The Beauty of Transgression

An insider's memoir that captures the evolution of Berlin's underground from the 1980s to today.

Branding Berlin

This book is a cultural history of post-Wall urban, social, political, and cultural transformations in Berlin. Branding Berlin: From Division to the Cultural Capital of Europe presents a cultural analysis of Berlin's cultural production, including literature, film, memoirs and non-fiction works, art, media, urban branding campaigns, and cultural diversity initiatives put forth by the Berlin Senate, and allows readers to understand the various changes that transformed the formerly divided city of voids into a hip cultural capital. The book examines Berlin's branding, urban-economic development, and its search for a post-Wall identity by focusing on manifestations of nostalgic longing in documentary films and other cultural products. Building on the sociological research of urban branding and linking it with an interpretive analysis of cultural products generated in Berlin during that time, the author examines the intersections and tensions between the nostalgic views of the past and the branded images of Berlin's present and future. This insightful and innovative work will interest scholars and students of cultural and media studies, branding and advertising, urban communication, film studies, visual culture, tourism, and cultural memory.

Cultural Topographies of the New Berlin

Since Unification and the end of the Cold War, Berlin has witnessed a series of uncommonly intense social, political, and cultural transformations. While positioning itself as a creative center populated by young and cosmopolitan global citizens, the "New Berlin" is at the same time a rich site of historical memory, defined inescapably by its past even as it articulates German and European hopes for the future. Cultural Topographies of the New Berlin presents a fascinating cross-section of life in Germany's largest city, revealing the complex ways in which globalization, ethnicity, economics, memory, and national identity inflect how its urban spaces are inhabited and depicted.

Sins of the Innocent

"This is Marokvia's second memoir, following *Immortelles: Memoir of a Will-o'-the-Wisp*), which focused largely on her French childhood (she was born in 1908). Here she moves ahead to her 1939 marriage in Germany to a German artist and photographer named Abel. After they were married in a civil ceremony, it was particularly jarring for her when the clerk gave her not the traditional Bible but *Mein Kampf*. When Germany invaded France, the couple's citizenship status became ambiguous. Abel was forced to work as a photographer for the German army or face imprisonment. Marokvia, left alone and watched as a possible French spy in Germany, drew on a well of strength to live a quiet, determined life and survive the war. Passionate, straightforward, and enthralling, this new memoir offers a glimpse of the seldom-seen life of a French citizen in Germany during World War II. Now in her late nineties, Marokvia is working on the final installment of a trilogy, which will pick up with the couple's postwar move to America."--Library Journal.

Tear down this wall!

That a Jew living in Nazi Berlin survived the Holocaust at all is surprising. That he was a homosexual and a teenage leader in the resistance and yet survived is amazing. But that he endured the ongoing horror with an open heart, with love and without vitriol, and has written about it so beautifully is truly miraculous. This is Gad Beck's story.

Winner of the European Book Prize "The East isn't far away at all. It clings to me, it goes with me everywhere. It's like a big family that you can't shake off ..." "Tender, acute and utterly absorbing" Anna Funder, author of *Stasiland* "A wry and unheroic witness... an unofficial history of a country that no longer exists" Julian Barnes Growing up in East Berlin, Maxim Leo knew not to ask questions. All he knew was that his rebellious parents, Wolf and Anne, with their dyed hair, leather jackets and insistence he call them by their first names, were a bit embarrassing. That there were some places you couldn't play; certain things you didn't say. Now, married with two children and the Wall a distant memory, Maxim decides to find the answers to the questions he couldn't ask. Why did his parents, once passionately in love, grow apart? Why did his father become so angry, and his mother quit her career

