Corto Maltese in Africa

The twentieth century saw a proliferation of media discourses on colonialism and, later, decolonisation. Newspapers, periodicals, films, radio and TV broadcasts contributed to the construction of the image of the African “Other” across the colonial world. In recent years, a growing body of literature has explored the role of these media in many colonial societies. As regards the Italian context, however, although several works have been published about the links between colonial culture and national identity, none have addressed the specific role of the media and their impact on collective memory (or lack thereof). This book fills that gap, providing a review of images and themes that have surfaced and resurfaced over time. The volume is divided into two sections, each organised around an underlying theme: while the first deals with visual memory and images from the cinema, radio, television and new media, the second addresses the role of the printed press, graphic novels and comics, photography and trading cards.

Images of Colonialism and Decolonisation in the Italian Media

The secret of Tristan Bantam: Tristan, who has inherited precious papers that tell of the lost kingdom of Mû, has a dream that portends an apparently incomprehensible fate. At Paramaribo, in the sultry heat of Dutch Guyana, Corto finds himself entangled in a sordid tale about a stolen inheritance, while surrounded by such strange characters as Kerster, an unscrupulous lawyer; Jeremiah Steiner, a former university professor, and Madame Java, “hotel” manager and expert knife thrower... Rendez-Vous in Bahia: Corto Maltese, Steiner, and Tristan Bantam sail for Bahia to meet Morgana, Tristan’s half-sister. She has their father’s notes concerning the lost continent of Mû, the very papers Tristan glimpsed in his dreams; even the Indians have predicted that his fate lies there. But in Bahia, a lawyer by the name of Milner tries to kill Tristan. Corto exposes Milner and beats him at poker; he wins and Milner loses his life. The treasure hunt can now continue on its way towards Itapoa. Surest Samba: At Itapoa, Corto, Tristan, and Steiner meet Bocca Dorata, the great voodoo sorceress who raised Morgana and initiated her into black and white magic. For a thousand pounds, Corto accepts Gold Mouth’s proposal to take weapons and money to the Cangaceiros led by Sureshot, rebels fighting in the Brazilian Sertão

against the big landholding oil tycoons and their henchmen. Corto and his friends will get tangled up in these conflicts and will have to choose sides. The Basilian Eagle: Corto, Tristan, and Steiner sail along the Brazilian coast in search of the wreck of a Spanish galleon loaded with gold. It is supposed to be somewhere in the vicinity of Marajò Island, at the mouth of the Amazon River. But they are not the only ones on this treasure hunt; they're part of a plan hatched by Bocca Dorata. Not only will a German baron and a British secret agent intervene, but also the dangerous Jawbreaker, whom Corto will have to confront. The character of Rasputin, the friend-enemy considered by many to be Corto's evil alter ego, reappears on the scene from the times of the Ballad in the episode And we'll talk again of the gentlemen of fortune, in an adventure centred on the search for a fabulous treasure, set in Saint Kitts in the Antilles. The cycle closes with Seagull's Fault, wherein, despite itself, it is this very bird (which Pratt so loved to draw because of the sense of freedom it gave off in flight) which is the main character of the story set on an island near British Honduras.

Corto Maltese Under the Sign of Capricorn

"Ci sono cose misteriose in questo Paese... Dimmi, dove andrai adesso?" "Non so, Cush... Lontano..." Cultura, natura, avventura e magia: ecco i tratti principali che Hugo Pratt ha voluto imprimere nelle splendide avventure etiopiche di Corto Maltese, il resoconto di un lungo viaggio in cui il bel marinaio dall'orecchio forato - con il suo disilluso approccio alla vita, tipicamente occidentale - è scortato da un compagno d'eccezione, il guerriero integralista Cush che incarna, invece, il pratico e arcaico pensiero africano sull'esistenza. I loro opposti caratteri distintivi finiranno per mescolarsi e compenetrarsi, nonostante l'interminabile e ormai irrisolta questione su quale sia l'ora migliore per prendere il té... mai prima delle cinque del pomeriggio. Corto Maltese - 6. Le etiopiche

This book, the first of twelve volumes, launches the definitive English-language edition of Hugo Pratt's masterpiece, presented in the original oversized B&W format and with new translations made from Pratt's original Italian scripts... The adventures of this modern Ulysses are set during the first thirty years of the 20th Century in such exotic locales as Pratt's native Venice, the steppes of Manchuria, the Caribbean islands, the Danakil deserts, the Amazon forests, and the waves of the Pacific.

