Initially he has his hands full contending with Boston mob vendettas, rival covens, and a global network of deadly werewolf clans who want him dead. Unfortunately for Devin, things go from bad to worse when long forgotten gods rise, threatening to destroy not only the newly formed coven/clan but the majority of the world as well. Darkest Wolf

This book was previously published, the author got her rights back and is republishing the book Rex Kane has always known he was different than his brothers, down to the fact that when he shifts into his wolf form, his coat is completely black. Always in trouble, he is given one more chance by his brother Tristan, the alpha of the Westervelt pack, to bring back to their island a witch who can stop some of the magical assault that has plagued their war-torn home. Rex knows he has one last chance to set things right. Everything depends on him and he cannot fail. Elizabeth Willow has been cursed to look so repulsive no human eyes can bear to view her. Raised in a gentle coven of witches, she is ill prepared for the realities of the harsh world she now lives in. Raised to mistrust wolf-shifters as witch-killers, she cannot seem to help being drawn to Rex. Even if she doesn't believe she is his so-called mate. He can see her as she really is and is the first person to look her in the eyes in years. Although she is not naturally devious, she sees no choice but to use Rex to gain her own freedom and her family's safety. Together, Rex and Elizabeth will see just how evil the people around them can be. If they can trust their hearts, perhaps they will survive another night. If not, both of their battles will never be won.

Witches and Wolves

A local coven is hunting wolf shifters. They're enslaving them, extracting power from their essence... What are they planning? I'm not sure. I would have ignored it... until they captured my... friend. Or, is he more than a friend? I don't know. That kiss... I'm so confused... All I know is that I have to save him. One hedge witch facing off with a whole coven... drawing on the power of the wolves... Do I even stand a chance? ABOUT THE BLOOD WITCH SAGA (SERIES) I'm Hailey Bradbury: Hedge Witch and Vampire. She trained me in the ways of vampirism, the path of the night. Witchcraft + Voodoo + Vampirism = what I call bloodwitchery. Most witches won't mess with the power latent in blood. It's dark. It's dangerous. But if you can master it... You can harness the power of life itself. Go up and click 'Read for Free' or 'Buy Now' to find out if Hailey can stop the coven from harnessing the power of the wolves and save her friend... or... whatever he is? *Witches and Wolves* is the second volume in Theophilus Monroe's expansive *Blood Witch Saga*. Now, she has come into her own. She may be a member of the Vampire council. Her mentor might be the Voodoo Queen. But no one tells this blood witch what to do. *Witches and Wolves* is an action packed Urban Fantasy with a heavy dose of closed door Paranormal Romance.

The Wolf's Secret

A witch on the run. A wolf with a prophecy. A coven out for blood. I'd joined Josef's coven to learn to control my rare form of magic, except I found myself living in a nightmare. Much to his dismay, I didn't cower and give in. I refused to let him win. So I ran. Deep in the woods, I find myself in wolves' territory. Wolves, as in our mortal enemies. Howls follow me, their moonlit songs hauntingly beautiful... Until they corner me. There's no way I can go back, but the only way forward is slinking through the trees on four monstrous paws. Nearly dead on my feet and with no other options, I do the unthinkable. The forbidden.

I can only hope that it's enough. Because the only witch found on wolf lands is a dead witch. Fans of K.F. Breene, Elizabeth Briggs, Jaymin Eve, and Linsey Hall will find *The Wolf's Secret* an enticing new addition to the paranormal romance genre. If you enjoy damaged alpha heroes, witches with no more fucks to give, and enemies-to-lovers rejected mates, then you'll want to find out what secrets the wolf keeps.