in journalism? And why did his grandfather Gerhard, the Socialist war hero, turn into a stranger? The story he unearths is, like his country's past, one of hopes, lies, cruelties, betrayals but also love. In *Red Love* he captures, with warmth and unflinching honesty, why so many dreamed the GDR would be a new world and why, in the end, it fell apart. "Tender, acute and utterly absorbing. In fine portraits of his family members Leo takes us through three generations of his family, showing how they adopt, reject and survive the fierce, uplifting and ultimately catastrophic ideologies of 20th-century Europe. We are taken on an intimate journey from the exhilaration and extreme courage of the French Resistance to the uncomfortable moral accommodations of passive resistance in the GDR. "He describes these 'ordinary lies' and contradictions, and the way human beings have to negotiate their way through them, with great clarity, humour and truthfulness, for which the jury of the European Book Prize is delighted to honour *Red Love* . His personal memoir serves as an unofficial history of a country that no longer exists... He is a wry and unheroic witness to the distorting impact - sometimes frightening, sometimes merely absurd - that ideology has upon the daily life of the individual: citizens only allowed to dance in couples, journalists unable to mention car tyres or washing machines for reasons of state." Julian Barnes, European Book Prize With wonderful insight Leo shows how the human need to believe and to belong to a cause greater than ourselves can inspire a person to acts of heroism, but can then ossify into loyalty to a cause that long ago betrayed its people." Anna Funder, author of *Stasiland* "Heartbreaking... This very personal account allows us to better understand the reality of a kafkaesque regime, and the blindness of its elite that allowed it to survive for so long." La Tribune "The great charm of this book, about the gradual disintegration of the GDR, lies in the level-headed but loving attitude with which it investigates the interweaving of the private and political [in Communist East Germany], revisiting a child's-eye view of the era." Frankfurter Allgemeine Zeitung "A crucial book ... poignant ... a tragedy reminiscent of the great narrative poets, Dostoevsky or Koestler. Maxim Leo has earned his place alongside them." Sud Ouest "A lyrical story about a family in a divided city" Hamburger Abendblatt Maxim Leo was born in 1970 in East Berlin. He studied Political Science at the Free University in Berlin and at the Institut d'Etudes Politiques de Paris. Since 1997 he is Editor of the Berliner Zeitung . In 2002 he was nominated for the Egon-Erwin-Kisch Prize, and in the same year won the German-French Journalism Prize. He won the Theodor Wolff Prize in 2006. He lives in Berlin.

An Underground Life

"Berlino sa ammaliare chi ne esplora la cultura in evoluzione, la vivacità artistica, le architetture ardite, i ristoranti favolosi, le feste sfrenate e le tracce tangibili della storia." In questa guida: il Muro di Berlino, musei di storia e luoghi della memoria, la scena artistica berlinese.

Red Love

Los Angeles, Berlino, Detroit: un triangolo magico dove musicisti, artisti, architetti, e gente comune hanno intrecciato le loro vite lungo un secolo nemmeno tanto breve, dando vita alla musica più travolgente, l'architettura più inventiva, la letteratura più straordinaria, il cinema senza tempo, i sogni più accecanti. Tre tappe di un viaggio che spinge un giovane scrittore e musicista siciliano sulle tracce di David Bowie e Frank Lloyd Wright, Bertolt Brecht e Henry Ford, Nick Cave e Diego Rivera, Mies van Der Rohe e la musica Techno, alla ricerca del "suono delle città": quella pulsazione inafferrabile, il city blues, che una città sa esprimere attraverso le voci e le visioni di chi l'ha abitata e vissuta. Una mappa inedita che intreccia i fili delle esistenze apparentemente lontane, perché come scrive Vittorio Bongiorno, "siamo tutti uniti da improbabili connessioni": basta saperle trovare, nascoste sotto la polvere del deserto o tra le macerie delle periferie, dormendo in letti scomodi o seduti al bancone di un bar.

Berlino

Lilo was just a teenager when the Nazis took away her parents in 1942. She never saw them again. When they also took away her brother she was alone at 19 years in a dangerous world. Until she heard one familiar voice call her name.

"On the Run in Nazi Berlin is the memoir of a young Jewish man who, against all odds, evaded capture and lived in secret among the Nazis during World War II. He disguised himself as a German soldier, took shelter in bombed out buildings, and relied on luck and the goodwill of strangers to survive"--

Hidden in Berlin

A memoir of life in wartime Germany.

On the Run in Nazi Berlin

In her memoir, *WALLED-IN: A WEST BERLIN GIRL'S JOURNEY TO FREEDOM*, J. Elke Ertle draws from her childhood and teen experiences to write with a fresh voice. Having grown up in West Berlin during the Cold War at a time when the Iron Curtain took its harshest form, she juxtaposes historical events with personal narrative. She chronicles her story against the backdrop of the Cold War and draws a unique parallel between the brick-and-mortar Berlin Wall and her own, equally insurmountable, parental walls. *WALLED-IN* is a story of growing up, breaking free, and learning to stand alone under trying circumstances.

Bad Times, Good Friends

An adrenalin-charged trip through some of the cultural flashpoints of the past few decades, *Pop Grenade* celebrates the power of music as a force for change. Based on first-hand, personal reportage from raves, riots and rebellions, it explores how music has been used as a weapon in struggles for liberation and attempts to create temporary paradises. From Berlin's anarchic techno scene after the fall of the Wall to outlaw sound systems in wartime Bosnia, from Moscow during the crackdown on Pussy Riot to New York in the militant early years of hip-hop, it tells the extraordinary stories of some of the world's most audacious musical freedom fighters, disco visionaries and rock'n'roll rebels with a cause.

