First Follower: Leadership Lessons from Dancing Guy - First Follower: Leadership Lessons from Dancing Guy by Derek Sivers 7,975,641 views 14 years ago 2 minutes, 58 seconds - A **leader**, needs

the guts to stand alone and look ridiculous. But what he's doing is so simple, it's almost instructional. This is key.

You must be easy to follow!

Be easy to follow!

It was the first follower that transformed a lone nut into a leader.

The 2nd follower is a turning point: it's proof the first has done well.

Make sure outsiders see more than just the leader.

Everyone needs to see the followers, because new followers emulate followers - not the leader.

Let's recap what we learned

There is no movement without the first follower.

The best way to make a movement, if you really care, is to courageously follow and show others how to follow.

When you find a lone nut doing something great, have the guts to be the first person to stand up and join in.
