Book Sculpture Tutorial: The Yin Yang - Book Sculpture Tutorial: The Yin Yang by Johwey Redington
105,706 views 7 years ago 18 minutes - I've received numerous inquiries about how to make this book sculpture, and I'm excited to finally offer this free video tutorial for it.

help to create crisp fold lines

find and cut through the vertical center of the page

continue working on the succeeding pages marking and cutting each page

cutting the right side of the book

mark and cut the pages in 1 / 8 inch increments

turn all the cut pages over to the right

fold it into a triangle by first aligning the top edge

cut the excess paper

continue cutting and folding

flip all the cut pages over to the left

started with the first full page after all the cut pages

expose the swirls on each side

VIKINGS: Norse Mythology - II: Norse Gods & Goddesses [Thor, Loki, Odin and more] - VIKINGS:
Norse Mythology - II: Norse Gods & Goddesses [Thor, Loki, Odin and more] by Cans 292,117 views
7 years ago 4 minutes, 58 seconds - Norse Mythology, Gods & Goddesses. Who are the norse gods
and goddesses? What are the powers of the norse deities have?

His wife is Frigg the goddess

He rides the flying 8-legged horse across the sky

In German Odin is named Woden The day Wednesday is named after Odin

The day of the week Thursday bears his name

Fenrir is a giant wolf

Hel is ruler of underworld where the dead dwell

Frigg is often confused with Freyja

She is daughter of Njord the god of sea and wind

He rides the shining dwarf-made golden boar

He is the guardian of Asgard

to signal the start of Ragnarok

The Day the Musick Died

As a mother, Cheryl E. Musick would have done anything for her daughter. But when a devastating addiction wreaks havoc on her family, she realizes that sometimes a mother's love simply isn't enough. In The Day the Musick Died, Cheryl shares the story of her bubbly, talented daughter Misty and the drug addiction that eventually took her life. As Cheryl writes in her introduction, she hoped one day to write a book with Misty about triumphing over addiction. Tragically, that book will never exist. Instead,

Cheryl pours her love for her daughter into this memoir and lets you see Misty the way Cheryl did. Misty may not be the coauthor of this narrative, but her presence is felt on every page. Cheryl's hopes for her daughter did not come to pass, but she continues to have hope for the thousands of people out there struggling with addiction. She is adamant that no one—neither addicts nor their loved ones—should ever give up fighting for sobriety and reconciliation. She wants Misty's story to be a message of optimism, a source of strength and inspiration for all those who have lost their way.

The Day the Music Died: The Last Tour of Buddy Holly, the Big Bopper, and Ritchie Valens

The Last Tour of Buddy Holly, the 'Big Bopper' and Ritchie Valens. The tragic deaths of these three fifties Rock n Roll stars was immortalised in Don McLean's classic hit American Pie. The poignant story of the build-up to, events of, and the fall-out from the infamous 'Day The Music Died' are told here in painstaking chronological detail. A must for any serious rock n roll fan or student.

The Day the Music Died

'An extraordinary book by an extraordinary man' Ken Loach Tony Garnett's story begins in working-class, war-torn Birmingham where he movingly describes the trauma of his mother's death following a back-street abortion. Nineteen days later, stricken with grief, Tony's father committed suicide and Tony was sent to live with other family members. He eventually moved to London and was part of the counterculture scene in the 1960s. Tony takes us behind the scenes of a selection of his more famous productions, offering secrets and anecdotes, some moving, some amusing. He gives accounts of angry clashes with the BBC and movie executives as he battles to make films that are thought too controversial. Year after year he fought the BBC and movie bosses to bring to the public films about police corruption and psychiatrists' cruelty; films advocating abortion law reform and the abolition of the death penalty; films about the homeless and the waste of young people in poor schools.

The Day the Music Died

Behind the roaring crowds and the billion-dollar record deals are tales of solitude, anger, and depression. Readers are about to unearth these stories as author Les MacDonald brings nostalgia to every bookshelf with *The Day the Music Died*, his newly released book published through Xlibris. *The Day the Music Died* is a well-researched documentation of the different true stories of the persons whose names are forever etched in the history of music. Throughout, readers will get an intimate look into the deaths of Wolfgang Amadeus Mozart, Elvis Presley, Brian Jones, Bob Marley, John Lennon, George Harrison, Tupac Shakur, Nirvana's Kurt Cobain, Selena, Michael Jackson, and many more. As each of these artists permanently faded from the limelight, a new testimonial will be created to prove that their music lives on. "While some of our favorites may have lost their way at some point during their lifetimes, we must remember that there is one thing that the passage of time cannot erase . . . and that, my friends, is the music!" shares the author.