Walled-In: A West Berlin Girl's Journey to Freedom

In this illuminating and deeply moving memoir, a former American military intelligence officer goes beyond traditional Cold War espionage tales to tell the true story of her family—of five women separated by the Iron Curtain for more than forty years, and their miraculous reunion after the fall of the Berlin Wall. *Forty Autumns* makes visceral the pain and longing of one family forced to live apart in a world divided by two. At twenty, Hanna escaped from East to West Germany. But the price of freedom—leaving behind her parents, eight siblings, and family home—was heartbreaking. Uprooted, Hanna eventually moved to America, where she settled down with her husband and had children of her own. Growing up near Washington, D.C., Hanna's daughter, Nina Willner became the first female Army Intelligence Officer to lead sensitive intelligence operations in East Berlin at the height of the Cold War. Though only a few miles separated American Nina and her German relatives—grandmother Oma, Aunt Heidi, and cousin, Cordula, a member of the East German Olympic training team—a bitter political war kept them apart. In *Forty Autumns*, Nina recounts her family's story—five ordinary lives buffeted by circumstances beyond their control. She takes us deep into the tumultuous and terrifying world of East Germany under Communist rule, revealing both the cruel reality her relatives endured and her own experiences as an intelligence officer, running secret operations behind the Berlin Wall that put her life at risk. A personal look at a tenuous era that divided a city and a nation, and continues to haunt us, *Forty Autumns* is an intimate and beautifully written story of courage, resilience, and love—of five women whose spirits could not be broken, and who fought to preserve what matters most: family. *Forty Autumns* is illustrated with dozens of black-and-white and color photographs.

On the Run in Nazi Berlin

An exhilarating journey through the subcultures, occupied squats, and late-night scenes in the anarchic first few years of Berlin after the fall of the wall *Berlin Calling* is a gripping account of the 1989 "peaceful revolution" in East Germany that upended communism and the tumultuous years of artistic ferment, political improvisation, and pirate utopias that followed. It's the story of a newly undivided Berlin when protest and punk rock, bohemia and direct democracy, techno and free theater were the order of the day. In a story stocked with fascinating characters from Berlin's highly politicized undergrounds—including playwright Heiner Müller, cult figure Blixa Bargeld of the industrial band Einstürzende Neubauten, the internationally known French Wall artist Thierry Noir, the American multimedia artist Danielle de Picciotto (founder of Love Parade), and David Bowie during his Ziggy Stardust incarnation—Hockenos argues that the DIY energy and raw urban vibe of the early 1990s shaped the new Berlin and still pulses through the city today. Just as Mike Davis captured Los Angeles in his *City of Quartz*, Berlin

Calling is a unique account of how Berlin became hip, and of why it continues to attract creative types from the world over.

Pop Grenade

A powerful, poetic memoir of an Indigenous woman's coming of age on the Seabird Island Band in the Pacific Northwest—this New York Times bestseller and Emma Watson Book Club pick is “an illuminating account of grief, abuse and the complex nature of the Native experience . . . at once raw and achingly beautiful (NPR). Having survived a profoundly dysfunctional upbringing only to find herself hospitalized and facing a dual diagnosis of post traumatic stress disorder and bipolar II disorder, Terese Marie Mailhot is given a notebook and begins to write her way out of trauma. The triumphant result is *Heart Berries*, a memorial for Mailhot's mother, a social worker and activist who had a thing for prisoners; a story of reconciliation with her father an abusive drunk and a brilliant artist who was murdered under mysterious circumstances; and an elegy on how difficult it is to love someone while dragging the long shadows of shame. Mailhot trusts the reader to understand that memory isn't exact, but melded to imagination, pain, and what we can bring ourselves to accept. Her unique and at times unsettling voice graphically illustrates her mental state. As she writes, she discovers her own true voice, seizes control of her story, and, in so doing, reestablishes her connection to her family, to her people, and to her place in the world.

