in anonymity. England fears that it may be dealing with an organization dedicated to spreading terror wherever possible. In order to discover the truth behind these deaths, Harry must discover whether the deaths were accidental, intentional, or natural. He must delve into the pasts of one member of parliament who appeared to lived two different lives- one in which he was a radical, the other in which he was a quiet back bencher who never made any friends while in public office. Suddenly, it is no longer a question of who wanted to kill the MP; instead, the question is, who didn't want to kill him...

The White Coven Belfast

Witch power is a phenomenon recognized to have existed for thousands of years. Its true origins lost in the distant past. The witches who survive today keep their existence hidden to remain useful to the continued development of the human species. With ages spanning centuries, some are now as old as the oldest trees, some older. Not that you would notice as they retain the physical appearance of youth. Grace Penny. Now five hundred years old looks no more than a mid-twenties something. As High Priestess of the White Coven Belfast. She has been the United Kingdom's northern protector against the mysterious supernatural black long enough to sense when an impending attack is imminent. Together with her sisters Venetia and Vienna they lock horns with disciples from the black as they attempt to gain a foothold in our dimension.

Possessed By the Devil

In 1711, in County Antrim, eight women were put on trial accused of orchestrating the demonic possession of young Mary Dunbar, and the haunting and supernatural murder of a local clergyman's wife. Mary Dunbar was the star witness in this trial, and the women were, by the standards of the time, believable witches – they smoked, they drank, they just did not look right. With echoes of Arthur Miller's

The Crucible and the Salem witch-hunt, this is a story of murder, of hysteria, and of how the 'witch craze' that claimed over 40,000 lives in Europe played out on Irish shores.

Witchcraft and Magic in Ireland

This is the first academic overview of witchcraft and popular magic in Ireland and spans the medieval to the modern period. Based on a wide range of un-used and under-used primary source material, and taking account of denominational difference between Catholic and Protestant, it provides a detailed account of witchcraft trials and accusation.

The Famine Witch

Belfast, 1847. They would come to call it Black '47. A town on the brink, ravaged by the Great Hunger sweeping across the island of Ireland. A town living in fear as a crazed killer stalks the streets at night, butchering young women. They call him Bloody Hands. Amidst the chaos, nineteen-year-old Maggie Malone and her young brother, Jinks, fight to survive each day. But there is worse to come when a mysterious ship limps into port, having miraculously emerged from a savage storm. A ship carrying death itself, summoned by a malevolent force that has haunted the mountain overlooking Belfast for centuries, hellbent on devastation and ruin. They call her The Black Lady. Maggie and Jinks become unwitting pawns as Bloody Hands and The Black Lady take their ancient feud to new levels of barbarism, threatening the future of Belfast and its hapless population. Can Maggie unlock the dormant power within her and save Belfast from toppling into the abyss? Can she transform into the savior that the people so desperately need? Can she become The Famine Witch?

Representing Magic in Modern Ireland

This Element argues that Ireland did not experience a disenchanted modernity, nor a decline in magic. It suggests that beliefs, practices and traditions concerning witchcraft and magic developed and adapted to modernity to retain cultural currency until the end of the twentieth century. This analysis provides the backdrop for the first systematic exploration of how historic Irish trials of witches and cunning-folk were represented by historians, antiquarians, journalists, dramatists, poets, and novelists in Ireland between the late eighteenth and late twentieth century. It is demonstrated that this work created an accepted narrative of Irish witchcraft and magic which glossed over, ignored, or obscured the depth of belief in witchcraft, both in the past and in contemporary society. Collectively, their work gendered Irish witchcraft, created a myth of a disenchanted, modern Ireland, and reinforced competing views of Irishness and Irish identity. These long-held stereotypes were only challenged in the late twentieth-century.

Witchcraft in Ireland

By the spring of 1645, civil war had exacted a terrible toll upon England. Disease was rife, apocalyptic omens appeared in the skies, and idolators detected in every shire. In a remote corner of Essex, two obscure gentlemen began interrogating women suspected of witchcraft, triggering the most brutal witch-hunt in English history. *Witchfinders* is a spellbinding study of how Matthew Hopkins, 'the Witchfinder General', and John Stearne extended their campaign across East Anglia, driven by godly zeal. Exploiting the anxiety and lawlessness of the times, and cheered on by ordinary folk, they extracted confessions of satanic pacts resulting in scores of executions.