The Day the Music Died

In 1950s Iowa, a murder-suicide forces a lawyer to put aside his rock-and-roll grief Sam McCain loves Buddy Holly because he's the only rock-and-roll star who still seems like a dweeb, and Sam knows how that feels. With the unrequited love of his life at his side, Sam drives more than three hours through the snow to watch his idol play the Surf Ballroom. That night, Buddy Holly dies in the most famous plane crash in music history, but Sam has no time to grieve. Because there are too many lawyers in this small town, Sam makes a living as a PI, doing odd jobs for an eccentric judge—whose nephew, it seems, has a problem only a detective could solve. His trophy wife has been murdered, and as soon as Sam arrives, the nephew kills himself, too. The police see this as a clear-cut murder-suicide, but Sam wants to know more, diving into a mystery that will get dangerous faster than you can say "bye-bye, Miss American Pie."

The Day the Music Died

Chronicles the private lives and public careers of the people of the pop music industry--from the formerly dirt-poor supersalesman to the arrogant rock idol and the self-destructive chanteuse

The Day the Music Died

Their lives were cut brutally short...yet the legacy has on lived on for four decades. They were three of rock 'n' roll's brightest stars, touring together in a music revue that was as grueling as it was magical. Dilapidated school buses that frequently broke down and rarely had heat carried them hundreds of miles across the Midwest with its unforgiving cold. Hoping to get a decent night's sleep, a hot meal, and a chance to clean the clothes they'd been wearing for weeks, Buddy Holly chartered a plane. On February 3, 1959, Ritchie Valens, the Big Bopper, and Buddy Holly boarded a small plane bound for rock 'n' roll heaven. This is their story, told by the family members, bandmates, and witnesses who lived it. Including material not seen in the original VH1 broadcast, *Behind the Music: the Day the Music Died* is a compelling record of one of rock 'n' roll's defining moments.

The Day The Music Died

At once a groundbreaking cultural history of rock music and an impassioned defense of the unique value of art, *The Day Alternative Music Died* is a timely and essential addition to the cultural discourse. Featuring a meticulously researched and eminently readable narrative that will appeal to both casual and diehard music fans, *The Day Alternative Music Died* tells the fascinating story of the tensions between artistic and commercial aspirations throughout the history of rock music. Author Adam Carless grafts the vital and untold story of the rise and fall of the alternative music scene in the 1980s and 90s into a larger rock music narrative that spans half a century, shedding light on a number of crucial developments in rock and popular music which remain widely misunderstood, even as they continue to have far-reaching implications for the future of music creation, consumption, and criticism. With a scope that encompasses everything from Bob Dylan's arrival on the rock scene in the mid-1960s through Spotify's recent attempts to establish a new model for music distribution, *The Day Alternative Music Died* provides engaging and valuable insight into what it means to be a music fan, artist, and critic here in the 21st Century.

The Day Alternative Music Died

The Day the Music Died

February 1958. Iowa's freezing, Buddy Holly's plane has crashed, the phone's ringing off the hook and it's not even dawn - the day's starting badly for lawyer and rock-and-roll fan Sam McCain, and he's got a feeling it's not going to get better.--Back cover.

The Day the Music Died

In this revealing history, author, historian, and musician Ian Glasper explores in minute detail the influential and esoteric UK anarcho-punk scene of the early 1980s. Where some of the colorful punk bands from the first half of the decade were loud, political, and uncompromising, their anarcho-punk counterparts were even more so, totally prepared to risk their liberty to communicate the ideals they believed in so passionately. With Crass and Poison Girls opening the floodgates, the arrival of bands such as Amebix, Chumbawamba, Flux of Pink Indians, and Zounds heralded a new age of honesty and integrity in underground music. New, exclusive interviews and hundreds of previously unreleased photographs document the impact of all of the scene's biggest names--and a fair few of the smaller ones--highlighting how anarcho-punk took the rebellion inherent in punk from the very beginning to a whole new level of personal awareness.