THE SUNDAY TIMES MUSIC BOOK OF THE YEAR A DAILY TELEGRAPH BEST MUSIC BOOK OF THE YEAR A TELEGRAPH BEST MUSIC BOOK OF THE YEAR A NEW STATESMAN BEST BOOK OF THE YEAR *Faith, Hope and Carnage* is a book about Nick Cave's inner life. Created from over forty hours of intimate conversations with Seán O'Hagan, it is a profoundly thoughtful exploration, in Cave's own words, of what really drives his life and creativity. The book examines questions of faith, art, music, freedom, grief and love. It draws candidly on Cave's life, from his early childhood to the present day, his loves, his work ethic and his dramatic transformation in recent years. From a place of considered reflection, *Faith, Hope and Carnage* offers ladders of hope and inspiration from a true creative visionary.

Berlin Calling

When Danielle and husband Alexander Hacke renounced the idea of a home to become digital age gypsies, she began to see the clouds of despair parting before her and a better, more fulfilling way of life almost magically begin to emerge. *We Are Gypsies Now!* is the transcendently illustrated and emotionally transparent journal of the adventures and internal struggles of their first year on the road with no direction home. Experiencing *We Are Gypsies Now!* is to embark on Danielle's deeply personal journey and to possibly heed her call for a more imaginative approach to life in our over-mediated and covertly alienated age. Switching between diary, autobiography and speculation, *We Are Gypsies Now!* explores the nomadic option as perhaps the only possible cultural and social response to gentrification and consumerism.

Heart Berries

In September 1940, Walter Benjamin committed suicide in Port Bou on the Spanish-French border when it appeared that he and his travelling partners would be denied passage into Spain in their attempt to escape the Nazis. In 2002, one of anthropology's—and indeed today's—most distinctive writers, Michael Taussig, visited Benjamin's grave in Port Bou. The result is “Walter Benjamin's Grave,” a moving essay about the cemetery, eyewitness accounts of Benjamin's border travails, and the circumstances of his demise. It is the most recent of eight revelatory essays collected in this volume of the same name. “Looking over these essays written over the past decade,” writes Taussig, “I think what they share is a love of muted and defective storytelling as a form of analysis. Strange love indeed; love of the wound, love of the last gasp.” Although thematically these essays run the gamut—covering the monument and graveyard at Port Bou, discussions of peasant poetry in Colombia, a pact with the devil, the peculiarities of a shaman's body, transgression, the disappearance of the sea, New York City cops, and the relationship between flowers and violence—each shares Taussig's highly individual brand of storytelling, one that depends on a deep appreciation of objects and things as a way to retrieve even deeper philosophical and anthropological meanings. Whether he finds himself in Australia, Colombia, Manhattan, or Spain, in the midst of a book or a beach, whether talking to friends or staring at a

monument, Taussig makes clear through these marvelous essays that materialist knowledge offers a crucial alternative to the increasingly abstract, globalized, homogenized, and digitized world we inhabit. Pursuing an adventure that is part ethnography, part autobiography, and part cultural criticism refracted through the object that is Walter Benjamin's grave, Taussig, with this collection, provides his own literary memorial to the twentieth century's greatest cultural critic.

A Memoir of Thomas Bewick, written by himself. Embellished by numerous wood engravings, designed and engraved by the author for a work on British fishes, and never before published. [The editor's preface signed: J. B., i.e. Jane Bewick.]

This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann, Ph.D. He traces LSD's path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. In *LSD: My Problem Child*, we follow Dr. Hofmann's trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmann's powerful conclusion that mystical experiences may be our planet's best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend "the wonder, the mystery of the divine, in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people." More than sixty years after the birth of Albert Hofmann's problem child, his vision of its true potential is more relevant, and more needed, than ever.

Faith, Hope and Carnage

When historian Goodwin was six years old, her father taught her how to keep score for 'their' team, the Brooklyn Dodgers, which forged a lifelong bond between father and daughter. Set in the suburbs of New York in the 1950s, *Wait Till Next Year* is a coming-of-age memoir in the era of Jackie Robinson, Pee Wee Reese and Duke Snider, when baseball truly was a national pastime that brought whole communities together. With her radio by her side and scorecard to hand, she recreates the postwar era, when the corner store was a place to share stories and neighborhoods were equally divided between Dodger, Giant, and Yankee fans. Weaved between the games and the seasons, Goodwin tells the story of a changing America – from the lunacy of the Cold War alarm drills to McCarthy and the Rosenberg trials – as well as her own loss of innocence encapsulated by her mother's death, her father's lapse into despair and the Dodger's departure from Brooklyn in 1957 following the destruction of the iconic Ebbets Field stadium. Poignant, unsentimental and deeply eloquent, *Wait Till Next Year* is a profound memoir about childhood and loss, baseball, and the power of sport to bind families and heal loss and reveal as metaphor the evolving heart of a nation.

