DIVDesigned for non-native speakers of English, Twelve American Voices presents a series of entertaining and culturally rich radio documentaries by award-winning producer David Isay. These stories, which were first broadcast on National Public Radio, focus on a range of individuals living and working in contemporary America, from an immigrant Chinese restaurant owner in New York City to an African-American waitress who helped integrate a Southern lunch counter, from the owner of a pawnshop-wedding chapel to a retired couple who have become disk jockeys. As students listen to these stories, they hear a variety of regional and ethnic "Englishes" and are introduced to some corners of American culture that are rarely seen in the media. In addition to transcripts of the documentaries, the book includes thought-provoking exercises that encourage students to analyze the language in the stories and to respond in both oral and written form. A CD of the broadcasts is included. Also available are an instructor's manual and a cassette for language labs (both free)./div

AFRICAN AMERICAN CIVIL RIGHTS IN THE AGE OF OBAMA: A HISTORY AND A HANDBOOK, by Prof. Harold McDougall of the Howard University School of Law is a look at some of the remaining trouble spots in black-white relations in the United States today, with the benefit of the Obama Administration's first year in office as a backdrop. The book begins with racial profiling, a topic particularly charged as a consequence of Harvard professor Henry Louis Gates' arrest in his own home, for disorderly conduct, by Cambridge, Massachusetts police. Other trouble spots include hate crimes, discrimination against consumers, employment discrimination, voting rights, housing discrimination and discrimination in public education.

On a popular TV game show, the game board provides the answer and the contestants have to come up with the question. The game board contains five questions in each of six categories; and the three contestants compete against each other to be the first to "buzz in" to provide the question. While the answers in this book all fall into one category, "American Institute of Parliamentarians Standard Code of Parliamentary Procedure," and this list of answers and questions doesn't provide an electronic "buzz in" system, parliamentarians can now join in the fun and try their hand at finding the correct question to parliamentary answers. While this book can't provide you with buzzers and a big answer board, the book does contain lots of answers (along with the "correct" question). The answers and questions can be grouped for playing games like the television show. Another way to use the answers is to transfer them to cards, shuffle the cards, and ask the answers in whatever order they are drawn from the shuffled deck. Whatever way you choose, make it fun! So, contestants, hands on your buzzers and get ready for a fast and fun session of: Here is the Answer! What is the Question?
