Spiritual Solutions

Demonstrates how to navigate life challenges in four common areas including relationships, success, health, and personal growth, providing compassionate recommendations for achieving balance and handling conflicts.

There is a Spiritual Solution to Every Problem

In *There's a Spiritual Solution to Every Problem*, bestselling author Wayne W. Dyer offers compelling testimony on the power of love, harmony, and service. When confronted with a problem, be it ill health, financial worries, or relationship difficulties, we often depend on intellect to solve it. But in this inspiring book, Dyer shows us that there is an omnipotent spiritual force at our fingertips that contains the solution to our problems. Drawing from the various spiritual traditions, especially from the prayer of Saint Francis of Assisi, Dyer helps us unplug from the material world and awaken to the divine within. The first part of the book provides the essential foundation for spiritual problem solving, drawing from the wisdom of Patanjali, a Yogi mystic; the second half focuses on the legacy of Saint Francis. Dyer offers specific practical applications for applying the teachings of these wise men to everyday problems, including affirmations, writing exercises, and guided meditations.

Self Power

From the man who has inspired millions of people to transform their lives and create their heart's desire comes his latest book on seeking and embracing the power source within. Deepak Chopra has made clear his conviction that it is within the potential of every human being to live an enriching, self-aware, magnificent life. But to reach that state of empowerment is a difficult task, calling for courage, will power

and - often - guidance. In Self-Power, Chopra offers that guidance and encouragement, while inspiring his readers to take their lives into their own capable hands no matter what challenges they may confront, be they job loss, financial difficulties, relationship issues, health problems or spiritual questions.

There's a Spiritual Solution to Every Problem

NATIONAL BESTSELLER FROM ACCLAIMED AUTHOR WAYNE DYER In this inspiring book, best-selling author Wayne Dyer draws from various spiritual traditions to help us unplug from the material world and awaken to the divine within. With his trademark wit, wisdom, and humor, bestselling author Wayne Dyer offers compelling testimony on the power of love, harmony, and service. When confronted with a problem, be it ill health, financial worries, or relationship difficulties, we often depend on intellect to solve it. In this radical book, Dyer shows us that there is an omnipotent spiritual force at our fingertips that contains the solution to our problems. The first part of the book provides the essential foundation for spiritual problem solving, drawing from the wisdom of Patanjali, a Yogi mystic; the second half is organized around the prayer of Saint Francis of Assisi, whose legacy is one of love, harmony, and service. Each chapter contains specific practical applications for applying the teachings of these wise men to everyday problems, including affirmations, writing exercises, and guided meditations. Profound and thought provoking, yet filled with pragmatic advice, *There's a Spiritual Solution to Every Problem* is a book about self-awareness and tapping the healing energy within all of us. The Book of Secrets

War of the Worldviews

Richard Dawkins, Christopher Hitchens and Stephen Hawking have had a major impact on the loud and popular debate between 'aggressive atheists' and religion. The huge sales of their bestselling books show just how much interest people have in their ideas. Now 'the rock star of the new spirituality', Deepak Chopra, is entering this debate, sparring with leading physicist, Professor Leonard Mlodinow (the co-author, with Stephen Hawking, of *The Grand Design*). In *War of the Worldviews*, Chopra argues that there is design in our universe and a deep intelligence behind life. Without defending organised religion, he debunks randomness as an explanation for how Nature evolves and shows how consciousness comes first and matter second. On the other side, Mlodinow argues the viewpoint of science, specifically what modern quantum physics can tell us about our world. In his view, physics, genetics and cosmology will shed far more light on the big questions than rethinking ancient spiritual concepts can ever do. A major work of our time, *War of the Worldviews* will not only offer more food for thought for those fascinated by the two sides of this modern conundrum - it will also place Deepak Chopra firmly in the ring of some of the most remarkable, and bestselling, thinkers of our era.

In this inspiring new book, bestselling author Wayne W. Dyer puts forth a powerful notion: namely that our ultimate purpose is to fulfill a spiritual destiny. In "*There's a Spiritual Solution to Every Problem*," Dyer shows us that there is an omnipresent spiritual force right at our fingertips that contains the

solution to our problems -- from ill health, to financial worries, to relationship difficulties. Drawing from various spiritual traditions, especially from the prayer of Saint Francis of Assisi, Dyer helps us unplug from the material world and awaken to the divine within.