In defiance of the brutal military government that took power in Uruguay in the 1970s, and under which homosexuality is a dangerous transgression, five women miraculously find one another—and, together, an isolated cape that they claim as their own. Over the next thirty-five years, they travel back and forth from this secret sanctuary, sometimes together, sometimes in pairs, with lovers in tow or alone. Throughout it all, they will be tested repeatedly—by their families, lovers, society, and one another—as they fight to live authentic lives. A groundbreaking, genre-defining work, *Cantoras* is a breathtaking portrait of queer love, community, forgotten history, and the strength of the human spirit.

We Are Gypsies Now

"A charming book, ringing with the joy of existence." --Richard Dawkins The perfect gift for a loved one or for yourself, *For Small Creatures Such as We* is part memoir, part guidebook, and part social history, a luminous celebration of Earth's marvels that require no faith in order to be believed. Sasha Sagan was raised by secular parents, the astronomer Carl Sagan and the writer and producer Ann Druyan. They taught her that the natural world and vast cosmos are full of profound beauty, and that science reveals truths more wondrous than any myth or fable. When Sagan herself became a mother, she began her own hunt for the natural phenomena behind our most treasured occasions--from births to deaths, holidays to weddings, anniversaries, and more--growing these roots into a new set of rituals for her young daughter that honor the joy and significance of each experience without relying on a religious framework. As Sagan shares these rituals, *For Small Creatures Such as We* becomes a moving tribute to a father, a newborn daughter, a marriage, and the natural world--a celebration of life itself, and the power of our families and beliefs to bring us together.

LSD, My Problem Child

Drawing Futures brings together international designers and artists for speculations in contemporary drawing for art and architecture. Despite numerous developments in technological manufacture and computational design that provide new grounds for designers, the act of drawing still plays a central role as a vehicle for speculation. There is a rich and long history of drawing tied to innovations in technology as well as to revolutions in our philosophical understanding of the world. In reflection of a society now underpinned by computational networks and interfaces allowing hitherto unprecedented views of the world, the changing status of the drawing and its representation as a political act demands a platform for reflection and innovation. *Drawing Futures* will present a compendium of projects, writings and interviews that critically reassess the act of drawing and where its future may lie. *Drawing Futures* focuses on the discussion of how the field of drawing may expand synchronously alongside technological and computational developments. The book coincides with an international conference of the same name, taking place at The Bartlett School of Architecture, UCL, in November 2016. Bringing together practitioners from many creative fields, the book discusses how drawing is changing in relation to new technologies for the production and dissemination of ideas.

Wait Till Next Year

A "scrupulously honest" (O, The Oprah Magazine) debut memoir that explores one man's gender transition amid a pivotal political moment in America. *Becoming a Man* is a "moving narrative [that] illuminates the joy, courage, necessity, and risk-taking of gender transition" (Kirkus Reviews). For fifty years P. Carl lived as a girl and then as a queer woman, building a career, a life, and a loving marriage, yet still waiting to realize himself in full. As Carl embarks on his gender transition, he takes us inside the complex shifts and questions that arise throughout—the alternating moments of arrival and estrangement. He writes intimately about how transitioning reconfigures both his own inner experience and his closest bonds—his twenty-year relationship with his wife, Lynette; his already tumultuous relationships with his parents; and seemingly solid friendships that are subtly altered, often painfully and wordlessly. Carl "has written a poignant and candid self-appraisal of life as a 'work-of-progress'" (Booklist) and blends the remarkable story of his own personal journey with incisive cultural commentary, writing beautifully about gender, power, and inequality in America. His transition occurs amid the rise of the Trump administration and the #MeToo movement—a transition point in America's own story, when transphobia and toxic masculinity are under fire even as they thrive in the highest halls of power. Carl's quest to become himself and to reckon with his masculinity mirrors, in many ways, the challenge before the country as a whole, to imagine a society where every member can have a vibrant, livable life. Here, through this brave and deeply personal work, Carl brings an unparalleled new voice to this conversation.

Dr Max Aue is a family man and owner of a lace factory in post-war France. He is an intellectual steeped in philosophy, literature, and classical music. He is also a former SS intelligence officer and cold-blooded assassin. He was an observer and then a participant in Nazi atrocities on the Eastern Front, he was present at the siege of Stalingrad, at the death camps, and finally caught up in the overthrow of the Nazis and the nightmarish fall of Berlin. His world was peopled by Eichmann, Himmler, Göring, Speer and, of course, Hitler himself. Max is looking back at his life with cool-eyed precision; he is speaking out now to set the record straight.
