Nobody Cares and What I Did about It! the Red Wemette Story of the Chicago Outfit

If you have ever wanted to see what it is like to live on the wild side-all from the safety and security of your own armchair-then Nobody Cares and What I Did About It! The Red Wemette Story of The Chicago Outfit is for you. It is a veritable proof that truth is sometimes stranger than fiction! A fascinating, firsthand account of events in the life and times of William "Red" Wemette-the longest Organized Crime undercover informant [other than for espionage] for the FBI in U.S. History who spent eighteen years as an FBI mole. This book details how he did what he did, and why. It also settles, once and for all, the question of whether he is an actual person rather than a contrived governmental construct, as some federal agents believed. Take a look through the eyes of a man who has lived the life that most people can hardly imagine. He details his firsthand interactions with hitmen, murderers, thieves, and extortionists [from both sides of the law] in a never-before revealed series of stories that share insights and historical perspectives on the colorful excursions of the Chicago Mafia-more accurately known as "The Outfit." Intriguing details of his role in the Family Secret's Trial, the take down of one of the Outfit's most feared, nationwide hitmen, Frank Schweihs, and the forty-year-old triple homicide that sparked Cold Case files in Cook County and throughout the U.S. This book is a must-have for law enforcement officers, lawyers, politicians, historians, or anyone who wants the truth behind the Hollywood hype found in the many movies or books that cover "The Chicago Way" of doing business across the country."

The Dedham Historical Register

Catherine Slaney grew into womanhood unaware of her celebrated Black ancestors. An unanticipated meeting was to change her life. Her great-grandfather was Dr. Anderson Abbott, the first Canadian-born Black to graduate from medical school in Toronto in 1861. In *Family Secrets* Catherine Slaney narrates her journey along the trail of her family tree, back through the era of slavery and the plight of fugitive slaves, the Civil War, the Elgin settlement near Chatham, Ontario, and the Chicago years. Why did some of her family identify with the Black Community while others did not? What role did "passing" play? Personal anecdotes and excerpts from archival Abbott family papers enliven the historical context of this compelling account of a family dealing with an unknown past. A welcome addition to African-Canadian history, this moving and uplifting story demonstrates that understanding one's identity requires first the embracing of the past. "When Catherine Slaney first consulted me, her intention was to research the life of her distinguished ancestor Anderson R. Abbott. After she told me her story of the discovery of her African heritage and the search for her roots, I urged her to make that the subject of her book. Cathy has served both of these objectives, giving us an intricate and fascinating account of her quest for her own lost identity through the gradual illumination of Dr. Abbott and his legacy for modern Canadians. *Family Secrets* carries an important message about the issue of 'race' as a historical artifact and as a factor in the lives of real people." – James W. St. G. Walker, University of Waterloo "This is a welcome addition to the growing collection of African-Canadian materials that connects an unknown past to a promising future. That Slaney was unaware of her Black ancestry, despite that heritage being so rich and powerful, speaks to the dilemma of Black history research – it is there but requires considerable digging to uncover." – Rosemary Sadlier, President, Ontario Black History Society

Operation Greylord

Step into Chicago during the 1960s and '70s, where mobsters influence everyone from strip-club owners to Teamsters, aldermen, judges, and local police. It is a world where good men are corrupted by the irresistible lure of money and power, and families are shattered by lies, violence, and tragedy. Danny Seifert, a street-smart and ambitious young man, follows his father's example in his efforts to provide a good, comfortable life for his wife and children. Soon, however, his path leads him toward the dark heart of the Mob. His career choices eventually bring him to a point where he must choose between loyalty to the Mob and probable prison time, or coming clean to the FBI, testifying against Mob leaders and risking retaliation to himself and his family. He chooses the latter, which ultimately leads to his murder and decades of living in fear for his widow, Emma, and their children. As they grow into men, Danny's sons, Joe and Nick, take it upon themselves to find the man responsible for their father's death and make him pay. In seeking retribution for Danny, will they also succumb to lives of crime, or will they follow the high road of law and justice all the way to the *Family Secrets* trial in 2007, one of the largest Mob trials in history? Find out in *Deadly Associates*, a meticulously researched and poignantly personal story of one family's life inside and outside the Chicago Mob.

Organized Crime in America

Bold and inventive in style, *City of Night* is the groundbreaking 1960s novel about male prostitution. Rechy is unflinching in his portrayal of one hustling 'youngman' and his search for self-knowledge among the other denizens of his neon-lit world. As the narrator moves from Texas to Times Square and then on to the French Quarter of New Orleans, Rechy delivers a portrait of the edges of America that has lost none of its power. On his travels, the nameless narrator meets a collection of unforgettable characters, from vice cops to guilt-ridden married men eaten up by desire, to Lance O'Hara, once Hollywood's biggest star. Rechy describes this world with candour and understanding in a prose that is highly personal and vividly descriptive.

