The Church of the Thessalonians

Work of Faith

Faith Love and Hope

He Says No this Is the Power of the Holy Spirit It Was More than Just an Impersonal Force It Was
a Person Who Had Come and Regenerated Their Heart and Dwelled Their Heart and Now through
Them Was Crying Out Abba Father the Holy Spirit and Then He Goes On and He Says Also and with
Full Conviction So on the Preacher Side Paul Recognized Hold It When We Preached You Something
Happened to Us a Power Was Flowing through Us That Was More than Just Words It Was an Unusual
Work of God and It Was the Work of the Holy Spirit Now some People Will Take this Word Power and
Say It Meant Paul Was Performing Miracles No if Heda Meant that He Uses the Word Dunamis
Now that Doesn't Mean that He Developed Morally before Them but the Kind of Men That They
Became before the Eyes of the Thessalonians When They First Came In To Thessalonica They
Were Different than Anyone Else They Didn't Wear Unusual Clothes or Anything like that There Are
Peripatetic Teachers It's a Traveling Teacher the World Was Filled with Travelling Teachers all Sorts
of Philosophers and Stoics and Epicureans and every Sort of False Prophet You Could Imagine and
Now Here Comes to a Few More into the Market as though We Don't Already Have Enough Crazy
People

Because a Mime What He Is Doing Is Something External Something Foreign to Himself He's
Play-Acting There's Nothing inside He's Doing an Outward Demonstration of Something That's Not
a Reality in His Life He's Really Not Trapped behind Glass Do You See and So When They Begin To
Mimic To Be Imitators of Paul and those Who Traveled with Him It Was because of an Inward Reality
That Was Beginning To Manifest Itself Outwardly He Says You Became They Didn't Start Off but They
Became and There's a Definite Idea Here It's Not Talking about Progress

And Then It Does Something Kind Of Strange and of the Lord Now Look at What It Doesn't Say It
Doesn't Say You Became Imitators of Us and the Lord It's Not What Says They Throw that Preposition
in You Became Imitators of Us and of the Lord Now Why Are They Doing that Paul Is Drawing As
Much Distance as He Possibly Can between Himself and His Fellow Co-Laborers and Jesus Christ
He's Not Saying You Became Imitators of Us and the Lord Putting Him and His Fellow Co-Workers

on the Same Level with Jesus That's Not What He's Doing in the Greek Text It's Very Very Clear He's Making a Separation He's Saying this When You First Started Out and You Were Babies in the Faith He Says You Became Imitators of Us and of the Lord How Did They Imitate the Lord Well How Did Even Paul Imitate the Lord He Didn't Walk with the Lord Three Years like the Other Apostles It Tells Us and I Believe this Is True and It's Something That's Missing among Especially Reformed Guys So I Want You To Listen to Me I Believe that Pre-Eminently What Was Preached Was the Gospel of Jesus Christ Now that Goes without Saying that the Transmission of Tradition Was Pre-Eminently the Gospel the Gospel the Gospel

So that We Can Imitate Him Instead of Even among Us Running Around with all Kinds of Cliches and Banners That Literally Are Meaningless What Did He Look like Morally What Did He Act like What Did He-Yes Pre-Eminently the Gospel but Then the Imitation of this Person Now I Want You To See So Also You Became You Also Became Imitators of Us and of the Lord and Then It Says Having Received the Word in Much Tribulation with the Joy of the Holy Spirit Now this Is Very Important You Would Think He Would Put Receiving

And Then It Says Having Received the Word in Much Tribulation with the Joy of the Holy Spirit Now this Is Very Important You Would Think He Would Put Receiving the Word in Front of Imitation because that's the Logical Order Isn't It Even Chronologically Well You Receive the Word and You Became Imitators of Us but He Flips It around He's Making It Clear to Us that all Imitation Flows out of Receiving the Word Which Is the Gospel but He's Basically Saying I Know You Received the Gospel because You Became Imitators

