Venus to the Hoop

A look at the talented athletes who won the Gold in women's basketball at the 1996 Olympics.

Interdisciplinary Analyses of Professional Basketball

This edited collection conceptualizes professional basketball not just as a sport but as an historically, culturally, and economically embedded entity. The chapters analyse the fact that the sport of basketball contains alternative logics that can easily clash, and by treating professional basketball as the negotiation place of these multiple demands, ideas, and logics, the editors have identified three areas in which these clashes manifest: the realization of the game; the cultural impact of professional basketball and the global outreach of professional basketball. The book is explanatory and qualitative, offering new perspectives and touching on topics including gender, diversity, racism, and minority experiences within professional basketball. As such it will be of interest to sport sociologists, as well as those researching the history of sport, sports marketing and cultural studies.

Venus to the Hoop

In the spring of 1995, twelve extraordinary basketball players were chosen to represent the United States in the yearlong march to the 1996 Olympics. For Rebecca Lobo, Sheryl Swoopes, Lisa Leslie, and their teammates, winning the gold medal was only one of many goals. Around them swirled the dreams of the millions of young girls who played organized basketball, the hopes of the fans who sent the team an average of 125 pounds of fan mail each month, the multimillion-dollar bets of Nike, Champion, and other corporate sponsors, the promise of a new women's professional league, and not least, the hopes of female athletes across the country finally to gain the respect accorded male athletes. These women on whom so much pressure rested included a runway model (who also happened to be one of the few women players able to dunk), a forward who barely survived a car accident that left her in a coma, a collegiate sensation struggling to live up to her rep and her huge marketing contract from Reebok, a superstar known as "the female Michael Jordan," and a controversial, unrelenting coach. Nine of the women were black; three were white. Some were married, some single; some outspoken,

some painfully shy. Some were rivals, some fast friends. How they came together, both on and off the court, is the subject of this wonderful celebration of the female athlete.

Women's Studies Index, 1997

From the invention of "basket ball" in the late nineteenth century and the very first women's games played in bloomers, blouses, and thick stockings, to the fast-paced world of today's NCAA tournaments and the WNBA, this book covers every aspect of the history of women's basketball. Find out why men weren't allowed to watch the first women's games and which First Lady was involved in forming the early rules of women's basketball to ensure that players remained "ladylike." You can even take a virtual tour through the Women's Basketball Hall of Fame. Book jacket.

Subject Guide to Books in Print

Reaching back over a century of struggle, liberation, and gutsy play, *Shattering the Glass* is a sweeping chronicle of women's basketball in the United States. Offering vivid portraits of forgotten heroes and contemporary stars, Pamela Grundy and Susan Shackelford provide a broad perspective on the history of the sport, exploring its close relationship to concepts of womanhood, race, and sexuality, and to efforts to expand women's rights. Extensively illustrated and drawing on original interviews with players, coaches, administrators, and broadcasters, *Shattering the Glass* presents a moving, gritty view of the game on and off the court. It is both an insightful history and an empowering story of the generations of women who have shaped women's basketball.

Forthcoming Books

In virtually every sport in which they are given opportunity to compete, people of African descent dominate. East Africans own every distance running record. Professional sports in the Americas are dominated by men and women of West African descent. Why have blacks come to dominate sports? Are they somehow physically better? And why are we so uncomfortable when we discuss this? Drawing on the latest scientific research, journalist Jon Entine makes an irrefutable case for black athletic superiority. We learn how scientists have used numerous, bogus "scientific" methods to prove that blacks were either more or less superior physically, and how racist scientists have often equated physical prowess with intellectual deficiency. Entine recalls the long, hard road to integration, both on the field and in society. And he shows why it isn't just being black that matters—it makes a huge difference as to where in Africa your ancestors are from. Equal parts sports, science and examination of why this topic is so sensitive, *Taboo* is a book that will spark national debate.