Jacque and Fane are anticipating the birth of their first child and Jen and Decebel face the challenges of caring for an infant. Both girls are eagerly awaiting Sally's return, and have Perizada's word that she will be back in time for the birth of Jacque's baby. As long as evil exists in this world, his race must step forward and stand in the gap, shielding those who cannot protect themselves. But the battle he is anticipating is bigger than he could have ever imagined. As Perizada has recently discovered, creatures of the night that have for so long remained hidden from the human realm, have slithered from their underground lairs and begun preying on the young and innocent. The high fae has declared war, and she expects Vasile and his wolves to be the ones to carry out the attack. The Alpha is more than happy to oblige. Such is the job of the Alpha, protector, and provider. He and those he leads must stand as sentinels and warriors to safeguard those they love, and the humans who know nothing of the supernatural world. It will be their job to destroy the creatures that threaten to expose them all. And if they fail, the world as they know it, both human and supernatural, will never be the same.

Their Librarian

"Rumours were spreading through the wolf community that one their own had turned against the Silverdale Coven and was working for the Timere Lucen. Accusations were made, and fingers were pointed at rival packs and at the lone wolves who called the city home. Not even those employed by the coven were immune from suspicion as Archer, a wolf who'd lived in the city for the past five years and worked in the coven's library, soon discovered." -- Provided by publisher.

Alpha Rising

Supernatural war is on the horizon, and no one will escape unscathed. Enemy after enemy, foe after foe, has fallen before the combined might of the Romanian grey wolves and their allies among the supernatural races. But now the alliance doesn't fight a single supernatural threat. It's no longer a single coven of vampires, a lone deranged warlock, or a rogue pack that threatens their safety. Now, the wolves face a unified force of evil--the Order of the Burning Claw. The Order needs a representative from every supernatural race to unleash a spell that will enslave humanity forever, and they've just recruited one of their most powerful members. The Order will stop at nothing to gain power, including kidnapping the pack's children and its beleaguered healer. The Romanian pack would love nothing more than to bring the wrath of the Great Luna down upon their foes. But how can they do that when their enemies hold captive the pack's greatest treasures. Before this is over, bonds will be tested, a new leader will rise, and all hell will break loose.

Bewitching the Wolf

As the Beta of his werewolf pack, Leo has been doing what his Alpha says, even when he doesn't want to, for years now. When he's told to attend a government meeting one night, he thinks it will just be one of those things, until he catches the scent of the witch holding the meeting. Suddenly, he can't get her out of his head, he's desperately attracted to her, even knowing that his Alpha doesn't like members of the pack bonding with anyone but other werewolves. Della has been working in government for years now, and from experience, she doesn't expect the meeting to go according to plan. What she also doesn't expect is the hot-as-hell werewolf approaching her at its conclusion, lighting her body up in a way she's never experienced before. When he asks her out, of course, she says yes. But their relationship was always going to be more complicated than just witch-meets-werewolf. For one, Leo's pretty sure his attraction to Della is proof that what he thought was a myth of werewolves having one perfect mate might actually be true. Also, his Alpha doesn't want his pack members mating with anyone but other werewolves. And Della has a traumatic history of her own that makes it difficult to even imagine getting close to anyone after what happened before. But when the witch whose life is dedicated to making those of others better realises her werewolf is basically a mob enforcer, everything goes to hell. Can Leo clean up his act and get Della back? Or will he spend the rest of his life wondering what could have been? Publisher's Note: This contemporary paranormal romance contains graphic action scenes.

Bloody Love Spats

Among Wolves: Book Two A Spin-off of Sebastian's Wolves Tomislav Vugrin doesn't think himself much of a vampire—not that others are tripping over themselves to dispute it. Despite descending from one of the most powerful vampire lines and having a coven queen for a sister, he's far from a stuck-up royal and even farther from a force to be reckoned with. That's when fate puts her spiteful fingers to use and places him right in the path of Stone Marik, the new Alpha werewolf of the East Pack. Add a bit of the teasing scent of a mate, and the attraction is stronger than any lack of information about bonding that might stand in their way. But changing allegiance might be more than Tomi can handle, even if he has the best of intentions. Centuries of prejudice divide their two species, secrets and lack of time work against them, and soon even their desperate need for each other might not be enough to keep them alive.
