Finding Community in Conflict

What is the faulty definition of Community?

And before you start thinking pillow fights and late nights drinking chai tea...

Let me tell who I am...

Conflict does not mean fighting

Are you thinking: "Good for you Catherine." That does not work for me.

Listen to understand, not just respond

Empathize with the person

Be honest

What can I learn from this right now?

Acknowledge you could be wrong

Always ask: "What would you like to learn about you/story?"

Admit you are human and make mistakes but

Are willing to do BETTER