I Know You're a Christian because You Say You Believed the Gospel Paul Is Reversing that I Know You're Christian because You Became Imitators of Us and Started Walking on that Way with Us To Imitate Christ It Just Puts an End to Superficiality Doesn't It Now He Goes on Having Received the Word the Word in this Context Is the Gospel in Much Tribulation and with the Joy of the Holy Spirit this Word Tribulation the Leafies Is It's Not a Mild Discomfort It's Severe Suffering and Affliction Remember Jason How He Was Dragged Out by the People Remember the Riots That Happened if You Read the Book of Acts Correctly

This Is a Phenomenal Thing That We See Here the Joy of the Holy Spirit Neil Refers to this Is the Perennial Christian Paradox How Can Someone Be like a Lamb Led to the Slaughter and Yet Have Joy Now You're Going To See At Least at this Moment before We Go on Why Their Testimony Had So Much Power It Was Literally Baffling Extraordinary Mine Boggling so that the People in Thessalonica Who Actually Witnessed What Was Going on When They Would Travel Abroad into any Other Part of the World They Say You're Not Going To Believe What's Going On There Is this Sect

And Then He Says in Verse Eight He Says for the Word of the Lord Has Sounded Forth from You Now Have You Noticed Anything Strange There Word of the Lord Where Have You Heard that before that's Prophetic Utterance That's Old Testament Here the Word of the Lord Thus Says the Lord and So What Does the Apostle Paul Doing He Is Putting the Gospel on this Same Level as the Word of the Lord and Demonstrating Its Authority and that's Why We as Preachers Can Preach this Message with Boldness because It's Not Our Opinion We're Not Philosophers

Here the Word of the Lord Thus Says the Lord and So What Does the Apostle Paul Doing He Is Putting the Gospel on this Same Level as the Word of the Lord and Demonstrating Its Authority and that's Why We as Preachers Can Preach this Message with Boldness because It's Not Our Opinion We're Not Philosophers Who Just Sat Down and Figured Out a Better Way It's Not Something That We're Willing To Adjust because It Flows from Our Own Thinking No It Is the Word of the Lord Therefore We CanNot Compromise We CanNot Make a Truce with any Other Lesser Message and that's Why the World Hates Us He Says for the Word of the Lord Has Sounded Forth from You It Has Been Translated this Way It Rang Out like the Ringing of Bells Violently It Sounded Forth from You another Way of Interpreting

And Then It Says the Word of the Lord Has Sounded Forth from You and Then It Says in every Place Your Faith toward God Has Gone Forth It's Two Sides the Same Coin the Word of the Lord and Their Faith both those Things Combined Were Transforming the World around Them the Word Being Preached and People Seeing the Faith of these these Believers We're Almost Closing Do You See How Powerful this Is Do You See this Brothers this Is Powerful this Is Convicting but Not Convicting unto Death Not Convicting unto Sorrow Convicting unto Joy because We've Looked at the Promises We Have the Same Promises

Christology and the Spreading of Sahaja Yoga

This book deals with the conversion to a new religious movement: Sahaja Yoga. It tries to reveal the most important aspects of the conversion to the movement. The first intention of the work was to reveal how a specific interpretation of Jesus Christ, who is embedded in doctrine of Sahaja Yoga, helps newcomers to identify themselves with this new religious movement. On the contrary, it was found out during field research that his importance is irrelevant. It was necessary to set a new assumption which would have answered the question: what was the most important factor for conversion to this movement? The answer is inside.

One Christ--Many Religions

Here is a wise, radical, and illuminating book on the obstacles that a rigid interpretation of orthodox christological doctrines presents to dialogue with persons of other faiths. One Christ--Many Religions examines religious pluralism today and, in the light of its implications for the global community, suggests the contours of a revised christology more credible to Christians and their neighbors of other faiths. Samartha argues that the problem with the christological dogmas of the first Ecumenical Councils is not their truth so much as their interpretation, and the un-Christian zealotry they seem to engender in Christians. Sensitive to charges of sentiments of racial and cultural superiority that stem from Christians believing themselves uniquely authorized agents of God, Samartha challenges us to admit the truth of these accusations, and to revise our understanding of Jesus. Without such christological revisions, Samartha fears, Christianity may cease to be Christian, may become enfeebled in the pursuit of justice for the oppressed, alienated from the deeper challenge of Jesus, sealed off from the truths of other religions, and, ultimately, may be barred from experiencing the rich and mysterious encounter of God.