Beyond the Windy Isles

"Set in the snowy wastelands of Canada around 1912, this provocative graphic novel deals with complex moral choices. Jesuit Joe, the protagonist, is of French-Canadian and Mohawk descent and is embarked on an obsessive religious search for the Absolute. His actions reflect a disturbed personality with an unorthodox ethical code. He kills with terrible ease and reveals an unmatched cruelty and ferocity, yet when his mood suddenly shifts, he is capable of unexpected acts of kindness and compassion. He wears the red serge jacket of the Canadian Mounties that he found in a hut, which gives rise to a series of misunderstandings when he is mistaken for a member of the Canadian Mounted Police, and is tracked by his nemesis, Sergeant Fox, whose mission is to capture Jesuit Joe and bring him to justice." The Man from the Great North

"In this final entry of Hugo Pratt's epic series, the master graphic novelist returns to the theme he first explored in the initial episode--the search for the lost continent of Mu, the mythical Atlantis. A premonition hovers over the entire dreamlike story, as if fate had decided in advance that this would be Corto Maltese's last adventure. The feeling is underscored by the return of most of the major characters seen throughout the long-running saga, like actors giving their final curtain call"--Amazon.com.

Corto Maltese: Ballad of the Salty Sea

Providing the most complete record possible of texts by Italian writers active after 1900, this annotated bibliography covers over 4,800 distinct editions of writings by some 1,700 Italian authors. Many entries are accompanied by useful notes that provide information on the authors, works, translators, and the reception of the translations. This book includes the works of Pirandello, Calvino, Eco, and more recently, Andrea Camilleri and Valerio Manfredi. Together with Robin Healey's Italian Literature before 1900 in English Translation, also published by University of Toronto Press in 2011, this volume makes

comprehensive information on translations from Italian accessible for schools, libraries, and those interested in comparative literature.

Set in the years 1921-22, the action leaps from Turkey, to Azerbaijan, and to the Caspian Sea, tracing the path of the legendary Silk Road, as Corto hunts for the fabled treasure of Alexander the Great.

Geek Rock: An Exploration of Music and Subculture examines the relationship between geek culture and popular music, tracing a history from the late 1960s to the present day. This collection of essays explores the evolution of "geek rock" from songs about cars and girls to monster movies, outer space, and what it means to be "white and nerdy."

Corto Maltese - Die Äthiopier

Stefano Cristante esplora la produzione di Hugo Pratt (1927-1995), uno dei principali autori mondiali del fumetto del Novecento. Ne emerge l'originale costruzione di personaggi anomali, intrisi di inquietudine, pronti ad abbracciare il viaggio, il cambiamento, l'avventura pura e quella sapienziale. I tratti degli anteroi dell'immediato Secondo dopoguerra, realizzati con grandi sceneggiatori come Alberto Ongaro e Héctor Oesterheld, si affinano nel singolare lavoro d'autore di Pratt a partire dagli anni Sessanta. Il suo estro creativo e la sua straordinaria capacità narrativa daranno vita a una poetica di cui sarà protagonista lo straniero per antonomasia del mondo della letteratura disegnata: il marinaio Corto Maltese.

The Golden House of Samarkand

This rigorously compiled A-Z volume offers rich, readable coverage of the diverse forms of post-1945 Italian culture. With over 900 entries by international contributors, this volume is genuinely interdisciplinary in character, treating traditional political, economic, and legal concerns, with a particular emphasis on neglected areas of popular culture. Entries range from short definitions, histories or biographies to longer overviews covering themes, movements, institutions and personalities, from advertising to fascism, and Pirelli to Zeffirelli. The Encyclopedia aims to inform and inspire both teachers and students in the following fields: *Italian language and literature *Arts, Humanities and Social Sciences *European Studies *Media and Cultural Studies *Business and Management *Art and Design It is extensively cross-referenced, has a thematic contents list and suggestions for further reading.

Geek Rock

In this final entry of Hugo Pratt's epic series, the master graphic novelist returns to the theme he first explored in the initial episode--the search for the lost continent of Mu, the mythical Atlantis. A premonition hovers over the entire dreamlike story, as if fate had decided in advance that this would be Corto Maltese's last adventure. The feeling is underscored by the return of most of the major characters seen throughout the long-running saga, like actors giving their final curtain call: Gold Mouth, Morgana, Tristan Bantam, Levi Colombia, Professor Steiner, "the Monk," Cain Groovesnore, Soledad, and (of course) Rasputin...each with their own reason to find the mythical realm. Thus, the circle closes. This EuroComics edition features new translations from Pratt's original Italian scripts by Dean Mullaney, the Eisner and Harvey Award-winning editor of the Library of American Comics, and Simone Castaldi, Associate Professor of Romance Languages and Literatures at Hofstra, and the author of Drawn and Dangerous: Italian Comics of the 1970s and 1980s (University Press of Mississippi).

