Private Peaceful

Private Peaceful relives the life of Private Tommo Peaceful, a young First World War soldier awaiting the firing squad at dawn. During the night he looks back at his short but joyful past growing up in rural Devon: his exciting first days at school; the accident in the forest that killed his father; his adventures with Molly, the love of his life; and the battles and injustices of war that brought him to the front line. Winner of the Blue Peter Book of the Year, Private Peaceful is by the third Children's Laureate, Michael Morpurgo, award-winning author of War Horse. His inspiration came from a visit to Ypres where he was shocked to discover how many young soldiers were court-martialled and shot for cowardice during the First World War. This edition also includes introductory essays by Michael Morpurgo, Associate Director of Private Peaceful production Mark Leipacher, as well as an essay from Simon Reade, adaptor & director of this stage adaptation of Private Peaceful.

Social representations, beliefs, values and knowledge are just some of the aspects that affect how the beneficiaries of preventative health measures perceive their wellbeing. Health Education and Prevention questions and analyzes these concepts in order to consider new ways of theorizing patients' conceptions of their health. From a methodological point of view, these analyses are put into practice with the design of prevention tools and devices. The use of a corpora of photographs is particularly meaningful in this respect. This book offers an authoritative perspective by noting important points of vigilance in training, and especially by distinguishing instructive contents conducive to the development of an explicit health pedagogy for more effective prevention measures. A model for categorizing situations integrating both educational and healthcare paths is also proposed.

Mystery and Chocolate is a reinforced, library bound book in The Child's World series The I Love to Read Collection.

Mystery and Chocolate

From the arrival of the first men in Greece to the fall of the Mycenaean palace-town in the thirteenth century B.C., this work captures the essential qualities of each period of pre-classical civilization: the slow development of the Neolithic culture, the rich and original Early Bronze Age, the fruitful yet tragic encounter between Minoans and Mycenaean Empire. The legacy of Mycenaean religion and art is reviewed, including material found in excavated palaces and their stored wealth of frescoes, carved ivories, silver and gold jewelry, vases, and bronze weapons. The author deals with the invasions of Greece, the growth of a Greek language and some of the problems of Linear B, and the impact of Crete and the East upon the mainstream of Greek development.

Greece in the Bronze Age

The book examines the current state of affairs concerning the political recognition and constitutional accommodation of national plurality in liberal democracies in the global era of the 21st century. It features case studies on Belgium, Canada, Spain, UK and the European Union.

Limiting Rights is an in-depth exploration of who is, and who should be, responsible for determining whether legislation that conflicts with the entrenched rights of the Charter of Rights and Freedoms should nevertheless be upheld as a reasonable limit on protected rights. Janet Hiebert addresses a topic that threatens to undermine claims that what courts do can be distinguished from the discretionary decisions of policy makers and raises concerns about whether judicial review of the Charter is consistent with democratic principles.

Maintenance of Nuclear Power Plants

In 1982 Prime Minister Pierre Trudeau realized his life's ambition: the patriation of the Canadian constitution and the enshrinement of a Charter of Rights and Freedoms. At the same time he dealt a severe blow to his arch-enemies, the nationalists in Quebec who believed that a significant and rewarding partnership with Canada was possible without renouncing their identity as Quebecers. Laforest reveals that Trudeau betrayed the trust of the people of Quebec during the 1980 referendum on sovereignty-association and contends that the whole patriation exercise, completed without the consent of Quebec, is not legitimate in that province. He also holds Trudeau responsible for the ultimate rejection of the "distinct society" clause in the Meech Lake Accord, which had given a glimmer of hope to Quebec federalists. Trudeau and the End of a Canadian Dream shows how constitutional reform, and the political culture it fostered, shattered the hopes of those who believed that being both a Canadian and a Quebecer was possible.

The Global Promise of Federalism

"C'était un hôtel, d'un charme un peu suranné qui avait su probablement, par le passé, tenir certaines promesses de luxe et de raffinement. Il avait une belle porte à tambour en bois, un détail toujours propice aux fantômes. C'est par là qu'une femme entra." Deux personnages se rencontrent à trois reprises dans un hôtel, jusqu'à ce que l'aube se lève et avec elle, la promesse d'un nouveau départ. Un homme se confie à une femme plus âgée que lui, un portier aide une jeune femme à s'affranchir de son passé et une inspectrice de police cherche à protéger un orphelin. Habilement enchevêtrées, ces histoires donnent à voir l'étendue des talents d'Alessandro Baricco. D'autant plus que le titre n'est pas sans rappeler celui d'un livre mentionné dans son dernier roman... Mr Gwyn.

