Flying Magazine

Spirituality is the core of our humanness, the essence of who we are and how we express our vitality - our aliveness - whether we are religious or not. In *Building Heaven on Earth*, Dwight Webb encourages readers to challenge religion's claim to be caretakers of our spiritual life. He argues that we are spiritual beings by nature and that our search must first and foremost be inward, and not skyward. He asks readers to consider that it is our soul self within, that expresses our tangible spirit as we choose to act with kindness, compassion, and forgiveness. Dr Webb draws upon his personal experiences as well as his four decades of teaching and research as a Professor of Counseling Psychology in the Graduate School at the University of New Hampshire. His book asks us to claim our human spirit and not relegate it to any religions, cults or other institutions requiring devotion and unquestioned faith. It is in our inner life that we will sort our values, our purpose, and personal meaning. It is in our inner life where we make the decisions and take responsibility for contributing to the common good, as each person builds his or her own heaven on earth.

Flying Magazine

Imagine getting a glimpse of heaven, a preview of life in God's presence. Could life here ever be the same? Capt. Dale Black has flown as a commercial pilot all over the world, but one flight changed his life forever--an amazing journey to heaven and back. The only survivor of a horrific plane crash, Dale was hovering between life and death when he had a wondrous experience of heaven. What he saw, what he heard, and what he learned there continues to ripple through his life and touch others. Against all odds, Dale miraculously recovered from his injuries and learned to fly again. Now, with his life as a testament, he shares his inspiring story--offering hope and encouragement for those dealing with serious injuries or the loss of a loved one, and those looking for assurance about this life and the next. Experience a Life-Changing Vision of Heaven

Building Heaven on Earth

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

Flying Magazine

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Los Angeles Magazine

This is the story of a child that was wrongly born male, and through revelation realized nature had made a serious mistake. It chronicles the struggles of dealing with a great and terrible secret, thinking there was no way out of the dilemma of being born the wrong sex. Trying to find a cure, that child tried many ways to conform to her biology, only to find out all her attempts were in vain. Then, after many long years of frustration, quite by accident, a door was opened. Call it fate, or divine intervention, that child, now an adult, was able to crossover the strange and mysterious void between the sexes and emerge a new and beautiful female creature; a Changeling. Finally mind, spirit, soul, and body were in agreement, and a wonderful new life journey began. Like the ugly, repulsive caterpillar that abandons its life to become a beautiful, wondrous butterfly, I have lived, died, and come back as the whole woman I was meant to be.

Popular Science

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

Los Angeles Magazine

"With the fate of the free world hanging in the balance, women pilots went aloft to serve their nation. . . . A soaring tale in which, at long last, these daring World War II pilots gain the credit they deserve."—Liza Mundy, New York Times bestselling author of Code Girls "A powerful story of reinvention, community and ingenuity born out of global upheaval."—Newsday When the Japanese attacked Pearl Harbor in December 1941, Cornelia Fort was already in the air. At twenty-two, Fort had escaped Nashville's debutante scene for a fresh start as a flight instructor in Hawaii. She and her student were in the middle of their lesson when the bombs began to fall, and they barely made it back to ground that morning. Still, when the U.S. Army Air Forces put out a call for women pilots to aid the war effort, Fort was one of the first to respond. She became one of just over 1,100 women from across the nation to make it through the Army's rigorous selection process and earn her silver wings. The brainchild of trailblazing pilots Nancy Love and Jacqueline Cochran, the Women Airforce Service Pilots (WASP) gave women like Fort a chance to serve their country—and to prove that women aviators were just as skilled as men. While not authorized to serve in combat, the WASP helped train male pilots for service abroad, and ferried bombers and pursuits across the country. Thirty-eight WASP would not survive the war. But even taking into account these tragic losses, Love and Cochran's social experiment seemed to be a resounding success—until, with the tides of war turning, Congress clipped the women's wings. The program was disbanded, the women sent home. But the bonds they'd forged never failed, and over the next few decades they came together to fight for recognition as the military veterans they were—and for their place in history.

Flying, World

A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

Flying Magazine

What was it like to be face to face with Jesus? What does Heaven look like? And what did Randy Kay learn from his afterlife encounter? As a human development researcher, medical advisor, and director of clinical support, Randy Kay was not given to fantastical ideas about the spirit realm or embellished divine encounters. But after clinically dying in the hospital, Randy Kay had a life-changing afterlife experience with Jesus in Heaven. In his first book, *Dying to Meet Jesus*, Randy shared this experience, but not the supernatural insights and profound discoveries he received. Now, Randy senses a timely assignment from the Holy Spirit to answer the question so many readers have asked: what did you learn while you were in Heaven? In *Revelations from Heaven*, Randy leads you into a heavenly encounter of your own, revealing 31 revelations that God is unveiling to you. These insights include **Emboldened Prayer**: A biblical perspective on encounters in Heaven and how they embolden our prayer lives. **Conversations with Jesus**: Insights that were exchanged while Randy communicated with Jesus in Heaven. **Angelic and Demonic Activity**: How there is a very real, invisible realm battling over the souls of humanity. **Race and Ethnicity in Heaven**: In eternity, how do people see one another and how does God see them? **The Sights, Sounds, and Senses of Heaven**: In Heaven, the five senses are enhanced and there are new senses that earthly language cannot explain. **Heavens Perspective on Sadness and Grief**: How tears are kept and collected in bottles. **The Difference Between Paradise and Heaven**: When a believer dies, where do they really go? Take hold of the amazing truths that Heaven has released through Randys incredible experience, and see for yourself the powerful life-change that can accompany *Revelations from Heaven*.