The Day the Music Died

Brimming with fascinating trivia about popular music from rock and R&B to country.

The Day the Music Died

Births, deaths and marriages, No1 singles, drug busts and arrests, famous gigs and awards... all these and much more appear in this fascinating 50 year almanac. Using a page for every day of the calendar year, the author records a variety of rock and pop events that took place on a given day of the month across the years. This Day in Music is fully illustrated with hundreds of pictures, cuttings and album covers, making this the must-have book for any pop music fan.

The Day the Country Died

This title is a must read for anyone interested in the music of the 1960s and is packed with information, stories, trivia, and photos relating to the pop music of the '60s and very early '70s. (Music)

On this Day in Music History

In this compulsively readable, fascinating, and provocative guide to classical music, Norman Lebrecht, one of the world's most widely read cultural commentators tells the story of the rise of the classical recording industry from Caruso's first notes to the heyday of Bernstein, Glenn Gould, Callas, and von Karajan. Lebrecht compellingly demonstrates that classical recording has reached its end point—but this is not simply an exposé of decline and fall. It is, for the first time, the full story of a minor art form, analyzing the cultural revolution wrought by Schnabel, Toscanini, Callas, Rattle, the Three Tenors, and Charlotte Church. It is the story of how stars were made and broken by the record business; how a war criminal conspired with a concentration-camp victim to create a record empire; and how advancing technology, boardroom wars, public credulity and unscrupulous exploitation shaped the musical backdrop to our modern lives. The book ends with a suitable shrine to classical recording: the author's critical selection of the 100 most important recordings—and the 20 most appalling. Filled with memorable incidents and unforgettable personalities—from Goddard Lieberson, legendary head of CBS Masterworks who signed his letters as God; to Georg Solti, who turned the Chicago Symphony into “the loudest symphony on earth”—this is at once the captivating story of the life and death of classical recording and an opinionated, insider's guide to appreciating the genre, now and for years to come.

This Day in Music

Buddy Holly's plane just went down. But for P.I. Sam McCain, bad news hits even closer to home. A local couple turns up dead, and the investigation teaches him that behind the white picket fences of small-town Iowa, there's a flip side to the American dream.

The Year the Music Died

The Bard meets the Backstreet Boys in Pop Sonnets, a collection of 100 classic pop songs reimagined as Shakespearean sonnets. All your favorite songs are here, including hits by Jay-Z, Johnny Cash, Katy Perry, Michael Jackson, Talking Heads, and many others. With stirring sentiments on everything from love and despair to wanton women, Pop Sonnets offers inspirational verse for every occasion.

The Life and Death of Classical Music

The day the music died, I was living in the small town, Crockett, California. Population, three thousand. I am now in my middle eighties. When you live in a small town, you don't meet or see many celebrities. Me, my son, and dear friend went to Muhammad Ali's training camp in the Pocono Mountains in Deer Lake, Pennsylvania, to get a product endorsement from Muhammad Ali. We were there for three days. We took many pictures with Ali doing what he loved the most: doing magic tricks, especially for children. Also, we took lots pictures around his camp. Ali even chopped down a tree for us, that was on a hill in back of his camp. It's a great picture. I gave that picture to Ali's mother, Odessa Clay, at Caesars Palace in Las Vegas the day after the music died. I was there with a lady friend. I spent time not with the greatest fighter, but the greatest loving person that I have ever known. Ask anyone that was in contact with Muhammad Ali. Even the prizefighters that fought Ali in the ring said that being around Ali for any amount of time was an unexplainable supernatural experience of love that they carry around daily. After Holmes beat Ali badly at Caesars Palace in Las Vegas, he said, he went to his hotel room and cried, because of the love he had for Ali.