Irish Witchcraft and Demonology

Don't miss the brand-new chilling gothic thriller from the bestselling author . . .

Witchfinders

Between 1645-7, John Stearne led the most significant outbreak of witch-hunting in England. As accusations of witchcraft spread across East Anglia, Stearne and Matthew Hopkins were enlisted by villagers to identify and eradicate witches. After the trials finally subsided in 1648, Stearne wrote his only publication, *A confirmation and discovery of witchcraft*, but it had a limited readership. Consequently, Stearne and his work fell into obscurity until the 1800s, and were greatly overshadowed by Hopkins and his text. This book is the first study which analyses Stearne's publication and contextualises his ideas within early modern intellectual cultures of religion, demonology, gender, science, and print in order to better understand the witch-finder's beliefs and motives. The book argues that Stearne was a

key player in the trials, that he was not a mainstream 'puritan', and that his witch-finding availed from contemporary science. It traces A confirmation's reception history from 1648 to modern day and argues that the lack of research focusing on Stearne has resulted in misrepresentations of the witch-finder in the historiography of witchcraft. This book redresses the imbalance and seeks to provide an alternative reading of the East Anglian witch-hunt and of England's premier witch-hunter, John Stearne.

The Lighthouse Witches

THE LATEST KITT HARTLEY MYSTERY, SET IN THE HEART OF YORKSHIRE A serial killer is loose in Yorkshire, and has claimed three victims in three months. Eleven days before each murder, a large purple V is painted on the front door of the victim's house. The victims, all of whom have some association with the occult, are found drained of blood with two red marks on their neck. When RUBY BARNETT comes home one evening to find a large purple V on her front door, it becomes clear she is the so-called Vampire Killer's next victim. Private Investigators KITT HARTLEY and GRACE EDWARDS have just eleven days to solve the mystery and save Ruby's life. The clock is ticking . . . PRAISE FOR THE KITT HARTLEY SERIES 'Brilliantly funny and charming' Northern Life 'Unique and atmospheric' Woman Magazine 'One to get your teeth into' Candis

CRESCENT WITCHES

An important collection of essays that use a variety of different approaches and sources to uncover the continued relevance of witchcraft and magic in nineteenth and twentieth-century Europe.

John Stearne's Confirmation and Discovery of Witchcraft

Stories and witches and witchcraft in Yorkshire.

A Witch Hunt in Whitby

Inspired by true events, this vivid and moving story of a young woman zookeeper and the elephant she's compelled to protect through the German blitz of Belfast during WWII speaks to not only the tragedy of the times, but also to the ongoing sectarian tensions that still exist in Northern Ireland today—perfect for readers of historical and literary fiction alike. Belfast, October 1940. Twenty-year-old zookeeper Hettie Quin arrives at the city docks in time to meet her new charge: an orphaned three-year-old Indian elephant named Violet. As Violet adjusts to her new solitary life in captivity and Hettie mourns the recent loss of her sister and the abandonment of her father, new storm clouds gather. A world war rages, threatening a city already reeling from escalating tensions between British Loyalists and those fighting for a free and unified Ireland. The relative peace is shattered by air-raid sirens on the evening of Easter Tuesday 1941. Over the course of the next five hours, hundreds of bombs rain down upon Belfast, claiming almost a thousand lives and decimating the city. Dodging the debris and carnage of the Luftwaffe attack, Hettie runs to the zoo to make sure that Violet is unharmed. The harrowing ordeal and ensuing aftermath set the pair on a surprising path that highlights the indelible, singular bond that often brings mankind and animals together during horrifying times. Inspired by a largely forgotten chapter of World War II, S. Kirk Walsh deftly renders the changing relationship between Hettie and Violet, and their growing dependence on each other for survival and solace. The Elephant of Belfast is a complicated and beguiling portrait of hope and resilience—and how love can sustain us during the darkest moments of our lives.