Jesus Christ and Yoga

Only through spirituality can man's meanness and smallness be conquered and his divine nature manifested. To transform materialistic influences requires a gigantic spiritual effort and living spiritual inspiration. This can only be achieved by a great spiritual master. Jesus Christ, who, by millions of people is regarded as an incarnation of God, came into our world to teach us spiritual truths by which we can be free from bondage and attain immortality. His teaching does not consist of mere words but is based on his own realization in silent prayer. His spirituality was not like something grafted on his personality; reality and strength were exhibited in his mode of life and his activities. He came to this world as the Divine Light to show the path which leads to God to human beings who forgot about him in their

deep immersion in the vast ocean of worldliness. His spiritual life inspires us. This book is an attempt to study the teachings and activities of Jesus Christ for our spiritual development. Interreligious learning is the norm today, and we have much to learn from how people in other faiths see and interpret even our most fundamental and treasured beliefs. But we need to learn well; we need stellar examples of deep learning. Shyam Sundar Goswami's *Jesus Christ and Yoga* goes deep into the mystery of Jesus in great detail and with great imagination, drawing on every resource available to the Goswami. Jesus is seen differently indeed from this fresh perspective—even as yoga itself is transformed in the light of Christ the great yogi. Goswami's classic study, accessible once more, is now more timely than ever. Francis X. Clooney, SJ, Parkman Professor of Divinity, Harvard University Sri Goswami's remarkable familiarity with the teachings of Jesus, and his citations of corresponding teachings by the seers of ancient India, offer a significant learning experience for both Christians and members of Eastern religions. The notable resonance, albeit not complete, between classical yoga teaching and aspects of Christian theology and spiritual practice takes yoga far beyond being just a physical "feel-good experience" into being a means for acquiring divine knowledge and deepening one's relationship with God. Fr. Thomas Ryan, CSP, author of *Prayer of Heart and Body, Meditation and Yoga as Christian Spiritual Practice*

God Incarnate

This galvanizing book, presenting the teachings of Christ from the experience and perspective of Paramhansa Yogananda, one of the greatest spiritual masters of the twentieth century, finally offers the fresh perspective on Christ's teachings for which the world has been waiting. This book presents us with an opportunity to understand and apply the Scriptures in a more reliable way than any other: by studying under those saints who have communed directly, in deep ecstasy, with Christ and God.

Revelations of Christ

Running throughout nearly all of the teachings and messages of Jesus, is to be found the constant Mystic Message regarding the existence of the Spirit within the soul of each individual—that Something Within to which all can turn in time of pain and trouble—that Guide and Monitor which stands ever ready to counsel, advise and direct if one opens himself to the Voice. "Seek ye first the Kingdom, and all things shall be added unto you." And, again, as if to explain: "The Kingdom of Heaven is within you." This is the Mystic Message which gives one a key to the Mysteries of the Inner Teachings. There is but one real Occult Philosophy, and we find it in evidence everywhere—once the Truth is grasped, it is found to be the Master Key with which to unlock the various doors leading to the esoteric phase of any and all religions or philosophies. The Yogi Fathers, centuries and centuries ago, solved the Riddle of the Universe, and the highest efforts of the human mind since that time have but corroborated, proven and exemplified the original Truth as voiced by these Venerable Sages. Let us read the words of Jesus in the light of this Ancient Wisdom.

The Sinlessness of Jesus

Power and Purpose In the Wounds of Jesus explains the significance of each of the injuries suffered by Jesus Christ during His crucifixion, revealing how He truly defeated the devil that day on Calvary. While reading about the tremendous suffering that He endured on our behalf, readers will learn the spiritual significance of each of Christ's wounds, Satan's purpose in inflicting them, and the blessing we receive as a result. By knowing the truth behind Jesus's wounds, readers will know they can overcome anything and prevail over everything because of this power that is within us.