The Day the Music Died

Once you're dead, you're made for life. --Jimi Hendrix Hendrix. Janis. Morrison. Elvis. Lennon. Cobain. Garcia. Their reckless brilliance held the key to their self-destruction. Their deaths had much in common--and, surprisingly, so did their lives. From lonely childhoods marred by loss to groundbreaking music and turbulent careers that ended tragically and suspiciously, David Comfort explodes the myths as he probes: • The sinister roles of Hendrix's manager and girlfriend in his death and subsequent cover-up • The bizarre odyssey of Jim Morrison's corpse • Why Kurt Cobain was worth more dead than alive to Courtney Love • The twisted motives that caused John Lennon to sail through the Devil's Triangle to Bermuda--nearly going down in a storm--shortly before he was fatally shot • The crippling disease and "miracle" drug that drove Elvis to suicide Charismatic and gifted, but also isolated and conflicted, these are not the rock icons you thought you knew. Here are their larger-than-life stories of turmoil and excess that led to their early deaths and ultimate immortality. It's a wild ride to the other side of fame. "Fame is the soul eater." --Jerry Garcia "Everybody loves you when you're six foot in the ground." --John Lennon Includes Rare Photos David Comfort is the author of three bestselling nonfiction books. His short fiction has appeared in numerous magazines, including Eclectic Literary Forum, Pacific Review, Coe Review, and Belletrist Review. He has been the recipient of several literary prizes and a finalist for such prestigious awards as the Nelson Algren Award and America's Best. A former rock musician, he has spent over 30 years studying rock music, particularly the revolutionary and fatalistic pioneers of the 1960s. He lives in Santa Rosa, California.

The Day the Music Died

Beginning with the emergence of commercial American music in the nineteenth century, Volume 1 includes essays on the major performers, composers, media, and movements that shaped our musical culture before rock and roll. Articles explore the theoretical dimensions of popular music studies; the music of the nineteenth century; and the role of black Americans in the evolution of popular music. Also included--the music of Tin Pan Alley, ragtime, swing, the blues, the influences of W. S. Gilbert and Rodgers and Hammerstein, and changes in lyric writing styles from the nineteenth century to the rock era.

Pop Sonnets

Much recent economic work on the music industry has been focused on the impact of technology on demand, with predictions being made of digital copyright infringement leading to the demise of the industry. In fact, there have always been profound cyclical swings in music media sales owing to the fact that music always has been, and continues to be, a discretionary purchase. This entertaining and accessible book offers an analysis of the production and consumption of music from a social economics approach. Locating music within the economic analysis of social behaviour, this books guides the reader through issues relating to production, supply, consumption and trends, wider considerations such as the international trade in music, and in particular through divisions of age, race and gender. Providing an engaging overview of this fascinating topic, this book will be of interest and relevance to students and scholars of cultural economics, management, musicology, cultural studies and those with an interest in the music industry more generally.

The Day the Music Died

'This didn't feel like magic. It felt a lot older than that. It felt like music.' Being sixteen is always difficult, but it's even more so when there's a Death in the family. Susan hasn't exactly had a normal upbringing, with a skeletal grandfather who rides a white horse and wields a scythe. When Death decides he needs a well-earned break, he leaves Susan to take over the family business. The only problem is, everyone mistakes her for the Tooth Fairy . . . Well, not the only problem. There's a new, addictive music in Discworld. It's lawless. It changes people. It's got a beat and you can dance to it. It's called Music With Rocks In. And it won't fade away . . . 'Genius . . . deals with death with startling originality' New York Times 'His spectacular inventiveness makes the Discworld series one of the perennial joys of modern fiction' Mail on Sunday Soul Music is the third book in the Death series, but you can read the Discworld novels in any order.

The Day the Music Died

Set in the early twenty-first century, *The Day the Music Died* tells the story of greed, patriotism, revenge, and misguided loyalties. The body of Charles Townsend III, former director of the CIA, is found floating in the river. Though initially thought to be a canoeing accident, his son, Charles Townsend IV, international banker, learns that his father's death was murder. As he attempts to find out who murdered his father and why, Townsend stumbles into an international plot to steal Nazi gold hidden since May of 1945. As Charles Townsend IV investigates further, he becomes involved with the CIA, the Mossad, the PLO, and the lovely Jeanne. He finds revenge, salvation, and love. *The Day the Music Died* is a suspenseful tale of intrigue and double-cross that takes the reader from Maryland to the heart of Russia, Eastern Europe, Japan, South America, and the finally the high seas. Seven greedy young European bankers locate a missing shipment of Nazi gold. Their attempt to recover the gold for themselves triggers the PLO to search for the gold as well. The PLO wants the gold to purchase two nuclear devices from two disillusioned Russian scientists, who are willing to sell their expertise and materials for a life in the West. The Mossad, always vigilant when it comes to the PLO, begins searching for the same gold. Charles' search for his father's murderers brings American interests into the intrigue, and the CIA joins the hunt for the gold, the bombs, and the scientists. The quest for gold and power and a son's search for a murderer culminate on the high seas.

