The Music Sound

A guide for music: compositions, events, forms, genres, groups, history, industry, instruments, language, live music, musicians, songs, musicology, techniques, terminology, theory, music video. Music is a human activity which involves structured and audible sounds, which is used for artistic or aesthetic, entertainment, or ceremonial purposes. The traditional or classical European aspects of music often listed are those elements given primacy in European-influenced classical music: melody, harmony, rhythm, tone color/timbre, and form. A more comprehensive list is given by stating the aspects of sound: pitch, timbre, loudness, and duration. Common terms used to discuss particular pieces include melody, which is a succession of notes heard as some sort of unit; chord, which is a simultaneity of notes heard as some sort of unit; chord progression, which is a succession of chords (simultaneity succession); harmony, which is the relationship between two or more pitches; counterpoint, which is the simultaneity and organization of different melodies; and rhythm, which is the organization of the durational aspects of music.

Burt Bacharach: Song By Song

Best known as the composer of such hits as Dionne Warwick's "Walk On By," Dusty Springfield's "The Look of Love," and the Carpenters' "Close to You," Burt Bacharach wrote the music for over 700 published songs and has been recorded by some 2,000 artists - from Frank Sinatra and Elvis Presley to the Beatles and the Supremes. Song By Song is a witty, cheeky song-by-song journey through

Bacharach's vast recorded oeuvre, from Nat "King" Cole's little-known 1952 version of 'Once in a Blue Moon' to Burt's recent collaborations with Elvis Costello, Lyle Lovett and Chicago.

The definitive historic account of The Ventures, the world's number one instrumental group that had a worldwide smash hit in 1960 with "Walk-Don't Run." Their second biggest hit came nine years later with "Hawaii Five-0" but they didn't quit there, continuing non-stop on a fifty-year career of recording and touring towards America's Rock & Roll Hall of Fame. Co-authored by Josie Wilson, mother of founding member Don Wilson, the heavily illustrated book contains data for over 50 of the band's sixties recording sessions. Angel Editing comments; "The manuscript is extremely well written. You can see that a lot of time has been taken to convey the facts accurately and chronologically. What also comes across very well is the human and emotional side of the manuscript. This biography is a definite must for Ventures fans all over the world."
