The Story of Doctor Dolittle

Dolittle is an English gentleman who finds himself in the wrong occupation, a doctor of people, and gradually withdraws from society becoming a poor down and out town recluse. One day his English speaking pet parrot Polynesia lets him in on a secret that animals have a language of their own. Dolittle, now able to understand the complaints of animals, becomes a successful and world-renowned doctor of animals. Animal language is the central device of the series - in an age when every Disney film features English speaking animals it seems almost normal, but Lofting makes it seem new and marvelous. Indeed, the animals don

STORY OF DOCTOR DOLITTLE

The Story of Doctor Dolittle, Being the History of His Peculiar Life at Home and Astonishing Adventures in Foreign Parts is the work of well known children's author Hugh Lofting. This book is the first in Lofting's series of novels featuring John Dolittle, a doctor who is able to speak to animals, and has since become a classic of children's literature. The Story of Doctor Dolittle is the reader's introduction to John Dolittle, a character featured in more than ten novels written by Lofting. A practicing medical doctor, Dolittle changes career paths and becomes a veterinarian upon being taught to speak with animals by his pet parrot. This novel tells the tale of Dolittle's voyage to Africa to cure a tribe of monkeys inflicted with a deadly virus. After the pursuing adventures the novel concludes with Dolittle's return to his English village and retirement, which sets the stage for the future novels in Lofting's collection. The Story of Doctor Dolittle is a classic children's tale. The greatest appeal is of course the talking animals, to which Lofting has given distinct personalities and manners of speaking. It should be noted that this republication is of the original version, and thus contains some plot elements that may be considered controversial by modern standards. These elements are a clear indication of the time and place in which this novel was conceived - colonial England in the early twentieth century. The Story of Doctor Dolittle, Being the History of His Peculiar Life at Home and Astonishing Adventures in Foreign Parts is one of the most well known works of children's literature and serves as the introduction to a beloved character. It is a classic novel and one that holds appeal for both children and adults. Fans of the character owe it to themselves to read Lofting's novel and to familiarize themselves with the first tale of Dolittle. This book is a result of an effort made by us towards making a contribution to the preservation and repair of original classic literature. In an attempt to preserve, improve and recreate the original content, we have worked towards: 1. Type-setting & Reformatting: The complete work has been re-designed via professional layout, formatting and type-setting tools to re-create the same edition with rich typography, graphics, high quality images, and table elements, giving our readers the feel of holding a 'fresh and newly' reprinted and/or revised edition, as opposed to other scanned & printed (Optical Character Recognition - OCR) reproductions. 2. Correction of imperfections: As the work was re-created from the scratch, therefore, it was vetted to rectify certain conventional norms with regard to typographical mistakes, hyphenations, punctuations, blurred images, missing content/pages, and/or other related subject matters, upon our consideration. Every attempt was made to rectify the imperfections related to omitted constructs in the original edition via other references. However, a few of such imperfections which could not be rectified due to intentional/unintentional omission of content in the original edition, were inherited and preserved from the original work to maintain the authenticity and construct, relevant to the work. We believe that this work holds historical, cultural and/or intellectual importance in the literary works community, therefore despite the oddities, we accounted the work for print as a part of our continuing effort towards preservation of literary work and our contribution towards the development of the society as a whole, driven by our beliefs. We are grateful to our readers for putting their faith in us and accepting our imperfections with regard to preservation of the historical content. HAPPY READING!