The Rock And Roll Book Of The Dead

After a deadly medical mistake sent a navy sailor to the presence of Jesus, he returned from his near-death experience with new eyes to see the kingdom of heaven in this life. Now he wants to help you experience heaven on earth today. For years Steve Musick kept his amazing story to himself, afraid no one would believe or understand it. A major allergic reaction had stopped his heart, hurling him into a five-week coma and a powerful experience of heaven. After returning to life, he couldn't forget the memory of that vibrant place—and, most of all, the loving words and touch of Jesus. But that was only the beginning. An amazing series of miracles, dreams, and other supernatural events had been set in motion, showing Steve that heaven was close, even in this life. God was calling him to discover echoes of heaven in the here and now—echoes that can happen at any moment, to anyone—that bring overwhelming joy. At last Steve is ready to tell the story of his journey of a lifetime—two lifetimes. In it you'll learn the secret of bringing heaven to earth in your everyday world, and how to nurture a relationship with God so real and intimate that you'll feel his nearness as strongly as Steven did. Experience one man's incredible vision of heaven—and learn how you can live in God's presence and power today.

American Popular Music: The age of rock

The phrase "Heroin saved my life" could be considered both controversial and even offensive to some. However in "Chasing a flawed sun" the author shows us how after breaking him down and almost taking his life several times, the battle with the drug did just that. This is a true story. A transparent story of the life of a young man in America, who, like many of our lost youth, found his way into the drug culture. This story is an autopsy into the mind, heart and soul of an addict. It begins at childhood and takes us through the thoughts, turmoil and inner conflicts of a person lost in the undercurrent of addiction, and ends in a climax of self discovery, and realization. It is a gripping tale of a suburban youth and his journey through the streets of Baltimore, institutions, prisons, addiction, and worst of all, his own mind. What makes it so unique is the vulnerability and transparency with which it is told. It is the goal of this story to not only to tell a vivid tale but to also share hope and experience with those who are actively struggling with their own demons, and to shed some light to those who have lost or are

currently dealing with a loved one who is struggling with addiction, alcoholism and/or a lost sense of "self". Daniel McGhee lives and owns several businesses just outside of Baltimore, Md. He also owns a non-profit and works with addicts, children and homeless in his area. In his eighteen years in recovery he's learned to enjoy writing, fitness, and traveling the world. He enjoys going to other countries either for relief work, exploration or just chasing the sun that never ceases.

Who Died On This Day In Music

THE YEAR IS 1967. In England, and around the world, rock music is exploding—the Beatles have gone psychedelic, the Stones are singing "Ruby Tuesday," and the summer of love is approaching. For Jack Flynn, a newly minted young solicitor at a conservative firm, the rock world is of little interest—until he is asked to handle the legal affairs of Emerson Cutler, the seductive front man for an up-and-coming group of British boys with a sound that could take them all the way. Thus begins Jack Flynn's career with the Ravons, a forty-year journey through London in the sixties, Los Angeles in the seventies, New York in the eighties, into Eastern Europe, Africa, and across America, as Flynn tries to manage his clients through the highs of stardom, the has-been doldrums, sellouts, reunions, drug busts, bad marriages, good affairs, and all the temptations, triumphs, and vanities that complicate the businesses of music and friendship. Spanning the decades and their shifting ideologies, from the wild abandon of the sixties to the cold realities of the twenty-first century, *Evening's Empire* is filled with surprising, sharply funny, and perceptive riffs on fame, culture, and world events. A firsthand observer and remarkable storyteller, author Bill Flanagan has created an epic of rock-and-roll history that is also the life story of a generation.

