These are tales of the Old West written by six of the best. From super-bestsellers C. Wayne Winkle, we have "Ned Cassidy's Revenge;" "The Cowboy's Revenge" from acclaimed Michael Haden; something new and exciting from Randall Dale; "The Passage of Time" from Cherokee Parks; "The Fight For Life" from Fred Staff; and a brand new adventure called "Sudden Justice" from Western bestseller D.G. Wyatt. This is a Western collection you won't want to miss--the best of the best are collected here for the first time... Saddle up and ride with six of the greatest Western writers of today!

Six Bullets to Sundown

Put together the bestselling Western storytellers of today, and you get one of the most explosive Western collections you've ever read... These are the adventures of the Old West written by some of the greatest Western authors of today. From the minds of the men who make the Old West exciting comes the explosive fourteenth volume of the popular "Six Bullets to Sundown" Western adventure series! Discover brand new stories to whet your appetite for excitement and adventure. From Scott Harris, Robert Hanlon, M. Allen, Michael D. Abbott, Michael Haden and 'Big' Jim Williams Six Bestselling Western Authors: Six Western Stories: Six New Adventures. Are you ready to ride the trail with the blockbuster fourteenth "Six Bullets to Sundown"? Other Western novels are available from all of the authors featured in this volume. Foreword From Robert Hanlon Having had the pleasure of scoring four hits in the top twenty over the last few months--I wanted to do something new and interesting with one of my upcoming novels. It's not for me to make these decisions, but after explaining my desire to be creative with my work, my publisher, Dusty Saddle Publishing, allowed me to include my latest novel

in this collection of wonderful short stories. In this set, alongside my latest offering, "The Gambler," you will find brand new stories from Scott Harris, 'Big' Jim Williams, Michael Haden and many others. You won't find a better lineup anywhere in the Old West--and I'm proud to be numbered among the folks included in volume fourteen of "Six Bullets to Sundown." Now, those of you who have read my novels know that I am not a particularly wordy person--so let's get on with the stories. The wonderful stories...

Six Bullets to Sundown

From Cherokee Parks - author of the Western bestseller "The Passage of Time," through to Scott Harris - author of "Coyote Courage." This is an action-packed Western with punch, bang and a lot of dead bad guys! "Shot Through The Heart" is a new blockbuster Western story from Cherokee Parks. "The Stranger" has arrived in town for Robert Hanlon. "Kuruk" is looking dangerous for Scott Harris; 'Big' Jim Williams is having one heck of a time with Dooby Cuddlow; it's all guns blazing for Rebecca McLendon and her Western "Gunning for Morely," and the last ride has started for Bill Vlach and his epic adventure "Last Ride Up McKenzie Canyon." With guns draw, bullets flying and history being made, these are the six Western tales that make up the twelfth edition of Six Bullets to Sundown. Ride with the gunfighters, outlaws and lawmen as they fight to tame the Old West! Other Western titles are available from all of these authors. Don't forget to check out the exclusive chapter from M. Allen's new blockbuster, "Breaking Magnolia," included in this book!

Six Bullets to Sundown

Action, adventure, danger and love come at a high cost on the range. With gun in hand, a bounty hunter can make a name for himself, a sheriff can keep law and order, and a rancher can hold onto his property. With gun in hand, a man must make his mark in the wilderness of Western America... These are the stories of pioneers, lawmen, bounty hunters and outlaws. These are tales of the Old West written by some of the most popular Western authors of today--six brands of steel from Michael Haden, Jim Burnett, M. Allen, Scott Harris, Michael D. Abbott and Robert Andrews. Six electrifying, intense, action-packed Western stories that will keep you riding, shootin' and hunting down the outlaw in your neighborhood. With the thirteenth volume of "Six Bullets to Sundown," you will find that the West has never been more alive. Now ride, cowboy, and be a part of how the West was won! Other titles by these Western authors are also available.

Six Bullets to Sundown

Six Bestselling Western Authors: Six Western Stories: Six New Adventures. Are you ready to ride the trail with the fifth explosive collection of "Six Bullets to Sundown"? Six new fast-paced Western stories from some of the greatest Western authors of today. From outlaws to hangmen.... from law and justice to lawlessness... These are tales of the Old West written by six of the best. From super-bestsellers Robert Hanlon and D.G. Wyatt, we have "The Guns of Devil's Pass;" "The Widowmaker's Rampage" from acclaimed Mark Baugher; "Bounty on a Corrupt Lawman" from P.W. Burroughs; "Behind the Badge" from Orin Vaughn; "Sheriff Ben Josephs" from Clint Clay; and "Pecos Deception" from Western writer J.L. Thomas. This is a Western collection you won't want to miss--the best of the best are collected here for the first time...