Lady Hoopsters

Publisher Description

Take it to the Hoop

Presenting a study of the evolution of American women's clothing, this book traces the history of modern sportswear as a universal style that broke down traditional gender roles. It shows that behind

this development was a growing interest in sports that was nurtured by the establishment of schools of higher education for women.

The Handmaid's Tale

A limited, leather bound, individually numbered edition of the magnificent official celebration of the London 2012 Olympic and Paralympic Games. A glorious keepsake of the London 2012 Olympic Games and Paralympic Games, full of unforgettable images, powerful quotes and fascinating statistics. It traces the whole incredible story, from early preparation through the creation of the Olympic Park, the Torch Relay and the innovative Cultural Olympiad. It explores both Games in detail, revealing how record-breaking athletes, spectators, volunteers and locals have all made London 2012 their own. Beautifully designed and featuring the Games' most evocative photography and a foreword by Sebastian Coe KBE, London 2012 Olympic and Paralympic Games: The Commemorative Book captures the magical atmosphere of a once in a lifetime event. Only 2012 have been produced and will only be available for sale until the end of the year.

Shattering the Glass

In a new approach to philosophical anthropology, Bruno Latour offers answers to questions raised in *We Have Never Been Modern*: If not modern, what have we been, and what values should we inherit? *An Inquiry into Modes of Existence* offers a new basis for diplomatic encounters with other societies at a time of ecological crisis.

Taboo

An exploration of women in basketball.

Breaking Through

Germany's economic miracle is a widely-known phenomenon, and the world-leading, innovative products and services associated with German companies are something that others seek to imitate. In *The 'Made in Germany' Champion Brands*, Ugesh A. Joseph provides an extensively researched, insightful look at over 200 of Germany's best brands to see what they stand for, what has made them what they are today, and what might be transferable. The way Germany is branded as a nation carries across into the branding of its companies and services, particularly the global superstar brands - truly world-class in size, performance and reputation. Just as important are the medium-sized and small enterprises, known as the 'Mittelstand'. These innovative and successful enterprises from a wide range of industries and product / service categories are amongst the World market leaders in their own niche and play a huge part in making Germany what it is today. The book also focuses on German industrial entrepreneurship and a selection of innovative and emergent stars. All these companies are supported and encouraged by a sophisticated infrastructure of facilitators, influencers and enhancers - the research, industry, trade and standards organizations, the fairs and exhibitions and all the social and cultural factors that influence, enhance and add positive value to the country's image. Professionals or academics interested in business; entrepreneurship; branding and marketing; product or service development; international trade and business development policy, will find fascinating insights in this book; while those with an interest in Germany from emerging industrial economies will learn something of the secrets of German success.

When the Girls Came Out to Play

This book examines the developments in women's sports history in Britain in the last 10 years, following on from its successful predecessor *Women and Sport History* (2010). It considers what has changed and what continuities persist drawing on a series of contributions from authors who are active in the field. The chapters included in this book cover a broad time frame and range of topics such as the history of women's football in Scotland and England; women's role in rugby leagues; women's sport during World War II; and female participation in American football, cricket and cycling. Written and edited during the early days of the COVID-19 pandemic, the book also reflects on the possible implications of the pandemic on women's sport. In doing so, it highlights the diversity of research currently being undertaken in the field and touches on areas which remain overlooked or underdeveloped. The chapters in this book were originally published as a special issue of *Sport in History*.

London 2012 Olympic and Paralympic Games

The inspiration for the Peacock Original Movie "Shooting Stars" The celebrated memoir from LeBron James - a poignant, thrilling tale of the power of teamwork to transform young lives, including his own "A book that will incredibly move and inspire you." —Jay-Z "A heartwarming story of boys who became men, teammates who became brothers, players who became champions, wonderfully told through the maturing eyes of basketball's greatest star." — John Grisham Before LeBron James was an NBA superstar, he was just a kid from Akron, Ohio, who loved to play basketball on a team called the Shooting Stars. This is the story of how this motley group of ten-year-olds grew into a team and became men together - surviving the challenges of inner city America and enduring jealousy, hostility, exploitation, and the consequences of their own overconfidence in their quest to win a national championship. Shooting Stars is a poignant, thrilling tale of the power of teamwork to transform young lives.

