Mahomet and His Successors

In this groundbreaking work, Washington Irving offers a detailed and sympathetic portrait of the life and times of Mahomet, as well as the early years of Islam. Drawing on historical and literary sources, Irving paints a vivid picture of the religious and political turmoil of the Arabian Peninsula during that time. This book is essential reading for anyone interested in the history of religion and the Middle East. Mahomet and His Successors

PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

Mahomet and His Successors

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1868 edition. Excerpt: ... APPENDIX. OF THE ISLAM FAITH. fN an early chapter of this work we have given such particulars of the faith inculcated by Mahomet as we deemed important to the understanding of the succeeding narrative: we now, though at the expense of some repetition, subjoin a more complete summary, accompanied by a few observations. The religion of Islam, as we observed on the before-mentioned occasion, is divided into two parts; Faith and Practice: -- and first of Faith. This is distributed under six different heads, or articles, viz: 1st, faith in God; 2d, in his angels; 3d, in his Scriptures or Koran; 4th, in his prophets; 5th, in the resurrection and final judgment; 6th, in predestination. Of these we will briefly treat in the order we have enumerated them. Faith In God. -- Mahomet inculcated the belief that there is, was, and ever will be, one only God, the creator of all things; who is single, immutable, omniscient, omnipotent, all-merciful, and eternal. The unity of God was specifically and strongly urged, in contradistinction to the Trinity of the Christians. It was designated, in

the profession of faith, by raising one finger, and exclaiming, "La illaha il Allah!" There is no God but God; to which was added, "Mohamed Resoul Allah!" Mahomet is the prophet of God. Faith In Angels.--The beautiful doctrine of angels, or ministering spirits, which was one of the most ancient and universal of oriental creeds, is interwoven throughout the Islam system. They are represented as ethereal beings, created from Air, the purest of elements, perfect in form and radiant in beauty, but without sex; free from all gross or sensual passion, and all the appetites and infirmities of frail humanity; and existing in perpetual and unfading youth. They are various...

Lives of Mahomet and His Successors

Excerpt from Mahomet and His Successors, Vol. 1 of 2 Some apology may seem necessary for presenting a life of Mahomet at the present day, when no new fact can be added to those already known concerning him. Many years since, during a residence in Madrid, the author projected a series of writings illustrative of the domination of the Arabs in Spain. These were to be introduced by a sketch of the life of the founder of the Islam faith, and the first mover of Arabian conquest. Most of the particulars for this were drawn from Spanish sources, and from Gagnier's translation of the Arabian historian Abulfeda, a copy of which the author found in the Jesuits' Library of the Convent of St. Isidro, at Madrid. Not having followed out in its extent the literary plan devised, the manuscript lay neglected among the author's papers until the year 1831, when he revised and enlarged it for the Family Library of Mr. John Murray. Circumstances prevented its publication at the time, and it again was thrown aside for years. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Mahomet and His Successors, Vol. 1 of 2 (Classic Reprint)

According to Mohammed, the one true religion was revealed to five great prophets before him - Adam, Noah, Abraham, Moses and Jesus. But each time their message was ignored and people chose to worship false gods instead. As the last and greatest prophet of the one and only God, it was his task to abolish all idolatry. For many years his mission seemed hopeless. As long as he remained in Mecca, he made few converts and had to endure dangers and persecution. But when the city of Medina offered him sanctuary, his small band of followers rapidly multiplied. Mohammed now led his armies out to do battle in the desert, spreading his religion at the point of the sword