Cobb; "The Perfect Gift" from Scott Harris; "Christmas in Texas" from Rochelle Mason; and a brand new Christmas adventure called "An Outlaws Christmas" from Western bestseller Joe Benjamin. This is a Western collection you won't want to miss--the best of the best are collected here for the first time... Saddle up and ride with six of the greatest Western writers of today!

The Land of Footprints

Reproduction of the original.

Blood Meridian

25th ANNIVERSARY EDITION • From the bestselling author of *The Passenger* and the Pulitzer Prize-winning novel *The Road*: an epic novel of the violence and depravity that attended America's westward expansion, brilliantly subverting the conventions of the Western novel and the mythology of the Wild West. Based on historical events that took place on the Texas-Mexico border in the 1850s, *Blood Meridian* traces the fortunes of the Kid, a fourteen-year-old Tennessean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

Wild Bill's Last Trail

DigiCat Publishing presents to you this special edition of "Wild Bill's Last Trail" by Ned Buntline. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

From Caligari to Hitler

An essential work of the cinematic history of the Weimar Republic by a leading figure of film criticism. First published in 1947, *From Caligari to Hitler* remains an undisputed landmark study of the rich cinematic history of the Weimar Republic. Prominent film critic Siegfried Kracauer examines German society from 1921 to 1933, in light of such movies as *The Cabinet of Dr. Caligari*, *M*, *Metropolis*, and *The Blue Angel*. He explores the connections among film aesthetics, the prevailing psychological state of Germans in the Weimar era, and the evolving social and political reality of the time. Kracauer makes a startling (and still controversial) claim: films as popular art provide insight into the unconscious motivations and fantasies of a nation. With a critical introduction by Leonardo Quaresima which provides context for Kracauer's scholarship and his contributions to film studies, this Princeton Classics edition makes an influential work available to new generations of cinema enthusiasts.

Rule of the Robots

In this sequel to his prescient New York Times bestseller *Rise of the Robots*, Martin Ford presents us with a striking vision of the very near future. He argues that AI is a uniquely powerful technology, a kind of "electricity of intelligence" that is altering every dimension of human life, often for the better with advanced science being done by machines who can solve problems humans can not. AI has the potential to help us fight climate change or the next pandemic, but it also has a capacity for profound harm. Deep fakes-AI-generated audio or video of events that never happened-are poised to cause havoc throughout society. AI empowers authoritarian regimes like China with unprecedented mechanisms for social control. And AI can be deeply biased, learning bigoted attitudes from the data used to train algorithms and perpetuating them. Hard-hitting and thought-provoking, covering everything from self-driving cars to the history of deep learning to apps for diagnosing skin cancer, *Rule of the Robots* challenges our fears and preconceptions about artificial intelligence. Ford argues that AI is here to stay and the real question is not how to stop it, but how to control its negative potential and harness its power for good as AI transforms our economy, our politics, and our lives.

The Old Santa Fé Trail

From introduction: "The chapter in our National History which tells our dealings with the Indian tribes, from Plymouth to San Francisco, will be one of the darkest and most disgraceful in our annals. Fraud and oppression, hypocrisy and violence, open, high handed robbery and sly cheating, the swindling agent and the brutal soldier turned into a brigand, buying promotion by pandering to the hate and fears of the settlers, avarice and indifference to human life, and lust for territory, all play their parts in the drama. Except the Negro, no race will lift up, at the judgement seat, such accusing hands against this nation as the Indian."

Wigwam and War-path

A richly illustrated, state-of-the-art field guide for identifying European passerines in flight—the first of its kind. Opening up new frontiers in birdwatching, this is the first field guide to focus specifically on the identification of European passerines and related landbirds in flight. Showcasing 850 stunning and remarkably lifelike colour illustrations from acclaimed bird artist Tomasz Cofta, produced using the latest digital technology, backed up with more than 2,400 photographs carefully selected to show typical flight profiles, it provides detailed and unsurpassed coverage of 205 European passerines and 32 near-passerines. This cutting-edge book brings a new dimension to birdwatching, the concise and authoritative species accounts presenting novel yet essential information on the flight manner of individual birds and the structure and behaviour of flocks—features that are key to identification. It also includes precise transliterations of flight calls, supported by sonograms, and links to a unique collection of hundreds of online audio recordings. Beautifully designed and written in an accessible style, this book will appeal to birdwatchers of all abilities. It presents the latest knowledge on flight identification of a group of birds that is poorly covered in the literature and is therefore a must-have for all professional ornithologists and scientists involved in migration studies. The first field guide to flight identification of European passerines and related landbirds. Covers 205 European passerines and 32 near-passerines. Features 850 stunning colour illustrations. Includes more than 2,400 photos showing typical profiles of each species in flight. Provides detailed information on flight calls, with links to online recordings.