Quantum Healing

This is an extraordinary new approach to healing by an extraordinary physician-writer - a book filled with the mystery, wonder, and hope of people who have experienced seemingly miraculous recoveries from cancer and other serious illnesses. Dr Deepak Chopra, a respected New England endocrinologist, began his search for answers when he saw patients in his own practice who completely recovered after being given only a few months to live. In the mid-1980s he returned to his native India to study Ayurveda, humanity's most ancient healing tradition. Now he has brought together the current research of Western medicine, neuroscience, and physics with the insights of Ayurvedic theory to show that the human body is controlled by a 'network of intelligence' grounded in quantum reality. Not a superficial psychological state, this intelligence lies deep enough to change the basic patterns that design our physiology - with the potential to defeat cancer, heart disease, and even aging itself. In this inspiring and pioneering work, Dr Chopra offers us both a fascinating intellectual journey and a deeply moving chronicle of hope and healing.

Creating Affluence

With clear and simple wisdom, Chopra explores the full meaning of wealth consciousness and presents a step-by-step plan for creating affluence and fulfillment on all levels of life.

The Book of Secrets

If it weren't for the enormous effort we put into denial, repression, and doubt, life would be a constant revelation. It takes thousands of choices to keep the book of secrets closed, but it only takes a single breakthrough to open it again. The locked door is inside you, and so is the key. The first step to finding it is acknowledging that no one is hiding any knowledge from us except ourselves. No one else knows the answers either. Book jacket.

Super Brain

"The remedy to what?" you ask... "And how is it divine?" The answer: all things unimaginable, deflating and debilitating that happen this day and every other day, on God's green earth. We, humankind, have been groping and grasping for the perennial fountain of youth - not to mention clues to profound and complex questions of existence and success - since life as we know it began. Well, we've been looking in all the wrong places. The saddest thing is, we have always possessed it but have mostly, tragically, overlooked it - or just ignored it - as simple wishful thinking. Or, we misunderstand it as religion. Or we don't really believe it at all. But now, you hold in your hands a guide to help you connect to the remedies of which I speak. This is a divine intervention of every issue that has ever emerged, or will ever plague you, and made life tougher than it needs to be. Check it out: "No temptation has overtaken you except such as is common to man; but God is faithful, who will not allow you to be tempted beyond what you are able, but with the temptation will also make the way of escape, that you may be able to bear it." (1Corinthians 10:13) That promise is good for every event, situation or problem that might present itself involving temptations, our temperaments, struggles, pitiable decisions and general dissatisfaction with life.

The Divine Remedy

Renewing the power of spirit in your life.

The Path to Love

Generic versions of the Bible begat generic versions of Christians: If we frustrate the language of the King James Version of the Bible, we will frustrate the grace of God and the genetic codes that lead to eternal life. "We ought to preach the gospel, not as our views, but as the mind of God. If we have been entrusted with the making of the gospel, we might have altered it to suit the taste of the modest century, but never having been employed to originate the good news, but merely to repeat it, we dare not stir beyond the record". and minds to achieve permanent weight loss, a longer, happier life and spiritual well-being. The ultimate guide to inner and outer health, *What Are You Hungry For?* will change the way you eat forever.

40 Days to Discovering the Real You

What has God done for you lately? Faith is in crisis. Are God and faith still useful in the modern world? If God is to have a future, Deepak Chopra argues, we must find a new approach to spirituality. For this we don't need better belief systems or scriptures - we need to rethink our place in the universe itself. Chopra reveals how God is about much more than religion. If God stands for absolute goodness, love and truth, and we are part of God, we have a connection to those things. Chopra explains the logic of

faith, while providing an incisive critique of militant atheism. If God has a future, Chopra reasons, the results will be for the betterment of us all.

GOLF FOR ENLIGHTENMENT is the fable of Adam Seaver, an ordinary person, with a terrible game. Adam meets a mysterious young teaching pro named Wendy who, in seven crisp, short yet profound lessons, teaches him things that seem baffling at first:--You and the ball are one--Find the now, and you will find the shot--Let the game play you From the moment they begin to put these lessons into practice, what was previously a humiliation turns into a transforming experience, not just for Adam's score but for his whole life. Long a famous writer on spiritual subjects, hailed as the poet-philosopher of mind-body medicine, Deepak Chopra found himself fascinated by the game of golf. He could not escape its parallels to life: 'Golf is like lightning caught in a bottle. It can turn triumph into disaster in a split second.' Faced with the wild ups and downs of his own game, Chopra crystallised a teaching based on mindfulness, the ability to remain calm and focused, relaxed and powerful at the same time. Mindfulness can improve any golf game, from the beginner's to the tour professional's. And it can improve anybody's life, no matter what game they play - or none.
