Shortlisted for the Costa First Novel Award 'A novel of fate and free will, forensic detection and blind love, crime and its justifications . . . finely tuned yet extravagantly complex' Evening Standard A cold October night, 1854. In a dark passageway, an innocent man is stabbed to death. So begins the extraordinary story of Edward Glyver, book lover, scholar and murderer. As a young boy, Glyver always believed he was destined for greatness. This seems the stuff of dreams, until a chance discovery convinces Glyver that he was right: greatness does await him, along with immense wealth and influence. And he will stop at nothing to win back a prize that he now knows is rightfully his. Glyver's path leads him from

the depths of Victorian London, with its foggy streets, brothels and opium dens, to Evenwood, one of England's most enchanting country houses. His is a story of betrayal and treachery, of death and delusion, of ruthless obsession and ambition. And at every turn, driving Glyver irresistibly onwards, is his deadly rival: the poet-criminal Phoebus Rainsford Daunt. Thirty years in the writing, *The Meaning of Night* is a stunning achievement. Full of drama and passion, it is an enthralling novel that will captivate readers right up to its final thrilling revelation.

The irresistible, candid diaries of Richard Burton, published in their entirety "Just great fun, and written out of an engaging, often comical bewilderment: How did a poor Welshman become not only a star, but a player on the world stage that was Elizabeth Taylor's fame?"—Hilton Als, *New Yorker.com* "Of real interest is that Burton was almost as good a writer as an actor, read as many as three books a day, haunted bookstores in every city he set foot in, bought countless books on every conceivable subject and evaluated them rather shrewdly. . . . Apt writing abounds."—John Simon, *New York Times Book Review* Irresistibly magnetic on stage, mesmerizing in movies, seven times an Academy Award nominee, Richard Burton rose from humble beginnings in Wales to become Hollywood's most highly paid actor and one of England's most admired Shakespearean performers. His epic romance with Elizabeth Taylor, his legendary drinking and story-telling, his dazzling purchases (enormous diamonds, a jet, homes on several continents), and his enormous talent kept him constantly in the public eye. Yet the man behind the celebrity façade carried a surprising burden of insecurity and struggled with the peculiar challenges of a life lived largely in the spotlight. This volume publishes Burton's extensive personal diaries in their entirety for the first time. His writings encompass many years—from 1939, when he was still a teenager, to 1983, the year before his death—and they reveal him in his most private moments, pondering his triumphs and demons, his loves and his heartbreaks. The diary entries appear in their original sequence, with annotations to clarify people, places, books, and events Burton mentions. From these hand-written pages emerges a multi-dimensional man, no mere flashy celebrity. While Burton touched shoulders with shining lights—among them Olivia de Havilland, John Gielgud, Claire Bloom, Laurence Olivier, John Huston, Dylan Thomas, and Edward Albee—he also played the real-life roles of supportive family man, father, husband, and highly intelligent observer. His diaries

offer a rare and fresh perspective on his own life and career, and on the glamorous decades of the mid-twentieth century.
