THE LAST PATHWAY HOME

This book was written because Arch Angel Michael kept nagging me to write it. It is about overcoming the difficulties and tragedies in your life. To always believe and to know you can do anything you wish, if you have faith in your Angels. To always remember that this life is only the beginning that the REAL LIFE is still to come and for those who suffer, the rewards will be absolutely well worthwhile. This book is for all Earth Angels who are awakening, and for those who are already on their path.

The Last Pathway Home

The way out of tragedy can be a long, intense journey, and in the end it may not be successful. The novel sets this journey against one of the most personal and powerful relationships in life, that of parent and child. Jessica is a heart-broken, middle-aged woman whose father was killed in World War II. She never she saw him. She sets out on a path to learn more about him by seeing the World War II battle sites where he fought. Her purpose is to understand him better by learning about his war record and to seek closure of her own lengthy loneliness by finding and walking on the grounds where he fought and to reconcile her thoughts and feelings at the end of her pathway, his gravesite.

After Genevieve: The Pathway Home

After Genevieve is about a difficult reconnection between a father and a daughter. Both must come to understand the importance of family and how forgiveness is their pathway to stability, happiness and love.

The Pathway Home

Toi Gheh lay at death's door on a Vietnamese jungle pathway when found by a humble oriental woman and a little girl who nursed him back to health with compassion and Godly love. But neither could do anything about his disfigured body and they couldn't do anything about his amnesia, his inability to remember anything of his past except that of his faith in God. Through a number of events and after a decade in the jungles of Cambodia, Toi Gheh finds his way back to the United States and begins the search for his identity with the help of Mark Nelson, a soldier injured at the tail end of the war activity in Vietnam. Toi and Mark have found what appears to be real evidence of Toi's identity when suddenly the whole investigation takes an unexpected turn.

Christianus, a story of Antioch; and other poems

Its Time to Believe in Yourself Each and everyone of us here are on a spiritual journey. It's a journey back home to God, to where we all came from, from where we were all created. We are all souls and spiritual beings, and we are all the energy of God. We are the life force. We are all powerful creators, and we are all full of greatness, and love and light. We are here on a journey to live and align with our true self, and to align with this energy of the source, God, which we are. It's time for all of us to discover

our true self, our purpose, to discover why we are here and who we truly are. It's time to let go of limiting beliefs, pain, trauma, grudges, negativity, ego and all that society, culture, religion has instilled upon us. We are living in an illusion, of fear, deception, manipulation, and misconceptions and false beliefs, we are living unconsciously and asleep. It's time to awaken, from the false beliefs system and the matrix. It's time to take your power back and align with your true self. It's time to see the truth, to see the love, to have faith and trust, and to understand the energy and vibration of God and yourself, now. This book helps you heal and understand the need to, and to see a different way of being and living. The book is for all. It's time to believe in yourself, the time is now, to raise your vibration and to align with your soul, and your higher self and path. Believe in you, God does, you are deeply loved.

The Pathway Home

The professional contributors to this nursing case management guide offer a personal and birds' eye view of the development, planning, implementation, cost effectiveness, and evaluation of care programs. They emphasize the client/nurse partnership, and advocate for nurses to work politically for the enhancement of health-care delivery services. Their experiences encompass a variety of situations and environments from rural to urban, AIDS care management to chronic disease care. The book design follows a "how to" concept: large size, bold headings, easily read text. Annotation copyright by Book News, Inc., Portland, OR

Pathway Home

This book introduces 'pathway analysis', a method to combine large and small-N research techniques and to aid understanding of causal mechanisms.

Final Change Book, List of Changes to the Governor's Budget

"For many years gems of poetry and prose have found their way into a scrap-book, until friends, who felt a delicacy in borrowing so well-worn a volume, have urged me to give it publication. 'Between the lights' is for the 'little pause in life' at the close of the day, when the most conscientiously busy worker will steal a few moments of rest and refreshment before the lamps are lighted."--Page 3 of title page verso

Luke; Gospel History and Acts of the Apostles

This book explores the link between autism and eating disorders through testimonies from practitioners, service users and carers. Combining research findings, case studies and first-hand accounts, it provides insights into how individuals on the autism spectrum can be supported towards full recovery from an eating disorder. Edited by the lead Clinical Psychologist at the Maudsley Eating Disorder National Service, informed by their team's research, chapters focus on the unique issues arising when autism and eating disorders coexist. The contributors suggest treatment adaptations from a multi-disciplinary perspective, and touch more broadly on the topic of poor mental health outcomes for autistic individuals, and how these might be improved.

The Heart of Life

The Pathway Home was written by Dr. Peter Monroy, a physician and his wife Elizabeth Monroy, a Mental Health Counselor, in an attempt to return compassion and the Art of true Healing back into the Practice of Modern Medicine. This book serves as a guide for your own inner healing journey back to wholeness of Holiness! The Pathway home is an awakening cry for the New Healers of our planet to co-create a new model of divine healing based on self-responsibility and a holistic approach to medicine that addresses all four human natures: physical, mental, emotional and spiritual. Peter Monroy an American Board Certified Obstetrician/ Gynecologist gave up a lucrative private practice to travel the United States. serving the indigent, impoverished, and forgotten American population. He and his wife impart much wisdom from their experiences and the esoteric knowledge they acquired from their spiritual teachers and the souls they encountered in their journeys around the Planet.