Beyond Adventure

Having masterfully translated a wide range of ancient Chinese poets and philosophers, David Hinton is uniquely qualified to offer the definitive contemporary English version of Lao Tzu's Tao Te Ching. Like all of his translations, Hinton's translation of the Tao Te Ching is mind-opening, presenting startling new dimensions in this widely-influential text. He shows how Lao Tzu's spirituality is structured around the generative life-force, for example, and that this system of thought weaves the human into natural process at the deepest levels of being, thereby revealing the Tao Te Ching as an originary text in deep feminist and ecological thought. Lao Tzu's Tao Te Ching is not only the single most important text ever composed in China, it is probably the most influential spiritual text in human history. In the past, virtually all translations of this text have been produced either by sinologists having little poetic facility in English, or writers having no ability to read the original Chinese. Hinton's fluency in ancient Chinese and his acclaimed poetic ability provide him the essential qualifications. Together, they allow a breathtaking new translation that reveals how remarkably current and even innovative this text is after 2500 years.

Flight Identification of European Passerines and Select Landbirds

Part history, part resource book, part guide, and part photographic essay, *The Mormon Trail Yesterday and Today* is an essential reference for readers of all ages who are interested in the Mormon trek west. In conjunction with the sesquicentennial of one of the most dramatic migrations in American history, William E. Hill now applies his expertise to the Mormon migration. Driven from their home in Nauvoo, Illinois, Mormons, under the leadership of Brigham Young, began in 1846 their journey west to an expected haven in the Great Salt Lake Valley. The first party arrived there in July 1847. Thousands of members and converts later followed the Mormon Trail, which for much of its way traced the route of the Oregon Trail, although it generally stayed across the Platte River from the more-traveled way. It was thus, until the railroad's arrival in 1869, one of the West's most important and heavily used roads. Although the Mormons' experience was in most ways similar to that of other emigrants, the religious motivations, tight organization, and family groups of the Mormons gave their migration a distinct character. William Hill introduces the Mormons, their eventful early history, and the characteristics of the migration west. His book also includes a chronology of trail-related events, excerpts from diaries and guidebooks, songs, historical maps, over 200 then and now illustrations, descriptions of major museums and displays on the trail, and recommendations for further reading.

Tao Te Ching

The journal seems to contain information for everyone regardless of one's interest...Each page of this almost six hundred page journal is crammed with facts and descriptions. So much of interest is contained in every entry that each re-reading will reveal many interesting incidents or observations not quite grasped on the first perusal....This book will be a valuable source to all students of California or United States history and to the casual readers as well.

The Mormon Trail

"What an astonishing life and what a remarkable biography. Lewis Barney's sojourn on the hard edge of the American frontier is a forgotten epic. Not only does this book tell of an amazing personal odyssey from his birth in upstate New York in 1808 to his death in Mancos, Colorado, in 1894, but Barney's tale represents a living evocation of some of the most significant themes in American history. Frederick Jackson Turner theorized that the frontier shaped our national character, but Lewis Barney's life stands as a testament to the real impact of the westering experience on a man and his family. Ron Barney's detailed biography of Lewis Barney provides a participant's view of Mormonism's first six decades of controversy, hardship, and triumph, viewed from the bottom of the social heap. Despite his wide-ranging experience and endless sacrifices, Lewis Barney was a worker in the Mormon vineyard, not one of the princes of the Kingdom of God whose lives have been so exhaustively celebrated. Barney's lack of status in this complex hierarchy adds tremendously to the value of this study, since so much nineteenth-century LDS biography has ignored the lives of ordinary people to celebrate a surprisingly small elite whose experiences were far different from those of the general Mormon population." —Will Bagley, editor of the series *Kingdom in the West: The Mormons and the American Frontier* and editor of *The Pioneer Camp of the Saints: The 1846-1847 Mormon Trail Journals* of Thomas Bullock.