The Witch of Inverness and the Fairies of Tomnahurich

From Parks and Recreation star Aubrey Plaza and creative partner Dan Murphy comes the long lost tale of the Christmas Witch, Santa Claus's much misunderstood twin sister. The perfect gift for the holiday season and beyond! Gather 'round the fire to hear a Christmas legend that has never been told before...until now. Each year a mysterious figure sweeps into town, leaving behind strange gifts in the night. No, not Santa Claus, but his sister... The Christmas Witch. Her story begins many, many years ago when her brother was torn away from her as a child. Raised alone by a witch of the woods, Kristtörn's powers of magic grew, as did her temper. Determined to find her long lost twin, she set out on a perilous journey across oceans to find him. But what she found instead was a deep-seated fear of her powers and a confrontation that would leave the fate of Christmas hanging in the balance. From award-winning producer and actress Aubrey Plaza and her creative partner Dan Murphy comes

a holiday story unlike any told before. With all the richness of classic folklore, they've woven a tale of bravery, love and magic. Whatever you thought you knew about Christmas...think again.

Witchcraft Continued

A novelette based on a true story of Witchcraft in the Scottish Orkney Islands during a dark period of the 1600s. Janet Forsyth played a heroes part in saving a ship and crew from certain death...She was tried as a witch...two hundred years later she would have been hailed a hero not unlike the hugely popular Grace Darling. Folk tales have always existed in island and rural communities, where witchcraft and sorcery was part of everyday life for centuries. Magical powers were considered part of the general lifestyle and were not questioned. Attitudes gradually changed towards those who did not conform with increasing religious beliefs and witch-hunts began in the 1550s. In Scotland it is estimated between four thousand and six thousand people, mostly from the Lowlands were tried and executed for witchcraft between 1590 - 1660. Seventy five percent of the accused were women. Lying off the north coast of Scotland, the Orkney Islands (often referred to as the centre of civilisation in Neolithic times) were host to an intensive period of witch trials. From 1615 until 1645, sixty eight (a high percentage of the population at the time) were condemned to death, 90% were women.

Yorkshire Witches

A tragic tale of friendship, passion and betrayal set against the backdrop of the Pendle witch trials of 1612, one of the most famous witch trials in English history. Scandalised as a young woman after being accused of seducing Tom Lister, a gentleman's son, Jennet Preston's life is filled with shame and hardship. An outcast in her own village, she befriends the Device family in Blacko, and she is quickly embroiled in their world of folk magic and superstition, of old family feuds and dangerous reputations. When fate intervenes to reunite her with Tom, Jennet risks everything for love and happiness, but when tragedy strikes Jennet finds that she is vulnerable to accusations for which she could pay the ultimate price. The Gisburn Witch is a novel about falling in love with the wrong person, making the wrong friends, and being in the wrong place at the wrong time.

The Belfast Monthly Magazine

"From Macbeth to The Wizard of Oz, from the hysteria of witch trials to emblems of 20th-century female empowerment, no matter how she is portrayed, the witch is an enduring source of fear and fascination. In this study, Diane Purkiss investigates the diverse interpretations and meanings attributed to the figure of the witch, encompassing a wide range of cultural norms which include Canonical literature, such as Shelley and Yeats, visual arts, fairy tales, folklore and real-life witch stories. Also considered are pornography and sado-masochism, film, from the classic Swedish Haxan to The Witches of Eastwick, and the stage, including Shakespeare and Jonson."--GoogleBooks.

The House Where it Happened

Revivalist Jonas Clark discusses what he calls spiritual witchcraft, identifying its character, its weapons, its methods, and ways that Christians can combat it.

The Elephant of Belfast

Walkern, 1712. England has been free from witch-hunts for decades until Jane Wenham is blamed for a tragic death and charged with witchcraft. A terrifying ordeal begins, as the village is torn between those who want to save Jane's life and those who claim they want to save her soul. Inspired by events in a Hertfordshire village, the play explores sex and society's hunger to find and create witches. Rebecca Lenkiewicz's Jane Wenham: The Witch of Walkern premiered at Watford Palace Theatre before going on UK tour in September 2015, in an Out of Joint, Watford Palace Theatre and Arcola Theatre co-production, in association with Eastern Angles.