The Story of Doctor Dolittle, Being the History of His Peculiar Life at Home and Astonishing Adventures in Foreign Parts (1920), written and illustrated by the British author Hugh Lofting, is the first of his Doctor Dolittle books, a series of children's novels about a man who learns to talk to animals and becomes their champion around the world. It was one of the novels in the series which was adapted into the film Doctor Dolittle. John Dolittle, MD, is a respected physician and quiet bachelor living with his spinster sister in the small English village of Puddleby-on-the-Marsh. His love of animals grows over the years and his household menagerie eventually scares off his human clientele, leading to loss of wealth. But after learning the secret of speaking to all animals from his parrot Polynesia, he takes up veterinary practice. His fortunes rise and fall again after a crocodile takes up residence, leading to his sister leaving in disgust with the intention of getting married, but his fame in the animal kingdom spreads throughout the world. He is conscripted into voyaging to Africa to cure a monkey epidemic just as he faces bankruptcy. He has to borrow supplies and a ship, and sails with a crew of his favourite animals, but is shipwrecked upon arriving to Africa. On the way to the monkey kingdom, his band is arrested by the king of Jolliginki, a victim of European exploitation who wants no white men travelling in his country. The band barely escapes by ruse, but makes it to the monkey kingdom where things are dire indeed as a result of the raging epidemic. He vaccinates the well monkeys and nurses the sick back to health. In appreciation, the monkeys find a pushmi-pullyu, a shy two-headed gazelle-unicorn cross, whose rarity may bring Dr. Dolittle money back home. On the return trip, they again are captured in Jolliginki. This time they escape with the help of Prince Bumpo, who gives them a ship in exchange for Dolittle's bleaching Bumpo's face white, his greatest desire being to act as a European fairy-tale prince. Dolittle's crew then have a couple of run-ins with pirates, leading to Dolittle's winning a pirate ship loaded with treasures and rescuing a boy whose uncle was abandoned on a rock island. After reuniting the two, Dolittle finally makes it home and tours with the pushmi-pullyu in a circus until he makes enough money to retire to his beloved home in Puddleby.

The Story of Doctor Dolittle Illustrated

Hugh John Lofting (14 January 1886 - 26 September 1947) was an English author trained as a civil engineer, who created the classic children's literature character of Doctor Dolittle. It first appeared in illustrated letters to his children written by Lofting from the British Army trenches in World War I. Hugh Lofting's character Doctor John Dolittle, an English physician from Puddleby-on-the-Marsh in the West Country, who could speak to animals, first saw light in the author's illustrated letters to children, written from the trenches during the 1914-1918 War, when actual news, he later said, was either too horrible or too dull. The stories are set in early Victorian England in the 1820s-1840s (The Voyages of Doctor Dolittle gives a date of 1839). He was living in Killingworth, Connecticut, while he wrote most of the instalments to the series. The Story of Doctor Dolittle: Being the History of His Peculiar Life at Home and Astonishing Adventures in Foreign Parts Never Before Printed (1920) began the series and won the Lewis Carroll Shelf Award in 1958. The sequel The Voyages of Doctor Dolittle (1922) won Lofting the prestigious Newbery Medal. Eight more books followed, and after Lofting's death two more appeared, composed of short previously unpublished pieces. The internal chronology of the books is somewhat different from the publishing order. The first book is followed by Doctor Dolittle's Post Office (1923), Doctor Dolittle's Circus (1924) and Doctor Dolittle's Caravan (1926). Only then follows the second book, The Voyages of Doctor Dolittle (1922), continued by Doctor Dolittle's Zoo (1925). After that, the publishing order is restored; Doctor Dolittle's Garden (1927) is followed by Doctor Dolittle in the Moon (1928) and Doctor Dolittle's Return (1933), ending with Doctor Dolittle and the Secret Lake (1948). The Story of Doctor Dolittle

Doctor Dolittle's Garden is structurally the most disorganised of Hugh Lofting's Doctor Dolittle books. The first part would fit very well into Doctor Dolittle's Zoo, which this book follows. The rest of the book forms a reasonably coherent narrative. Doctor Dolittle's assistant, Tommy Stubbins, reports on Professor Quetch, curator of the Dog Museum in the Home for Crossbred Dogs. Meanwhile, the doctor has learnt insect languages and hears ancient tales of a giant race of insects. Fascinated, the doctor plans a voyage to find them - but before he does so, one arrives in his garden.
