HIST OF NORWEGIAN IMMIGRATION

Excerpt from A History of Norwegian Immigration to the United States: From the Earliest Beginning Down to the Year 1848 Four years ago I contributed an article to The Iowa Journal of History and Politics upon The Scandinavian Factor in the American Population, in which I discussed briefly the causes of emigration from the Northern countries. This article forms the basis of chapters VI-VIII of the present volume, much new evidence from later years having, however, been added. In a subsequent issue of the same Journal I published an article on The Coming of the Norwegians to Iowa, which is embodied in part in chapters III-V of this volume. The remaining thirty-six chapters are new. During the last three summers I have continued my investigation of that part of the subject which deals with the immigration movement. This book represents the results of that investigation down to 1848. For invaluable assistance in the investigation I gratefully acknowledge indebtedness to the numerous pioneers whom, from time to time, I have interviewed and who so kindly have given the aid sought. A History of Norwegian Immigration to the United States

This classic text is a history of Norwegian Immigration to the United States in its very earliest years - specifically up until 1850. History of Norwegian Immigration to America: The Reasons for Norwegian Immigration to America Why did people want to leave Norway and why did they want to move to America? The Norwegian immigrants of the colonial period joined the Dutch seeking profit, opportunities for trade and a new life in America. Many of the later immigrants of the early 1800's sought religious freedom. However, the main reasons for the Norwegian Immigration to America in the mid 1800's were disasters such as crop failures, blights and poor harvests leading to poverty. The agricultural revolution caused unemployment and the financial need to seek a better life and employment due to the industrialization of America. History of Norwegian Immigration to America in the 1600's: Colonial America - New Netherland During the Colonial era Norway were important diplomatic and trading allies of Holland. The Norwegians supplied the Dutch with the timber needed to build their ships. Due to these close alliances, a number of immigrants from Norway came across in Dutch ships and settled among the Dutch in New Netherland during the Colonial period. New Netherland covered areas of the Mid-Atlantic States, later known as New York, New Jersey, Connecticut, Rhode Island and Delaware. This was the first small and sporadic wave of Norwegian Immigration to America. History of Norwegian Immigration to America in the 1800's: The Sloopers The history of Norwegian Immigration to America reached a significant point in 1825 when the Restauration ship sailed from Stavenger with over 50 Quakers and Haugean reformists on board who wanted to leave the religious prosecution of the Lutheran state church in Norway. The trip was well planned and Cleng Peerson, who would later be

called the 'Pioneer of Norse Emigration to America', visited America in 1821 to prepare for their arrival. The group was led by Lars Larsen Geilane and made the hazardous 14-week journey to America on the Restauration, an undersized sailing sloop which earned the group the name of the 'Sloopers'. They landed in New York on October 9, 1825, and were lauded for their bravery that many Americans saw as reminiscent of the Mayflower pilgrims. The Norwegian migrants first settled in Kendall, New York and in 1834 Cleng Peerson founded a second Norwegian settlement in the Fox River Valley of Illinois, which was aptly called 'Norway, Illinois'. History of Norwegian Immigration to America in the 1800's: The Potato Blight During the 1800's potatoes were the most important crop in Norway. The potato blight, responsible for the Irish Potato Famine (1845-1849), spread to Norway causing famine hunger and disease. It is estimated that 50,000 Norwegians died during this terrible time. Emigration to America was a means of escape but the passage was expensive. Some Norwegians obtained passage by signing contracts as indentured servants without pay up to 5 -7 years in return for free passage. By the end of the 1860s there were more than 40,000 Norwegians in the United States. History of Norwegian Immigration to America in the 1800's: Major Wave of Norwegian Immigration After the American Civil War (1861 to 1865) yet another terrible famine hit the countries of Scandinavia and brought the first major wave of Norwegian immigrants in its wake. The devastating Famine of 1866 - 1868 hit all the Scandinavian countries leaving potatoes and vegetables rotting in the fields of Norway. Norwegian Immigration to America soared as 110,896 people were forced to leave Norway between 1866 and 1873. Promise of America

Award-winning historian Odd Lovoll recounts the untold story of the history of Norwegian immigration to Canada, tracing the stories and documents of emigrant families south to the Upper Midwest, primarily Wisconsin and Minnesota.

Norwegians and Swedes in the United States

"In *Two Homelands*, immigration historian and immigrant himself Odd Lovoll narrates the full arc of his life, beginning with memories of hardship during World War II, while his father was separated from the family, followed later by the devastating loss of his older brother in a sailing accident. He considers language and cultural barriers faced as an immigrant to the United States and then as an outsider when he returned to Norway. He traces his early years as a teacher in Norway, his marriage and family life, and on through his scholarly work and extensive career as a researcher, writer, and professor in the United States. Through autobiographical tales interwoven with details of his research, this book links

Lovoll's experience with that of other immigrants and points to intriguing intersections in his professional and personal lives"--

The Promise of America

With an introduction on the services rendered by the Scandinavians to the world and America.

The First Chapter Of Norwegian Immigration (1821-1840): Its Causes And Results

"[Here] we listen to stories of individual settlers and . . . watch and interact with them as each community evolves through the decades." Ann M. Legreid, Department of Political Science and Geography, Central Missouri State University Against the broad backdrop of the expanding western frontier, noted Norwegian American scholar Odd S. Lovoll explores the country town through the lens of ethnicity in this pioneering study. Benson, Madison, and Starbuck, all located on the western Minnesota prairie, were settled primarily by Norwegians and served as urban centers--railroad hubs, destinations for trade, and social nexuses--for the farming communities that surround them. Lovoll's meticulous research into census data, careful reading of local newspapers, and extensive interviews with the descendants of Norwegian immigrants reveals strong ties to homeland that are visible today in each town's social, political, and religious character. Odd S. Lovoll is professor emeritus of history at St. Olaf College and the author of numerous books including *The Promise of America: A History of the Norwegian-American People*. Todd Nichol is editor for the Norwegian-American Historical Association.

Does the 2nd Amendment give people the right to overthrow the government with insurrections?

This interpretation of the constitution is an excuse for not passing gun reform

The constitution treats insurrection as a serious and dangerous offense

Forming a militia and attacking the government is unconstitutional and qualifies as treason

The constitution doesn't even guarantee non-violent civil disobedience

Insurrectionists are not "hostages"

The 2nd Amendment is not unlimited

Q&A start

Our lone-wolf shooters are anything but a well-regulated militia

Why did conservatives change their tune in the last 15 years?

They say gun violence is due to "too many doors"

The say gun violence is due to a mental health crisis, but then do nothing about it

What is the upside to the NRA taking extreme stances against reform?