Mystic Christianity

JESUS CHRIST, the founder of the New Faith called Christianity, is well known on all continents and respected by the followers of various religions. He was born in Palestine and spent His childhood there until the age of 12. There is no explanation in the Bible about where He was and what He did between the ages of 12 and 29. The Roman Church was aware of it, but has deliberately kept it a secret. He appears unexpectedly before the common people in Palestine one day as a preacher telling them about truth, principles and the purpose of life on earth in a manner they had not heard before. India was then the country of spirituality. Historical evidences say that Jesus arrived in India when He was fourteen years old. He visited and studied in the famous Hindu Temple of Jagannath in Puri, Orissa. Jesus also visited Benares and other Hindu holy places. He was compelled to leave Puri because He protested against the caste system and animal slaughter existing in the Hindu society. Later, He visited and studied in Buddhist monasteries in India, Nepal and Tibet. He became a master in Hindu scriptures

and Yoga. He preached His New Faith to the common people and was famous in those countries. He was a wanderer. When He was 29 years old, He returned to Palestine to fulfill His mission. The Church had known about His life in India and His new doctrine containing many parables that are popular in Hinduism and Buddhism. But no mention was made of them in the Bible. Why? Historical evidences indicate that Jesus did not die on the cross and escaped to Kashmir, India, where also He preached His New Faith as a respected holy man. He grew old and died in Kashmir. This book contains detailed information about how Jesus was saved from the cross and escaped to Kashmir and where the tombs of Mother Mary and Jesus can be found. Historical evidences are given in this book, based on the works of erudite scholars like N. Notovitch, K. N. Ahamad, M. A. Faruqui and Prof. F. Hassnain.

The Power of Jesus

This is an insightful analysis based on personal experience of Christian work among Hindus and the error and inadequacy of Western Christianity in the Hindu world. Numerous anecdotes are the greatest strength of this important book. "He presents the transcultural Good News in culturally understandable ways for the India of the 21st century." -H. Stanley Wood, Center for New Church Development, Columbia Theological Seminary

The Doctrine of Incarnation in Vaishnavism and Christianity

Two thousand years ago, a singular event changed the evolutionary pathway for humanity. It was the Christ event. The time has now come for the world to understand the real significance of the sacrifice that took place. This book will reveal that which has been hidden for all these centuries. Incarnating Christ is a book about mankind, earth, the nature of reality, and the truth about the mission of Jesus of Nazareth. If you are searching for a deeper relationship with and experience of The Christ, or if you simply want to know more about the truth of Christianity, this book is a wonderful journey. At the heart of this manuscript is extensive discussion about kundalini and the Holy Spirit and what they represent in the ascension of humanity and the planet itself. The author comes from the traditions of Eastern spirituality, having independently learned and trained in its practices, and he experienced the kundalini awakening. After some time growing in the kundalini ascension process he experienced a second awakening, to the truth of The Christ. Now he has traveled deep into the Christing Process which has taken him into direct experiences of the higher realities. Within this book, you will read about true Christianity as well as the author's journey towards the ascent of matter into spirit, and the mysteries of the Holy Spirit and the Christing Process. Power and Purpose in the Wounds of Jesus

JESUS CHRIST, the son of God, has millions of religious followers on all continents. Though He was very pious and even respected and accepted by other religions, for centuries many of His followers did not know some very important parts of His life were missing. The Roman Church was aware of them; but kept them secret from His followers on all continents. What was the reason? India was a country of many religions where the people were taught that each religion was a way to attain God. No other country in the history of mankind has given as much importance to religion as India has done. Hinduism and later Buddhism, the two important religions of India, played a big role in its history. These two religions taught their followers how to lead a peaceful and harmonious life. Hindu Yogis understood that the purpose of human life on earth is to get closer to God. They scientifically analyzed the human mind and brain in deep meditation and found a scientific way (Yoga) for a normal man to find God during his lifetime. In the Holy Bible there are hardly any references about Jesus between the age of 13 and 29 years. According to historical evidence He spent that time in India, learning Hindu scriptures and Yoga under famous Yogis in well known Hindu temples. He protested against the caste system and animal slaughter of Hindu religion, and He visited and studied in Buddhist monasteries in India, Nepal and Tibet before returning to Palestine when He was 29 years old. The Holy Bible teaches us about His crucifixion. This book explains how He was saved from the cross and escaped to Kashmir and where the tomb of His mother Mary and the tomb of Jesus Christ can be found. This book clarifies the historical facts, based on the work of famous personalities like Nicolas Notovitch, Khwaja Nazir Ahmad, Mumtaz Ahmad Faruqui and Professor Fida Hassnain.