An Inquiry Into Modes of Existence

This book examines the phenomenon of athlete activism across all levels of sport, from elite and international sport, to collegiate and semi-pro, and asks what this tells us about the relationship between sport and wider society. With contributions from scholars around the world, the book presents a series of fascinating case studies, including the activism of world-famous athletes such as Serena Williams, Megan Rapinoe and Raheem Sterling. Covering a broad range of sports, from the National Football League (NFL) and Australian Rules, to fencing and the Olympic Games, the book sheds important light on some of the most important themes in the study of sport, including gender, power, racism, intersectionality and the rise of digital media. It also considers the financial impact on athletes when they take a stand and the psychological impact of activism and how that might relate to sports performance. It has never been the case that 'sport and politics don't mix', and now, more than ever, the opposite is true. This is essential reading for anybody with an interest in the politics or sociology of sport, the politics of protest, social movements or media studies.

Why She Plays

In this pathbreaking book, Alice Kessler-Harris explores the meanings of women's wages in the United States in the twentieth century, focusing on three sets of issues that capture the transformation of women's roles: the battle over minimum wage for women, which exposes the relationship between family ideology and workplace demands; the argument over equal pay for equal work, which challenges gendered patterns of self-esteem and social organization; and the current debate over comparable worth, which seeks to incorporate traditionally female values into new work and family trajectories. Together these issues trace the many ways in which gendered meaning has been produced, transmitted, and challenged.

The 'Made in Germany' Champion Brands

Examining the ways in which media sport has insinuated itself into contemporary everyday life, this book traces the rise of the sports media and the economic and political influences on and implications of the media sports cultural complex.

Women in Sports History

The e-mail Danny and Allison read on their new computer in 1996 looks no different from the millions of others received by Web users around the world, with one glaring exception--it was sent by their dads who died during the 1970s. While residing in the afterworld at an amenity-laden paradise called Midway Manor, guitar-strumming Mickey Parks and piano-playing Lloyd Wallace monitor and manipulate the lives of their adult children on earth from the mid-'70s through the 1990s. Tampering with the facility's sophisticated computer, the dads thrust Mickey's daughter Allison and Lloyd's son Danny into a passionate but sometimes stormy relationship--a relationship steeped in Danny's heavy drinking and entangled in the often-zany world of men's adventure magazine publishing. After carefully implementing a plan to send their son and daughter a gift of knowledge that could enrich their lives forever, the dads' brief contact is cut short. They are banished to another destination in the afterworld, but not before they impart indisputable proof of life after death--and unwittingly put Danny's and Allison's earthbound lives on the line.

Shooting Stars

In our "wireless" world it is easy to take the importance of the undersea cable systems for granted, but the stakes of their successful operation are huge, as they are responsible for carrying almost all transoceanic Internet traffic. In *The Undersea Network* Nicole Starosielski follows these cables from the ocean depths to their landing zones on the sandy beaches of the South Pacific, bringing them to the surface of media scholarship and making visible the materiality of the wired network. In doing so, she charts the cable network's cultural, historical, geographic and environmental dimensions. Starosielski argues that the environments the cables occupy are historical and political realms, where the network and the connections it enables are made possible by the deliberate negotiation and manipulation of technology, culture, politics and geography. Accompanying the book is an interactive digital mapping project, where readers can trace cable routes, view photographs and archival materials, and read stories about the island cable hubs.

Athlete Activism

A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades – no, for centuries – have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar – and you certainly don't have to diagram sentences – in order to speak and write correct English. So rest assured – *English Grammar For Dummies* will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With *English Grammar For Dummies*, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. *English Grammar For Dummies* covers many other topics as well, such as the following: Verbs, adjectives, and adverbs – oh my! Preposition propositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you!

