The Art of Psychic Reiki

From master Reiki teacher Lisa Champion comes The Art of Psychic Reiki, a one-of-a-kind, step-by-step guide for learning the sacred art of Reiki while cultivating the psychic and intuitive skills crucial to this healing energy work. Reiki is a gentle yet powerful, hands-on energy healing method from Japan that's

been gaining in popularity over the last century—not only with bodyworkers and massage therapists in the West but also with medical professionals who can attest to its healing power. Born from the author's decades of experience with Reiki healing and her own methods, *The Art of Psychic Reiki* provides everything you need to know about this healing art, including the critical psychic development and empathy training that prepares healers to go out and do the work they were meant to do. If you're drawn to the healing art of Reiki, you might be a highly sensitive person, with high levels of empathy, intuition, and latent psychic abilities (a combination of intuition and inner knowing, plus the ability to connect with higher wisdom). And since Reiki is a form of energy healing, many new practitioners may experience what's called a psychic opening as they learn or practice. For this reason, it's important that every Reiki practitioner master the ability to navigate their empathic and psychic sensitivities while engaged in this work—and this book can help. Whether you're new to Reiki or you're a practitioner seeking to deepen your knowledge and enhance your skills, with this guide you'll learn how to use Reiki to heal yourself and others, cultivate and trust your natural intuition, develop your empathic and psychic abilities, work with your spirit guides, and ground and protect yourself as a practitioner of this sacred healing art.

Teaching from the perspective that Reiki healing belongs to all people, Diane Stein breaks new ground in her classic guide to this ancient practice. While no book can replace the directly received Reiki “attunements,” *ESSENTIAL REIKI* provides everything else that the healer, practitioner, and teacher of this system needs.

The Lost Teachings of Atlantis

This is the account of an American teenager who discovered a monastery in Tibet that was the inspiration for the legend of Shangri La. It might be categorized as a 'new age' or philosophy book, like the Celestine Prophecy, since it focuses on his spiritual training and their teachings in a novel-like format. Hard to believe, but interestingly, the sub-tropical region amongst the Himalayas that he describes finding, was later documented by explorers from National Geographic, then 'covered up' (there is still evidence of this). Also interesting is that the author was apparently mentioned in the Edgar Cayce readings (the famous American psychic whose books have sold millions of copies), as someone who would one day bring an important message to the world.

Reiki Healing Secrets

Learn to harness your energy for healing! Are you interested in how Eastern Medicine and its spiritual roots can help you unravel your worries? Have you heard of Reiki Healing but don't know what it means? Are you looking for a holistic healing method? Would like to learn to harness your own abilities to heal yourself and others? If so, then look no further! Reiki is the easiest method of healing that you can ever find - it requires no extra equipment or money. All you have to do is learn how to channel the universal life force energy that is all around us in order to heal the body, mind, and soul. An ancient Japanese practice, Reiki relies on the laying on of hands to heal a person. Unlike other kinds of medicines and techniques that are available, this one is all-natural! You don't have to worry about any potential side effects because it doesn't have any. Reiki is a holistic approach! Unlike Western Medicine, Reiki sees the body as interconnected and doesn't believe in just healing a single part of the body. Reiki goes to the root of the problem, rather than just suppressing the problem only to have it reappear years later. This makes Reiki especially helpful in relieving chronic health problems. The specialty of Reiki lies in the philosophy behind it. Unlike other forms of healing, Reiki imagines the human body not as simply a blob of materials, but as an abstract spirit with an aura, soul, and energy inside it. Reiki focuses on attuning this energy and fixing possible blockages that lead to illness and discomfort. More importantly, Reiki sees the energy of the body as connected to the energy of the whole world. So, it connects you to the energy of the universe so that you feel at one with everything around you, allowing you to access a level of peace and harmony that you might have never imagined before. Reiki is also intricately connected to the chakras, which are seven different wheels of energy that, when imbalanced, lead to stress, anxiety, and depression. Through this book, you will learn about your chakras and how you can balance them to ensure your physical, mental, and emotional health is sustained and enhanced. Have you always wanted to be self-dependent in your own healing? This is exactly what this book promotes - self healing. Reiki doesn't require you to spend years learning; you don't have to be a master. Once you conduct a Reiki session, you will be left vibrating with positive energy that will motivate you to tackle your day and achieve what you never thought was possible.