Corto Maltese e la poetica dello straniero

Comics are a pervasive art form and an intrinsic part of the cultural fabric of most countries. And yet, relatively little has been written on the translation of comics. Comics in Translation attempts to address this gap in the literature and to offer the first and most comprehensive account of various aspects of a diverse range of social practices subsumed under the label 'comics'. Focusing on the role played by translation in shaping graphic narratives that appear in various formats, different contributors examine various aspects of this popular phenomenon. Topics covered include the impact of globalization and localization processes on the ways in which translated comics are embedded in cultures; the import of editorial and publishing practices; textual strategies adopted in translating comics, including the

translation of culture- and language-specific features; and the interplay between visual and verbal messages. Comics in translation examines comics that originate in different cultures, belong to quite different genres, and are aimed at readers of different age groups and cultural backgrounds, from Disney comics to Art Spiegelman's *Maus*, from Katsuhiro Otomo's *Akira* to Goscinny and Uderzo's *Astérix*. The contributions are based on first-hand research and exemplify a wide range of approaches. Languages covered include English, Italian, Spanish, Arabic, French, German, Japanese and Inuit. The volume features illustrations from the works discussed and an extensive annotated bibliography. Contributors include: Raffaella Baccolini, Nadine Celotti, Adele D'Arcangelo, Catherine Delesse, Elena Di Giovanni, Heike Elisabeth Jüngst, Valerio Rota, Carmen Valero-Garcés, Federico Zanettin and Jehan Zitawi.

The French cartooning master Tardi's first solo graphic novel is a riotous action-adventure comedy. Paris, 1914. In one auspicious night, Lucien Brindavoine's humdrum life is thrown into wild disarray. Out of the blue, a strange old man visits Brindavoine's flat and implores him to go to Istanbul to seek his destiny. No sooner are these fateful words spoken than a shot is fired through the window and the man is murdered by a mysterious assailant. Thus kicks off a madcap adventure wherein the mild-mannered dilettante Brindavoine races to the Middle East by boat, plane, and jeep with cutthroat assassins threatening him at every turn. After much ado, he encounters an iron city in the desert where an eccentric American billionaire will decide his fate. The first solo graphic novel by Tardi, *Farewell, Brindavoine* showcases the French cartooning master's signature blend of dark humor, brutal violence, and beguiling mystery. For Tardi fans, an essential early work; for newcomers, a thrilling primer to the Tardi oeuvre.

Africa, 1918. Il sergente Saxon ha tradito la causa e un fratello, freddandolo con un colpo di pistola. In ballo ci sono migliaia di talleri d'argento e d'oro, ma, soprattutto, il giuramento fatto a un terribile gruppo di spietati assassini che firmano ogni delitto con una zampa di leopardo. Sono uomini-magia o uomini sogno, come il nuovo iniziato Corto Maltese, a vendicare l'ennesima vittima dei bianchi che non hanno mai capito niente del Continente nero. 'Ma non ho paura... On December 7, 2010, Mario Vargas Llosa was awarded the Nobel Prize in Literature. His Nobel Lecture is a resounding tribute to fiction's power to inspire readers to greater ambition, to dissent, and to political action. "We would be worse than we are without the good books we have read, more conformist, not as restless, more submissive, and the critical spirit, the engine of progress, would not even exist," Vargas Llosa writes. "Like writing, reading is a protest against the insufficiencies of life. When we look in fiction for what is missing in life, we are saying, with no need to say it or even to know it, that life as it is does not satisfy our thirst for the absolute—the foundation of the human condition—and should be better." Vargas Llosa's lecture is a powerful argument for the necessity of literature in our lives today. For, as he eloquently writes, "literature not only submerges us in the dream of beauty and happiness but alerts us to every kind of oppression."

Doctor Moebius and Mister Gir

Nick Corey is a terrible sheriff on purpose. He doesn't solve problems, enforce rules or arrest criminals. He knows that nobody in tiny Potts County actually wants to follow the law and he is perfectly content lazing about, eating five meals a day, and sleeping with all the eligible women. Still, Nick has some very complex problems to deal with. Two local pimps have been sassing him, ruining his already tattered

reputation. His girlfriend Rose is being terrorized by her husband. And then, there's his wife and her brother Lenny who won't stop troubling Nick's already stressed mind. Are they a little too close for a brother and a sister? With an election coming up, Nick needs to fix his problems and fast. Because the one thing Nick does know is that he will do anything to stay sheriff. Because, as it turns out, Sheriff Nick Corey is not nearly as dumb as he seems. In Pop. 1280, widely regarded as a classic of mid-20th century crime, Thompson offers up one of his best, in a tale of lust, murder, and betrayal in the Deep South that was the basis for the critically acclaimed French film Coup de Torchon.