Deadly Associates

The chilling true story of how the son of the most violent mobster in Chicago helped bring down the last great American crime syndicate: the one-hundred-year-old Chicago Outfit. In *Operation Family Secrets*, Frank Calabrese, Jr. reveals for the first time the outfit's "made" ceremony and describes being put to work alongside his father and uncle in loan sharking, gambling, labor racketeering, and extortion. As members of the outfit, they plotted the slaying of a fellow gangster, committed the bombing murder of a trucking executive, the gangland execution of two mobsters—whose burial in an Indiana cornfield was reenacted in Martin Scorsese's blockbuster film *Casino*—and numerous other hits. The Calabrese Crew's colossal earnings and extreme ruthlessness made them both a dreaded criminal gang and the object of an intense FBI inquiry. When Frank Jr., his father, and Uncle Nick are convicted on racketeering violations, "Junior" and "Senior" are sent to the same federal penitentiary in Michigan. It's there that Frank Jr. makes the life-changing decision to go straight. But he needs to keep his father behind bars in order to regain control of his life and save his family. So Frank Jr. makes a secret deal with prosecutors, and for six months—unmonitored and unprotected—he wears a wire as his father recounts decades of hideous crimes. Frank Jr.'s cooperation with the FBI for virtually no monetary gain or special privileges helped create the government's "Operation Family Secrets" campaign against the Chicago outfit, which reopened eighteen unsolved murders, implicated twelve La Cosa Nostra soldiers and two outfit bosses, and became one of the largest organized crime cases in U.S. history. *Operation Family Secrets* intimately portrays how organized crime rots a family from the inside out while detailing Frank Jr.'s deadly prison-yard mission, the FBI's landmark investigation, and the U.S. attorney's office's daring prosecution of America's most dangerous criminal organization.

City of Night

The Chicago organized crime family known as the 'Outfit' dates back to the reign of the infamous Al Capone and prohibition. As the years passed and prohibition was repealed, Outfit bosses had to adapt and seek new ways to make money illegally. One of those was the expanding gambling and entertainment oasis in the desert: Las Vegas. A lot of cash passed through the Vegas casinos and the mobsters devised a way to get some of it, using a process that came to be known as 'the skim.' To protect their interests, the Outfit sent an enforcer to Sin City in 1971. He was to make sure their casino operations ran smoothly and deal with interlopers, employees who were skimming the skim and other troublemakers, by any means necessary. His name was Tony Spilotro. To help him run his empire Tony imported several heavies from Chicago. Among them was his childhood friend Frank Cullotta, who would function as Tony's street lieutenant. His assignment was to assemble a crew of thieves, arsonists and killers to provide muscle for Tony as necessary, and carry out lucrative burglaries that Tony brought to their attention. Frank and his crew were dubbed by the news media as the Hole in the Wall Gang. The Spilotro era in Vegas was dramatized in the 1995 blockbuster movie *Casino*, in which Joe Pesci played a character based on Spilotro. Character actor Frank Vincent played 'Frankie' based on Frank Cullotta. The real Frank Cullotta was a technical consultant to the film and appeared in several scenes as a hit man. As screenwriter Nick Pileggi said, 'Without Frank Cullotta there would have been no *Casino*.' In 'The Rise and Fall' of Tony Spilotro, Frank tells the true story of Tony Spilotro, his rise up the ladder to become an Outfit boss, his subsequent fall from power and murder at the hands of the Outfit. Frank also talks about the many murders Tony committed, ordered or planned. In several instances Frank names the killers in cases that are officially unsolved. It's a story that only Frank Cullotta could tell.

'A masterpiece ... the greatest novel of the Holocaust' The Guardian A haunting, dreamlike portrayal of the encroaching horror of the Holocaust onto a genteel MittelEuropean resort town Badenheim, a resort town near the forests of Vienna, is preparing for the arts festival of the summer season. The hotel workers and local tradespeople rush to prepare the small town for the influx of vacationers. But

just as the season is getting into full swing, a small note appears on a municipal notice board: the Sanitation Department is announcing an increase in its jurisdiction. No one knows what the Sanitation Department is, but no matter – the festival carries on. Soon inspectors are spread all over town, bringing estrangement, suspicion and mistrust wherever they go. Meanwhile, the guests carry on pursuing their pleasures and the townspeople attend to their troubles. Then another announcement appears: all Jews must register with the Sanitation Department. An allegory, satire and fable all in one, *Badenheim 1939* is a story of denial and normalisation, masterfully creating an atmosphere of impending dread and horror. Gripping and unforgettable, this is one of most intriguing and eerie books ever written about the Holocaust.