A Woman's Wage

Anagram Solver is the essential guide to cracking all types of quiz and crossword featuring anagrams. Containing over 200,000 words and phrases, *Anagram Solver* includes plural noun forms, palindromes, idioms, first names and all parts of speech. Anagrams are grouped by the number of letters they contain with the letters set out in alphabetical order so that once the letters of an anagram are arranged alphabetically, finding the solution is as easy as locating the word in a dictionary.

Sport, Culture & Media

How was American culture disseminated into Britain? Why did many British citizens embrace American customs? And what picture did they form of American society and politics? This engaging and wide-ranging history explores these and other questions about the U.S.'s cultural and political influence on British society in the post-World War II period.

Stardust Dads

Grammar, Meaning, and Concepts: A Discourse-Based Approach to English Grammar is a book for language teachers and learners that focuses on the meanings of grammatical constructions within discourse, rather than on language as structure governed by rigid rules. This text emphasizes the ways in which users of language construct meaning, express viewpoints, and depict imageries using the conceptual, meaning-filled categories that underlie all of grammar. Written by a team of authors with years of experience teaching grammar to future teachers of English, this book puts grammar in the context of real language and illustrates grammar in use through an abundance of authentic

data examples. Each chapter also provides a variety of activities that focus on grammar, genre, discourse, and meaning, which can be used as they are or can be adapted for classroom practice. The activities are also designed to raise awareness about discourse, grammar, and meaning in all facets of everyday life, and can be used as springboards for upper high school, undergraduate, and graduate level research projects and inquiry-based grammatical analysis. Grammar, Meaning, and Concepts is an ideal textbook for those in the areas of teacher education, discourse analysis, applied linguistics, second language teaching, ESL, EFL, and communications who are looking to teach and learn grammar from a dynamic perspective.

The Undersea Network

The Mark of Athena is the explosive third part in Rick Riordan's number one series - Heroes of Olympus. ONE FATAL PROPHECY SEVEN BRAVE DEMIGODS A QUEST TO FIND - AND CLOSE - THE DOORS OF DEATH. Annabeth felt as if someone had draped a cold washcloth across her neck. She heard that whispering laughter again, as if the presence had followed her from the ship. She looked up at the Argo II. Its massive bronze hull glittered in the sunlight. Part of her wanted to kidnap Percy right now, get on board and get out of here while they still could. She couldn't shake the feeling that something was about to go terribly wrong. She couldn't risk losing Percy again. Rick Riordan has now sold an incredible 55 million copies of his books worldwide RICK RIORDAN IS THE MYTHMASTER The Greek Gods are alive and kicking - go to www.rickriordanmythmaster.co.uk and see for yourself 'A cracking read' - Sunday Express 'Explosive' - Big Issue 'Action-packed' - Telegraph Rick Riordan is an award-winning mystery writer. He lives in San Antonio, Texas, with his wife and two sons. Percy Jackson and the Lightning Thief, Rick's first novel featuring the heroic young demigod, was the overall winner of the Red House Children's Book Award in 2006.

English Grammar For Dummies

Introduction to the Sociology of Sport offers a comprehensive overview of topics, theories, definitions and results of sport sociological research and discussions. A unique approach to the social specificity of sport is outlined.

Anagram Solver

"There is no one quite like Barbara Kingsolver in contemporary literature," raves the Washington Post Book World, and it is right. She has been nominated three times for the ABBY award, and her critically acclaimed writings consistently enjoy spectacular commercial success as they entertain and touch her legions of loyal fans. In High Tide in Tucson, she returns to her familiar themes of family, community, the common good and the natural world. The title essay considers Buster, a hermit crab that accidentally stows away on Kingsolver's return trip from the Bahamas to her desert home, and turns out to have manic-depressive tendencies. Buster is running around for all he's worth -- one can only presume it's high tide in Tucson. Kingsolver brings a moral vision and refreshing sense of humor to subjects ranging from modern motherhood to the history of private property to the suspended citizenship of human beings in the Animal Kingdom. Beautifully packaged, with original illustrations by well-known illustrator Paul Mirocha, these wise lessons on the urgent business of being alive make it a perfect gift for Kingsolver's many fans.