Up and Down California in 1860-1864

This is an anthology of anecdotes about the Minnesota frontier, dating primarily from the 1840s and 1850s. The material seems to have been collected directly from original settlers who were still alive in the early twentieth century. There are abundant descriptions of early logging operations, agriculture, building practices, plagues, infestations, flora and fauna, and floods. Accounts of local culture range from descriptions of Indian-white relations to boarding-house life, foodways, dances and other festivities. Several settlers were attracted to Minnesota for the celebrated health of its climate; others recall its life-threatening cold.

One Side By Himself

Reproduction of the original: *Baree, Son of Kazan* by James Oliver Curwood

Old Rail Fence Corners

Tommies recount their WWI Trench Experiences

Baree, Son of Kazan

"This first thorough survey of Utah's mining history provides overviews of the geology, economic history, and folklore of mining in the state; recounts the development of a selection of historically significant minerals, such as coal, salines, and uranium; and includes region-by-region histories of Utah's mining booms and busts. The essays are written by notable experts in the field, among them historians Thomas G. Alexander, Martha Sonntag Bradley-Evans, James E. Fell Jr., Laurence P. James, Brigham D. Madsen, Allen Kent Powell, W. Paul Reeve, and Raye C. Ringholz and geologists J. Wallace Gwynn and William T. Parry."--BOOK JACKET.

The River and I.

Drawing on letters, interviews, speeches, and reminiscences, looks at the life and career of the American novelist.

The Best 500 Cockney War Stories

The book leads the reader through the past to the present and here leaves him amid active and progressive men who are advancing, along with him, toward the future. Including, as it does, lives of men now living, it constitutes a connecting link between what has gone before and what is to come after. It is therefore fitting that it should be dedicated to a prominent man of our day in preference to one of former times. The matter presented, in the nature of things, is largely biographical. There can be no foundation for history without biography. History is a generalization of particulars. It presents wide extended views. To use a paradox, history gives us but a part of history. That other part which it does not give us, the part which introduces us to the thoughts, aspirations and daily life of a people, is supplied by biography. The men whose deeds are recorded in this book were or are deeply identified with Texas, and the preservation in this volume in enduring form of some remembrance of them—their

names, who and what they were—has been a pleasant task to one who feels a deep interest and pride in Texas—its past history, its heroes and future destiny.

Life and Adventures of 'Billy' Dixon

From the author of *Argo* comes an unforgettable behind-the-scenes story of espionage in action. In the first ever memoir by a top-level operative to be authorized by the CIA, Antonio J. Mendez reveals the cunning tricks and insights that helped save hundreds from deadly situations. Adept at creating new identities for anyone, anywhere, Mendez was involved in operations all over the world, from "Wild West" adventures in East Asia to Cold War intrigue in Moscow. In 1980, he orchestrated the escape of six Americans from a hostage situation in revolutionary Tehran, Iran. This extraordinary operation inspired the movie *Argo*, directed by and starring Ben Affleck. The Master of Disguise gives us a privileged look at what really happens at the highest levels of international espionage: in the field, undercover, and behind closed doors.

Permanent Temporariness

This book can save your life! The best defense for any scenario is to be prepared. The Gun Digest Book of Combat Handgunnery prepares you for potential life-threatening situations with practical instruction and expert guidance. Author Massad Ayoob teaches you the skills to keep you and your family safe in any violent encounter, including: Selecting the right pistol, ammunition and holster How to use and accessorize your handgun Close-quarter battle techniques used by law enforcement and the U.S. military In addition to the tactical aspects of self-defense, Ayoob also covers practical information about selecting a used handgun and the legal aspects of self-defense with a firearm. Firearms technology and tactics change throughout the years, which is why the updated 6th edition of The Gun Digest Book of Combat Handgunnery is essential to the well-being of you and your family. Remember, your best defense is to be prepared.

From the Ground Up

With the train of civilisation hurtling at ever-increasing speed towards self-destruction, the most pressing question facing humanity in the 21st century is that of the preservation of life. Can Life Prevail?, the latest book by Finnish environmentalist Pentti Linkola, provides a radical yet firmly grounded perspective on the ecological problems threatening both the biosphere and human culture. With essays covering topics as diverse as animal rights, extinction, deforestation, terrorism and overpopulation, Can Life Prevail? for the first time makes the lucid, challenging writing of Linkola available to an English-speaking public. "By decimating its woodlands, Finland has created the grounds for prosperity. We can now thank prosperity for bringing us - among other things - two million cars, millions of glaring, grey-black electronic entertainment boxes, and many unnecessary buildings to cover the green earth. Wealth and surplus money have led to financial gambling and rampant social injustice, whereby 'the common people' end up contributing to the construction of golf courses, classy hotels, and holiday resorts, while fattening Swiss bank accounts. Besides, the people of wealthy countries are the most frustrated, unemployed, unhappy, suicidal, sedentary, worthless and aimless people in history. What a miserable exchange." Kaarlo Pentti Linkola was born in Helsinki in 1932. Having spent most of his life working as a professional fisherman, he now continues to lead a materially simple existence in the countryside. A renowned figure in Finland, since the 1960s Linkola has published numerous books on environmentalism. Today, he is among the foremost exponents of the philosophy of deep ecology.

