Intro

This episode is one of the most important I've ever created

What is trauma anyway?

Do you recognize yourself in these signs of past trauma?

Getting honest: my personal story

What happens to me when I hear the sound of crunchy snow (and how this applies to you)

Do you have to remember trauma to heal from it?

If I have little-T trauma, does that mean my parents are to blame?

This is what your nervous system is (and it's not what I used to think)

You have the power to heal your trauma

Here's why your triggers were helpful then and why they're not now

How can you get yourself out of survival mode and start to focus again?

The difference between your two nervous systems

Six takeaways to help you switch from fight or flight to rest and recovery

You have the ability to heal yourself

The power is inside of you

Our responses are not to what happens, but to our perception of what happens.

Setting intentions in life is crucial for personal growth and well-being.

Reframing difficulties as learning opportunities empowers personal growth and healing.

No matter the state of mind or experience, reconnecting with our true selves is possible and transformative.

Trauma and disconnection are not just individual issues, but also societal and multigenerational challenges that require broad exploration and understanding.