Witch Stories

"Bringing together twelve studies, this book provides an overview of the key issues of on-going interest in the study of Scottish witchcraft. The authors tackle various aspects of the question of witches; considering how people came to be considered 'witches', with new insights into the centrality of neighbourhood quarrels and misfortune; and delving into folk belief and various acts of witchcraft. It also examines the practice of witch-hunting, the 'urban geography' of witch-hunting, Scotland's international

witch-hunting connections and brings fresh insights to the much-studied North Berwick witchcraft panic. Reconstructions of the brutal and ceremonial punishments inflicted on 'witches' offers a gruesome but compelling reminder of the importance of the subject"--

Scottish Witches and Witch-Hunters

Let warlocks grim, an wither'd hags, Tell, how wi you, on ragweed nags, They skim the muirs an dizzy crags, Wi wicked speed; And in kirkyards renew thier leagues, Owre howkit dead. Robert Burns's famous poem "Address to the Deil" describes the hag-like appearance and demonic presence that for most people epitomizes the image of the witch. But just what is a witch, and who are the figures that Scotland has accused of witchcraft? Scottish Witches aims to explain. All over Europe in the 16th and 17th centuries a wave of paranoia and hysteria was taking hold. All the ills of society were blamed on witchcraft, and Scotland did not escape this obsession with the supernatural. This book gives the stories of Scotland's witches, the accused, the confessed, the trials, and the superstitions. This fascinating book will also explain about the beliefs of modern white witches and the place of Wicca in society today.

The Mythology and History of Witchcraft

Katharine Briggs enjoys an unchallenged reputation in the world of folklore studies. The theme of this volume, the witch figure as a malevolent intermediary in folk belief, was chosen to reflect that aspect of Briggs's scholarship exemplified in her study of witchcraft, *Pale Hecate's Team*. The contributors draw on the disciplines of archaeology, comparative religion, sociology and literature and include: Carmen Blacker, H.R. Ellis Davidson, Margaret Dean-Smith, L.V. Grinsell, Christina Hole, Venetia Newall, Geoffrey Parrinder, Anne Ross, Jacqueline Simpson, Beatrice White, John Widdowson.

The True Story vs. Myth of Witchcraft

Irish Witchcraft and Demonology is an excellent source book of the witch persecution in Ireland, as well as a wide range of other paranormal events such as poltergeists, ghosts, and even an early UFO account. This book is a well documented reader with extensive and fascinating quotes from historical source documents.

The book is formatted for your eReader with a functional and detailed table of contents: Introduction: The Superstitions of Witchcraft The Devil in Britain and America Witchcraft in Europe: History of Magic and Witchcraft: Magic and Witchcraft Lives of the Necromancers Witch, Warlock, and Magician Irish Witchcraft and Demonology Practitioners of Magic & Witchcraft and Clairvoyance Mary Schweidler, the Amber Witch Sidonia, the Sorceress La Sorcière: The Witch of the Middle Ages Tales & Legends: Witchcraft & Second Sight in the Highlands & Islands of Scotland Witch Stories Studies: The Witch Mania The Witch-cult in Western Europe Witchcraft and Superstitious Record in the South-Western District of Scotland Modern Magic Witchcraft in America: Salem Trials: The Wonders of the Invisible World Salem Witchcraft Salem Witchcraft and Cotton Mather A Short History of the Salem Village Witchcraft Trials An Account of the Witchcraft Delusion at Salem in 1682 House of John Procter, Witchcraft Martyr, 1692 Studies: The Salem Witchcraft, the Planchette Mystery, and Modern Spiritualism The Witchcraft Delusion in Colonial Connecticut (1647-1697) Witchcraft of New England Explained by Modern Spiritualism On Witchcraft: Glimpses of the Supernatural – Witchcraft and Necromancy Letters On Demonology And Witchcraft

The Book of Witchcraft

This book was written by John Stearne (Sterne) and is his sole publication. He was closely associated with Witch-Finder General Matthew Hopkins and participated in an intense campaign between 1645 and 1647. oh of whom were professionals and not indifferent to profit and notoriety. Stearne was labelled a puritan and the book pays close attention to biblical texts.

The Great Book of Witchcraft

In this work the history of Irish witchcraft is lined up with the trials that followed and the convictions that followed. Also included are the basic beliefs in demonology and the occult that the locals believed in and held to in the day.

The Mystery of Witchcraft - History, Mythology & Art

Scottish Witches