Hindu View of Christ

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

JESUS' YEARS IN INDIA

Who is Jesus Christ today? Is He still the Messiah of the Gospels? Or is He the exalted, born again Gentile Jesus'? Does the Bible say that today, so long after his resurrection, we can still know Christ as He once was on earth? So, who is your Saviour now, Jesus the Messiah or the Lord of glory and grace from heaven? Has the church been wrong about who Jesus really is for nearly 2,000 years? This book answers these questions and uncovers many other surprises about who scripture reveals the Lord Jesus to really be today.

Living Water and Indian Bowl

Who is Jesus? In *The Third Jesus*, Deepak Chopra provides an answer that is both uplifting and challenging to current beliefs. There is not one Jesus, Chopra writes, but three. The first is the historical Jesus, the man of flesh and blood who lived more than two thousand years ago. The second Jesus is a person who never lived but is a figure created by the Church to represent thousands of years of theology and Church teaching. Behind these two images stands a third Jesus, the radical, mystical teacher who taught his followers how to change the world. In *The Third Jesus*, Chopra explores Jesus' original message, revealing a spiritual guide of profound depth and inspiration that speaks to anyone who believes in the importance of peace and love. By turning fresh eyes on the New Testament and returning to the essentials of Jesus' message, Chopra shows how the third Jesus can truly transform our lives—and humanity.

Jesus Purusha

The Excellency of Christ is a religious manifest by an American theologian Jonathan Edwards. In the book, Edwards speaks about who Christ is and what he has done is still being discovered by the saints who have been adopted in his Kingdom.

Advent

This book is addressed to serious Biblical students, Christians who are interested in comparing Eastern spiritual teachings with those of Christianity, and students of spiritual Yoga, otherwise known as Classical Yoga and Tantra, as well as students and practitioners of meditation and other spiritual disciplines. The discoveries of ancient manuscripts, and their analysis by independent critical scholars using scientific methods, provide much insight into the original teachings of Jesus. The sayings of Jesus, circulated orally during the first decades following his crucifixion are probably the most authentic source of his teachings that we have available today. These sayings are limited to a few dozen parables, aphorisms and sharp retorts, which were repeated in the oral tradition for two or three decades before they were eventually recorded by the anonymous writers of the Gospels. Remarkably, what Jesus taught through his parables and sayings exactly parallels the yogic teachings of the Yoga Siddhas. For those seeking to apply the wisdom of these sayings in their own life, the implications are clear. Seek not to know about God; instead, seek to know God through higher states of consciousness.

Christ at the Round Table

Studying the analogies of experience between Tantric yogis and Christian mystics, Matus relates the kundalini awakening to the Christ mystery.

Incarnating Christ

The religion of the Incarnation is the religion of Humanity, for religion is bringing to its utmost best the best that is in us. A clearer vision of what Christ is can alone give us the needed vision of man as God intends him to be. "Because as He is, even so are we in this world." (1 John 4:7). Less than a divine Christ means less than a redeemed race. Only the Saviour of men can become their Exemplar.

To this end was the Son of God manifested that he might destroy the works of the devil. Without that manifestation or incarnation, both true religion and true ethics were impossible. - Foreword

JESUS LIFE IN INDIA

In The Incomparable Christ J. Oswald Sanders articulates a vision of Christianity that fundamentally believes that whatever concept you have of Christianity, it will be the same eyes with which you see Christ. In this classic, Sanders articulates a vision of Christianity that is both profoundly Christological, but also laden with an amazing beauty residing in love and joy. "If Christ truly is incomparable, He deserves to be the supreme object of our attention and affection. And--astonishingly!--it is in beholding Him that we are transformed." 20 WAYS TO SAY I DON'T KNOW

Let me think about it.

I can't remember off the top of my head.

Not as far as I know.

I don't want to give you the wrong answer.

That's a good question.

I don't have the faintest idea.

I haven't the foggiest (idea)

How should I know?