Music in the Marketplace

Why is music so important to most of us? How does music help us both in our everyday lives, and in the more specialist context of music therapy? This book suggests a new way of approaching these topical questions, drawing from Ansdell's long experience as a music therapist, and from the latest thinking on music in everyday life. Vibrant and moving examples from music therapy situations are twinned with the stories of 'ordinary' people who describe how music helps them within their everyday lives. Together this complementary material leads Ansdell to present a new interdisciplinary framework showing how musical experiences can help all of us build and negotiate identities, make intimate non-verbal relationships, belong together in community, and find moments of transcendence and meaning. *How Music Helps* is not just a book about music therapy. It has the more ambitious aim to promote (from a music therapist's perspective) a better understanding of 'music and change' in our personal and social life. Ansdell's theoretical synthesis links the tradition of Nordoff-Robbins music therapy and its recent developments in Community Music Therapy to contemporary music sociology and music studies. This book will be relevant to practitioners, academics, and researchers looking for a broad-based theoretical perspective to guide further study and policy in music, well-being, and health.

Soul Music

Der 3. Februar 1959 war der Tag, an dem die viersitzige Chartermaschine abstürzte, die neben Buddy Holly auch Ritchie Valens und J .P. Richardson das Leben kostete – der Tag, den Don McLean in seinem Song "American Pie" als den Tag besingt, der in die Geschichte einging, als der Tag, an dem die Musik gestorben war – "The Day The Music Died". Es handelt sich um eine aktualisierte Auflage! (11. Februar 2016)

The Day the Music Died

The "thoroughly fun . . . [and] crazy good" memoir about one man's life and how it was changed by the legacy of a rockabilly legend (Chicago Sun-Times). Buddy Holly, icon: black horn-rimmed glasses, blue jeans, a white T-shirt, white socks, loafers, and "Peggy Sue." Not so much to Gary W. Moore. Admitting he "grew up in a Rock & Roll vacuum," Gary favored jazz. He couldn't name a single Buddy Holly song. Buddy Rich? Yes. But that changed in a single evening when Gary was dragged along to a Winter Dance Party in Cedar Falls, Iowa—a tribute to Buddy's final, tragic 1959 tour. It was headlined by musician extraordinaire John Mueller, whose uncanny recreation of the legend was hailed by Buddy's own brother Travis as "the best I've ever seen." It took just one song to seize Gary's heart and soul. From then on, for Gary, it was everything Buddy. In this inspiring "rock-and-rollercoaster of a read", Moore shares his personal journey to learn more about Buddy's life, music, his influence, his impact, and the times in which he lived (Bill Guertin, author of *Reality Sells*). He'd meet Buddy's friends and family, celebrities, Buddy Holly fans, and make a new friend himself in John Mueller. The result is "as

American as apple pie and as compelling as Don McLean's legendary hit about The Day the Music Died" (James Riordan, New York Times—bestselling author).

The Day the Music Died

In the late 1990s, the MP3 became the de facto standard for digital audio files and the networked computer began to claim a significant place in the lives of more and more listeners. The dovetailing of these two circumstances is the basis of a new mode of musical production and distribution where new practices emerge. This book is not a definitive statement about what the new music industry is. Rather, it is devoted to what this new industry is becoming by examining these practices as experiments, dedicated to negotiating what is replacing an "object based" industry oriented around the production and exchange of physical recordings. In this new economy, constant attention is paid to the production and licensing of intellectual property and the rise of the "social musician" who has been encouraged to become more entrepreneurial. Finally, every element of the industry now must consider a new type of audience, the "end user\

Life After Heaven

Kelly, Yaz, Olivia, Eve and Charlotte are GirlfriendZ - the world's most popular band. But they live at a time when music is forbidden and sinister MIB agents hunt down singers and musicians to stop them performing! The girls go on the run. They play secret gigs for their fans and are determined to keep music alive. They discover that they can use music as a weapon against the MIB agents in the same way that vampire hunters can use garlic and crosses against vampires. But staying one step ahead of the MIB agents on their trail is no easy task, and if they fall into MIB's clutches the girls will be silenced for ever! It will be the day that music dies. The GirlfriendZ series is published by Ransom Publishing, specialists in books for reluctant and struggling readers. It is aimed at children aged 8-12, with a reading age of 9-10 years.