Science in the National Interest

Could the circulation of objects or ideas and the mobility of artisans explain the unprecedented uniformity of the material culture observed throughout the whole of Europe? The 17 papers presented here offer a range of new and different perspectives on the Beaker phenomenon across Europe. The focus is not on Bell Beaker pottery but on social groups (craft specialists, warriors, chiefs, extended or nuclear families), using technological studies and physical anthropology to understand mobility patterns during the 3rd millennium BC. Chronological evolution is used to reconstruct the rhythm of Bell Beaker diffusion and the environmental background that could explain this mobility and the socioeconomic changes observed during this period of transition toward Bronze Age societies. The chapters are mainly organized geographically, covering Eastern Europe, the Mediterranean shores and the Atlantic coast of the Iberian Peninsula, includes some areas that are traditionally studied and well known, such as France, the British Isles or Central Europe, but also others that have so far been considered peripheral, such as Norway, Denmark or Galicia. This journey not only offers a complex and diverse image of Bell Beaker societies but also of a supra-regional structure that articulated a new type of society on an unprecedented scale.

Limiting Rights

A LACE GUIDE for MAKERS and COLLECTORS. This book includes a bibliography and a five-language nomenclature. It is hoped that this little manual will prove of use to students of stitchery in general, - or of bobbin lace in particular, - to see how certain meshes are woven; that it may aid those planning to produce lace either by hand or machine, in comparing and judging effects, in advance, and that it may assist collectors and classifiers to identify lace: for after all, it is the actual lace which finally determines a variety, only certain meshes being used in a lace of pure type. Originally published in 1917. Many of the earliest books on weaving, textiles and needlework, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Trudeau and the End of a Canadian Dream

Few moments in Canadian history are as intriguing as the political battle between Prime Minister Pierre Trudeau and the "Gang of Eight" provincial premiers who opposed his plans to "patriate" Canada's constitution from Britain. *Patriation and Its Consequences* revisits these constitutional negotiations, including the personalities, visions, and political struggles that shaped the resulting constitutional agreement. Focusing on the players behind the process, as well as First Nations and feminist activists, this volume explores the long shadow of patriation: the alienation of Quebec, the character of Canadian federalism, Aboriginal treaty rights, and the struggle to ensure gender equality.

Trois fois dès l'aube

Canadians enjoy many rights and freedoms. In this book, you will learn what many of these rights and freedoms are, and how many were won after years of struggle.

The Bell Beaker Transition in Europe

First published in French in 2006, *Le fédéralisme canadien contemporain* was immediately recognised as the most comprehensive collection of reflections on Canadian federalism by leading Québécois scholars. This remarkable translation of a range of Québécois voices makes their insightful and underrepresented perspectives available to English-language audiences. Offering alternative views of the Canadian federal model's realities by covering its foundations, traditions, and institutions, *Contemporary Canadian Federalism* considers the ways in which federalism relates to issues such as

regionalism, multiculturalism, rights and freedoms, financial distribution, and public policy. Filled with stimulating work that bridges the gap between distinctive traditions in English- and French-Canadian scholarship on federalism, this important volume is required reading for understanding provincial-federal relations and Canadian governance.

The Metropolitan Museum Journal, issued annually by The Metropolitan Museum of Art, publishes original research on works in the Museum's collections and the areas of investigation they represent. Volume 48 includes essays on From Tarporley to Dolon: The Reattribution of the Early South Italian "New York Goose Vase," The Coat of Arms in Fra Filippo Lippi's Portrait of a Woman with a Man at a Casement, Drawings of the Pantheon in the Metropolitan Museum's Goldschmidt Scrapbook, Sin and Redemption in the Hours of François I (1539-40) by the Master of François de Rohan, Houdon's Bather in a Drawing by Pierre Antoine Mongin, Corrado Giaquinto's Medea Rejuvenating Aeson and other Modelli for the Palacio Real of Madrid, and Chinnery and Houqua: Questions of Attribution.

Patriation and Its Consequences

Paris, May 1940. Nazi troops storm the city and at Le Bourget airport, on the last flight out, sits Dr Alexandre Yersin, his gaze politely turned away from his fellow passengers with their jewels sewn into their luggage. He is too old for the combat ahead, and besides he has already saved millions of lives. When he was the brilliant young protégé of Louis Pasteur, he focused his exceptional mind on a great medical conundrum: in 1894, on a Hong Kong hospital forecourt, he identified and vaccinated against bubonic plague, later named in his honour Yersinia pestis. Swiss by birth and trained in Germany and France, Yersin is the son of empiricism and endeavour; but he has a romantic hunger for adventure, fuelled by tales of Livingstone and Conrad, and sets sail for Asia. A true traveller of the century, he wishes to comprehend the universe. Medicine, agriculture, the engine of the new automobile, all must be opened up, examined and improved. Ceaselessly curious and courageous, Yersin stands, a lone genius, against a backdrop of world wars, pandemics, colonialism, progress and decadence. He is brought to vivid, thrilling life in Patrick Deville's captivating novel, which was a bestseller and shortlisted for every major literary award in France.

