Big Book of Trumpet Songs (Songbook)

The Seal Lullaby by Eric Whitacre is a delightful, deceptively simple setting in the form of a lullaby for mixed choir and accompaniment of Rudyard Kipling's poem 'The White Seal'. This full SATB

(Soprano, Alto, Tenor, Bass) choral arrangement with Piano accompaniment is accurately transcribed and appears in great quality print, with easy part writing throughout, so that singing this emotive song is as easy as possible. When Eric Whitacre was commissioned to write music for an animated feature, he was so struck by the words of Kipling's lovely poem that he immediately sat down to write a calm and subtle yet musically interesting piece. Unfortunately, the song was not used, but was later commissioned by the Towne Singers, and we are pleased to offer you this Seal Lullaby sheet music.

Disney Delights

In *Music in Disney's Animated Features* James Bohn investigates how music functions in Disney animated films and identifies several vanguard techniques used in them. In addition he also presents a history of music in Disney animated films, as well as biographical information on several of the Walt Disney Studios' seminal composers. The popularity and critical acclaim of Disney animated features truly is built as much on music as it is on animation. Beginning with *Steamboat Willie* and continuing through all of the animated features created under Disney's personal supervision, music was the organizing element of Disney's animation. Songs establish character, aid in narrative, and fashion the backbone of the Studios' movies from *Snow White and the Seven Dwarfs* through *The Jungle Book* and beyond. Bohn underscores these points while presenting a detailed history of music in Disney's animated films. The book includes research done at the Walt Disney Archives as well as materials gathered from numerous other facilities. In his research of the Studios' notable composers, Bohn includes perspectives from family members, thus lending a personal dimension to his presentation of the magical Studios' musical history. The volume's numerous musical examples demonstrate techniques used throughout the Studios' animated classics.

This provocative study traces Alfred Hitchcock's long directorial career from Victorianism to postmodernism. Paula Marantz Cohen considers a sampling of Hitchcock's best films—Shadow of a Doubt, Rear Window, Vertigo, Psycho—as well as some of his more uneven ones—Rope, The Wrong Man, Topaz—and makes connections between his evolution as a filmmaker and trends in the larger society. Drawing on a number of methodologies including feminism, psychoanalysis, and family systems, the author provides an insightful look at the paradox of a Victorian-style gentleman who evolved into one of the leading masters of the modern medium of film. Cohen posits that Hitchcock's films are, in part, a masculine response to the domestic, psychological novels that had appealed primarily to women during the Victorian era. His career, she argues, can be seen as an attempt to balance "the two faces of Victorianism": the masculine legacy of law and hierarchy and the feminine legacy of feeling and imagination. Cohen asserts that Hitchcock's films reflect his Victorian legacy and serve as a map for ideological trends. She charts his development from his British period through his classic Hollywood years into his later phase, tracing a conceptual evolution that corresponds to an evolution in cultural identity—one that builds on a Victorian inheritance and ultimately discards it.

Alfred Hitchcock

This fanfare-like, exciting piano duet is meant to sound "Proud and uplifting, with great energy and vitality," and the musical textures and dynamics of this composition will certainly deliver that kind of excitement! Written in C Major, 4/4 time, with block and arpeggiated chords, and many shifts in tempo, mood and dynamics.

The Grand Finale

Leonid Hambro has composed piano variations in the style of Beethoven on the tune 'Happy Birthday to You.' These variations are very well crafted and are for the advanced pianist. Some of Beethoven's most popular pieces are used including: Bagatelle, Op. 119 * Minuet in G * Pathetique Sonata * Moonlight Sonata * Fr Elise and the theme from Symphony No. 5. These variations are great fun to play with flare.

Happy birthday, dear Ludwig

Melody Bober's The Dakotas visits both North and South Dakota in three movements. In the opening movement, "The Great Plains," majestic chords, sixteenth-note runs and a soaring melody recreate the sweeping vistas of this vast grassland area that is found in both states. In the second movement, "Heirlooms and Lace," a lyrical and expressive melody with lush accompaniment recreates the sense of loss and longing when families moved to the new Dakota Territory created in 1861 and left behind precious belongings. The final movement, "Badlands Rough Rider," brings the suite to an energetic

close. The Badlands regions of North and South Dakota are represented by this lively piece that shows the style and flair of a rough and tough horse and rider in this desolate region.

The Piano Solos Of Richard Clayderman: Anthology

Academic attention has focused on America's influence on European stage works, and yet dozens of operettas from Austria and Germany were produced on Broadway and in the West End, and their impact on the musical life of the early twentieth century is undeniable. In this ground breaking book, Derek B. Scott examines the cultural transfer of operetta from the German stage to Britain and the USA and offers a historical and critical survey of these operettas and their music. In the period 1900-1940, over sixty operettas were produced in the West End, and over seventy on Broadway. A study of these stage works is important for the light they shine on a variety of social topics of the period - from modernity and gender relations to new technology and new media - and these are investigated in the individual chapters. This book is also available as Open Access on Cambridge Core.

German Operetta on Broadway and in the West End, 1900-1940