Willa Cather

From flying squirrels on high wooded plateaus to hanging gardens in redrock canyons, the Inter-mountain West is home to some of the world's rarest and most fascinating animals and plants. Creatures of Habitat details many unique but little-known talents of this region's strange and wonderful wild inhabitants and describes their connections with native environments. For example, readers will learn about the pronghorn antelope's supercharged cardiovascular system, a brine shrimp-powered shorebird that each year flies nonstop from the Great Salt Lake to Central Argentina, and a rare mustard plant recently discovered on Mount Ogden. Emphasizing how increasing loss and degradation of habitat hinders native species' survival, Mark Gerard Hengesbaugh discusses what is happening to wildlife and wild places and what is being done about it. Well illustrated, this book has habitat maps, pen-and-ink illustrations, and fifty photos of wildlife and wild places selected by photo editor Dan

Miller. Also included are guides to wildlife viewing and lists of Utah species, including those considered sensitive, threatened, or endangered.

Indian Wars and Pioneers of Texas

In *Brightest Africa* is an excellent travelog with details of Carl Ethan Akeley's ventures in East Africa. Akeley worked with President Theodore Roosevelt and was friends with famous photographers Martin and Osa Johnson. He was the world's leading taxidermist of his time.

History of Bureau County, Illinois

"Theodore Dreiser, road warrior . . . Dreiser's account of his homecoming will touch a familiar and responsive chord in anyone who has undertaken one." —The Washington Post Book World By 1914, Theodore Dreiser was a successful writer living in New York. He had not been back to his home state in over twenty years. When his friend Franklin Booth approached him with the idea of driving from New York to Indiana, Dreiser's response to Booth was immediate: "All my life I've been thinking of making a return trip to Indiana and writing a book about it." Along the route, Dreiser recorded his impressions of the people and land in words while his traveling companion sketched some of these scenes. In this reflective tale, Dreiser and Booth cross four states to arrive at Indiana and the sites and memories of Dreiser's early life in Terre Haute, Sullivan, Evansville, Warsaw, and his one year at Indiana University. "Because [the book] provides a portrait of the artist as a young man and describes the nation as a mosaic of individual cultures, Dreiser's journey offers several different lessons. Part travelogue, part autobiography, part collection of essays, *A Hoosier Holiday* lays out the landscape of a nation that ceased to exist once the highway unfurled across the map." —Publishers Weekly (starred review) "Though far from the author's usual musings, this is actually a forerunner to the American road novel and very well could have been one of the inspirations for Jack Kerouac . . . this is a fine addition to public and academic libraries." —Library Journal

The Master of Disguise

A famous magician's journey to find the greatest cardsharp ever evokes the forgotten world of magic where Americans found escape during the Great Depression. It has the nostalgic quality of an old-fashioned fable, but Karl Johnson's *The Magician and the Cardsharp* is a true story that lovingly re-creates the sparkle of a vanished world. Here, set against the backdrop of America struggling through the Depression, is the world of magic, a realm of stars, sleight of hand, and sin where dreams could be realized - or stolen away. Following the Crash of '29, Dai Vernon, known by magicians as "the man who fooled Houdini," is tramping down Midwestern backroads, barely making ends meet. While swapping secrets with a Mexican gambler, he hears of a guy he doesn't quite believe is real - a legendary mystery man who deals perfectly from the center of the deck and who locals call the greatest cardsharp of all time. Determined to find the reclusive genius, Vernon sets out on a journey through America's shady, slick, and sinful side - from mob-run Kansas City through railroad towns that looked sleepy only in the daytime. Does he find the sharp? Well, Karl Johnson did - after years of research into Vernon's colorful quest, research that led him to places he never knew existed. Johnson takes us to the cardsharp's doorstep and shows us how he bestowed on Vernon the greatest secret in magic. *The Magician and the Cardsharp* is a unique and endlessly entertaining piece of history that reveals the artistry and obsession of a special breed of American showmen.

The Saga of Billy the Kid

The Gun Digest Book of Combat Handgunnery