Rights and Freedoms in Canada

Now a major motion picture nominated for nine Academy Awards. Narrative of Solomon Northup, a Citizen of New-York, Kidnapped in Washington City in 1841, and Rescued in 1853. Twelve Years a Slave by Solomon Northup is a memoir of a black man who was born free in New York state but kidnapped, sold into slavery and kept in bondage for 12 years in Louisiana before the American Civil War. He provided details of slave markets in Washington, DC, as well as describing at length cotton cultivation on major plantations in Louisiana.

The Interpretation of Dreams

Rescued by Calvin McLoughlin from a would-be subway attacker, Holland Bakker pays the brilliant musician back by pulling some of her errand-girl strings and getting him an audition with a bigtime musical director. When the tryout goes better than even Holland could have imagined, Calvin is set for a great entry into Broadway - until he admits his student visa has expired and he's in the country

illegally. Holland impulsively offers to wed the Irishman to keep him in New York, her growing infatuation a secret only to him. As their relationship evolves from awkward roommates to besotted lovers, Calvin becomes the darling of Broadway. In the middle of the theatrics and the acting-not-acting, what will it take for Holland and Calvin to realize that they both stopped pretending a long time ago?

"Spectacular . . . drops the reader through one trapdoor into another" A.J. FINN It all starts with an innocuous curiosity: at the Hotel de Verbier, a luxury hotel in the Swiss Alps, there is no Room 622. This anomaly piques the interest of Joël Dicker, Switzerland's most famous literary star, who flees to the Verbier to recover from a bad breakup, mourn the death of his publisher, and begin his next novel. Before he knows it, he's coaxed out of his slump by a fellow guest, who quickly uncovers the reason behind Room 622's erasure: an unsolved murder. The attendant circumstances: a love triangle and a power struggle at the heart of Switzerland's largest private bank, a mysterious counter-intelligence unit known only as P-30, and a shadowy émigré with more money than God. A Russian doll of a mystery crafted with the precision of a Swiss watch, *The Enigma of Room 622* is Joël Dicker's most diabolically addictive thriller yet. Praise for Joël Dicker "It's that most engaging of treats, a big, fat, intelligent thriller" SIMON MAYO "Dicker has the first-rate crime novelist's ability to lead his readers up the garden path" Sunday Express Translated from the French by Robert Bonnonno

Roomies

The hymns, therefore, of Damiani, and those of the few following centuries which precede the revival of classical literature, are to be regarded, not as unshackling themselves from the fetters of verse, but as continuing uninterruptedly, and developing to nobler uses indigenous Latin poetry, now that, with the decay of ancient learning, the authors of Greece, and their Roman imitators, had almost wholly disappeared from view. The addition of rhyme was a natural consequence of the entire abandonment of quantity, and is by no means to be attributed to Saracenic or Gothic influence. In Damiani's trochaics, as in Spanish verse, it is confined mostly to the final vowel; but the construction of all such tetrameter metre requires that it be limited, at all events, to the catalectic and final syllable. When, indeed, as soon afterwards, the verse was divided, the change required the disyllabic or trochee rhyme, which gives new grandeur to such hymns as the "Dies iræ," with the optional reservation of the latter portion of the line, consisting of seven syllables, for an intermitted cadence resembling the paroemiac of the Greek ?anap?æstic system, as in the "Stabat Mater." Besides the happy addition of rhyme, these rhythmical trochaics possess this superiority over those constructed on the Grecian model, that, losing at the same time a great deal of its monotony, they adapt themselves more readily to every emotion of the mind, by elevating or lowering the intensity of the arsis, though the character of the thought may

be contemplative, sorrowful, or jubilant by turns. Severely addicted, as I must be supposed to be, to versification of the stricter and more classical order, I must confess my sympathy with those who take extreme delight in the sacred Latin poetry of the Middle Ages, in which that language seems for the first time to have put forth its full power, and, in wholly discarding imitation, to have become inimitable itself. Theologically such compositions are entirely unobjectionable; for the finest examples, like Damiani's Hymn, are as uniformly evangelical, and as purely scriptural, as the readers of the pious effusions of Watts, or Wesley, or Author: John Newton, of which we are here so perpetually reminded, could themselves desire. They have little in common with the Church of ? Rome. They reflect none of her manifold corruptions; and she has done what she could to diminish their surpassing purity and power.

All those who ever lived on Earth have found themselves resurrected - healthy, young, and naked as newborns - on the grassy banks of a mighty river, in a world unknown. Miraculously provided with food, but with no clues to the meaning of their strange new afterlife, billions of people from every period of Earth's history - and prehistory - must start again. Sir Richard Francis Burton would be the first to glimpse the incredible way-station, a link between worlds. This forbidden sight would spur the renowned 19th-century explorer to uncover the truth. Along with a remarkable group of compatriots, including Alice Liddell Hargreaves (the Victorian girl who was the inspiration for Alice in Wonderland), an English-speaking Neanderthal, a WWII Holocaust survivor, and a wise extraterrestrial, Burton sets sail on the magnificent river. His mission: to confront humankind's mysterious benefactors, and learn the true purpose - innocent or evil - of the Riverworld . . . Winner of the Hugo Award for best novel, 1972