Reeve Lindbergh, daughter of aviator-authors Charles A. and Anne Morrow Lindbergh, writes about the intersection of fame and privacy from her unique perspective, as the spokesperson for the arguably most famous family of the twentieth century. In her new book, Lindbergh reflects on her own *Two Lives*, navigating her role as the public face of her family while, at the same time, leading a very quiet existence in rural Vermont. After devoting years to keeping separate her Lindbergh life and her everyday life on her farm, she now finds herself able to make peace with her two lives. Lindbergh takes us into the National Air and Space Museum and her own kitchen drawers with equal ease, discovering that the history-making items on display are, for her, like the memorabilia that most families keep in the attic. *Two Lives* reconciles the seemingly separate worlds of fame and privacy, even finding a certain sweetness when they intersect.

"[A] tender, funny, terrific new play. . . . Mr. Eno's voice, which teases out the poetry in the pedestrian and finds glinting humor in the static that infuses our faltering efforts to communicate, is as distinctive as any American playwright's today."The New York Times "Weird and wonderful . . . Eno's familiar sudden-shifting between profound and playful verbiage is delightfully disarming and sometimes awfully funny."Variety Plays as funny and moving, as wonderful and weird as *The Realistic Joneses* do not appear often on Broadway. Or ever, really. Mr. Eno's voice may be the most singular of his generation, but it's humane, literate and slyly hilarious. For all the sadness woven into its fabric, *The Realistic Joneses* brought me a pleasurable rush virtually unmatched by anything I've seen this season."The New York Times As usual, Eno's dialogue is a marvel of compression and tonal control, trivial chitchat flipping into cosmic profundity with striking ease. There's much to savor: the dry but meaningful banter, the joy of humans sharing time and space, battling the darkness with a joke or silence. Life in Enoland isn't what you'd call realistic it's more real than that."Time Out New York [An] elliptical, funny, dark and strangely moving new play. Eno is a writer with heart and compassion."Chicago Tribune Eno's first-ever

commercial foray ups the creative ante in a Broadway climate that can be resistant to new voices. [A] very fine play where laughter exists a heartbeat, or heartbreak, away from tears."The Telegraph Meet Bob and Jennifer and their new neighbors John and Pony, two suburban couples who have more in common than their identical last names. Boasting the playwright's quintessential existential quirkiness, this new comedy finds poetry in the banal while humorously exploring our ever-floundering efforts at communication. Listed as one of New York Times's Best Plays of 2012, *The Realistic Joneses* received its Broadway premiere in spring 2014, starring Toni Collette, Michael C. Hall, Tracy Letts and Marisa Tomei, and opening to rave reviews. Will Eno is the author of *Thom Pain* (based on nothing), which ran for a year Off-Broadway and was a 2005 Pulitzer Prize finalist. Other works include *Middletown*, *The Flu Season*, *Tragedy: a tragedy*, *Intermission*, and *Gnit*, an adaptation of Henrik Ibsen's *Peer Gynt*. His many awards include the PEN/Laura Pels International Foundation for Theatre Award, the Horton Foote Prize, and the first-ever Marian Seldes/Garson Kanin Fellowship by the Theater Hall of Fame.

"Doctors heal, or try to, but as nurses we step into the breach, figure out what needs to be done for any given patient today, on this shift, and then, with love and exasperation, do it as best as we can."—from *Critical Care* "At my job, people die," writes Theresa Brown, capturing both the burden and the singular importance of her profession. Brown, a former English professor at Tufts University, chronicles here her first year as an R.N. in medical oncology. As she does so, Brown illuminates the unique role of nurses in health care, giving us a deeply moving portrait of the day-to-day work nurses do: caring for the person who is ill, not just the illness itself. *Critical Care* takes us with Brown as she struggles to tend to her patients' needs, both physical (the rigors of chemotherapy) and emotional (their late-night fears). Along the way, we see the work nurses do to fight for their patients' dignity, in spite of punishing treatments and an often uncaring hospital bureaucracy. We also see how a twelve-hour day of caring for the seriously ill gives Brown herself a deeper appreciation of what it means to be alive. Ultimately, this is a book about embracing life, whether in times of sickness or health. As she takes us into the place where patients and nurses meet, Brown shows us the power of human connection in the face of mortality. She does so with a keen sense of humor and remarkable powers of observation, making *Critical Care* a powerful contribution to the literature of medicine.