America in the British Imagination

How does culture shape history, and history shape culture? This book answers this question by bringing readers on a fascinating journey through the evolution of Chinese culture, political and legal institutions, and "national character" of historical and contemporary China. It illustrates how "national character" evolves endogenously along with an institutional environment through the use of economic theories. Recognizing the unique role of "personality" in violence and social order – important variables that contribute to successful economies, the book provides a meaningful take on "personality" from the "average personality" of a country's people. It analyses the relationship between culture, institution and "national character".

Grammar, Meaning, and Concepts

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never

forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

The Mark of Athena (Heroes of Olympus Book 3)

The pages of Black and Crimson celebrate the Black Excellence of past and present faculty and staff at San Diego State University. The 'over the years' book introduces you to the academic achievements, research initiatives, professional and career developments, and offers prime examples of leadership and community service. This collection of profiles should serve as motivation to African American students attending SDSU now and into the future by instilling in them a sense of pride from the first day they set foot on campus. They will understand who provided the shoulders they now stand upon as they achieve academic and personal success within and beyond the campus.

Thoughts Upon Slavery

The definitive guide to the history of fashion. From Ancient Egypt and Marie Antionette to Alexander McQueen and Chanel, this visually stunning fashion design book charts the evolution of clothing and shows how every generation reinvents fashion! The perfect fashion coffee table book! Here's what you'll find inside: • Covers the most important fashion periods in vivid detail, from ancient times to the present day, in extensive catalog spreads • From a crinoline to a Givenchy gown, specially photographed "virtual tours" of classic pieces spotlight the details that make up a masterpiece • Profiles showcase the key styles and works of trailblazing designers, describing how they have influenced the clothes we wear • Beautiful double-page images from fashion archives show how people have embraced fashion in every era and place fashion in its cultural context The fashion industry is yours to explore! Now fully revised and updated, this lavishly illustrated book about fashion includes recent subjects of interest including the increased role of social media, fast fashion, sustainable fashion, and the drive for improved diversity and beauty ideals. The illustrated glossary of technical terms and a comprehensive index help make this page-turning fashion book an indispensable work of reference for any fashion student or fashionista's shelf. Look out for more titles in The Definitive Visual Guide series from DK. Experience the power of art and take a guided tour of the world's most influential paintings in Art, or celebrate the history and evolution of design movements in Design.

Introduction to the Sociology of Sport

First published in 2001. Routledge is an imprint of Taylor & Francis, an informa company.

High Tide in Tucson

In *Young, Black, Rich, and Famous*, Todd Boyd chronicles how basketball and hip hop have gone from being reviled by the American mainstream in the 1970s to being embraced and imitated globally today. For young black men, he argues, they represent a new version of the American dream, one embodying the hopes and desires of those excluded from the original version. Shedding light on both perception and reality, Boyd shows that the NBA has been at the forefront of recognizing and incorporating cultural shifts—from the initial image of 1970s basketball players as overpaid black drug addicts, to Michael Jordan's spectacular rise as a universally admired icon, to the 1990s, when the hip hop aesthetic (for example, Allen Iverson's cornrows, multiple tattoos, and defiant, in-your-face attitude) appeared on the basketball court. Hip hop lyrics, with their emphasis on "keepin' it real" and marked by a colossal indifference to mainstream taste, became an equally powerful influence on young black men. These two influences have created a brand-new, brand-name generation that refuses to assimilate but is nonetheless an important part of mainstream American culture. This Bison Books edition includes a new introduction by the author.

Culture, Institution, and Development in China

The Life and Times of Henry Gassaway Davis, 1823-1916
